ALBERT STILLMAN BATCHELLOR,
EDITOR.

MANCHESTER, N. H.:
JOHN B. CLARKE, PUBLIC PRINTER.
1891.

JOINT RESOLUTION relating to the preservation and publication of portions of the early state and provincial records and other state papers of New Hampshire.

Resolved by the Senate and House of Representatives in General Court convened:

That His Excellency the Governor be hereby authorized and empowered, with the advice and consent of the Council, to employ some suitable person and fix his compensation, to be paid out of any money in the treasury not otherwise appropriated, to collect, arrange, transcribe, and superintend the publication of such portions of the early state and provincial records and other state papers of New Hampshire as the Governor may deem proper; and that eight hundred copies of each volume of the same be printed by the state printer, and distributed as follows: namely, one copy to each city and town in the State, one copy to such of the public libraries in the State as the Governor may designate, fifty copies to the New Hampshire Historical Society, and the remainder placed in the custody of the state librarian, who is hereby authorized to exchange the same for similar publications by other states.

Approved August 4, 1881.

THE STATE OF NEW HAMPSHIRE.

To Albert S. Batchellor, Esquire, Greeting:

Know You, That we, reposing especial trust and confidence in your fidelity and ability, have constituted and appointed you Editor and Compiler of Early State and Provincial Records and other State Papers of New Hampshire, hereby giving and granting unto you, the said Albert S. Batchellor, all the power and authority given and granted by the Constitution and Laws of our State to an Editor and Compiler of Early State and Provincial Records. To Have and to Hold the Said Office, With all the powers, privileges, and immunities to the same belonging, for the term of — years from the date hereof, provided you are of good behavior during said term.

[L. S.]
D. H. Goodell,
Governor.

In Testimony Whereof, We have caused our seal to be hereunto affixed.

Witness, David H. Goodell, Governor of our State, at Concord, this 9th day of October, in the year of our Lord one thousand eight hundred and ninety, and of the independence of the United States of America the one hundred and fifteenth.

By the Governor, with advice of the Council.

C. B. RANDLETT,
Deputy Secretary of State.

THE STATE OF NEW HAMPSHIRE.

Grafton ss. October 27, 1890.

Then the said Albert S. Batchellor took and subscribed the oath of office as Editor and Compiler of Early State and Provincial Records and other State Papers of New Hampshire, as prescribed by law.

Before us.

HENRY W. BLAIR, } *Justices of the Peace,*
DANIEL BARNARD, } *Quorum Unus.*

To A. S. Batchellor, Editor of State Papers:

You are authorized to collect, arrange, transcribe, and superintend the publication of the New Hampshire Town Charters, as recommended in the section numbered one, in the Report of the Committee of the Governor and Council, submitted and adopted in May, 1889, and the Journals of the Assembly, Provincial Congress, Legislature, and Councils of New Hampshire, previous to the year 1800, as recommended in the section numbered two in said report.

You are also authorized to include in said work such rolls of the soldiers of New Hampshire in the French and Indian and Revolutionary wars as may be available, and which have not already been published in the volumes edited by Isaac W. Hammond, Esq.

You will also cause such explanatory notes and citations, tables of contents and indexes, with such illustrative papers, maps, and plans as you may deem useful, to be prepared and made a part of your work.

This I deem proper to be done, and I give these directions in accordance with the provisions of the joint resolution relating to the preservation and publication of portions of the early State and Provincial Records and other State Papers of New Hampshire, approved August 4, 1881.

Given under my hand at Concord this 16th day of October, A. D. 1890.

D. H. GOODELL,

Governor.

A. S. Batchellor, Editor of State Papers:

You are hereby authorized to arrange, transcribe, and superintend the publication of the Township Grants, Masonian Proprietary Papers, Boundary Line Documents and Plans contained in the collection of papers donated to the State by Robert Cutts Peirce of Portsmouth, the Boundary Line Papers additional to those contained in the Peirce donation above mentioned which have been transcribed from the Massachusetts archives for the use of this State, the Notes of Hazzen's Survey on the westerly part of the boundary line, as it was supposed to be between Massachusetts and New Hampshire, the Acts and Laws passed by the General Court or Assembly of his Majesty's Province of New Hampshire in New England, begun . d held at Portsmouth on the seventh day of August, 1699, title, 1. leaf, and pp. 3–10, a the Calendar of New Hampshire Papers in the English Archives already procured by the S e for the New Hampshire Historical Society.

You wi also cause such explanatory notes and citations, tables of contents and indexes, with such illustrative papers, maps, and plans as you may deem useful, to be prepared and made a part of your work.

This I deem proper to be done, and I give these directions in accordance with the provisions of the Joint Resolution relating to the preservation and publication of portions of the early State and Provincial Papers and other State Papers of New Hampshire, approved August 4, 1881.

Given under my hand at Concord, this thirteenth day of October, A. D. 1891.

HIRAM A. TUTTLE,

Governor.

PREFACE.

This volume is devoted to the presentation of such parts of the documentary history of the state as were not accessible at the time of the publication of its predecessors, or for other reasons were not given place in chronological order. The necessity for bringing his work to a conclusion within certain prescribed limits left Dr. Bouton, the editor of the first ten volumes, the choice between two courses, — to make extensive omissions of official and contemporary records having important narrative and illustrative uses, thus advancing his abstracts or selections from the body of the record over a much longer period, or to publish full and literal transcripts of all important archives within his authority, with the imminent probability that he would never be permitted to enter upon such interesting epochs as the French and Indian War, the War for Independence, and the evolution of a permanent state government and federal constitution from colonial and revolutionary conditions. By adopting the latter course, he was able to present the outlines of the documentary history of New Hampshire in those periods, in such an accessible form, that, notwithstanding its admitted incompleteness in presenting the records of certain departments of government, it has taken high rank as an authority among historical works of reference. The great and deserved success of Dr. Bouton was an important inducement to the further prosecution of the work which was afterwards resumed by the state and wisely placed in charge of Mr. Isaac Ware Hammond. His labors were embodied in eight volumes. These were XI., XII., and XIII., in which the Town Papers, so called, were published in a convenient arrangement by which the documents relating especially to municipal concerns were classified by town titles and the town chapters given alphabetical sequence; XIV., XV., XVI., and a part of XVII., in which were published the rolls of the New Hampshire soldiers who served in any of the organizations recognized in the Revolutionary service, including those borne upon the rolls deposited in state offices, and on those preserved in Washington; and the remainder of XVII., and XVIII., which were devoted to miscellaneous papers pertaining to our documentary history down to the year 1800. Some of the notable features of Mr. Hammond's service, as editor of these papers, were his thorough and comprehensive method of indexing, his common-sense arrangement of material, and the conscientious industry and completeness with which he searched out and presented all the matter relating to his subject without elimination, suppression, or needless omission. His decease

occurred September 28, 1890, only three days after volume XVIII., the last of the series which he edited, had been received and approved by the Governor and Council. The state had no more faithful servant, and her history has found no more devoted student than Mr. Hammond. His work is his monument.

The continuation of the series has been again resumed on the plan outlined in the report of a Committee of the Executive Council which appears in the preface to Vol. XVIII.

The larger part of the current volume is devoted to the documentary history of the controversy over the boundary line between New Hampshire and Massachusetts. Always important, these papers are of especial interest at this time owing to the recent action of the two states in renewing the attempt to effect a final settlement of the long standing dispute by the appointment of state commissions on either side and legislation tending to an examination and review of the issues in a spirit of comity. This material has been gathered from the state archives of Massachusetts and New Hampshire through a personal examination of the records in official and other depositories.

In the Journals of the House of Representatives from 1699 to 1701 and from 1711 to 1722, heretofore unpublished, we believe we have presented an interesting and valuable contribution to the material through which the development of modern forms and methods of legislation and government must be traced.

The recovery of the valuable pamphlet which contains the laws of New Hampshire passed at the session of August, 1699, sets back by seventeen years the point of interest which has been heretofore attached to the Russell edition of 1716, as the earliest printed copy of the laws of the province known to the student of legal antiquities. With the reproduction of the Journal of the House for the same period, which has already been mentioned, and the Journals of the Council, published in Dr. Bouton's Volumes II. and III., a full chapter of legislative proceedings at a very remote period is perfected. It is of interest to note that this fragment is the only portion of the records from 1679 to 1711 which is complete in the four particulars of a Council Record, Journal of the Council and Assembly, Journal of the House, and Session Laws.

The reproduction of the earliest and the principal part of the official record of the first President and Council of the Province of New Hampshire from the archives of the Massachusetts Historical Society, followed by the opportune discovery and addition of similar records covering important parts of the administrations of President Waldron and Governor Cranfield, which have but recently been obtained from London, as elsewhere related, has yielded material which will hereafter be considered indispensable in the investigation of the history of that period, and without which only the outlines of the narrative of the beginning of our provincial government could be drawn. The restoration of these documents to the state by transcription, after they have remained for perhaps two hundred years undiscovered in the seclusion of English official custody or in the historical collections of a neighboring state, may be taken as a stimulus to diligent search for other important sections of New Hampshire official records which are somewhere awaiting the call to

"come forth." An article in Vol. 5, Collections of the N. H. Historical Society, page 18, is suggestive in explanation of the deficiencies of our early records. Undoubtedly there remain great opportunities to be improved in the restoration of our lost and scattered official records and papers, or in the procurement of substantial copies which may serve the purpose of the originals for practical use and reference.

The Calendar of Papers relating to New Hampshire in the English Archives, prepared for the New Hampshire Historical Society by Mr. B. F. Stevens, of London, will be included in a subsequent volume. It will indicate what papers in those records are in existence in London, to supplement those contained in our state collections. Should the publication of such papers as are now accessible in Stevens's Fac-similes and in similar works, be carried back over the period of our provincial history, which is quite possible, the Calendar will become more than a mere informant to those who do not have personal access to foreign records; it will be an actual guide in the use of fac-similes and printed copies which all the great libraries of this country are securing.

A chronological list of documents relating to the boundary line controversy will be found in the body of this volume, immediately following the part devoted to those papers. It includes all that have been printed on that subject in this volume and the preceding ones in the series. This list is designed to serve as a special aid to the student of that important subject in searching the contents of our state publications.

It is a pleasure to acknowledge the cordial assistance offered by the executives of the state and all subordinate departments. A particular expression of personal obligation is due to the Hon. Ezra S. Stearns, Secretary of State, whose advice has often been sought and wisely given; whose accurate learning and excellent judgment have been a constant aid; whose devotion to the duties of his office is untiring and whose courtesy is unfailing.

Every accommodation which could be desired has also been afforded by the Hon. William M. Olin, Secretary of the Commonwealth of Massachusetts, in our protracted examination of the early records in his office. We are under obligations to Dr. Samuel A. Green, of the Massachusetts Historical Society, Mr. Stone, the librarian of the Historical Society of Pennsylvania, and Prof. Francis N. Thorpe, of the University of Pennsylvania.

The great Hurry of Affairs Refering to ye forces in ye Late Expedition and the Disposition of Affairs of Her Majesties forces Depending thereupon will not admitt of my Seeing of you at this time, And the * Expiration of ye Act for ye Excise & Impost * 1-29 being within a few days and ye forces Returning and justly expecting their Payment has moved me to Direct your Session at this time.

I suppose there can be no Doubt of ye Continuance of ye Act of the Excise and Impost which is allways a branch of ye Revenue in all her Majesties Dominions and Plantations and we have much more need of it at this time of So great Expences than at any time heretofore.

And if there be any other Act can be brought in to Save ye Land tax I Shall be allways ready to Doe my Duty to Her Majesty's Revenue and Justice to ye Province for ye Payment of their Debts.

I must Desire you to Enable ye Treasury by repeating and further Impressing so many Bills if you Chuse that way as will Pay ye Province Debts which must be done by an Act granting so much as is so raised to Her Majesty for a fund for the same Least we Disparage Our Bills so as they should Loose their Currency and the Governm^t^ their Credit

The Disaster of Her Majesties ffleet and forces the Last Year has as we might Justly expect encouraged ye Indian Rebells in their Inroads upon us and we must be content early to apply our Selves to an usuall Method of comeing into Strict Garrissons scouting and Marching in the ffrontiers, and to ye filling places to prevent their Lodging near us.

I have therefore resolved — to Double ye forces in the province of meine and given orders accordingly Scince my coming hither, and Judge itt nesseseary that there be a party, of this Province of fourty men att least, with proper officers — to march from Kingston to Cochecho — every two or three Days —./ and that half the melitia be drawn out — to Stand ready — for a march where the Enemy Shall

be known to Approach us with any great number — which is to be Expected by an Intelligance from Casco bay — which I shall Communicate to you her majesties fort must be also Enforced — with the Usual Number — for ye Summer Service.

I must also recomend to you the Establishm^t^ of the Impost which was Abated the Last year and is certainly a Surprize to the Governments att home for that there is Every where a Duty upon Shipping and Trade — for the Support of the publice Charge — in the Ease of the Land Tax which is always heavy upon the Country.

In your ordinary Affairs of the Province I shall Show my Self ready, to do my duty for her majesties Service and the Bennifit of all her majesties good Subjects as I ought./

Gentilmen July ye 13° 1713

I have delayed your comeing togeather, Untill I might have ye honour and Satisfaction to give you the News of a happy and well Established peace, brought to pass by Her Majesties wise Councill, and prosperous Arms, of wch we have already ye Assurance, and daily Expect Her Majesties Comands to Make it publick.

And in pursueance thereof, I have now attending me Several of ye Indian Sachems & Deligates making their own Submission and praying to be restored to Her Majesties ffavour, and ye ffriend-Ship of Her Majesties Goverment of these provinces, the Issue of their Attendance I Shall Communicate to you.

Sometime Since there was a Committee of ye Council, and Representatives to revise the Laws of ye Province now in fforce,
* and to make a fair Copy of them, and to offer Such other * 1–64
Laws . . . . . as might be necessary in order to there being
humbly Submitted to Her Majestie and the Review & Reforme of ye Right Honourable ye Lords of the Council of Trade and plantations, I disire their report may be now taken and we may proceed therein accordingly. —

I must againe wth all Earnestness recommend to you ye Revival of the Impost & better Goverment & collection of ye Excise there is no Collony or Goverm t belonging to ye Crown of Great Brittaine yt pretends to an open Port or yt doe not bring in ye Trade or Merchandize of their Provinces to aid the Land Tax for ye payment of ye heavy Charges of the warr wch is as needfull in this province as any other Her Majesties Goverments ye neglect and inequallity whereof will I fear justly offend Her Majestie as well as disturb ye other Goverments on ye Shoar of America.

I Suppose you will think it a proper time for the assembly most humbly to Address Her Majestie Epon ye notice of the Peace, in wch I Shall hartily Joyn wth you The Treasurer will give you ye State of his office & what is wanting.

whatever is before you for ye benefit of ye Province and Her Majesties Service I Shall putt forward as is my duty

Gentn The knowledge I have of ye Extraordinary Abilitis and Long Experiance of his Excellency ye Govr & ye Honble the Lt Govr who for many Years have filled that Place make me Anxiously Solicitous to use all Dilligence that I may not be wanting in my Duty to ye Crown & to Promote the Wellfare and Prosperity of this His Majesties Province —

Wee have (Blessed be God for his Divine ffavour) full assurance of ye Happyest Estate of ye British Monarchy which hath been Miraculously Exterpated from Desolateing Ruine Devised by Conspireing Monsters both at home and Abroad and Wee are now Reaping the Advantages of the Kings Majesties Wise & Just Administrations Who hath Preserved us our Religion & Properties & Confounded all the Machinations of Rebellious Impostures.

It Remains that Wee Manifest our Duty & affection for His Majesties Service & Goverment in this small & Poor Province that We Care for ye Generall Good of his Good Subjects here by Establishing Wholesome Laws to Suppress Vice & Incourage Virtue and Enforce ye Due Execution of them in Our Respective Places to Lead & Prompt all Persons whatsoever in Doeing their Duty to their Superiours which tends much to the Establishment of Good Goverment to
which Purpose I shall Readily While I have the Honour
* 1–120 * to hold my station Adhere to Your Councill & Advice to
Give Countenance to the Virtuous & Well Disposed but my Endeavours for the Punishment of all Guilty Offenders

I think it Proper to Put you in mind of ye Miserable Estate of ye Castle that Due Care be taken for its Repairs and yt it may be Done as Seasonably as the Spring will admitt The Deficiancy of ye Goal which is incapable of holding the Kings Prisoners through its Defect and Improper Scituation

It is necessary for you to see the Money Ordered to be Burnt by June Last be now Com'itted to ye fflames and that You be Satisfyed about the Money which was Borrowed out of the Treasury —

I Pray You to Give Proper Directions for an Honourable Reception of Collo Burges Our Governr When he Shall come among us, and

to Nominate & Desire proper Persons to Congratulate and Pay ye Dutyfull Respects of this Goverment when it shall Please God to bring him into this Countrey.

The Necessity of haveing an Assembly hath Occationed such a speedy Conventian what is now needfull may be Considered & Dispatched for probably the Arrivall of ye Govr may Occation another Session and it is my Hope and Desire that no former Disagrements or Differences whatsoever may put us out of ye way of our Duty to ye Crown & Goverm^t^ but Rather that Our Past Contentions may make us more Desirous of our Own and all Our Neighbours Peace & Tranquility Geo : Vaughan

Gen^t^ When you were here At your last sessions We foresaw Nothing wch Would Demand your Attendance Untill March the time Appointed for your Meeting but Sundry things Intervening it was the Advice of his Majestys Councel to Call you together this Day/. What I have to Offer to you I hope will Not Admit of A long Debate your Resolves May be Speedy — I have Sundry times Recomended the Matter of the prison^s^ Deficiency to your Consideration You Are not Insencible of two mens Escaping thence but Upon Application to his Hon^r^ Coll : Tailer of the Neaboring Goverm^t^ he Issued out his order for their Apprehentions so that one of them is Returned to Prison and the other Secured In Salem Goal In order to be

* 1–153 sent heither * By Restoring the first the Province hath Saved At Least £300 : Which the C^rs^ Were About to sue for And would have Infalibly Recovered And by both Wee laid Under g^t^

obligations to that Goverm^{t} I am to Inform you It was the Advice of the Councel that A Gaurd of two men Shuld be placed over the Prison till the Court of Goal Delivery Comes in Its turn which is Next week wherby An Accruing Charge lyes on the Goverm^{t} And Doubtles your Care will prevent It for the future

I would Observe to you that where no Discipline And Rig^{r} is to punnish offenders their Can be No Expectation of A Civil Decorum And where No Prison in A Common Wealth No Restrant from Illegal behaviour And Trespases so that our Goverm^{t} Is but A Name And Not the thing/. I Am Inform^{d} that the laws Are fited for the press —

Mr Treasurer Penhallow has been Att Boston And tells Us he hath Discorse^{d} * The Printer As he Can Inform you I am of Opinian No time shuld be lost Your Money lyes Dead in the Treasury so that we have No Advantage in Delay * 1–154

Gen^{t} I have Another thing to Informe you but Whither It Concerns you As Representatives of your people I shal Not Determine but As you Are My Neabors I think it Incumbant to let you know That I have Receved A leter from the Administra^{rs} of the Estate of Sr Cha : Hobby Decesed who As they Relate Did buy half the title to this Prov. how far It Respects you you May Consider they offer you the Purchase but I Am of Opinian Goverm : hath Nothing to Doe with purchases but Especially Not without his Maj^{ts} Royal Lycence had and Obtained of the two former I Doubt Not but you will take Effectual Care And the sooner you Doe It you May Return to the Managem^{t} * of your own private Affayres I know the Season of the year Calls you to your Respective buisineses ; If you think of Any thing by way of Preliminary that you Can Advise me in (to give the Comitte of this Prov : Appointed to Meet the Comitte of the Pro : of Massathusets to Run the Partition line betwen those two Gov^{mts}) You have Now An Oppertunity What I have farther to Offer I shall Deferr till your sessions in Corse Which is A More Leasure Season of the Year * 1–155

Gent^{m} I have had thoughts of Convening an Assembly Some time Since & think there is a great Occasion for one, but ye harvest of Hay & English Corn Season caused me for a while to deferr it not being willing toInjure aney nor especially ye Publick good —

The occasion of Disolveing ye last Assembly was verry distastefull to me there is a p^{r}ticular Dubty lyes on me as on you, on me not to Suffer the Revenue of the Crown to be lessoned & on you to Support the Hon^{r} & Dignity thereof

Gent of the Low^{r} House —

The matter of Impost is what every Goverm^{t} in the world doth butt we I have all ye Inclination Imaginable to give full Satisfaction

to the whole goverm^{t} & to this Assembly in ꝑticuler in all things within my reach, but tis unhappy we cannot all Reason alike It wold rejoyce me that care might be taken to render the Administration of Government easie that Laws might be puntually observed, that evils may be redressed y^{t} you will putt trade and Customs on y^{t} foot wch is Just and may Lessen the publick Taxes —

Gent^{m} I would have an act past for ye Treasu^{r} to State the accomp^{ts} of the Province y^{t} we may Know what mony has bin Emitted how much paid in how much burnt how much Lent how much out. w^{t} Revenue has bin to ye Pro: y^{s} 10 years by those two branches of Excies & Impost w^{t} ye mony is & how Imployed that we may Know our Condition

I hope you will have regard to the State of the Pro: in gen^{ll} y^{t} the Hon^{r} of the Kings Goverm^{t} may be Kept up & may not be Lessened by aney Sinester methods or faction —

* 1–176 * I think it Reasonable that Pedlers & petty Chapmen be provided agn^{t} by an act Obligeing all and everry Stranger Retailer of aney Commodity of ten pounds Value or that publickly shall sell to that Vallue of things inanimate give Securety to Answer the Assesm^{ts} within every town in this Pro: where ye saile shall be made. I think it Reasonable that those that Stand by the Stuff should have the beneffitt of traffick to enable them to Support the Hon^{r} of governm^{t} that an act be made Obleigeing all town Officers to their duty on oath perticularly all Assesm^{ts} and that A town meeting be Called aney time at the Instance of ten free Holders and that a Law be provided for the mentannance of the Clergy & payment out of the publick treasury that they may be Honerab^{ly} Support^{d}, and that for the future none be Called but by Advise of the Mager Part of those Allredy Settled or Such as shall and that Each town within this pro that shall be destitute shall by lyable to A penalty provided in S^{d} Act beleving many good Consequencies may attend to good & Assay I hold it nessary that Excise be Settled by A law I am of Opinion that the Province has allready Lost two hundred pounds for want of an Impost —

& order^d^ to Enter his Excelency's speach wch is as followeth

Gent^m^ I canot omitt att ye Opening this Sessions to take notice of ye unwarrantable & Illegal Proceedings of L^tt^ Govern^r^ Vaughan — In ye Commission he Receiv^d^ from his Maj^st^ King George he is Comand^d^ to observe all such * Orders wch from time to * 1-207 time he shal Receive from ye King or my Selfe & al persons are Requir^d^ to take Notice of ye Same —

Some Months since when god ye Wise Disposer of ye Ellements was Pleas^d^ to afflict us wth a great Drought; I sent orders to ye L^tt^ Gov^er^ to Proclaime a fast to Implore God^s^ favour & y^t^ he would be Pleas^d^ in his great Mercy to water ye parched Earth wth Refreshing Showers — wch orders he Refus^d^ to obey & there was no fast in this Province —

About ye 16 Sep^t^ I wrote to ye L^tt^ Govr & order^d^ him to Prorogue ye Assembly: wch was order^d^ to meet on ye 24 Sep^t^ to ye 2 Oct^r^: instead of ℔forming w^t^ I had Direct^d^ he has Pretend^d^ to Dissolve you — so y^t^ has not only disobey^d^ ye Kings Comm^ds^ & mine: but would have impos^d^ on you who are ye Representatives of this Province: by Assuming a pow^r^ to himselfe wch he is not invest^d^ wth when I am in America: nor can I believe any Person can be so void of sence or Reason as to Imagine: y^t^ ye King made me Govr of New hampsh^r^ only for ye Six weeks in a year y^t^ I am hear as ye L^tt^ Govr would have you believe —

Give me Leave therefore Gent^l^ to observe to you w^t^ Confusions would attend this Province if w^t^ this Gent^l^ has been aiming att was Practicable —

It^s^ very Possible y^t^ it might so happen y^t^ not only a Govr & L^tt^ Govr might Disagree: but also y^t^ ye Eldest Counsel^r^ might jarr wth both of them w^t^ then must be ye Consequence why truly if an Assembly was Chosen wch ye Govr thought to be for his Maj^sts^ Service & also of this Province if ye L^tt^ Govr did not like them: So Soon as I was gone to Boston he would Dissolve them: if then an other Assembly was Chosen & they were approv^d^ of by ye L^tt^ Govr & not by ye Govr He then would Dissolve them: if a third should be Chosen wch ye Govr & L^tt^ Govr Did approve of & ye Eldest Council^r^ did not: when we were both out of ye Province he would Dissolve y^t^ also: — so y^t^ this Province would be like a Monst^r^ wth three heads and three hands; each Endeavouring in their turns to undoe w^t^ ye other had Done there could be nothing then but Elections & Dissolutions ye King^s^ Comm^ds^ would Remaine unknown & unexecuted: & al ye Affairs of ye Province Neglect^d^ & at a dead Stand —

I do not therefore in ye least doubt y^t Since you are mett y^t you will Shew your Resentments to these Mischeivous proceedings & put a Stop to them wch tend to nothing but to Inflame ye people & would end in Nothing but the utter Ruine & Destruction of this Province —

* 1–208 * I am Glad I can Informe you y^t Since I saw you Last I have had an Interview wth ye Eastern Indians & have brought them into Such measu^rs as are for ye Hon^r of my Mas^r King George & y^t tend to ye quiet & peace of these Provinces: wch are ye two principle things I aime att in al my Transactions — after ye treaty was Conclud^d & ye former articles of peace & some New ones Sign^d & Ratyfie^d: ye Indians Complaind to me about ye Englishmens fowling upon floats & desir^d y^t where either of ye Provinces had any new Setlements: y^t Persons might be appoint^d there to furnish them wth al Necessaryes at a Moderate Rate: I Promis^d them y^t I would Endeav^r to redress their Greivances & to Assist them: wch I Recomend to your care since w^t they desire is so very Reasonable —

Tis your Harvest time & my affairs at Boston will quickly require my Presence there — therfore hope you will dispatch w^t shal be Necessary & y^t you wil against our Meeting in ye Spring when we shal have more time to sit think of Some measures to promote Naval Stores wch will be very acceptable to His Maj^st & very beneficial to this Province

2 Octr 1717 Sam^ll Shute

The house Chose a Committe to Draw an answer to his Excellency^s Speach wch is as followeth Viz^t —

Portsm^o in Newhampsh^r } May it Please your Excellency

We have consider^d your Excellency^s Speach and Imbrace this oppertunity to Resent ye Illegal unwarrantable & imprudent Management of ye L^tt Govr in his late practices wch so very much tend to ye destruction of Governm^t & Confusion & Ruine of this Province we are Sencible by y^r Excellencys Comiss^n & Instructions y^t none else is invest^d wth pow^r of Governm^tt but y^r selfe while in America — & by ye L^tt Gov^rs Comission we observe y^t he is only to performe such Instructions & orders as he shal receive from ye King or from his Comand^r in Cheife for ye time being — & for him to act wth out either is unwarrantable — but to act Contrary therto is Illegal & highly Imposing on his good Subjects — Directly leading them into Destraction & Confusion the Event of wch may be ye worst of evils — that such proceedings may be prevent^d for ye future we pray

* 1–209 * care may be taken; y^t Loyalty peace & Unity may be Preserv^d & Continued —

We Rejoyce y^r^ Excellency^s^ Intervieu wth ye Eastern Indians was Attend^d^ wth so much sucess : & are ready & willing to fall in wth any measu^rs^ y^t^ ye good agreement wth them may be Continued & any Grievances may be Redressed —

We observe ye Affairs of your other Governm^tt^ will quickly call you hence — wherefore we shal attend ye present buisnes wth al application & Diligence — y^t^ ye public affairs y^t^ canot now be finish^d^ may be prepared against ye Next sessions —

May it pleas your Excellency

It is w[th] much more pleasure y[t] we now have an oppertunity to meet y[r] Excell[y] y[n] w[n] y[os] Jarrs & Discord[s] w[ch] have for some time past unhapily Disturb[d] & Clog[d] y[e] affairs of y[s] Govern[t] are vanish[d] —

We are of opinion y[t] y[e] raising of Hemp & other Naval Stores would highly Conduce to y[e] Interest of this Province : as wel as be Servisable to y[e] Crown of great Brittain : but by reason of y[e] late long & tedious warr y[e] people of this Province have been so long pent up : as y[t] yet y[r] is not yet land Enough opend to raise a sufficiency of Corn for their Support : so y[t] att present we are not Capable to prescribe measures y[t] may Encourage itt —

* 1-216 * 1718 And as to an Act of Impost we are of opinion y[t] y[e] Charges of y[e] Gover[tt] is more Easily Defray[d] by way of Tax upon all persons & Estates — & y[t] it is most for y[e] Interest of all his Maje[ts] good Subjects of y[s] Province to have a free port this year —

But we think an Act of Excise very Reasonable & Desire one may be prepar[d] accordingly & as itt is y[e] Seed time of y[e] year we Shal to our uttermost forward all buisness y[t] this Sessions may be Short & in order therto — Desire y[t] y[e] Committee[s] for Auditing acc[tts] & Revising & preparing Laws may spedily give in their Reports y[t] we may proceed thereon Tho[s] Packer Speak[r]

Mr Henry Newman

S^r^ : The Affaires of this Goverment frequently Requiring the Solicatations of some Persons att Court Our Generall Assembly in May Last made Choice of you to be there Agent for thatt end and as an Earnest of there respects & for your Encouragement did then vote you one hundred pounds this Money which presume his Excellency Governour Shute has heretofore advised you of as alsoe the Lu^t^ Governour —

S^r^ here has been a Long Dispute between this & the Massachusets Goverment about the Dividing Line and severall Commistioners have Sundry times been appointed by both to settle itt : butt hitherto Could never be Affected by them which proves Injourous to many persons thatt Inhabitt on or Near ye Line who have been obliged to pay taxes to boath Goverments wherefore thatt itt may be a finally end and these greviences Redressed Since the Goverment^s^ here Cante doe itt themselves thatt matter is now to be Submitted to his Majestey in Councill or Lords Commissitoners of trade and Plantations and in order thereto you have herewith a Commisstion from this Goverment To Impower you our Agent and accordingly you are desired to Lay ye affair before them as may be proper so soon as Conveniently may be and thatt there may be a Right Apprehention of ye Matter; you have herewith a Mapp or Draught which you may Depend is very Exact & Correct

* 1–256 * The extent of this Prov^e^ is all the Land between ye Massachusetts And ye prov^e^ of Main our South bounds is three Mile^s^ North from ye mouth of Merrimack River att the Atlantick Ocian or Western Sea and from thence a West Line into the Main so far as the Massachusetts Extends Our North Line or Bound is piscataqua River untill itt Come to ye head of Nichewanack river and from thence a very few Degrees Westw^d^ of ye North up into ye Main Land as on ye Southern line which bounds are prick^t^ out on ye Mapp and we Conceive agreable to ye Royall Charter granted to Massachusetts but ye Commissioners of thatt Goverment have always Insisted on other Lines as are also Marked out on ye Draught which if granted to them would Render this prov^ce^ a very Little one indeed —

Whereas his Majesty has Lately Prohibited any Imposition of Impost or powder Money on the Marchants Ships Trading here belonging to greatt Brittain which formerly Supplyed the Usuall Ex-

pence of our Castle and the Stock being now very Low you are Desired to Lay thatt Matter before ye proper board in order to obtain ye Royall bounty therein and you are to be Vigelent in Dilegently Enquiring into all Comp^lnt^ thatt May be made ag^st^ this Present Goverment and in pursuing every thing thatt may be promoted; for ye Generall Bennifitt of this plantation Espetially thatt the Lumber from hence may be imported into Greatt Brittain free of Duty

* And the Bounty Continued on Navall Stores thatt the forg- *1–257
ing of Iron here May nott be obstructed butt Encourg^d^ and thatt some better Encouragm^t^ may be granted: for raising hemp and Flax which if pursued this Country might in a Little time furnish the Crown with a Considerable Supply; Thatt ye Surveyor Gener^ll^ of ye Woods may be directed to preserve ye Mast trees after a better manner and nott Suffered to obstruct: his Majesties Subjects from getting Such Timber from thence as is not nor never will be fitt for the Service of ye Crown of which there are multitudes of trees thatt are rotting on ye Ground thatt might make good Lumber fitt for ye London Westindia Marcketts by ye Latch of which a Considerable Revennue arriseth to ye Crown We Desire you will accquaint us from time to time of your proceedings in ye Premisses and Salute you with greatt Respects as a Comitte of this Goverment and are S^r^

Lieut^{nt} Governer Wentworths Speech

Gent^{men} The Principle Reason of My farther prorouging ye Gen^{rll} Assembly to this Day was to Give ye other Goverm^{t} Time before us to See whether they would Repeal an Act Lately Imposed on this Goverm^{t} So Cruel and So Oppressive —

I am to Let you Know y^{t} Since our Last Sitting Mr Speak^{r} Peirce and Mr Treasurer Penhalow Accompanied Me to Ipswich where I met Govern^{r} Shute according to appointm^{t} and we Discoursed Matters over Relating to ye above Act &c. and Came to ye Resolve y^{t} in Case ye Massatchusets wil Drop al thier Impositions formerly and Lately Laid on this Goverm^{t} that then and in Such Case we would Do the Same Viz^{t} Drop all Duties Laid by us on them * 1–299 * or in Such wise as they Do by us His Exellency has Promist his Best Endeavours Shal not be wanting for ye Accommodating Thereof —

Now in Case ye Massatchusets Does not Redress us then we have Nothing more Left us but to State ye Case fairly and Address his Majesty by our Agent Mr Newman and you may be Assured y^{t} I will Do Every thing in My Power for ye Repealing that Actt When our Actt and y^{t} of ye Massatchusets Comes before Impartial Judges ours wil be thought no Hardship but one Goverm^{t} may Lay on another but theirs will Look Cruell and Oppressive —

I Would Recommend to your Consideration the 1500: £ Collected Last year and Should have been Burnt according to Actt of Gen^{ll} Assembly, for what Reason y^{t} Mony was Missapplyed Mr Treasurer is to aco^{tt} for; I hope you will Consider of ways and Means to bring it into ye Treassury again that So it may Answer ye Just End for which it was made —

I Remember ye Last year there was a Motion Made for Calling in ye 15 Penny Bills of Credit Many of which were found to be Counterfeited it will be Well worth your while to Consider and Raise Mony for y^{t} Use on a Good ffund & Put into ye Treassury for Exchanging S^{d} Bills and that you will take Care that his Exelency May

be provided for as Usual y^t So ye Hon^r of this his Maj^ts Goverm^t may be Supported J : Wentworth

DOCUMENTS

RELATING TO THE

BOUNDARY LINE CONTROVERSY

BETWEEN

NEW HAMPSHIRE AND MASSACHUSETTS.

NOTE.

The documents which follow, relating to the Boundary Line controversy, are copies taken as literally as possible from the records in the archives of the State of New Hampshire and the State of Massachusetts, and, to some extent, from the English archives. The legislative proceedings of the two States, except as they appear in files of legislative papers, are not given here, for the reason that the New Hampshire Assembly records have already been published in this series, so far as the originals are accessible; and as to the Massachusetts legislative records, it has not been deemed advisable to extract matter from them in detail, pertinent only to this subject, for the principal reason that we may expect that those Journals will be published in a complete form in the near future by authority of that State, and much of that matter is already in print in the original official Journals. Furthermore, it has not been considered advisable to accompany the publication of the documents in the form here presented, with any comments in addition to the controversial literature that relates to this long-standing contention. The state commissioners now actively engaged in the service of the parties may be expected to present all the arguments deducible in behalf of their respective States in the reports which they will soon submit. The occasion for this publication is opportune, as there can be no doubt that the material here offered will be of service to the commissioners in their work, and aid the interested public in forming their judgment on the questions at issue. The calendar of papers in the English archives relating to New Hampshire, which has been recently obtained for the New Hampshire Historical Society by state aid, through the agency of Mr. B. F. Stevens, of London, constitutes a succeeding part of this volume. An examination of the calendar will indicate what other papers relating to the subject of the boundary line, not included in this publication, may be found among the English archives, to which Mr. Stevens's work is a valuable index.

or Eight days notice should be thought sufficient to appoint sutable persons and duely to provide for such perambulation; It seems necessary previous thereto that Commrs Instructed by the respective Governmts should meet together and concert the place where to begin, that so Artists may be set upon the line to carry the same thrô. Besides we cannot but observe to you that we thinke the persons nominated by yor Selves may not be so indiffirent, being all (if we are not misinformed) dwellers at Hampton, yor next Town bordering on the line of this Province; And whither it might not be advisable that the small inconveniencies hinted in yors (which may be equal to this Provvince) be suffered for a short time further, and the trouble and charge necessarily arising by a perambulation be Spared; until it be known whither there will be Occasion for the same or not; which probably will be by the next Ship that shall arrive from London./

Commission to Addington Davenport Esqr &c Commissioners to run the Boundary line between this Province and New Hampshire.

SAMUEL SHUTE Esqr Captain General and Governour in Chief in and over the Provinces of the Massachusetts Bay and New Hampshire in New England &c.

To Addington Davenport Thomas Fitch Elisha Cooke and William Dudley Esq^rs^ and Captain John Gardiner Greeting —

WHEREAS for Divers years last past there has been a Difference between this Government and the Governm^t^ of New Hampshire relating to the bounds between them To the Disturbance of many Inhabitants Dwelling near the said bounds And Whereas the said Government of New Hampshire have Declared themselves ready and willing to Joyn with us in setling and Adjusting the Divisional line between the two Provinces And have for that End chosen & appointed Commissioners to Treat and Conclude with Commissioners to be appointed on the part of this Government Concerning the bounds and Limits of the said Province

TRUSTING therefore in Your prudence and Fidelity I do by & with the Advice & Consent of the Council and Assembly of this Province, hereby Authorize and fully Impower you the said Addington Davenport Thomas Fitch Elisha Cooke William Dudley and John Gardiner Commissioners in behalf of this Government (any three of you to be a Quorum) to Treat with the Commissioners of the Province of New Hampshire afores^d^ upon the matters aforerecited — And with them to sign seal Confirm and perfect a full and Compleat Agreement referring to the said Divisional line And to Determine and secure particular rights and propertys of Land bordering thereupon, having recourse to such Directions and Instructions as you shall receive from me with the Advice of His Majesty's Council for the further Governing your selves in this Affair : And the Conclusions and Agreem^ts^ so perfected and signed and sealed by your selves with the Commissioners from New Hampshire aforesaid you shall lay before the General Assembly for their Confirmation IN TESTIMONY whereof I have signed these presents and Caused the Publick seal of the Province of the Massachusetts Bay aforesaid to be hereunto affixed Dated at Boston the Nineteenth day of December in the sixth year of His Majesties Reign Annoq Domini 1719 —

[Mass. Archives, Vol. 3, p. 134.]

INSTRUCTIONS to Addington Davenport Esqr &c Commissioners appointed by this Government to Treat with the Commissioners of New Hampshire Government about running and setling the Divisional line between the two provinces —

By His Excellency the Governour

Gent Besides the Publick Commission Impowering you to treat with the Commissioners of New Hampshire for setling the Line between this Government & that, Copys of Our Publick Records of the several Transactions relating to this Affair, which you have with you will furnish you with such pleas and Arguments as may strengthen you in asserting our rights, and hinder as much as may be their encroaching upon us. By them you will find, That a Committee was appointed Anno 1638 by the Magistrates of Ipswich to lay out the Line three Miles Northward of the most Northerly part of Merrymack. It was then Apprehended both by the Massachusetts and Piscataqua Inhabitants that an East Line drawn from thence would take Piscataqua River within the Massachusetts Patent — Whereupon Letters in March 1638/9 were sent by an Express to sundry Gentlemen at Piscataqua about it; You will also find, That the Inhabitants there being Destitute of Order and Government Divers times Petitioned to this Court to be received under their Rule and protection That the Major part of the Purchasers and Owners of the two Patents made to Mr Edward Hilton &c, which we suppose were Prior to Mr Masons Patent and by vertue whereof the first Piscataqua settlements were made did the 14th June 1641 in behalf of themselves and their Partners under their hands in Court here Surrender both Patents to the Massachusetts, and Notice was Given to the People there of such Surrender; from which time they sent their Deputies to the General Court at Boston, & Continued with us, as one Body for about forty years. And several of the Owners of s^{d} Patents as Mr Hilton &c were Commissionated by the Authority here Anno 1642 to Act in Government there You will find likewise, That their Towns, Winaconet, now called Hampton, Exeter, Dover, Strawberry Bank, As also our own Town Cochechiwack first Called Colchester and now Salisbury were allowed by our General Court to be Towns, and their Bounds not setled till after their submission and Union with this Government whereof their Deputy's

were a part. It's also to be remembered in Our Favour, That to the support and Assistance which we have yielded them in time of War at so great Expence (and without wch they had probably been swallowed up) is owing in a great Measure their flourishing Condition at this day. Upon all which considerations you May Justly Insist That our Several Towns lying on the North side of Merrimack River should still remain to this Government according to the bounds setled by the General Court, altho in some places they should run somewhat further than three Miles Northward from the River; and that particular Persons to whom Grants of Lands have been made shall retain the property of their Grants without any Allowance or Equivalent to be made therefor, since those Bounds were setled and those Grants made when we were all but one Government; and so it becomes their Act & Deed as well as ours; which ought therefore in reason to be binding to them: Which if it cannot be obtained you may Consent to some reasonable Equivalent. And it will be well That each Town bordering on them should supply you with Authentick Copies of their bounds, as setled and Confirmed by the General Court: The above is what offers as to the Southerly line between us and them

As to their Westerly Line Mr Allens Commission do's no way determine it, since it runs to Govern from three Miles Northward of Merrimack River to the province of Mayne without Giving any Western bounds into the Land Therefore that their Extent Westward may be known, It will be Incumbent on them to produce some other patent that Ascertains it. To which end if they offer the two Patents of Dover & Quamscot Granted to Mr Edward Hilton &c. It will Manifestly place the Advantage on Our side since those patents have been Resigned and Given up to us.—

It will be best at your first meeting to Discover what you can of their pretensions without making any Concessions on our part till you have Informed your selves of the utmost Concessions That they are Allowed to make on the part of that Government; which when you have Gained you may then proceed finally to Conclude and settle a Divisional Line between the two Governments, so as may no ways Infringe upon the Bounds Granted to this Government in the Royal Charter. Given under my hand at Boston the Nineteenth day of December in the Sixth year of His Majesty's Reign Annoq Domini 1719— Sam^ll^ Shute

Sr The affairs of our Province requiring the assistance of Some Gent^n^ att home Our Generall Assembly at their session in May last made choice of you for their Agent, and as testimony of their resp^ts^ and your Encouragem^t^ therein did vote you ye Sum of £100..00..00.. this money wch we presume his Excellency has advised you off, and to know how you would have ye Same remitted.

The matters of Importance wch wee now send you, to lay before his Maj^y^ and ye Ld^s^ of trade &c are as follows Viz^t^

That ye Dividing line bee fixt between this Province and the Massathusets ; a plan of which is here inclosed.

The line on ye south side of our Province wee account a West line three miles North from ye Entrance of Merrymack River att ye Atlantick or Western Sea, and runs westward as wee conceive as far as ye Massathusets Colony

The line on ye Northerly Side against ye Province of Maine, being a Northwestward line from ye furthest head of Newewanock River, wch wee suppose ye Salt River A dispute hereupon will arise about ye Point whither North a little West, or North west; there being 4 points difference —

Mem^o^ this paragraph is reserved to be sent att the Gov^rs^ next coming.

that a representation bee made of ye Embezzlem^t^ of the Kings Stores which Col Vaughan made while Lt Governour, who in ye space of Nine Months Consumd thirty seaven bbs; the Copy of whose acc^tt^ is herewith sent you; which consumption is by 30 bbs more than was ever practicable in any gov^r^nours time before; Now as he had a Comission from ye King, he thinks himself beyond ye reach of any here of calling him to an acc^tt^ neither had his Excellency been inclinable to intermeddle Wherefore wee pray that a Speciall order may be obtained for his answering and refunding ye same here, or ye value thereof, as the price curr^tt^ then and now is, Viz^t^ at 10^l^ ℔ barr^ll^, In all amounting to, three hundred pounds; which otherwise will not only bee a reall damage to ye Province, but an ill president unto such hereafter as may succeed.

3. That in as much as his Majesty has been pleasd to forbid powder to bee payd by any Merch^t^ men, belonging to Great Brittaine, which supplyed ye Usuall Expence of our Castle that the Matter bee layd before ye board of Ordnance for his Majts Royall bounty therein.

4. That from time you will diligently inspect into all maner of Complts that may bee Layd agst ye Interest of this Governm^t^ and Province, particularly agst his Excellency, the Lt Govr and Councill; for althô Col Vaughan was crampt in his late projections, wee are well assured that he is in ye Boston Cabinett, who have involved the whole country into a very strange Convulsion the acc^tt^ whereof, you have undoubtedly had from thence.

5. That the duty on Lumber, particularly that on boards, bee entirely cutt off, which will very much propagate the trading of all New Engld.

6. That You renew Our application to their Lordships of the unreasonableness of Mr Bridgers prohibiting ye cutting or felling any sort of timber, above such & such dimentions as Mentioned in the Act unless that he first Surveys and marks such as are fitt for ye Royall Navy whereupon wee are not only denyed the benefit of timber for our Necessary Uses, but ye building of vessells So Materially requisite for making returns to Great Brittaine; But that our Sawmills wilbe overthrown, altho thousands of trees lye perishing in ye woods, which would bee no ways Serviceable to ye Crown but greatly Detrimental unto some Hundreds of his Maj^tes^ good subjects here and of

overthrowing our traffique to ye Sug^r^ Islands which in a circular way of trade produceth so great a Revenue Unto ye Crown

Sr The Affairs of this Goverment ffreequently Requiring the Sollicitations of Some Person at Court Our Generall Assembly In May Last made Choice of you to be their Agent for that End, and as an Earnest of their Respects & for Your Encouragement did then vote you one hundred pounds this Money which Presume his Excellency Gover^r^ Shute hes heretofore advised you off as alsoe the Lie^t^ Gover^r^ —

Here hes been A Long Dispute between this and the Massachusets Goverm^t^ about the Divideing Line and Severall Comissioners have Sund^r^ times been appointed by both to Settle it but heitherto Could never be Effected by them which Proves Injurious to many Persons that Inhabit on or near the Line who have ben Oblidged to pay Taxes to both Goverments wherefore that it may be finally Issued & those Greviances Redressed Since the Goverm^ts^ here Can't doe it them Selves that matter is now to be Submitted to his Majesty in Council or Lords Commissioners of Trade & Plaintations & In Order Thereto you have herewith A Comission from this Goverment to IMPOWER you our Agent and accordingly you are Desired to Lay the affair before them as may be Proper so Soon as Conveniently may be & that there May be a Right Apprehention of the Matter You have herewith a Mapp or Draught which you may Depend is very Exact & Correct

The Extent of this Prov^e^ is all the Land between the Massachusetts & Prov^e^ of Main our South Bounds is three miles North from the Mouth of Merrimack River at the Atlantick Ociian or Western Sea & from thence a West Line in to the main Land So far as the Massachusetts Extends Our North Line or Bound is Piscataqua River untill it come to the head of Nichewannick River & from thence A very few Degrees westward of the North up into the main Land as on the Southern Line Which bounds are prick out on the Mapp & Wee Concieve agreeable to the Royall Charter Granted to Massachusetts but the Comissioners of that Goverment have allway

Insisted on other Lines as are alsoe marked out on the Draught which if Granted to them would Render this Prov^e a very Little one indeed —

Whereas his Majesty hes Lately Prohibited Any Imposition of Impost or Powder Money On the Merch^t Shipps Trading here belonging To great brittain which formerly Supplyd the Usuall Expence of Powder of our Castle & the Stock being now very Low you are Desired to Lay that Matter before the proper board In Order to obtain the Royall bounty therein & you are to be Vigelent in Deligently Enquiring into all Compl^ts that may made ags^t this Present Goverment & in Pursueing Every thing that may be promoted for the Generall benefit of this Plantation Especially that the Lumb^r from hence may be Imported into great Brittain free of Duty & the Bounty Continue'd On navall Stores that the forging of Iron here may not be Obstructed but Encouraged & that Some better Encoragem^t may be granted for Raising hemp & flax which if Pursue'd this Country might in a Little Time furnish the Crown with A Considerable Supply That the Surveyer Generall of the Woods may be Directed to preserve the Mast Trees after A better maner & not Suffered to obstruct his Majesties Subjects from getting such Timber from thence as is not nor never will be fitt for the service of the Crown of which there are multitudes of Trees that Are Rotting on the ground that might make good Lumber fitt for the London & West India Marketts by the Latter of Which a Considerable Revennue arriseth to the Crown Wee Desire you will acquint us from time to time of your proceeding in the Premisses & Salute you with Great Respect as a Comittee of this Goverment & Are S^r

His Honour the Leiu^t^ Govr has ordered me To acquaint your Excellency, that he has inquired into The misunderstanding, which lately happened between the Hampton Constable, and Ephraim Eaton, Sander Carr, John Webster, and Andrew Grele, dwellers near the Partition line of the two Provinces, and that (notwithstanding The Several affidavits of those men, taken before Mr Justice Bradbury the 17th of Novemb^r^ last Copys of which came inclosed To him in a letter from Mr Secretary Willard dated 9^br^ 28 1720 by your Excellency's direction) He cannot percéive there was any Just grounds of Complaint, for that those men have been taxed and paid rates in this prov : no less than fifteen years last past, and two of them (vizt) Sanders Carr, and John Webster have taken of this province money upon Interest, as Inhabitants within the Same, and here mortgaged their Estates for Security : and further There are Several persons that live

more Southwardly and nearer the borders than the Complanants, who have paid taxes in this Goverment for Severall years past without contradiction which will appear by affidavits herein inclosed as also by the original list of Rates at Hampt° for ye year 1705 which Shows in ye Second & fourth page that Sanders Carr and Andrew Greely were taxed and paid in that year within this prov :

To the Right Hono'ble the Lords Comm^{rs} of Trade & Plantations.

May it please Your Lordships,

I have just now receiv'd Letters from New Hampshire Complaining of the Encroachment of the Massachusets Province, by Selling, Granting and Laying out great Quantities of Land near the Center of the Province of New Hampshire, at a Place call'd Pennecook.

I have some time since lodged in the Council office, to be laid before His Majesty a Memorial requesting that the Boundaries of these Provinces may be settled, so as to prevent any future Disputes between their respective Governments, which I presume will be refer'd to your Lordships; but as that may require time to be consider'd, I humbly beg Your Lordships would be pleas'd, in the mean while to interpose Your Authority for securing His Majesty's Interest in the Province of New Hampshire, from any Detriment by the Grants

already made, and for suspending all Grants of Land on or near the Boundaries in dispute, till His Majesty's Pleasure therein shall be known.

I am with the greatest Respect, My Lords,
Your Lordships, most obedient humble Servant,

* * * * * * I observe in the Journall of the House of Representatives at their Last Sessions that a Comittee of both Houses was appointed to draw up Introductions for me relating to the Boundaries between Us & the Province of New Hamphire. I very much want them, because Mr Newman has preferr'd a Memorial on the same Subject to the King in Councill, which has been referred to the Board of Trade, And they have writ a Letter to Mr Newman to conferr with me upon it, Copies of all which papers are inclosed, I have had an Oppertunity of seeing Mr Newman since, tho' I declin'd making any Appointment 'till I receive my Instructions. I ask't

him what the pretenc'ons of New Hampshire are, his Memorial being drawn in such General Terms that one can understand nothing by it, he said that their Boundary on the side of the late Colony of the Massachuset was the middle of Merrymack River, which thô very Extraordinary doctrine, was not soe surprizeing, as to hear him say soon after that the true antient Boundary was Nahumkeag the Indian Name for Salem, and this Secret it seems he was let into by Mr Usher when he was in England last, So that Mr Mason's Title which New Hampshire has ever oppos'd 'till this Day, is now to be sett up & carried to an Extravagancy, which he himself never dream't of, as I casually mention'd that Our Charter was prior to Mason's Deed, it was answered that Mason derived from one Woolaston and that his Grant was prior to Ours I must take Notice to you that Six Years agoe I receiv'd some short Instructions about this affair with some papers from N° 1 to N° 7 and a Map. But there should be something of a Case stating Our Right with the Proofs that support it, and then the Objections with the proper Answ^rs^ ffor I can't at this distance have recourse to you when I am presst with any difficulties. As to the Papers, they are of no manner of use as not being attested under the Seal of the Province, And therefore will not be admitted to be read. This is a Rul'd Case, And out of all Dispute. Others of the papers are Extracts which for that reason will be refused, as Sr Ferdinando Gorge's Patent, & the Indian Sachem's. They must be sent over Entire & Authentick. There will without doubt be the greatest Councill (we have) retained on both sides, and they are always very strict and severe as to what papers they admit to be read. As I was looking over our Map this morning I observed that you have drawn the line of 3 miles to the Northward of Merrimack Strait, I fancy they'l insist to have that a Curve line parallell to the River. But this is only a thought of my own. * * * * * *

To His Excellency William Burnet Esqr Capt General and Governour in Chief in and Over his Majesties Province of New

Hampshire in New England, To the Honourable His Majesties Council & The Honourable House of Representatives of said Province in Generall Court Assembled at Portsmouth The 22d Day of April 1729

The Memoriall of Ebenezer Eastman and Richard Hazzen Junr of Haverhill, for themselves & in behalf of Sundry Others of the Principall Inhabitants and Proprietors of the Town of Haverhill in the County of Essex, who hold under the Antient & Originall Grantees of the Said Town Humbly Sheweth

That Your Memorialists & their Predecessors under whom they derive their Title of Property from have been setled in the Town of Haverhill for More than Eighty and Eight Years, Ever since the Year 1641. Haveing had a Grant from the Province of the Massachusetts Bay; since which time the Inhabitants there have been in the Exercise of the Powers, priviledges, and Authorities, which Other Towns in the Massachusetts Province do hold and Enjoy, And that your Memorialists and their Predecessors, have at a vast Expence of Blood & treasure defended that frontier, from the Repeated Invasions & Attacks of the Indian Enemy in the late Calamitous warrs. The truth of which being So Notorious that no Doubt Can be made of it. And that we have at no time Exceeded the Limits of Our Town Grant in the disposition, or Appropriation of Any of Our Lands.

But so it is May it Please Your Excellency, and Honours, that the Divisionall or Partition Line between this Province & the Massachusetts may probably when Setled Leave part of the Grant of Haverhill Township to the Northward thereof, for we are Sensible that the Northwest Line of Our Township, Runs more then three Miles to the Northward of Merrimack River, For want of a Settlement of which Many Inconveniences and Difficulties have Arisen and Still are likely to Arise and Increase And Your Memorialists think it almost Needless to Mention that many Irish persons have of Late set down & setled themselves, within the Antient and known Lines and boundaries of Haverhill Grant, Under the Authority of this Government which Lands have been so Dearly defended by us as Aforesaid.

Now your Memorialists with all Humility & Submission would Approach Your Excellency & this Great & Honourable Court & Lay their Difficult Circumstances before you for your wise & Equitable Consideration, & first would Suggest and pray that as the Grant & possession of Haverhill is of So Long Standing we may not be Molested or Disturbed in the Quiet possession of Our property; we are not Sollicitous which Government we are or Shall be Subject to, it

being Our business to be Obedient which is Our Sincere desire and Resolution And when the Line shall be made Certain & Determined, we shall Chearfully Obey ye Laws, & Authority, of that Government to which we shall be Subjected, but till then we Would renew Our prayers, that we may not be Ousted of Our so Long possessed property. —

And in Order to Settle the Matters in Difference between the Two Governments, Your Memorialists have Already Addressed the Government of the Mass^a^ Bay Setting forth the Difficulties we Labour Under as Aforesaid & praying that some way may be found Out for Our Relief, — In Answer whereto they have Appointed Commissioners to Meet with such Commissioners as may be Appointed by this Government to Adjust, and fully Issue, the Difference between the two Governments, The Agreement between them to be Laid before the Respective Generall Assemblies of the Two Provinces for Confirmation ; Upon which that both Governments Address his Majesty for his Royall Approbation of Such Confirmation — which petition and Order thereon we hope is Transmitted to Your Excellency & Honours for Your Consideration to which we Humbly refer, And we trust that Upon Reading & Considering the Same, with this Our Humble Memorial Your Excellency and Honours will see Great Cause to relieve us under these Our difficulties, & that you will appoint a Number of such worthy and Judicious Gentlemen as You may think proper as Commissioners fully Impowered on the part of this Government, to Meet with the Commissioners Appointed & Impowered by the Massachusetts, to Adjust & fully Issue the Unhappy Difference between the Two Governments Agreeable to the Vote On Our Aforesaid Petition or that of Your known wisdom you would Point out some other way for Your Memorialists Speedy relief in the Premises whereby the ill Consequences of what may Otherwise happen may be Avoided And for Your Excellency & Honours Your Humble Memorialists as in Duty bound shall Ever pray.

[*Mass. Act of Authority to Commissioners*, 1730/1.]

[Mss. Prov. Boundaries, pp. 36–39.]

Anno Regni Regis Georgii Secundi Magnae Brittaniae &c Quarto.

An Act made and pass'd at the Great and General Court or Assembly of His Majesties Province of the Massachusets Bay in New England begun and held at Boston upon Wednesday the tenth day of February 1730. —

An Act fully impowering commissioners to determine the bounds between this His Majesties Province of the Massachusetts Bay, and the Province of New Hampshire

Whereas the Grants or charters whereby the Inhabitants of the Province of the Massachusets Bay hold their lands, declare the northern bounds to be three miles to the northward of Monomack alias Merrimack river, and of every part thereof, as may more fully appear by the said Grants or Charters &c. Concerning which northern line there hath been a controversy for many years past, between the Inhabitants of the s^{d} Massachusets, and the Inhabitants of the Province of new hampshire ; which hath occasioned much disquiet and great charge and expence in many Law suits ; and the Controversy still lyes open notwithstanding some former attempts for an amicable decision And Whereas His Majesty hath in his great goodness been pleased to signify to both Governments his pleasure respecting the afores^{d} controversy, and recommended the peaceable adjustment thereof — This Court being willing and desirous that a full issue may be put to all disputes and no more controversy arise respecting the aforesd boundary line, but that the same may be absolutely fixed, and ever remain indisputable.

Be it enacted by his Excellency the Governor, Council and Representatives in General Court assembled, and by the Authority of the same, That the Honorable Joseph Talcott Esqr Governor of the Colony of Connecticut, the Honorable Joseph Jenks Esqr Governor of the Colony of Rhode Island, and the Honorable Adolph Phillips of the Colony of New York Esqr be and hereby are fully Authorized and impowered, after having heard the proofs, pleas, arguments and Records that may be produced by the Committee to be appointed for that purpose in favour of either of the Provinces, at such time & place at or near the Lands controverted, as they the aforesd Joseph Talcott Joseph Jenks & Adolph Phillips, or any two of them shall appoint finally to agree and determine where the boundary line shall be drawn, Provided that no particular persons property shall be af-

fected or in any wise prejudiced for or by reason of the boundary being fixed and setled as aforesd —

And be it further Enacted That it shall be in the power of the aforesd Joseph Talcott Joseph Jenks and Adolph Phillips to order an Equivalent to be given and received by each Government in lieu of such lands as either of the Governments are in the possession or improvement of, by virtue of any Antient Grants or Patents, as the said Commissioners shall Judge reasonable such lands falling by the settlement of the Line without the Government that granted them — And Whereas the Government of New Hampshire very lately suggested, That there is some controversy relating to the boundary Line between that province and the late Province of Mayn, now part of the Massachusets province which the s^{d} province of the Massachusets held originally by purchase from the Assign of Sr Fardinando Gorge This Government also are willing that the Boundary Line between the late Province of Main & New hampshire Province should be made certain determined and fixed by the aforesd Joseph Talcott Joseph Jenks and Adolph Phillips in the same way, and on the same Conditions and proviso's upon which the other Boundary is or may be agreed Provided their determination and Decision shall be by them reduced to writing under their hands and seals, or any two of them provided also, that in case it shall happen that any one of the aforesd three Gentlemen should not appear to undertake & perform the business hereby committed to them, That then the persons appointed a Committee on the behalf of each Government to attend the Commissioners as aforesd or the major part of s^{d} Committees agreeing shall choose one other meet person to joyn the other two commissioners in ordering setling & determining the aforesd boundaries ; And in Case the persons appointed on behalf of each Government shall not agree upon a third Person, That then the two Commissioners that may appear shall have full power & authority to make choice of a third person, and in Case it shall so happen, that the two commissioners should not agree upon a third person to Joyn them in this affair, That then his Excellency Jonathan Belcher Esqr his Majesties Governor in chief over both provinces be requested & hereby is fully authorized & Impowered to nominate & appoint a discreet indifferent person to joyn with the aforesd two present Commissioners, and the person so chosen either by the persons appointed for & on behalf of each Government, the two commissioners, or by his Excellency the Governor, shall have as full and ample authority to all Intents as the Commissioner that was first appointed, and may happen to be absent, could have had, or ought to have, if he were present

Be it further Enacted That Edmund Quincy Elisha Cooke William Dudley Benjamin Lynde Junr Esq^{rs} and Mr Samuel Welles be a Committee for and on behalf of this Government to appear at the time & place to be appointed by the aforesd three Commissioners to produce and enforce the proofs Arguments and allegations that may be advanced to maintain this Governments right in holding and enjoying the land possessed or claimed by them — Provided also that the Government of the province of New Hampshire pass an act in substance like this. —

Provided always That the Agreement, final issue and determination of the Boundaries before in this Act mentioned shall be compleat reduced to writing under the hands and seals of the aforesd three Commissioners or any two of them, the whole being present at the hearing of the proofs pleas & allegations of the aforesd Committees on or before the last day of November next — And Duplicates sealed up, put into the hands of the Committee of each Government appointed to Attend the aforesd Commissioners or such of them, as the respective Committees shall appoint — The charge and expence that may arise in effecting this affair shall be born and discharged by each Government in equal halves. —

[Mss. Prov. Boundaries, p. 61.]

To the Right Hono[ble] the Lords Commissioners for Trade & Plantations. —

May it please your Lordships —

We the Subscribers, Members of His Majesty's Council, of the Assembly & other Inhabitants of this, His Majesty's Loyal & dutifull, thô Small & poor Province of New Hampshire in America, being lately disappointed of an Opportunity of Addressing our most gracious King from the Representatives of our People in General Court Assembled, and Setting forth the Hardships we Suffer by the Dispute about the Lines between us and the Massachusetts Bay, This Disappointment being occasioned by a Sudain Prorogation after one Day's Sitting by our Leiu[t] Governour pursuant to Directions Sent from our Chief Governour from Boston, which was very Surprising to the House of Representatives here, who at the Instant of Prorogation were preparing Such Address; Do therefore most humbly pray to be permitted to lay our Said Hardships before Your Lordships. —

When our present Chief Governour was pleas'd to communicate to us the Royal Instruction for Settling the Said Lines, we received them with all Thankfullness & Duty and immediately proceeded upon Naming our Commissioners in the very Manner prescribed in the Instructions, but our Choice not being approv'd by His Excellency, and very difficult to find others Qualified we readily came into other Measures to facilitate the Settlement of the Said Lines, as may appear by attested Copies of the Proceedings thereupon. All which

proving ineffectual, and having too much Reason to believe That our Neighbours of the Massachusetts do not desire to have the Lines fix'd, because we apprehend That they are making Settlements, which will be deem'd far on our Side the Lines, and are frequently exercising an Authority & Jurisdiction Nine, Ten & Eleven Miles to the Northward of Merrimack River, by Seizing & carrying away Some of our Inhabitants, Imprisoning, Sueing & fining them at their Courts, on the South Side of the Said River, to the great Damage & Discouragement of many poor Families. —

We therefore humbly pray Your Lordships Favour, That His Majesty may be address'd to interpose and give His Royal Orders for Ascertaining & determining the Lines in Dispute, to which we Shall Chearfully Submit as we have always done to His Pleasure, Well knowing His Majesty can have no other Intentions, than the Wellfare, Prosperity & Ease of His Loyal Subjects—

We further beg leave to represent to Your Lordships, That this Small Province labours under vast Disadvantages, by being under the Government of the Same Person with the Massachusetts, As that Province is very considerable in Respect to us, and the Gov^{rs} Salary cheifly arising there : we have been deny'd & cannot at any Time reasonably hope for his Assent to Some Acts which wou'd be beneficial to our Small Province, which if we were under a Seperate Gover^{r} wou'd not be deny'd to us, and which might also enable us much better to pay the Salary which we have already, pursuant to His Majesty's Instruction Settled upon our Chief Govr So as to enable a Govr of our Own to Support the Rank.—

If we might presume to beg this Favour of His Majesty, it wou'd be Such an Act of His Goodness as wou'd forever make His Memory dear to our Posterity as His Royal Person is now to us.—

To mention any other Grievance we feel we fear wou'd Render us too Troublesome to your Lordships and employ more of your precious Time, Than our Proportion, and they are Such as might be easily remedy'd here ; Several of our Towns are at this Time destitute of any Magistrate insomuch That a Constable has come to the Town of Portsmouth Thirty Eight Miles to be sworn into his office, and no Justice of Peace nearer to the Town he came from than Twenty three Miles ; This Misfortune we labour under by an unhappy Displeasure conceiv'd against Some of us by our Chief Governour, as we apprehend Tho' we humbly are of Opinion without the least Grounds, We having not only comply'd with every Thing be ask'd of us in His Majesty's Name, But pass'd a Vote for paying him Six Months Salary beforehand, whereby in Case of Death or Removal, we may be liable to pay the Same or most Part thereof to His Successor.—

We take leave of your Lordships, praying an Answer to this Remonstrance at your Leisure

We are with all possible Respect

Your Lordships most obedient & most humble Servants

[Mss. Prov. Boundaries, pp. 64–69.]

Province of the Massachusets Bay. } In the House of Representatives July 28th 1731.

WHEREAS His Excellency the Governour at his first Meeting of the General Court (after his arrival here) being the ninth of September last, acquainted them, that HIS MOST GRACIOUS MAJESTY out of a tender Care for all His Subjects, had Directed him to propose to the General Assembly of this Province, and that of Newhampshire, a Method by HIS MAJESTY prescribed for the Amicable Adjustment of a long and unhappy Controversy, respecting the Boundarys of the Provinces, which he had communicated to that Government, and they expressed to him their readiness to bring the Affair to a Friendly issue : This Court, taking the same into due Consideration, and being sincerly desirous and willing that the Dispute might be adjusted, in the way and Method pointed out by HIS MAJESTY, speedily agreed upon a Scheme or Projection for effecting the same, which when laid before the General Assembly of New hampshire in December last, they would not conform thereto, but passed an Act Impowering Commissioners to determin and put an end to these Disputes, provided this Government would pass an Act of the same kind ; which act of theirs being laid before this Court at their Session in the aforesaid Month of December was deemed in several respects insufficient, and for want of some necessary Proviso's it was apprehended the Commissioners would not be sufficiently Authorized and Impowered so justly to fix and Determin the Boundary line : To prevent therefore any such Inconvenience, and that no more Controversys might ever there-

after arise touching the Bounds of the Provinces this Court at a Session in February last, passed an Act fully Impowering Commissioners to determine the afores^{d} bounds, and made provision in several Instances, as well as Authorized the Commissioners to Order Equivalents, if by them adjudged requisite, which Provision for Equivalents their General Assembly took no Notice of.— This act or Law was to remain firm and Stable forever provided they would come into an Act like to it in Substance, which that Government did not think fit to do, when the same was by them Considered at the Session of the General Assembly on the seventh of May last, but came into a Vote or Order appointing a Committee to meet and Confer with a Committee from this Court at Newbury on the twenty second Of June last past, if this Court see meet to chuse one in order to agree upon a Draught of a Bill that might pass both Governments, directing both Committees to make their respective reports with all convenient speed, that so the Controversy might be Ended, if possible, by the first of November then next coming, And this Court being at their present Session, advised of the proceedings of the Government of New Hampshire from a Just regard to the lasting Peace and Tranquility of the Provinces, and to avoid all future disquietudes and prevent a needless Expence of Considerable sums of money and time in repeating Law Suits on this head; And that His Majesty's Subjects whose lands border on the Controverted line might live in ease and quiet, as others the Inhabitants of each Province, they on the second of June last, raised a Committee to meet a Committee of theirs at Newbury on the 22^{d} of said Month if this Court's sitting should not prevent them, but if so, seasonable Notice was to be given to the New-Hampshire Committee, and the time when they could meet them. — On the fifteenth of that Month this Court continuing to sit, a Letter was Expressed by a Messenger to their Committee advising them that the Courts sitting would forbid the Committee from hence meeting on the day prefixed, as likewise that they should be further notifyed in Season when this Governments Committee would meet them which was done by another Express of the 21st of June wherein it was proposed to meet them at Newbury on the 13th of July following : This Court being now further advised that the House of Representatives for the Province of New hampshire in General Assembly Convened on the first Instant came into a Vote or Order, first declaring what that Court had done respecting the Boundary line at their Session in May aforesaid, and that their Committee had not heard whether this Government had proceeded to chuse a Committee, or not, but by private Letters were Informed the Committee would not meet them, (thô both Expresses of the 15th and 21st of June reached

the hands of their Committee seasonably, and were read in the Assembly) they also make mention of a Letter from His Excellency to the President of their Council, which was then before them, desiring the House to pass a Vote to enable a Committee of that Province to meet at Newbury on the afores[d] thirteenth of this Instant with a direction to have the General Court prorogued to September next; Althô at the same time his Excellency the Governour wrote to the Secretary of that Province on the 21[st] of June, in which Letter is the following Paragraph "This Assembly being still like to sit some time, "the Committe here cannot meet the New hampshire Committee "about the line till the 13[th] Prox: of which the Gentlemen here write "to yours by the Post, I have therefore wrote the President that "your Assembly must sit the first of next Month and vote to meet "this Committee according to time; and allowing that their Committee were not strictly speaking sufficiently notifyed of this Governments proceeding on this Head; yet will any one presume or Insinuate that their General Assembly were not well and Seasonably advised even by Public Letters from their Governour to the President of their Council and Secretary of the Province as above, both which they had the full knowledge of —— That Assembly go on and say, by which delays the Setlement of the line cannot be finished this fall, and that such a procedure is Contrary to the Interest of that Government, and the Intent of His Majesty's Instructions, that therefore that House did not think it for the Interest of the Province to choose a Committee but to come into some other Method and represent the matter to the Court of Great Britain and shew how far that Province had proceeded and Endeavoured a Peaceable Setlement of said lines, and prayed his Honour the Lieutenant Governour and the Board would come into the same, which the Council the day following Non Concurr'd and revived the Vote for appointing a Committee, which the Assembly non Concurr'd and adhered to y[r] former vote. Now Inasmuch as this Court humbly apprehend That His Majesty's Good and Gracious Design so wisely Calculated for the Peace and Tranquility of both Provinces would be Entirely perverted if either this, or the Government of New hampshire should defeat a Compromisement of this affair, so much to be desired by such pretences and Excuses, as are advanced by the Assembly of New Hampshire, For that House had all the Assurances the Situation of the Public Affairs here would admit of, that nothing but the General Courts Continuing to sit would retard the Committee from hence meeting at Newbury, which will doubtless sufficiently plead for and Justify their non Attendance at that time: Duty to His Majesty and their Countreys Interest, requiring their attendance here; Especially if it be Consid-

ered What short space of time it was further referr'd to; as also the only Season of the year, for doing such business at so Great a distance, and likewise the Month of November was as soon as they possibly expected the affair to be Ended. —

To the End therefore, That it manifestly may appear, That as this Court from their being first apprized of the Gracious & good Intent of His Majesty, which when well Effected were well satisfyed would advance the Interest and growth of both Provinces, so they still remain of the same belief and purpose, what in them lyes, strenuously to Endeavour that the resolutions heretofore taken for bringing that matter to a happy close might not be frustrated; not in any measure moved or Excited hereto under an apprehension that the Government of Newhampshire can represent the matter to the Court of Great Britain in prejudice to this Province, by shewing forth any delays on the part of this Government attending the whole of the bussiness, althô the Assembly there adjudged that method advisable for them to pursue; Do therefore order and Impower Edmund Quincy, William Dudley, Elisha Cooke and Benjamin Lynde Junr Esq^{rs} and Mr Samuel Wells, Mr Elisha Bisby and Mr Edward Shove (or a Major part of them) to be a Committee in behalf of this Government to meet a Committee from the Government of Newhampshire at Newbury sometime in the month of September next as the Committee shall agree, then and there to Confer one with another respecting setling the Boundarys between the Provinces and agree upon the Draught of a Law, (if so they can) which both Governments may come into for the full and final Setlement of the line in Peace. — And that it be a direction of the Committee on the behalf of this Province that Provision be made in such Bill that all such lands or Towns which either Government are in possession or Improvement of by virtue of any Ancient Grants, be reserved to the Several Governments both as to Jurisdiction and property; and that said Towns be particularly Enumerated in said Bill; and that such Equivalent may be given and received respecting Property, as the Commissioners, who shall be Impowered to determine the Boundary line shall Judge reasonable./— The Committee to report to this Court as soon as may be./—

[Mss. Prov. Boundaries, p. 75.]

Pursuant to a Vote of General Assembly made and pass'd September 25th 1731 We the Subscribers met a Committee of the Massachusets at Newbury the 30th of the Said month, To try whether we could agree upon a Preliminary Bill for Settling the divisional lines of this and that Province ; But to no purpose, For the Instructions which the General Assembly of that Province had given their Committee, were much Straiter and more against the interest of New-Hampshire than the Act which that Goverment passed the 10th of february 1730 which the General Assembly of this Province could by no means agree to ; For in the Said Instructions The Massachusets Committee are directed that Provision be made in the Bill that all Such lands or Towns which Either Goverment are in possession or improvment of by Virtue of any ancient grants be reserved to the Several Goverments both as to Jurisdiction and property, which if agreed to would bring the dividing boundary (according to our understanding) at least eleven miles and three quarters to the northward of Merimack instead of three miles, which We utterly refused to comply with, especially as to Jurisdiction, insisting that the line which the Commissioners should fix three miles to the northward of Merimack River according to the intent of their Charter, Should be the boundary as to Jurisdiction whatever we might consent to in respect of Property. —

Then those Gentlemen told us they could act no further as a Committee for as they had particular directions they were Obliged to conform to 'Em : However they proposed that as they and We were Members of the General Assemblys of the Two Provinces (laying the matter of Jurisdiction aside) to try whether we could agree with respect to property & equivalents upon which we offer'd to their Consideration the giving and receiving equivalents for all Such lands as

had been improved within fence twelve years by planting Sowing or mowing — Provided Such land had been granted by the Town in which It lay and the grant and return of laying out fairly entered in the Town book ten years ; Who in reply thereto told us, they could not think what we had offer'd any way reasonable wch Concluded our Conference.

My Lords

Altho' I have wrote you p this Conveyance of 5, 8, & 12, Inst^t^ — Yet the Ship being detain'd, I think it my Duty to Say to your Lord-

ships, That I have taken all possible Care & Pains, ever since my Arrival, To have the long contested Boundaries betwixt the Massachusetts & New Hampshire adjusted, according to His Majesty's Royal Orders to me, But I can See no Prospect of it's being accomplisht; And the poor Borderers on the Lines (If your Lordships will allow me So vulgar an Expression) live like Toads under a Harrow, Being run into Goals on the one Side & the other, as often as they please to quarrel, Such is the Condition of His Majesty's Subjects that live near the Lines — They will pull down one anothers Houses, often wound each other, and I fear it will end in Bloodshed, Unless His Majesty, in His great Goodness, give Some effectual Order to have the Bounds fixt. — Altho; my Lords, I am a Massachusetts Man, Yet I think this Province alone is culpable on this Head, N: Hampshire has all along been frank & ready to pay exact Duty & Obedience to the King's Order, and have manifested a great Inclination to Peace & good Neighbourhood, But in Return the Massachusetts Province have thrown unreasonable Obstacles in the Way of any Settlement, and altho' they have for 2 or 3 years past been making offers to Settle the Boundaries with New York & Rhoad Island in an open, easy amicable way. Yet when they come to Settle with N: Hampshire, They will not do So with them — Which seems to me a plain Argument that the leading men of the Massachusetts Assembly are Conscious to themselves of continual Incroachments they are making upon their Neighbours of New Hampshire & So dare not come To a Settlement — I Say, My Lords, in Duty to the King, and from a just Care of His Subjects of N^{ew} Hampshire, I think myself oblig'd to Set this Matter in this Light I now do, nor do I ever expect to See it Settled but by a peremptory order from His Majesty, appointing Commissioners to do it, And those agreed to by both Assemblies Feb^{ry} 1730/1.

Joseph Talcott Esqr, Govr of Connecticutt.
Joseph Jenks Esqr, Then Govr of Rhoad Island
&, Adolph Philips Esqr, Speaker of the Assembly at N: York,

are Gentlemen of good Ability & Integrity, and altho' the Massachus^{tts} I fear, will still decline joining in the Affair, Yet I believe New Hampshire from their desire to Peace & good Order wou'd rejoyce to See Such a Direction from the King, and be glad to be at the whole Charge rather than the Dispute Shou'd Still continue. I therefore humbly pray your Lordships So to represent this Affair to His Majesty, That there may be an End of Strife & Contention.

And if your Lordships approve of the Bill I now Send you for Emitting Bills of Credit on a Foundation of Gold & Silver, and that I may have His Majesty's Leave for doing it in the Massachusetts, I

pray I may also have the Same Liberty of doing it in N : Hampshire, where they are in great Distress for Something to pass in Lieu of Money, and without Speedy Help it will be almost impossible for that little Province to Support any Trade.—

I have the Honour to be with all possible Esteem & Respect My Lords

Your Lordships, most obedient & most humble Servant

[*Petition of John Rindge, Agent for New Hampshire, to the King,* 1732–33.]

[Mass. Archives, Vol. 5, pp. 9–45.]

To the King's most Excellent Majesty in Council

The humble Petition of John Rindge of Your Majesty's Province of New Hampshire in America Esq[r] Sheweth

That Your Majesty's said Province of New Hampshire is under the immediate Government of Your Majesty, and the Inhabitants thereof, from their first Settlement to this day, have at great Expence of Blood and Treasure defended the Same against the Incursions of the Savage Natives as well as of the French in support of your Majesty's Dominion and have constantly shewn the utmost Duty and Loyalty to Your Majesty and Your Royal Ancestors and comply'd with the Royal Instructions in every respect.

That your said Province is very Small, and was and is bounded (to the South) by the Charter Government or large Province of the Massachusets, and (on the other Side) by the Province of Maine, which Province of Maine, since the Year 1691, is become a part also of the said Great Province of the Massachusets, so that the said Province of the Massachusets Extends now and ever since 1691 has Extended on both sides Your Majesty's said little Province of New Hampshire.

That Your said Province of New Hampshire being inclosed (as it were) between the Several parts of the Province of the Massachusets is daily encroach'd and usurped upon by its populous and powerfull Neighbours of the Massachusets both in matter of property and Govern[mt] and without Your Majesty's Gracious Interposition will soon be absorbed and Lost as well in disherison of Your Majesty's Crown as to the utter ruin of Your faithfull Subjects and Tenants in new Hampshire who hold immediately of and under Your Majesty.

That Your said Province in New Hampshire never had any Charter but hath ever since the Year 1679 been governed by Commissions granted by the Crown from time to time And all the grants for the Towns in the said Province have been made under and by Virtue of such Commissions And the most Considerable Towns settled in the said Province are call'd by the names of Dover Portsmouth Exeter Hampton Kingston and Londonderry.

That during the Reign of His late Majesty King William the Indian Warr and the French Warr interrupted the making many New Settlements but the several Townships in New Hampshire (as well as in the Massachusets) made Grants of particular parts of their Lands to their respective Inhabitants.

That the Townships of Salisbury, Almesbury and Havarill, three Towns Scituated on the North side of the River Merrimack and Claimed by the Province of Massachusets And also the Townships of Hampton Kingston and Londonderry (which are Scituated more Northerly than the said three last mentioned Towns and are within the said Province of New Hampshire) having each of them granted to their respective Inhabitants Several parcels, perhaps of the very Same Lands as each supposed they had or at least claim'd a right to do, it so happen'd, that when the Grantees under the said respective Townships endeavoured in peaceable times to Settle the Same, many Disputes and Contentions arose as to the matter of Title or property but which were determined by the Courts in the Massachusets in their own favour, And one Special Circumstance which guided and affected the said disputes and in effect determin'd them was that the people of the Massachusets being much more numerous than those of New Hampshire (at least as forty to one) would rate, assess and tax the persons who were Settled really within the Province of New Hampshire and to the publick Charges in the Province of Massachusets and by their power and Numbers destrain for Such taxes and even carry off and imprison the New Hampshire Inhabitantes for pretended Trespasses and Try them and their Causes in the Courts in the Massachusets where to plead to the jurisdiction (when the parties them Selves were to be the Sole Judges in the matter) was to no manner of purpose.

That in this manner and by these means the Province of the Massachusets unjustly extended their bounds — Encroach'd upon Your Majesty's Lands in Your Province of New Hampshire, judged in and decided their own Causes and prevented Settlements under your Majesty's Grants.

And the said Province of Massachusets finally and absolutely decided those Causes without possibility of having Justice from Your

Majesty's determination in Council thereon, because the Sum or matter demanded from a New Hampshire Tenant for his Share of a publick tax to the Province of the Massachusets or the fine for Such Tenants pretended trespass on their Lands might perhaps amount to five or ten Shillings onely, greatly below the Sum for which and Appeal to Your Majesty in Council is allowed, nor Could a young Settler possibly bear the heavy Expence of an Appeal and proving in a legal manner the bounds of each respective Province. And if such young Settler could have born that vast Expence, a Determination on his Single Appeal could only have Settled the point whether his particular spot of Land was or was not within the Limits of the Massachusets Charter, and might not have Settled the general Controversy & quieted the rest of the Inhabitants.

That these sort of proceedings have obliged many of Your Majesty's Tenants in New Hampshire of mere Necessity to Submit themselves in their own Defence to the great Province of the Massachusets, who were able to protect them & who extend their Bounds thereby and reduce New Hampshire to Such Streight Limits and to so few Inhabitants as will absolutely disable them to support ye Charge of Government, and at the Same time and under these Sinking Circumstances the Pet^r^ begs leave to inform Your Majesty, that Your Province of New Hampshire which used to Contribute to publick Charges but a tenth part or proportion of what the Massachusets Contributed has been raised to contribute the fifth part of what the Massachusets Contribute, which nevertheless Your Maj^tys^ Loyal Subjects of New Hampshire with ye greatest Duty and Alacrity immediately acquiesced in it being Your Majesty's Royal Pleasure.

That the forementioned Disputes having happened the said Township of Kingston and Londonderry in New Hampshire attempted all reasonable methods to settle the bounds generally between them and the Massachusets at a very large Expence (near 800^ll^ upon each of those terms) but it produced no effect.

That during the Cessation in the beginning of Queen Ann's Reign, the Massachusets still incroached on New Hampshire by Rating or Taxing People seated near the Sea about five miles North of Merrimack River. But Your Province of New Hampshire was So far from attempting in like manner to Distress the Massachusets Inhabitants, that orders were then given by the Governour and Council of New Hampshire that Persons Seated but near the Division Line Should not be rated at all, and hoped the Massachusets would have given the like Orders, till the Lines could be Settled and therefore proposals were made to have Committees chosen both in the Massachusets and in New Hampshire in May 1711, but nothing was done by the Mas-

sachusets thereon, and in 1713 and 1715 Your Province of New Hampshire again attempted to have the Lines settled but in vain.

That in December 1719 both the Province of New Hampshire and the Massachusets appointed Commissioners, but with this difference that the Com^{rs} chosen by New Hampshire were directed to settle both the Southern and Northern Boundaries of that Province but ye Massachusets Commissioners were to Settle only the Southern Boundary of New Hampshire and those Commissioners met at Newbury in the Massachusets Province, but to prevent Settling any Bounds what ever, the Massachusets Commissioners then insisted to run a Line from three Miles North of the mouth of Merrimack to three Miles North of the head of what they call Merrimack River at Winnisposiokee Pond, wch was a most extravagant proposal, not at all warranted by their Charter, and would have had the following Consequences, that as the Massachusets Province already incloses New Hampshire on the Southside and on the Northside, such a Line, as then proposed, would have Cutt of all the head or Eastern part of New Hampshire also, and would have taken from Your Maj^{tys} Province of New Hampshire all the settled Towns and Townships of Londonderry and Kingston, and a very great part of Hampton and of Exetor and many other Lands, so that New Hampshire would only have had two of its old Towns Dover and Portsmouth left, and not any Land to Enlarge their Settlements But would have been Confined to a very small strip of Land bordering upon the sea, and woud have been inviron'd and Surrounded on all the other three Sides by the Massachusets Province ; But the Commissioners for New Hampshire, who had no power by any Consent to deprive Your Majesty of Your Lands in so extravagant and unreasonable a Manner, wou'd by no means agree to any such Line, and that Meeting broke up.

That this extroardinary attempt on the part of the Massachusets Obliged the Assembly of Your Majestys Province of new Hampshire in the following Year 1720 to put themselves to the Expence of an agent in London to Sollicite a just Settlement of the Lines here, who presented Several Representations and Addresses from the Province of New Hampshire on that head.

That sometime After the said Meeting of the Commissioners at Newbury in 1719 the Province of New Hampshire chose a Committee to run a Line 3 miles North of Merrimack River, and the Massachusets also chose a Committee to run that Line and the Commissioners run the Line Seperately, which Lines very nearly agreed so farr as they were run by New Hampshire, as your Petitioner is informed.

That the Province of the Massachusets have actually sold great Parcels of Your Majesty's Land not only three Miles North of Mer-

rimack but about 40 Miles North of the same, particularly one large Township called Penicook, and have received a large sum of Mony for the Same, tho very Manifestly within Your Majesty's Province of New Hampshire, and tho the purchasers were forbid Settling there by Your Province of New Hampshire.

That after these encroachments upon Your Majesty's Lands and Disturbances given to Your Majesty's Tenants in Your Province of New Hampshire Your Majesty was pleased by Your 77th Instruction to Jonathan Belcher Esqr Your Governor over New Hampshire, (and also Governor over the Province of Massachusets Bay) to take notice of the long continuance of the Dispute between the said Provinces, in relation to their Boundaries and to declare Your Royal Judgment, that it was for Your Service, as well as for the Peace and Tranquillity of the said Colonies that the Dispute Should be adjusted and a Line marked out to Divide the said Provinces in all times to come. And therefore Your Majesty thereby directed Your said Governor to propose to the general Assembly of each of the sd Provinces respectively that discreet & indifferent Persons Should be chosen by each of the said Assemblies out of some of the Neighbouring Colonies under Your Majesty's immediate Governmt with sufficient powers to draw the said Boundary Line, and finally to determine the Dispute between the said Provinces, whose proceedings therein were to be laid before Your Majesty and to be of no Effect till your Royal Pleasure should be signified thereon

That the said Instruction was communicated to the Assembly or House of Representatives of Your Province of New Hampshire the 26th day of August 1730 who were desirous to obey Your Majesty's Royal Commands, that within three days then after they passed a Vote appointing David Dunbar Will: Wanton and John Witing Esqrs a Committee for New Hampshire to joyn with as many to be appointed a Committee by the Massachusets to Adjust as well the Northern Boundary Line between New Hampshire and the late Province of Maine as the Southern Boundary Line of New Hampshire between it and the Massachusets according to Your Majestys Instructions, and resolved that a proper Commission Should be made out by the Governor to the said Gentlemen and appointed a Committe to inform and instruct them in the Affair, and that the Charges Should be born out of the publick Treasury. And afterwards in August, October and Novr 1730 and in April, May July and Septemr 1731 Your Majesty's Province of New Hampshire passed Several Votes and Resolutions and appointed Several Committees to meet those of the Massachusets Bay, in order to Settle the Bound Lines or to prepare a Bill to be passed in both Provinces in order thereto, but to no manner of Purpose.

And on the 24 and 25 of Septem^{r} 1731 the Council of New Hampshire appoint'd Henry Sherburn, Richard Waldron, Benja^{n} Gambling and Nathaniel Weare Esq^{rs} and the Assembly appointed Nathaniel Ware, Joshua Pearse, Theodore Atkinson and Your Petitioner John Rindge to be a Committee to meet the Massachusetts Committee, in order to Settle the matter in dispute.

That upon the Seventh of October 1731 the Assembly of New Hampshire met againe and received a Report from their Committees that they had met ye Massachusets Committees at Newbury on the 30th of Septem^{r} to try to agree upon a preliminary Bill to Settle the Divisional Lines of both Provinces, but to no manner of purpose, for that the Instructions which the Massachusets had given their Committee were much Straiter and more against the Intrest of Your Maj$^{ty's}$ Province of New Hampshire than an Act which the Massachusets had passed in Feby 1730, and which the Assembly of New Hampshire could by no means agree to, in regard the Massachusets Committee were direct'd by their Instructions to Insist, that Provision Should be made in the Bill that all Such Lands or Towns which either Government were in Possession or Improvement of by Virtue of any Antient grants should be reserved to the Several Governments, both as to Jurisdiction and Property, which (if agreed to) would carry the dividing Boundary at least eleven Miles and three quarters to the Northward of Merrimack, instead of three Miles which the New Hampshire Committee could not comply with, insisting that the Line which the Commissioners should fix three Miles to the Northward of Merrimack River according to the Intent of the Massachusets Charter ought to be the Boundary, as to Jurisdiction, whatever might be consented to in respect of Property, upon which the Massachusets Committee refused to proceed any further, saying that as they had particular Directions they were obliged to conform to them.

That the said Committee for New Hampshire prepared a Draught of a Representation to be sent upon that occasion to Your Majesty's principal Secretary of State relating to the said affair.

And the said Report and Representation were read and approved of by the Council and Assembly of New Hampshire and were together with the Votes, Acts and Papers humbly transmitted to Your Maj$^{ty's}$ said Secretary of State accordingly.

And Your Assembly of New Hampshire, by Vote of the said Seventh of October 1731, reciting their unwearied application and the Disappointments they had met with in Endeavouring to Settle the Bound Lines and that Your Petitioner John Rindge was coming over to great Britain, they therefore Voted Your said Petitioner Chosen

and appointed by the said Assembly, as an Agent to Represent Your Majesty's said Province in great Britain with such full Power & Authority as the House could give about the Premises.

In pursuance of which Power Yo^r^ Petitioner as Agent for the House of Representatives of Your Majesty's Province of New Hampshire, as well as in his own behalf, most humbly begs leave to Inform Your Majesty that the Clause proposed in behalf of the Massachusets to allow to each Province the Property and Jurisdiction of Lands Respectively seated by them was by no means a fair or equal proposition, nor was at all Calculated for reciprocal or mutual Benefit, but would have advantaged the Massachusets Province only who have encroached greatly beyond their Bounds, whereas in fact your Majesty's Province of New Hampshire hath never Settled beyond its just Bounds.

Your Petitioner likewise craves leave to Represent to Your Majesty that the Province of the Massachusets has by its Charter certaine limitted Bounds, beyond which they have no Colour of Property or Jurisdiction, and Such Lands as are not within their Bounds do unquestionably appertain to Your Majesty as part of your Majesty's Province of New Hampshire.

That the Dispute between Your Majesty's said Province and the Massachusets lyes within a very narrow Compass & may (as your Petitioner is advised) be clearly discussed and Settled here by Your Majesty's Authority or indeed might with great ease have been Settled in the Provinces had the Massachusets been as well inclined thereto as Your Province of New Hampshire has all along Shewn it self. But it appears plainly to be the intention of the Massachusets to keep this Dispute open and unadjust'd and they think it their Intrest so to do because, during such time, they have and do incroach upon Your Majesty's Lands and then expect (as they actually insisted at the aforementioned meeting) that the Lines Shall not be run according to the true Bounds of their Charter, but that they Shall enjoy the property and Jurisdiction of all their Incroachments.

That however manifestly unreasonable and Illegal such pretensions on their part is, yet your Majesty's Small Province of New Hampshire is and, its humbly conceived, will allways be unable to procure the Lines to be truly run in America, however obvious and plain the case appears, because of the great inequality between the two contending Provinces, and the vast Superiority interest and Power of the said Province of the Massachusets in America over that of new Hampshire, especialy as both Provinces are under one and the same Governor, whose Native Interest in the present Case may incline him to favour the Massachusets, where his whole Fortune lyes and from whence five parts in Six of his Appointment Arises.

Your Petitioner therefore most humbly beseeches that Your Majesty would be graciously pleased to determine here the differences subsisting between the said Provinces touching their Bounds on both sides of Your Province of New Hampshire. And in order thereto Your Petitioner humbly begs leave to annex the Map hereunto affixt and to represent the following Matters.

1620 That the first Charter granted by the Crown which respects the matter in Contest was to the Council of Plymouth, and bore date the third day of November in the Eighteenth Year of King James the first, and contained a Grant of all that parte of America lying and being in breadth from forty Degrees to the forty eighth degree of Northerly Latitude, from ye Equinoctial Line inclusively, and in length of and within all the breadth aforesaid throughout all the Main Lands from sea to sea.

1627 That the said Council of Plymouth by Indenture dated the 19th of March in the third Year of King Charles the first Granted to Sir Henry Rosewell and others all that part of New England which lies and Extends between a great River there, Commonly called Monamack alias Merimack and a certain other River there called Charles River, being in a Bottom of a certain Bay there commonly call'd Massachusets Bay. And also all Lands and Hereditaments lying within the Space of three English Miles on the South part of the said Charles River or of any and every part thereof, and also all Lands and Hereditaments within three english Miles to the Northward of the said River called Monamack alias Merrimack, or to the Northward of any and every part thereof, and all Lands and Hereditaments Lying within the limits aforesaid North and South in Latitude and in breadth & in length and Longitude of and within all the breadth aforesaid throughout ye Main Lands there from the Atlantick and Western sea and Ocean on the East part to the South sea on the West part.

1628 That the said King Charles the first by Letters Patent under the great Seal of England bearing date at Westminster the fourth day of March in the fourth year of His Reign, did grant and confirm to the said Sir Henry Rosewell and others all the said Lands lying and Extending between the Bounds and limits in the s^d^ last recited Indenture expressed. And also Created and made the said Sir Henry Rosewell and the other Persons therein Named a Corporation by the name of the Governor and Company of the Massachusets Bay in New England.

That the said first Grant from ye Crown to the Massachusetts contained all the Lands from sea to sea between Merrimack and Charles River and also three Miles South of Charles River and of every part

thereof and three Miles North of Merrimack River and of every part thereof.

That after the aforesaid Grant by the Council of Plymouth and some other Grants made by them the said Council of Plymouth in the Year 1635 Surrendered their Grant (of the eight Degrees from sea to sea) to the Crown.

1684 That in Trinity Term in the 36th Year of King Charles the Second Judgment was given in the Court of Chancery upon a writ of Scire facias against the said Governor and Company of the Massachusets Bay in New England that the said Letters Patent to them of the fourth of March in the fourth Year of King Charles the first Should be Cancelled Vacated and Annihilated, and for Several Years following that time, the Massachusets had no Charter.

That in the Years 1627 and 1628 when the first Grant and Confirmation was made to the Massachusets the Coast of New England was very imperfectly known, much less the Course of the Rivers up in the Country, or the Inland parts of that Continent.

That the great River Monamack alias Merrimack empties it self into the Atlantick sea or ocean, and Your Petitioner humbly conceives it is very Clear from ye Express Words of the first Grant and Confirmation to the Massachusets that they were then to have in length from the Atlantick sea or ocean on the East part to the South Sea on the West part and in breadth from three Miles North of Merrimack River and to three miles South of Charles River which of Force must be east and west Lines.

And the Course of the River Merrimack (which is the matter more particularly in Question) Strongly fortified that opinion, as the Course was pretty near due West up into the Country, the same upon later and more certain and exact enquiries having been found to keep that Course generally not only for ye Space of aboute fifteen Miles which the Tide flows to, but even for about 35 Miles from the sea in all which Space the general Course is West inclining in some place a little to the Southward of the West and in other places a little to the Northward of the West. And then a River which the Massachusets would also call Merrimack turns off at Dunstable and runs a general North Course (or pretty much so) for the Space of about fifty five Miles, sometimes inclining to the Westward of the North and, othertimes inclining to the Eastward of the North, and then it runs near North East about twenty Miles further to Winnispisiokee Pond or Lake.

That it was always understood by the said Province of the Massachusets under their first Charter that their Northern Bound, from sea to sea, was to run due West notwithstanding their said first Charter

gave them three Miles North of Merrimack River and of every part thereof & accordingly they insisted in the manner herein aftermentioned.

That before the said first Charter to the Massachusets was Vacated as aforesaid Mr George and Mason having Petition'd his late Majesty King Charles the Second in Council complaining of Encroachments then made by the said Province of the Massachusets the Governor and Company of the Massachusets Bay in New England presented to His then Majesty in Council a brief Declaration of their Right and Claim, wherein they expresly Asserted that their then Pattent according to the express Terms therein contained without any Ambiguity or Colour of other Interpretation lay between two East and West paralel Lines, drawn from the most Southerly part of Charles River and the most Northerly part of Merrimack, with three Miles advantage upon each, being to extend in full Latitude and breadth from sea to sea. And therefore they insisted that it could not be bounded by many hundreds or by infinite numbers of Lines as the River Merrimack made Bends or Angles in two hundred Miles passage from Winnispisiokee Lake to the mouth thereof which to imagine (they declare) would be irrational and would involve themselves and any Borderers in many inextricable Disputes.

That however the said Governor and Company then contended for their Northern bound Lines running due East & West yet they seem'd to insist that the said Northern East and West Line Should be three Miles North of the most Northern of every or any part of Merrimack River founding themselves upon some words which they construed that way in their then Charter.

1691 That on the Seventh of October in the third Year of the Reign of their late Majesties King William and Queen Mary, a New Charter (materially diferent from the former) and under which only the Massachusets can now claim was granted to the Province of the Massachusets Bay, and thereby the Massachusets Bay, New Plymouth the Province of Main the Territories called Nova Scotia and the tract of Land between Nova Scotia and the Province of Main was erected united and incorporated into one Province by the name of the Masachusets Bay.

And by the said Charter their Maj^ties granted the Bounds and Limits in the following words namely. "All that part of New Eng-
"land in America lying and extending from the great River com-
"monly called Monamack alias Merrimack on the North part, and
"from three miles Northward of the said River to ye Atlantick or
"Western sea or ocean on the South part, and all the Lands and
"Hereditaments whatsoever lying within the Limits aforesaid and

" extending as far as the outermost Points or Promontories of Land " called Cape Codd and Cape Mallabar North and South and in Lat- " itude breadth and in Length and Longitude of and with all the " breadth and Compass aforesaid throughout the main Land there " from the said Atlantick or Western sea or Ocean on the East part " towards ye South Sea or Westward as far as our Colonies of Rhode " Island, Connecticut and the Narraganset Country. And also all " that part and portion of Main Land beginning at the entrance of " Piscataqua Harbour, and so to pass up the same into the River of " Newickwanock and thrô the same into the furthest head thereof " and from thence Northwestward till 120 Miles be finished. And " from Piscataqua Harbor mouth aforesaid Northeastward along the " sea Coast to Sagadehock. And from the Period of 120 Miles afore- " said to cross over Land to the 120 Miles before reckoned up into " the Land of Piscataqua Harbour thrô Newichwanock River. And " also the North half of the Isle of Shoals together with the Isles of " Capwock and Nantucket near Cape Codd aforesaid. And all the " Lands and Hereditaments lying & being in the Country or Terri- " tory commonly called Acadia or Nova Scotia, and all the Lands and " Hereditaments lying and extending between the said Country or " Territory of Nova Scotia and the s^d^ River of Sagadehock or any " part thereof.

That the Northern Bounds of the first Tract or part of Land thereby granted were to be three Miles North of the great River of Monamack alias Merrimack. And as the Massachusets had contended under their former Charter to have their Northern Boundary to be a due East and West Line, altho their first Charter would Scarce admit of such a construction their Northern Boundary being directed to be three Miles North of Merrimack River or to the Northward of any and every part thereof; So the last Charter Seems to have avoided that doubt by solely directing the North Bound (now) to be three Miles Northward of the great River of Merrimack, leaving out the former words of three Miles Northward of any and every part thereof.

That under this new Charter Your Petitioner is advised the Province of the Massachusets Bay cannot claim for their Northern Boundary towards Your Majesty's Province of New Hampshire any more than a due East and West Line, to begin from the Atlantick or Western sea or Ocean three English Miles due North of the mouth of Merrimack River.

And Your Petitioner is advised that if that Should be so determined the Southern Bounds of Your Province of New Hampshire might with very great ease and clearness be then ascertained.

That the said Province of the Massachusets Bay cannot legally pretend to have their Northern Bounds be 3 Miles North of the head of

Merrimack River or what they woud now call Merrimack River near or at the great Lake or pond called Winispisiokee because that part of the River is not nor ever was called by the Indians Merrimack, but only the lower part of it from the sea or Mouth of the River about twenty Miles up into the Country for which space it runs very near East and West was called Merrimack, and because if Your Petitioner were to admitt that even to the head of that River was really called Monamack or Merrimack, Yet they cannot be pretended to be the great River of Merrimack, mentioned in the New Charter, seeing the largest part of the River (which must be understood when called the great River is like other Rivers at the mouth of it next the sea and when it has run pretty near west) but about Sixteen miles to Haverill it then so far ceases to be a great River that the Tyde does not flow up into it, and a Little above Haverill it's fordable, and in Summer time Dry, which therefore cannot be understood to be the great River mentioned in the Charter. And there is another Matter also in the New Charter which will not admitt of the Massachusets Northern Bounds running East and West at three Miles North of the head of what they call Merrimack River, because the Next distinct parcell of Land granted to the Massachusets by the New Charter Skips (as it were) over Your Majesty's Province of New Hampshire and begins again at Piscataque River (more northwards than New Hampshire is) and Grants to the Massachusets the Lands there formerly called the Province of Main and other Lands, again Yet more northward than the Province of Maine, but such a Construction as to take the Northern Bounds of the first granted Lands to be three Miles North of the head of Merrimack River would include Your Majesty's whole Province of New Hampshire which had many Years then before been a Setled Province by the name of New Hampshire, and is not once mentioned throughout the whole Charter, thô all the other Provinces or Colonies, intended to be hereby granted, are by name Expressly mentioned and woud make the said new Charter vain in granting de novo the said other more North ern Lands as the Province of Main &c^{a}, and seeing that under such a Construction they woud have being already granted within the Bounds of the Lands granted in the first part of the Charter.

That the New Charter for the Massachusets does as Your Petitioner is advised in another respect direct the running a West Line for the Northern Boundary of the Antient Massachusets Colony as it directs the Line Shall begin from the Atlantick sea on the East &c^{a}, and run to the South on the West part, or so farr towards the South sea (or Westward) as the Colonys of Rhode Island Connecticutt and the Narrhagansett Country.

And that as the New Charter has directed no other Course that that Bound Line shall run, it must be taken to be a Streight Line or a Due West Course.

Also that from the plain words of the Charter, the Bound Line is to begin at the sea, at the Atlantick sea, three Miles North of the great Merrimack River and not to begin as woud now be contended by the Massachusets up at an uncertain small head of a River within Land fifty Miles Westward up in the Country, where the Scituation cannot be Supposed to have been so well known as upon the Coast which must have been first discovered and longest and best known.

That the great disputes which have hitherto Subsisted between the Province of the Massachusets Bay and Your Majtys Province of New Hampshire have been relating to the said Line three Miles North of the great River of Merrimack.

But as the Massachusets also Adjoyn to Your Province of New Hampshire on the North side by that which was formerly the Province of Main, and which by their New Charter was granted to them, Your Province of New Hampshire have too much reason to apprehend the like difficultys in Setling that also, especially as the Massachusets have never been willing to run that Bound Line, unless Your Majesty shall be graciously pleased to determine those Bounds also, by explaining the New Charter granted to the Massachusets, which in that Respect has directed the Bounds to begin at the entrance of Piscataque Harbour and so to pass up the same into the River of Newichwannick, and thro the same into the farthest head thereof, and from thence North Westward till 120 Miles be finished, the Term North Westward in Sailing and in Geography not Importing as your Petitioner is Advised a Line due North West, but a North Line part of a Single point of the Compass to the Westward of the North.

Now forasmuch as Your Majesty's Prerogative and Interest and the Peace and Quiet of Your Faithfull Subjects, and the Settlement & Improvement of the Countrys in those parts are all greatly Affected by the said Disputes remaining open and unsettled, And for that Your Province of New Hampshire hath already Endeavoured, from time to time, by all possible means in their power to Adjust the same upon the spot, but without any manner of Sucess, And is at this time under so many hardships and Oppressions from the Province of the Massachusets that above 500 Inhabitants have (as Your Petitioner is informed) lately sent over their heavy Complaints on this affair to Your Majesty's Commissioners for Trade & Plantations

Your Petitioner most humbly beseecheth Your Majtys Gracious Consideration of the Premisses, and that you will be pleased to appoint a Day for hearing Your Petitioner by his Councill, as also the Agent

for the said Province of the Massachusets Bay hereon, And that Your Majesty will be pleased by Your own Royal Determination to declare and Ascertain the Several Boundarys of Your said Province of New Hampshire and to afford all such releif to Your faithfull and oppressed Subjects and Tenants in the Premisses as to Your Majesty's great Wisdome & Justice shall seem meet

And Your Petitioner as in Duty bound shall ever pray

[Mass. Archives, Vol. 52, p. 430.]

Mr Secretary — Copy ℔ Capn Crocker.

Sr I have the Honour to advise you of my having duly reced ye Instructions & Papers Ordered by the Generall Court relating to the Boundaries between the Province of ye Massachusetts Bay & New Hampshire also Instructions to Apply for releif against the Paying sixpence per month to Greenwich Hospital so far as it affects the Fishery.

In Obedience to ye former I have several times Attended at the Board of Trade upon Notice from the other side & about ten days ago their Lordships heard what we had to offer.

I observed first that Cap^n^ Ringe was not Appointed by ye Goverment of New Hampshire to petition in this affair but by the House of Representatives only. And the sole power about setling their Lands being in the Govern^r^ & Councill who not having joyn'd in the Application should their L'dships proceed to settle the Line, and it not prove to their liking an objection might be made that they were not heard upon it, & therefore the determination should not be binding on them.

The Solicitor on the other side signified a Surprize that such an Objection should be made after the Petition had been before His Majesty refered to a Committee of Council & from thence to that Board &c^a^ after some farther Debate their Lordships determin'd not to allow it. I then Acquainted their Lordships I was fully Instructed to say in behalf of the Province of ye Massachusets Bay that they were ready and willing to have the Boundaries setled & would Submit the whole matter without any limitation to the determination of Commissioners to be appointed for that purpose.

In Answer to that the Solicitor for New Hampshire took great pains to convince their Lordships of its being necessary first to explain the Words in the Charter which fixes the Bounds to be three Miles to the Northward of the River Merrimack.

The Debate lasted a great while, and will be too tedious to Repeat, At last their Lordships asked me if I had Authority to engage in behalf of the Province that a determination should be submitted to of Commissioners Appointed by that Board out of the neighbour^s^ Governments & that they should have the matter refer'd to them w^th^out any Limitation I Answered I thought I had. Upon which I was directed to give it in Writing in as clear & ample a manner as possible against another day & so Adjourn'd.

I have since left with the Secretary a Writing for that purpose Copy of which you have inclosed but as I found my Instructions silent about submitting the matter to be determined by Commissioners Appointed from hence I have been with some of the Lords, and am making what Interest I can that the affair may be put off till I write to N E : & receive Answer with full Authority to lay such a Submission before their Lordships as seems to be required, And that the other side do the same to New Hampshire, but this is a matter still depending. If it be agreeable to the General Court to submit the affair in such a manner, it may be proper to furnish me with ample Instructions by the very first Oppertunity to be made use of,

if there be no other determination in ye mean time, Also to send me the Names of some persons that shall be thought proper for Commissioners that I may recommend them to the Board whose favour in this affair I have great hopes of.

I Apply'd to Mr Dummer for the Papers I was directed but that intituled a State of the Case he has mislaid & can't find it the rest he gave me. * * * *

[*Petition of John Rindge to Commissioners for Trade and Plantations,* 1733/4.]

[Mass. Archives, Vol. 5, p. 47.]

To the Right Honble The Lords Commission^rs^ for Trade and Plantations.

The Humble Petition of Jno Rindge of his Maj^ties^ Province of New Hampshire in America Esqr Sheweth/

That your Petitioners Petition to His Majesty in Council, praying His Majestys Determination & Ascertainment of several Boundarys of his said Province of New Hampshire having been referred to a Committee of His Majes^ys^ most Hono^le^ Privy Council, and again to Your Lordshipps; The Agent for the Province of the Massachusetts Bay, instead of puting in an Answer thereto, on the strict Point of the Bounds, as by yor Lordships order of May last (Nine months ago) he was commanded, has at last, laid before Yo^r^ Lordships, his Submission, that the Lines in Controversy, should be run by Commissioners to be Appointed by His Majesty, or Your Lordships, and to be taken out of the Neighbouring Provinces, or to some such Effect.

That Your Petitioner Apprehends the Lines must of Necessity be run upon the Spot, by Commiss^rs^ there, And can have nothing to object to the same, being done by Persons to be Authorized for that purpose by Commission under the Great Seal here; Which Commission (Your Petitioner humbly prays Yo^r^ Lordships) may direct a short limited time for ye running the said Lines

But Your Petitioner is under the Necessity of humbly representing to Your Lordships that the Question which has so long been depending is, At what place ye South Boundary of New Hampshire, or which is the same thing the Northern Boundary of the Massachusetts Bay (in that part which Bounds to the Southward on New Hampshire) shall begin and what course it shall run?

And that Question its apprehended will receive its determination from the true and Legal Construction of the terms of the Charters Granted by the Crown to ye Massachusetts Bay, and may not therefore be proper for the Determination of mere Surveyors or Mathamaticians in America, but may be proper for his Majestys own Royall Determination, assisted here with the advice of His Privy Council & of Your Lordships.

That when once the Charter is Legally construed and the Place of beginning the Bound Lines, and likewise the course they are to run is fixed; The matter will go of Course and His Majestys Commis-

sioners can then have very little trouble or difficulty in running the Lines.

That your Petitioner in his Petition to His Majesty has offer'd such Arguments, as he is advised by his Council do manifestly shew, that one of the Lines in Question was intended by the Crown to begin at the Atlantick Sea or Ocean, three Miles North of the Mouth of the great River of Monomack al's Merimack; And was to run Parrallel to the South Boundary Line of ye Massachusets; which is West 6½ Degrees North, for variation to be the same Breadth in Latitude & Length in Longitude quite from ye Atlantick Ocean to the South Sea.

That as to the Pretence of any particular Maps being erronious Your Petitioner apprehends it can be of very Little consequence, the Lines not being to be run here; and only prays that the place from which they are to begin may be fixed pursuant to the true intention & meaning of the Charter, Three Miles North of the Mouth of the great River Merimack, the Mouth of which river is known & plain to every Body and which three Miles may most easily be measured off, by the Commissioners, and then to run a West Line Six Degrees and a half North, as farr as they can across the Main Land towards the South Sea.

That to run Lines by any Commissioners whatever first before that Point is determined, And after they are run then to come back again from America, upon a dispute whether such Lines begin at the true place & run the true course as Appointed by the Charters, may undo, all that shall be done and render vain and fruitless all the trouble & Expences of the Partys & Commissioners & His Majestys & your Lordships good Intentions, for the settling the matters in Dispute, and will be of further disservice to His Majestys very small Province of New Hampshire by keeping this Controversy Open for many more Years yet to come.

Wherefore as the whole Scope of Your Petitioners Petition to his Majesty is that the place where the said Lines shall begin & the Course in which they are to run (which Your Petitioner conceives to be the first Points) may be here Determined, And as what is the secundary Point seems now to be agreed namely that his Majesty should appoint the Commissioners for running the Lines.

Your Petitioner humbly prays Your Lordships to appoint a day for hearing all Partys, by their Council learned upon those points where the Lines shall begin And what course they shall run; And that after those Points are determined Your Lordships will be pleas'd to report as Your Opinion to His Majesty, that a Commission be Issued for running the said Lines according to such Determination

And Yo^r^ Petitioner shall [torn]

Boston Apr. 16, 1734.

Sir. Yours by Capt Crocker of Feb. 12th and 15th: together with Your proposals to the Right Honourable the Lords Commissioners for Trade and Plantations of terms for Submitting the Controversy with New Hampshire, of the 1st & 15th of that Month, We have receiv'd. Your first understanding of Our Instructions, that the Persons should be *chosen here*, as well as *be here* on the Spot, was according to our True Meaning, And the last Submission, We think cannot be warranted by the Instructions You Receiv'd from the Court, However, We would hope You carry'd things as far as you could for us, And if Commissioners should be appointed on Your side of the Water, We desire You would take the Utmost care that none under any prejudice against this Province may be Judges in this affair, particularly, that no Persons of Rhode Island Government may be nam'd to Issue this Controversy, there having been a dispute with that Governmt about the line between Us and them now for several years, in which they have shewn great heat of spirit, and used very violent proceedings; It is Possible the Colony of New York, may be mentioned on this Occasion, but it should be Observed, That they are above Three Hundred Miles from the line controverted, and for that reason it will be a great Expence and hardly possible to prevail with Gentlemen to come so far, there is also a considerable controversy about the line or boundary, between this and that Government, which may probably give them a byass, and prevent that Impartiality in their determinations, His Majesty desires, and gives such Instances of, in the Course of his Wise and Just administration. But In the Colony of Connecticot, who are between New York & us, and have no Controversy either with us or New Hampshire, and are intirely disinterested, there may be found persons the most likely to Terminate this Controversy Equitably. We would not Pretend to name any particular persons, And if the Governr or in his absence the Deputy Governr with the Six Senior Assistants or Councillors that can attend it, to make Seven, were appointed, We could not name them, for they are all to be Chosen or appointed a new, the second Thursday of next Month by their Constitution, this method seems most likely not to fail, as there are twelve men to take Six out of, if Sickness or any unforeseen Accident should hinder some; And as no body can tell beforehand who they will be, And in that Government they have no

attachment or prejudice to either side, We think it the most likely method for an Equal decision. * * * *

I am very glad the Generall Court has favour'd me with so clear a state of the Case, And with so much reason and argument, as by yours of the 3d of July, I am now under no Apprehensions but that when the affair comes to be considered, by the Attorney & Solicitor Generall The Lords of Trade, and the Lords of the Councill (which is the course it must take) it will end in a determination agreeable to the Generall Courts just sense of the matter. * * *

[*Report to Privy Council*, 1735.]

[Mss. Prov. Boundaries, pp. 86–88.]

To the Right Honourable the Lords of the Committee of His Majesty's most Honourable Privy Council.

My Lords

PURSUANT to your Lordships Order of the 16th Day of April 1733, we have examined the Petition of John Rindge of the Province of New-Hampshire in America Esqr complaining, in behalf of the Inhabitants of that Province, of great Encroachments upon their Lands, & other Oppressions, which they have suffer'd from the People of the Massachusetts Bay both in matters of Property & Government, for want of fixed & known Boundarys betwixt the said Provinces, which the People of New Hampshire have in vain used their best endeavours to settle in conjunction with those of the Massachusetts Bay, wherefore he most humbly prays His Majesty to declare & ascertain the several Boundarys of the Province of New-Hampshire, & to afford His oppressed Subjects of that Province such Relief in the Premisses, as to His Majesty in His great Wisdom & Justice shall seem meet. —

We thought proper to communicate a Copy of this Petition, & of eight others upon the same subject from the Inhabitants of the several Countys of New-Hampshire to Mr Wilks, Agent for the Province of the Massachusetts Bay, who, having taken time to transmit the same to His Principals, did on the 14th Day of February 1733/4 lay before us a Memorial in relation to His submitting the Determination of the Boundarys between the Provinces of the Massachusetts Bay & New-Hampshire to such Commissioners, as should be appointed by this Board ; but His Memorials not containing so full a submission to the Determination, which we should make upon this matter, as Mr Wilks had before promised, he desired leave to withdraw the same, in order to lay another before us, which should be more to our Satisfaction, & agreeable to this we received the next Day a Letter from Mr Wilks in the following Words,

My Lords —

Pursuant to Instructions I have received from the Great & General Court or Assembly of His Majesty's Province of the Massachusetts Bay in New-England, in relation to ye Petition of Mr Rindge, touching the Controversy between the said Province of the Massachusetts Bay & New-Hampshire about their Bounds, and praying a Settlement thereof, I do hereby as Agent for the said Province of the

Massachusetts Bay, & for & on their behalf humbly submit it to your Lordships, & do hereby consent & agree, that the said Boundarys may be determined & settled by wise disinterested Persons of the neighbouring Governments, to be nominated & appointed by His Majesty or your Lordships for that purpose. And I do further agree & consent for the said Province of the Massachusetts Bay, that the said Commissioners shall have the matter in controversy left to them fully, & without any Limitations, saving only that the Lines, however they may happen to run, do not affect the Property of any particular Persons.

A Copy of this Letter having been communicated to the petitioner Mr Rindge, we received the Day following a second Petition on His Behalf from His Solicitor Mr Paris, setting forth, that he had nothing to object against Commissioners being authorized to set out the Boundarys betwixt the two Provinces, but that he was under a necessity of representing to us, that the Question, which had been so long depending was at what place the South Boundary of New-Hampshire, (or (which is the same thing) the Northern Boundary of the Massachusetts Bay) in that part which bounds to the Southward on New-Hampshire, shall begin, & what course it shall run.

That this Question must recieve its Determination from the true & legal Construction of the Charter, granted to the Massachusetts Bay, & may not therefore be proper for the Determination of meer Surveyors or Mathematicians in America, but may be proper for His Majesty's own Royal Determination here with the advice of His Privy-Council, which being once done, & the place of beginning the Bound Lines, & likewise the Course they are to run, being fixed, the matter would then be clear, & His Majesty's Commissioners would have very little Trouble or Difficulty in running the Lines, wherefore he humbly prayed us to hear all Partys by their Council upon the Question where the Boundary Lines ought to begin, & what course they ought to run. —

Hereupon we thought proper for our better information in a matter of this Consequence, to communicate to His Majesty's Attorney & Solicitor General a Copy of the Charter granted by their late Majestys King William & Queen Mary to the Province of the Massachusetts Bay in 1691, & desired their opinion from what point of Merrimack River the dividing Line between the Provinces of the Massachusetts Bay & New-Hampshire ought to begin, according to the Intent & Meaning of the said Charter. —

In answer to this Query the Attorney & Sollicitor General have acquainted us by their Reports dated the 19th Day of March last, that they have been several times attended by the Council & Agents of both Provinces.

That the Council for New-Hampshire offered several Arguments, to prove, that the said dividing Line ought to be taken from three miles north of the mouth of Merrimack River.

That the Council for the Massachusetts Bay would not say what it was, that they insisted on, or give any Answer to what had been urged by the Council on the other side, but declared that in their opinion the Question, which was proposed to the Attorney & Sollicitor General by this Board would not determine the matter in dispute, and therefore they thought it unnecessary to say any thing upon it.

That whether this be so or not they are not able to judge, but as to the Question referred to them, they are of opinion, that the dividing Line between the Province of New-Hampshire, & the Province of the Massachusetts Bay is to be taken according to the Intent of the Charter of William & Mary from three miles North of the mouth of Merrimack River, where it runs into the Atlantick Ocean. —

Since this Report we have been again attended by the Sollicitor for the Petitioner, & the Agent for the Massachusetts Bay, & have heard what either side had to offer by their Council on this occasion, and upon the whole we take leave to offer our opinion to your Lordships, that His Majesty should be graciously pleased to appoint & authorize Commissioners to be chose from out of the neighbouring Provinces in America, to meet within a limited time & mark out the dividing Line between the said Province of the Massachusetts Bay & New-Hampshire, and we shall take care that Copys of the above-said Opinion be given to each of the said Partys for the Information of the Commissioners, in case any Doubt should arise amongst them upon the Construction of the said Charter granted by King William & Queen Mary to the Province of the Massachusetts Bay. We are My Lords

Your Lordships most Obedient and most Humble Servants

Sr I am favour'd with yours ℔ Capn Crocker inclosing sundry Laws which I shall lay before His Majesty in Councill for Confirmation.

Since my last the Lords of Trade have Reported upon the Affair of the Boundaries with New Hampsh^r also upon the affair of Warlike Stores both which are before the Lords of the Committee & their Lordships have Ordered me a Copy of the former which I now inclose, and expect, in little time to have notice to Attend their Lordships about it, when I shall Pray to be heard by Council in behalf of the Province & get a day appointed for that Purpose.

I Attended the Lords of Trade previous to this Report with Councellor Strange but their Lordships would not let us Enter fully into the matter what Course the Line ought to run but only where it should begin, their Lordships Order'd my Letter to be read wherein I Submitted in behalf of ye Province that the Boundaries should be setled by Commissioners Appointed by His Majesty out of the neighbouring Governments. I then Acquainted their Lordships that when I made that proposal I thought it agreeable to my Instructions but as it was then rejected, and no notice since taken of it, I have had time to advise my Principal of my proceeding and have receiv'd for my Answer that it was not the Intention of my Instructions nor what they Approved of. And therefore I desired their Lordships would give me leave to withdraw it or that no use might be made thereof. I find it inserted in the Report but dont Apprehend it signifies any thing.

I intend to insist upon being heard fully upon the whole before the Lords of the Committee of His Majestys Most Honble Privy Councill, And have every thing prepar'd to Instruct Council for that purpose, I purpose to get a Case printed containing some of the most material Arguments in Our favour to put into their Lordships hands at the hearing & shall do every thing in my Power for the service of the Province, I thank you for your kind wishes & Assure you I am S^r/

At the Council Chamber Whitehall the 15th day of December 1735

By the Right Honourable the Lords of the Committee of Council for Plantation Affairs. —

YOUR Majesty having been pleased by Your Order in Council of the 29th of March 1733 to referr unto this Committee the humble Petition of John Rindge of Your Majestys Province of New Hampshire in America Esqr Complaining in behalf of the Inhabitants of that Province of Great Encroachments upon their Lands and other Oppressions which they have Suffered from the People of the Massachusets Bay both in matters of Property and Government for Want of fixed and known Boundarys betwixt the said Provinces which the People of New Hampshire have in vain used their best Endeavours to Settle in Conjunction with those of the Massachusets Bay Wherefore he most humbly prays that Your Majesty will be pleased to Declare and ascertain the Several Boundarys of the Province of New Hampshire and to Afford the Inhabitants of that Province such Relief in the Premises as to Your Majesty in Your Great Wisdom and Justice should seem meet — The Lords of the Committee in Obedience to Your Majestys said Order of Reference did on the 16th of April 1733 take the said Petition into their Consideration and tho't proper to referr the same to the Lord's Commissrs for Trade and Plantations who have thereupon Reported to this Committee that they had Communicated a Copy of this Petition and of eight others upon the same Subject from the Inhabitants of the Several Countys of New Hampshire to Mr Wilks Agent for the Province of the Massachusets Bay, who did by a Letter bearing date the 15th of February 1733/4 acquaint the said Lords Commissrs that he did thereby as Agent of the said Province of the Massachusets Bay and for and on their Behalf humbly Submit the matter in Controversy to the said Lords Commissioners and did Consent and agree that the said Boundarys might be determined and Settled by Wise disinterested Persons of the Neighbouring Governments to be Nominated and appointed for that purpose by Your Majesty or the said Lords Commissioners And that he did further Agree and Consent for the said Province of the Massachusets Bay that the said Commissrs should have the matter in Controversy left to them fully and without any limitations *Saving only that the Lines however they may happen to be run should not Affect the Property of Particular Persons* — And the said Lords Commissioners did further Report that they had been Attended by all Partys concerned herein, and having heard what either side had to Offer on this occasion, were of Opinion that Your Majesty should be graciously pleased to Appoint and Authorize Commissionrs to be Chosen from out of the Neighbouring Provinces in America, to meet within a limitted time, and marke out the dividing Line between the said Provinces of the Massachusets Bay and New Hampshire

And Your Majesty having been pleased by Your Order in Council of the Sixth of Novr last to referr likewise unto this Committee a Petition of the said Francis Wilks Agent for the Province of the Massachusets Bay praying that he may not be bound by the Consent and agreement which he had Signified to the Lords Commission^rs for Trade and Plantations by the Letter beforementioned *and also praying that in whatever Manner the Boundary Line may be run it may not Affect Private Property* The Lords of the Committee this day took the whole matter into their Consideration and heard Counsel upon the Petn of the said Francis Wilks Agent of the Massachusets Bay and also for the said John Rindge in Support of the said Report of the Lords Commissioners for Trade and Plantations — And Do humbly Report to Your Majesty that they Agree in Opinion with the said Lords Commissioners that it may be adviseable for Your Majesty to appoint and Authorize Commissioners to be Chosen out of the Neighbouring Provinces in America to meet within a Limited time and mark out the Dividing line between the said Provinces of the Massachusets Bay and New Hampshire — And their Lordships Do further humbly Report to Your Majesty as their Opinion *that in the running the said Boundary Line due Care should be taken that Private Property may not be Affected thereby.*

To the Right Hono^{ble} the Lords of the Committee of His Majesty's most Hono^{ble} Privy Council.

My Lords —

Agreeable to your Lordships order of Reference, dated the 24th Day of January last, we have considered of proper Persons to be appointed Commiss^{rs} for marking out and settling the Boundaries or Dividing Lines between the Provinces of the Massachusetts Bay and New Hampshire, & for that Service we take leave to name to your Lordships, George Clark, Francis Harrison, Cadwalder Colden, Abraham Van Horn, and Phillip Livingston Esq^{rs} of the Province of New-York; John Anderson, John Hamilton, John Wells, John Reading, and Cornelius Van Horn Esq^{rs} of the Province of New-Jersey; William Skene, Willm Shirreffe, Henry Cope, Erasmus James Phillips Esq^{rs} and Major Paul Mascarene of the Province of Nova Scotia; being the five eldest Councellors in their respective Provinces, and Samuel Vernon, John Gardner, John Potter, Ezekiel Warner, & George Cornel, who were the Eldest Councellors for the Colony of Rhode-Island in the year 1734., & may probably be so still, though they choose their Councellours annually, and we have no List of Councellors in that Province of later Date.

These Persons we think may be least liable to Exception, being Men of Distinction in their Respective Provinces.

We are My Lords Your Lordships Most Obedient and Most Humble Servants

Mr Sec^ry^

Sir/ I have not had the pleasure of a Line from you since my last, nor has anything material offered to advise you of, save the Lords of

Trade having made a Report upon the Reference from the Lords of His Majesty's Council concerning the New-Hampshire Boundaries, Copy whereof is inclosed. I can't tell what farther Steps may be taken, but probably it may rest so long as to give time for an Answer from both the Governments, before it be confirm'd. I shall be glad to receive the General Court's Instructions about it, to be made use of in that Case. —

Mr Secretary./

Sir: I have nothing material to inform the General Court since my last, Only that the Lords of His Majestys Councill have taken under Consideration the Report of the Lords of Trade concerning the New Hampshire boundaries it was strongly urged on the part of New Hampshire that their Lordships would appoint a short day to determine upon it, but my not having receiv'd, nor could have receiv'd Answer from my principals concerning said Report, And an Objection being made on their Side to One Gentleman therein mention'd it was put off to some time in October Agreeable to my Petition: Copy of Cap^{n} Tomlinsons Petition you have Inclosed. I hope

by that time to have the Generall Courts Directions about it, Inclosed you have also the Councells Breviate concerning New Hampshire Private Notes Omitted in my last.

I have received the papers relateing to Rhode Island Boundaries inclosed me by a Committee of The General Court which I shall have proper regard unto, nothing Can be done in that Affair till towards Winter it being now a time of Recess with most of our Great Men,

[*Report of Instructions to Commissioners*, 1736.]

[Mss. Prov. Boundaries, pp. 101–104.]

To the Right Honourable the Lords of the Committee of His Majesty's most Honourable Privy Council —

My Lords

We have had under our Consideration your Lordships order of the 26th of October last approving our Nomination of the five Eldest Councillours in the Provinces of New York, New Jersey, Nova Scotia, and Rhode Island (excepting Major Mascarene one of the Council in Nova Scotia who appear'd to your Lordships to be a Person interested in the Massachusets Bay) to be the Commissioners for Setleing the Boundarys between the Province of the Massachusets Bay and Newhampshire, and Requiring us to prepare and lay before your Lordships such Directions as we shall think necessary for His Majesty to give to the said Com^{rs} for this purpose specifying the time before which the said Com^{rs} shall hold their first meeting the most convenient place for such their Meeting, and of what number the Quorum should consist.

Upon this occasion we have been Attended by the respective Agents for the Massachusets Bay & Newhampshire and have given them an opportunity of laying before us any Proposals they might have to make to further the setleing and marking out the lines in Question; whereupon the Agent for Newhampshire laid before us a Memorial for the Purpose aforesaid, the Agent for the Massachusets Bay only raised some trivial objections to the place of Meeting and to the Quorum mentioned by the Agent for Newhampshire, but offer'd nothing further to us upon the Subject.

As we are Inform'd that the most proper time of the year for runing the boundary lines in Question is between the begining of June and the End of September we take leave to propose that the first day of August in the year 1737 may be the day on which the Com^rs^ may be Directed to hold their first meeting from which they may adjourn to such times as may be most convenient for them, for althô your Lordships did Direct us to Consider of a time before which the said Com^rs^ should hold their first meeting, Yet upon Consideration we found it convenient to appoint a positive day because the great Distances the Com^rs^ live from each other would otherwise make their first meeting very uncertain.

And as the Town of Hampton in Newhampshire is scituated according to the best Draughts we have been able to procure of that Province very near, if not upon the place thrô which one of the boundary lines is at first to run, we are of Opinion, that the first meeting of the Com^rs^ should be appointed to be held there.

With regard to the number, a Quorum of the Com^rs^ should consist of, we take leave to observe, that althô there are twenty Com^rs^ to be appointed, yet several of them from different occasions may not be able to Attend this Service, and as the want of a sufficient Quorum supposeing it should be appointed too large might prevent the fixing these boundarys and occasion a fruitless long Journey to such of the Com^rs^ as shall undertake the same, we are of opinion that five Com^rs^ should be deem'd a sufficient Quorum and that all Determinations shall be by a Majority of the Com^rs^ present; we are the rather of this opinion because each Province will have the liberty of appealing from any Sentance given by these Com^rs^ to His Majesty in Council.

The Agents for these Provinces having agreed that the Charge attending this Commission and the Execution thereof should be equally borne between each Province, we have nothing to offer upon that head but that we think it highly reasonable it should be so.

As these Com^rs^ must be appointed under the Broad Seal, we are of opinion, that the abovemention'd Propositions with regard to the time and place of Meeting and to the number of which the Quorum is to consist ought to be express'd in the said Commission and a Liberty thereby Granted to either Party who may find themselves aggrieved by the Determination of the said Com^rs^ of appealing to His Majesty in Council from such Determination and that the Com^rs^ may be Impow'red and Directed to administer any oath or affirmation to such Persons as shall be found necessary to be Examined before them.

And that the good purposes proposed by this Commission may not be frustrated by any Failure in Execution thereof we take leave further to propose,

That Notice may be given by a Circular Letter to the respective Gov^rs^ of the Provinces where these Com^rs^ do reside of His Majestys Intentions to setle the Boundarys of the two Provinces aforesaid by Com^rs^ to be appointed by His Majesty, and that the respective Gov^rs^ of the said Provinces upon receipt of such Notice do acquaint such Commissioners of the time and place of their first meeting strongly recommending it to such as are able to go to attend this Duty.

That the Com^rs^ be directed at their first meeting to make choice of one or more able Clerk or Clerks to enter their Minutes and proceedings, as also of one or more skillfull Persons to prepare Draughts or Plans of the boundarys according to the Determination of the Com^rs^ who are also to administer an oath or affirmation to such clerks or other Persons as they shall Employ for the due and faithfull Executions of their Trust —

That each of the two Provinces whose boundarys are to be setled do send to the said Com^rs^ at their first Meeting the Names and Places of abode of two of their Publick officers whom they shall appoint for that purpose residing in the said Provinces on either of whom or at whose place of abode any Notices Summons or final Judgment of the s^d^ Com^rs^ may be servd or left —

That each of the said two Provinces do send to the said Com^rs^ at their first Meeting a plan and full State of their demands or pretensions in writing describeing whose and in what places the boundarys on the southern and Northern part of Newhampshire ought to begin, what Courses and how far the same ought to run respectively, and that the Copys thereof may be mutually exchanged in order to prevent any unnecessary delay and that each party may come fully prepared —

That the Com^rs^ be directed to use all Convenient Dispatch in the Execution of this affair —

That of the Com^rs^ present at any Meeting He who is first named in the Kings Commission shall preside at such Meeting and shall issue out the Necessary Summons for such witnesses as either Party shall require

That no evidence be allowed of by the Com^rs^ but such as shall be sworn or take an Affirmation before them in open Court, and that the whole of what such Evidences shall offer to the Com^rs^ be put into writing by the clerk and in presence of said Commissioners —

That Entrys be made of all Papers Evidences Deeds Charters and proofs received by the Com^rs^ in this affair and of all their proceedings and resolutions throughout the same and that Plans or Draughts of the Boundary lines as agreed to by them be annexed thereto and made part thereof

That when the Com^rs^ shall have made their final Determination and Signed the same a Copy thereof shall be sent to such publick officer in each respective Province as beforementioned as likewise Notice of another Meeting to be within six weeks after the Delivery of such Copy or such other reasonable time as the Com^rs^ shall appoint at which either of the Provinces who shall find themselves aggrieved may enter their appeal with a Declaration what parts of the Determination of the said Com^rs^ they abide by, or Appeal from, and that each Province be allowed true Copys of the whole Process to be attested by three or more of the Com^rs^ — That if at this last meeting of the Com^rs^ neither Province do enter their appeal the Determination of the Com^rs^ do then become final & Conclusive to all Parties —

And that during the meeting of these Com^rs^ the Gov^rs^ of the two Provinces do keep their respective Assemblys sitting or under short Prorogations that they may meet within twenty days after such Determination delivered as aforesaid in order to determin what to do thereon, we are My Lords

Your Lordships Most Obedient & Most humble Serv^ts^

Extract from Mr Wilks's Letter to Mr Secr^ry^ Willard. —

Mr Secretary

Sir The above is Copy, this encloses you Copy of my Petition to the Lords of the Council for some Alterations in the Report of the Board of Trade, which Petition has been rec^d^, and their Lordships have been pleased thereupon to make sundry Alterations, *particularly in that of keeping the Assembly sitting, or under short adjournments, during the meeting of the Commiss^rs^* — An Order of Council is gone (WITH THE REPORT AS ALTER'D) to the Attorney and Sollicitor General, to prepare, and lay before His Majesty in Council the Draught of a Commission to be pass'd under the great Seal, agreeable to what is proposed. It is also ordered, that the Lords Commiss^rs^ for Trade and Plantations do write the Circular Letters to the respective Governours, as proposed in the Report; I have but

just got a Copy of said Order, and this Ship's immediate Departure prevents me sending you a Copy of the same by this opportunity.

Upon the application I formerly made to His Majesty in Council against a Report of the Lords of Trade for repealing a Law passed to prevent the Currency of New-Hampshire private Notes, it was then ordered, that the Lords of Trade should prepare a State of the Paper Currency, as it stands in Massachusetts Bay, Connecticut, New Hampshire, and Rhode Island, and lay the same before His Majesty in Council; I understand they have accordingly prepared a State thereof, and delivered it at the office, but it not having been before Council, no Copy can be obtained at present I shall constantly attend, to know if any thing be design'd, relating to the Report for repealing the aforesaid Law, and shall use my Endeavours to prevent its Success. —

[*Petition of Francis Wilks*, 1736/7.]

[Mss. Prov. Boundaries, pp. 89-96.]

To the Queen's Most Excellent Majesty in Council, Guardian of the Realm, and His Majesty's Lieutenant within the same. —

The humble Petition of Francis Wilks of London Merchant, Agent for your Majesty's Province of the Massachusetts Bay in New-Enggland, Sheweth

That some time since John Rindge of His Majesty's Province of New-Hampshire, as Agent of the House of Representatives of the said Province, preferred a Petition to His Majesty, humbly praying to declare and ascertain the several Boundaries between the said Provinces of the Massachusetts Bay and New-Hampshire.

That your Petitioner, having sent a Copy of the said Petition to the said Province of the Massachusetts Bay, received their Instructions thereon, and apprehending he was thereby authorized thereto, and to avoid further Litigations & Expence he did consent and agree for & on behalf of the said Province of the Massachusetts Bay, that the said Boundaries might be determined and settled by wise disinterested Persons of the Neighbouring Governments, to be nominated and appointed by His Majesty.

That for the Reasons mentioned in a former Petition most humbly presented by your Petitioner to His Majesty, your Petitioner

apprehended his said Proposal to have been disagreed to, and rejected, and so he acquainted the said Province of the Massachusetts Bay ; in answer thereto the said Province acquainted your Petitioner he was not warranted by his Instructions in making the said Proposal, they only authorizing him to submit to have the Boundaries determined by wise disinterested Persons, to be chosen on the behalf of the Massachusetts Bay by the Assembly of that Province out of the neighbouring Governments.

That thereupon your Petitioner conceived himself bound in Duty to lay before His Majesty the mistake he had committed, before any thing was finally done therein, which your Petitioner accordingly did, but on hearing the said Petition before your Lordships, to whom the said Petition was referred, your Lordships, were pleased to report as your opinion to His Majesty, that it might be adviseable for His Majesty to appoint and authorize Commissioners to be chosen out of the neighbouring Provinces in America, to meet within a limited time, and mark out the Dividing Line between the said Provinces.

That your Lordships on the 26th Day of October last referred it to the Lords Commissioners of Trade and Plantations, to prepare, and lay before your Lordships such Directions as they should think necessary for His Majesty to give to the said Commissrs specifying the time before which the said Commissrs should hold their first meeting, the most convenient place for such their meeting, and of what number the Quorum should consist.

That the Lords Commissrs of Trade and Plantations have accordingly, by their Report bearing Date the 8th Day of Decr last, reported to your Lordships as their opinion, that the first Day of August 1737, should be the Day, on which the Commissioners should be directed to hold their first meeting, and that the first meeting of the Commissioners should be appointed to be held at the Town of Hampton in New-Hampshire, and that five of the Commissrs should be deemed a sufficient Quorum.

That your Petitioner humbly insisted before the Lords of Trade, that Newbury in the Massachusetts Bay was a more proper place than Hampton, and insisted the Quorum ought not to consist of less than a Majority of the Commissrs nominated, who are 19 in number and insisted as a Reason for this, that by the Laws of the Land no man's Property could be affected by a less Number than a Jury of 12.

That the Lords Commissrs of Trade then proceeded to lay before your Lordships such Directions, as they should think necessary to be given to the said Commissrs and amongst the rest are pleased to propose, that each of the said two Provinces do send to the Commissrs at their first meeting a Plan & full State of their Demands, or Pre-

tensions, in writing, describing where, and what places, the Boundaries on the Southern & Northern Parts of New-Hampshire ought to begin, what Courses, and how far, the same ought to run respectively, and that Copies thereof should be mutually exchanged.

That your Petitioner humbly submits it to your Lordships Considerations, whether there be any Instance, where ever an obligation of this kind was laid upon the Parties in a case of the like nature, as there may be real Difficulties in complying therewith, your petitioner humbly hopes this shall not stand part of the Instructions.

That the Lords Commiss^{rs} of Trade and Plantations further propose, that the whole of the Evidence, which shall be offer'd to the Commissioners, be put in writing by the Clerk, and in presence of the Commissioners.

That your Petitioner humbly apprehends this ought to be done likewise in presence of the Witnesses, & that the Depositions, after so reduced into writing, should be read to the Witnesses, and then signed by them, and that the reducing the Evidence into writing ought not to be left to such Minutes thereof, as the Commissioner's Clerk may take.

That in that part of the Report of the Board of Trade, which directs the Comm^{rs} to adjourn, in order to give time to appeal, your Petitioner humbly apprehends it is not meant, or intended, that the Comm^{rs} should have power to abridge the Six weeks proposed to be given for that purpose, whereas if the Directions, which are sent to the Comm^{rs} run in the general words of the Report, *or other reasonable time*, it may be thought there they have such a power to prevent, which your Petitioner humbly submits to your Lordships, whether it may not be proper to express it, such *further* reasonable time, as the Commiss^{rs} shall appoint.

That your Petitioner further humbly apprehends, that by the said Directions proposed to be given to the Comm^{rs}, the Copy of the Process is not ordered to be given, time enough for the Assembly to see it, before they must determine, whether they will appeal or not, but only a Copy of the Final Determination ; whereas the Evidence being what the Case must be determined by, your Petitioner humbly concieves it is reasonable they should have that also before them for their Consideration, to form a right Judgment, whether they ought to appeal or not.

That your Petitioner humbly informs your Lordships, the Assembly of the Massachusetts Bay always meet twice in every year, vizt, the Spring and Fall Sessions, your Petitioner therefore humbly submits it to your Lordships Considerations, whether it be necessary to keep the Assembly sitting, or under short Prorogations, during the

time of this inquiry as it may be of great and general Inconvenience to the Members, and create great Uneasiness in the Province.

That the Report of the Lords Commiss^{rs} of Trade and Plantations mentions, that your Petitioner had agreed, that the Charge attending this Commission, and the Execution thereof, should be equally born between each Province, as to which your Petitioner begs leave humbly to represent to your Lordships, That, pursuant to his Instructions, he has in the strongest manner humbly insisted, that the Comm^{rs} on behalf of the Massachusetts Bay ought to be named by the Assembly of that Province, but as it has been determined otherwise, and as it has been order'd, that a Commission should issue to the Commiss^{rs} which have been proposed by the Lords of Trade, your Petitioner did declare he could make no objection to the Expences attending the Execution of the Commission being born equally by both Provinces, and that he thought it reasonable it should be so, and he now offers nothing in opposition thereto, but your Petitioner being no otherwise concerned, than merely as an Agent for the Province of the Massachusetts Bay, and having had no Instructions from them in relation thereto, so he cannot consent or agree, to it, but he does not oppose it, as he thinks it reasonable it should be so. —

That your Petitioner now humbly assures your Lordships he does not present this his Petition with the least view to retard or delay this affair, and as the strongest Evidence thereof, he does not insist to be heard by Council, but is willing, and thereby submits the several matters contained in this petition to your Lordships great Wisdom and Justice, without desiring to be further heard thereon, humbly praying your Lordships to make the several before mentioned Alterations, in the Directions to be sent, the Commissioners, with such further and other Directions in relation thereto, as to your Lordships shall seem proper and necessary. —

And your Petitioner shall ever pray.

the 9th day of February 1736

Present

The Lords of His Majestys most Honourable Privy Council

Upon reading at the Board a Report from the Right Honourable the Lords of the Committee of Council for Plantation Affairs dated the 4th of this Instant in the words following — Viz^t

"Your Majesty having been pleased by Your Order in Council of "the 22^d^ of January 1735 to Approve of a Report then made to Your "Majesty by this Committee upon a Dispute which hath been long

"Subsisting between the Provinces of the Massachusets Bay and "New Hampshire relating to their respective Boundarys wherein it "was proposed to Your Majesty to Appoint and Authorize Commis- "sioners to be Chosen out of the Neighbouring Provinces in America "to meet within a limited time and Mark out the dividing Lines be- "tween the said Provinces Care being taken that private property "should not be affected thereby And Your Majesty having been "pleased at the same time to Order this Committee to Consider of "the Names of Persons proper to be appointed Commissioners for "that purpose as likewise of such directions as may be necessary to "be given to them in this behalf — the Lords of the Committee have "met several times to consider thereof and have taken the Opinion "of the Lords Commissioners for Trade and Plantations thereupon "and have heard Counsel in behalf of both the said Provinces And "Do thereupon Agree humbly to Report to Your Majesty as their "Opinion —

"That the five Eldest Councillors in the respective Provinces of "New York New Jersey Nova Scotia and Rhode Island (except only "Major Mascarine one of the Council in Nova Scotia who appears to "be a person interested in the Province of the Massachusetts Bay) "may be appointed the Commiss[rs] for Settling the Boundarys in Dis- "pute —

"That the first of August 1737 may be the day on which the "Commissioners may be directed to hold their first Meeting from "which they may adjourn to such times as may be most Convenient "for them —

"That the Place to be appointed for such their first Meeting be "the Town of Hampton within the Province of New Hampshire as "being most conveniently Situated for that purpose

"That five of the Commissioners be deemed a Quorum and that "all Determinations be made by a Majority of the Commissioners "who shall be present —

"That either party who may find themselves aggrieved by the De- "termination of the said Commissioners be at liberty to Appeale "therefrom to Your Majesty in Council And that the said Commis- "sioners be Empowered and directed to Administer an Oath or Af- "firmation to all such persons as shall be found necessary to be ex- "amined before them.

"That the Commissioners be Directed at their first Meeting to "make Choice of one or more Clerk or Clerks to enter their Minutes "and Proceedings As also of one or more Skillfull Persons to prepare "Draughts or Plans of the Boundarys according to the Determina- "tion of the Commissioners who are also to administer an Oath or

" Affirmation to such Clerks or other persons as they shall employ " for the due and faithful Execution of their Trusts. —

" That in case each of the two Provinces whose Boundarys are to " be Settled shall neglect to send to the said Commissioners at their " first Meeting (pursuant to Directions to be sent to the Governor of " those Provinces by the Lords Commissioners for Trade and Planta- " tions) the Names and Places of Abode of two of their Publick Of- " ficers residing in that Province in either of whom or at whose place " of Abode any Notices Summons or final Judgment of the said " Commissioners may be Served or left — And in case they shall also " neglect to send to the said Commissioners at their first Meeting a " plain and full State of their Demands or Pretensions in Writing de- " scribing where and in what Places the Boundarys on the Southern " and Northern part of New Hampshire ought to begin and what " Courses and how far the same ought to run respectively — That " Copys thereof may be mutually exchanged in Order to prevent any " unnecessary Delay and that each Party may come fully prepared " that then the said Commissioners in either of these Cases do pro- " ceed expartê —

" That the said Commissioners be directed to use all convenient " Dispatch in this Affair. —

" That of the Commissioners present at any Meeting he who is " first Named in the list of Commissioners shall preside at such " Meeting and shall issue out the necessary Summons for such Wit- " nesses as either Party shall require

" That no Evidence be allowed of by the Commissioners but such " as shall be Sworn or take an Affirmation before them in Open " Court And that the whole of what such Evidence shall Offer to the " Commissioners be put in Writing by the Clerk in the presence of " the said Commissioners and of the respective Witnesses and that " the same be read to and Signed by the Witnesses. —

" That Entrys be made of all Papers Evidences Deeds Charters " and Proofs received by the Commissioners in this Affair and of all " their Proceedings and Resolutions throughout the same and that " Plans or Draughts of the Boundary Lines as agreed to by them be " annexed and made parts thereof.

" That when the Commissioners shall have made their final Deter- " mination and Signed the same a Copy thereof shall be sent to such " Publick Officer in each respective Province as beforementioned as " likewise Notice of another Meeting to be held at the Distance of " Six Weeks or such further reasonable time as the Commissioners " shall appoint not exceeding three Months At which said Meeting " either of the Provinces who shall find themselves aggrieved may

"enter their Appeal with a Declaration what parts of the Determi-
"nation of the said Commissioners they Abide by or Appeale from
"And that each Province be permitted to take out at their Own Ex-
"pence Copys of the whole Process to be attested by three or more
"of the Commissioners. —

"That if neither party do Enter their Appeale or Exception
"against the Determination of the Commissioners at such last Meet-
"ing then no Appeale or Exception shall be afterwards received or
"admitted and such Determination of the Commiss^{rs} being Confirmed
"by Your Majesty shall be final and Conclusive to all Partys —

"If Your Majesty shall be pleased to Approve of the several par-
"ticulars aforementioned — The Lords of the Committee beg leave
"humbly to propose that a Draught of a Commission may be pre-
"pared agreable thereto in Order to be past under the Great Seal
"of Great Britain —

"And their Lordships further humbly Offer to Your Majesty that
"the Charges attending this Commission and the Execution thereof
"should be equally born between each Province the Agents of the
"said Provinces having Agreed that it was reasonable so to be —

"And that the good purposes proposed by this Commission may
"not be frustrated by any Failure in the Execution thereof — Their
"Lordships beg leave to propose to Your Majesty that Circular Let-
"ters be wrote by the Lords Commissioners for Trade and Planta-
"tions to the respective Governors of New York New Jersey Nova
"Scotia and Rhode Island acquainting them with Your Majesty's In-
"tentions to issue such Commission as is above proposed and Direct-
"ing them to inform the Commissioners resident within their re-
"spective Provinces of the time and Place intended to be appointed
"by the said Commission for the first Meeting of the said Commiss^{rs}
"And to recommend it Strongly to such of the said Commiss^{rs} as are
"able, to go and attend this Duty — And to the end that all Partys
"may be prepared to proceed before the Commissioners at their first
"Meeting — Their Lordships beg leave further to propose that Let-
"ters be likewise wrote by the said Lords Commissioners for Trade
"and Plantations to the Governor of the Massachusetts Bay and
"New Hampshire to recommend to the respective Councils and
"Assemblys of the said Provinces to appoint two of their Publick Of-
"ficers residing in the said Provinces on either of whom or at whose
"Place of Abode any Notices Summons or final Judgment of the
"said Commissioners may be Served or left And to send the Names
"and Places of Abode of such Officers to the said Commissioners at
"their first Meeting together with a Plain and full State of their De-
"mands or Pretensions in Writing describing where and in what

"places the Boundarys on the Southern and Northern part of New "Hampshire ought to begin and what Courses and how far the same "ought to run respectively — And to acquaint them that in case of "their Omission so to do, the said Commissioners are Empowered to "proceed Ex partê —

Which Report being this day Approved, It is thereupon Ordered in Council that His Majestys Attorney and Sollicitor General do prepare and lay before His Majesty at this Board The Draught of a Commission to be past under the Great Seal Agreable to what is therein proposed, And that they do insert in the said Draught such other Clauses as may be necessary in a Commission of this Nature, and as may tend to the better carrying His Majestys intentions in this behalf into Execution And it is hereby further Ordered in Council That the Lords Commissioners for Trade and Plantations do write the Circular and other Letters to the respective Governors of His Majestys Plantations as proposed by the said Report. —

Prov. of N. Hamp^r } To The Honble the Commissioners Appointed by His Majestys Commission under the Great Seal to Settle the boundary Lines between His Majesty's Province of New Hampshire & the Province of the Massachusets Bay in New England.

We the Subscribers being a Committee Appointed by the General Court of New Hamp^r to lay before Your Hon^rs a plain and full State of the demands & Pretentions of this Province together with Such Pleas & Allegations as we shall think necessary to Support & maintain the Same — Do now Inform Your Hon^rs That New Hampshire is a Small Province Laying principally between that which was formerly the Colony of the Mass^a Bay & that Tract of Land called then the Province of Main which are Now Incorporated into One Province by the Charter of King William & Queen Mary Dated Octob^r 20th 1691 Bounded Viz —

"All that part of New England in America laying & Extending "from the Great River commonly called Monomack alias Merimack "on the North part, & from three Miles Northward of the Said "River to the Atlantic or Western Sea or Ocean on the South part, "& all the Lands & Hereditaments whatsoever lying within the Lim- "its aforesaid & Extending as far as the outermost points or Prom- "ontories of Land called Cape Cod & Cape Malabar North & South "& in Latitude, breadth, And in Length & Longitude, of & within "all the breadth & Compass aforesaid through-out the main Land "there, from the Said Atlantic or Western Sea, And Ocean on the "East part towards the South Sea, or Westward as far as our Col- "onies of Rhode Island, Connecticut, & the Narragansett Country: "And also all that part & portion of Main Land, beginning at the "entrance of Piscataqua Harbour, and So to pass up the Same into "the River of Newichwannock & thro' the Same into the farthest "head thereof, & from thence North Westward till one hundred and "twenty Miles be finished, & from Piscataqua Harbour mouth afore- "said North Eastward along the Sea Coast to Sagadohock & from "the Period of One hundred & twenty Miles aforesaid to Cross Over "Land to the one hundred and twenty Miles before Reckoned up "into the Land from Piscataqua Harbour through Newichwannock "River & also the North half of the Isles of Shoals" &c. —

In behalf of His Majesty & of his Governm^t of the Province of New Hampshire We do demand & Insist that the Southern boundary of Said Province should begin at the end of three Miles North from

the Middle of the Channel of Merrimack River where it runs into the Atlantick Ocean, and from thence should run on a Straight Line West up into the Main Land (towards the South Sea) until it meets with His Majesty's other Governments —

And that the Northern Boundary of New Hampshire should begin at the Entrance of Piscataqua Harbour & so to pass up the Same into the River of Newichwannock & through the Same into the furthest head thereof and from thence North Westward (that is North less than a quarter of a point Westerly,) as far as the British Dominion Extends, and also the Western half of the Isles of Shoals, we say lyes within the Province of New Hampshire —

We also demand that the Charge Attending the Commission under the Great Seal Impowering Your Hon^{rs} to determine the Said Boundaries & the Execution thereof be Equally Born by Each Province according to the Order of Council of the 9th of Feb^{ry} 1736 and Approved of by His Majesty

A Letter from the Secr'y of that Province.

[In place of the abstract here entered, this letter is given in full from Masonian Papers, Vol. 4, p. 122, and Province Boundaries, p. 113.]

Gentlemen,

I am Commanded by His Excellency the Governour, and the Council of this Province to acquaint You, That at the Time of the Rising of the General Assembly in Boston, there was no Account that any Commission from His MAJESTY was arrived, or so much as made out, for adjusting of the Differences between this Province, and the Province of New Hampshire, referring to their Boundary Lines, and therefore the said Assembly was Prorogued to the Fourth Day of August, which happens to be Three Days after the first Day of the intended Meeting of the Commissioners on that Affair; That the Assembly appointed a Committee to Draw a State of the Case, respecting the Boundaries, in Order to the Court's preparing a State of their Demands, agreeable to His Majesty's Order in Council; which the Court will doubtless at their first Meeting have ready to

lay before the Commissioners at Hampton without any Delay ; And therefore the Governour and Council Desire You would not suffer this Province to receive such a Prejudice by this short Delay, as will be the Consequence of Your proceeding Decisively without receiving Our Demand : And they are the rather inclined to expect this Justice from you, because they cannot conceive, That by the first Meeting mentioned in the Commission, any thing else can be intended than the first Session where no long adjournment shall intervene, it's not being said the first Day of their Meeting.

And for as much as the Government of New Hampshire have not appointed Persons at whose Places of abode, Summons &c are to be left, the Board apprehend it to be as Essential a Defect, according to the Kings Commission, as the not giving in a State of the Demand, Since That ought to be previous to This ; And that therefore New Hampshire can give in No state of their Demands, nor have them Considered till the Other Article be comply'd with.

On the whole, the Governour and Council doubt not but this Province will have equal Justice from the Commissioners, with the other Province.

I am, Gentlemen,
Your Most Obedient Humble Servant,
Boston, July 27, 1737. J Willard Sec'ry.

Herewith is inclosed the Vote of the General Assembly of this Province referring to the publick Officers at whose Places of Abode Summons's &c are to be left. J W

After reading of which the Court Ordered the ffurther cons: thereof to be deferred to Tuesday 2^{d} Aug^{t} & the cons: of the papers laid before the Comm^{rs} by the Com'ee of New Hampshire were deferred to a future day & the Court Adjourned to Tuesday at 10. ffo : 16.

2 Augt 1737.

The Comm^{rs} read & took into cons: the s^{d} Vote & Letter from the Massachusets & resolved to send an Answer to the Secr'y of the Province of the Massachusetts.

The Com'ee for New Hampshire then Presented a Remonstrance in writing to the Comm^{rs} —

Province of New Hampsh^{r} } To the Honourable the Commission^{rs} Appointed by His Majesty to Settle the Boundary Lines between

the Provinces of New Hampsh^{r} & ye Massachusets Bay in New England

We the Committe Appointed by the Genl Court of the Province of New Hampsh^{r} to prepare a State of the Demands & Claim of the Government of His Majestys Province of New Hampsh^{r} and Pleas & Allegations to Support the Same Beg Leave to Observe to Your Honours That this Dispute & Controversy between the two Provinces aforesaid touching their Respective Boundarys has bin Long Subsisting and dureing the whole the Goverm^{t} of ye Massachusets Bay has shewn a great Backwardness and Even Aversion to any Measures that had a Tendency to the Settlement thereof (being Concious as We Suppose that they could by no Colour of Right Support their Pretentions and that they made daily Incroachments on the King's Lands) And Since the last Essays on the part of New Hampsh^{r} to have the Matter Ended by Peticion to His Majesty Whereby the Affair has bin Brought to the State it now Stands in the Massachusets by their Agent in England used all the Artifices and Devices Imaginable to Procrastinate and Delay the Issue Whereupon the Agent for New Hampsh^{r} Warily Guarded against them on that quarter and Peticiond His Majesty in Councill among Other Things that the Commissioners might be Instructed & Directed to make all Conveniant Dispatch, and as an Expediant thereunto that Each of ye Contending Provinces might be Directed and Oblidged to Put in a full and Plain State of their Demands and Pretentions on the first day of the meeting of ye Commissioners Pursuant to Which, His Majestys Commission under the Great Seale which Gives Your Honours Cognizance of this affair Particularly Directs and Commands that all Conveniant Dispatch be Made And in order thereunto that Each Province put in a plain and full State of their Demands & Pretentions in Writeing Describeing Where and in what Places the Boundarys on the Southern and Northern part of New Hampsh^{r} ought to begin, and What Courses and how far the Same ought to Run on Pain of Being Proceeded against ex parte for their Neglect (that is as We understand it That Your Honours should Hear only what that Province had to Say which Should Obey the Direction of His Majestys Commission) of which as Well as His Majestys Order of Councill Dat^{d} ffebruary ye 9th 1736 to the Same Purpose both the s^{d} Provinces have had timely and Seasonable Notice.

This order and Direction of His Majesty (as all others Relateing to this affair) has been Carefully Observed and Attended by Us of New Hampsh^{r} to the Utmost of Our Power on the Part and Behalfe of this Government.

And as the Government of the Massachusets have not Observed and Obeyed It But Agreeable to their usuall Method in this Case

have Delayed the Matter and Made no seasonable Preparation as they themselves Confess as to a State of their Case and Extent of their Claim (in Direct Opposition to that Materiall and Essentiall Clause of His Majesty's Commission) But Instead thereof Pray that Your Honours would Suspend the affair to Give them more time.

We Therefore in Behalfe of the Government of New Hampshire Except Against any Claim or Demand of the Massachusets being now Received by Your Honours And Doe Hereby Utterly Object and Protest against their Puting in and Laying before Your Honours any Evidence of any Kind Whatsoever Relateing to this affair and Against Your Honours Receiveing and Considering any Matter or Thing Whatsoever that they Shall Now Offer

And We in Behalfe of the Government of the Province of New Hampsh^{r} Pray that Your Honours would Proceed upon the Matters in Dispute by the Help of Such Arguments Papers & Evidence as Shall be Lay'd before Your Honours on the Part of New Hampsh^{r} — And that this Our Bill of Exception may be Entered at Large in Your Journalls & Minits and Made a part of the Same

Province of the Massachusetts Bay in New England } To The Honourable His Majestys Commissioners for marking out and setleing the Boundarys between the Province of the Massachusetts Bay, and the Province of New Hampshire as well on the Southern as on the Northern part of New Hampshire

A Brief and Plain State of the Claims and Demands of the Prov ince of the Massachusetts Bay touching the Boundarys aforesaid by them presented —

Whereas His Majesty King Charles 1[st] by His Letters Patents Dated 4 Car. March 4[th] 1628 Erected the Colony of the Massachusetts Bay into a Corporation Government Describing their bounds to Comprehend all the Lands lying between Merrimack River and Charles River and all the Lands lying within three miles on the Southside of Charles River or any part of it and all the Lands lying within three miles and to the Northward of Merrimack River or any part of it, and all the Lands within the Limits aforesaid North and South in Latitude and breadth, and in length & Longitude within all the breadth aforesaid throughout the Main lands from the Atlantic Ocean to the South Sea.

And afterwards by his Letters Patents Dated Anno 1639, erected the Province of Main bounding it on the Southwest Thus Viz[t] beginning at the Entrance of Piscataqua Harbour passing up the Same to the River Newichwannock thrô that to the furthest head thereof, and from thence to run Northwestward till one hundred and twenty miles be finished —

On the 20[th] July 1677 upon the Petition of M[r] Mason, and M[r] Gorges against the Colony of the Massachusetts Bay, the Northern bounds of this Colony were brought in Judgment before His Majesty King Charles the Second and after Several References and Hearings His Majestys final Judgment in Council thereupon was given Viz[t] That the North and South bounds of this Colony so far as the Rivers extend shall follow the Course of the Rivers, but when those

known boundarys determine, the breadth shall be carried on by Imaginary Lines to the South Sea.

Upon that Supream Judicial Determination and within two years after it King Charles the Second by his Letters Patents Erected the Province of New Hampshire bounding the Same from three miles Northward of Merrimack River, or any part thereof, to the Province of Main.

King William and Queen Mary by their Letters Patents dated 7th October 1691 united the late Colony of the Massachusetts the Province of Main with other Adjacent Territorys and erected them into One Real Province by the Name of the Province of the Massachusetts Bay in New England with which the Southern and Northern boundarys of Newhampshire are now to be Setled marked out, and plans thereof made to prevent all future Disputes concerning the Same.

Now therefore Pursuant to these Antient Grants from the Crown made above a hundred years agoe acknowledged and more particularly explained in that Judicial Determination of the King in Council and recited and Confirmed in the Province Charter, The Province of the Massachusetts Bay Claim and demand Still to hold and possess by a boundary Line on the Southerly Side of New Hampshire beginning at the Sea three English miles North from the black Rocks So called, at the Mouth of the River Merrimack as it Emptied it Self into the Sea Sixty years agoe, thence running Parralel with the River as farr Northward as the Crotch or parting of the River, thence due North as far as a certain Tree Commonly known for more than Seventy Years past, by the Name of Indicots Tree, Standing three English miles Northward of said Crotch or parting of Merrimack River, And from thence due West to the South Sea, which they are able to prove by Antient and Incontestable Evidences are the bounds intended Granted and Adjudged to them as aforesaid; which Grant and Settlement of King Charles the 2d Anno 1677 as abovesaid, we Insist upon as Conclusive and Irrefragable.

And on the Northerly side of New Hampshire a boundary Line beginning at the Entrance of Piscataqua Harbour passing up the Same to the River Newichwannock through that to the furthest head thereof, and from thence a due Northwest Line, till one hundred and twenty miles from the Mouth of Piscataqua Harbour be finished, which is the extent of the Province of the Massachusetts Bay on that part, And therefore We doubt not but that you will Judge it just and reasonable to Order the bounds and lines beforementioned to be run, mark'd out and Established accordingly, so far as New Hampshire extends; and desire that plans thereof may be made for the perpetual Remembrance of them —

By Order of the Great and General Court or Assembly for the Province of the Massachusetts Bay in New England aforesaid —
Boston August 5th 1737. J Willard Sec'ry.

Answer New Hampshire to Massachusetts Claim. ffo: 29

[In place of the abstract here entered, this document is given in full from the original in Masonian Papers, Vol. 4, p. 127.]

PROVINCE OF NEW HAMPSH^r } TO THE HONOURABLE HIS MAJESTY'S COMMISSIONERS for Marking out & Settling the Boundaries between the Province of New Hamp^r & the Province of the Mass^a Bay in New England

SAVING the benefit & Advantage which may Arise from the Bill of Exception And Protest as filed in Court the Second Inst^t, in behalf of His Majesty's Governm^t of New Hampshire — This is Presented to Your Hon^rs as a Reply to the Demands & Pretensions of the Province of the Mass^a Bay Entred & filed the Eighth Curr^t as also in Support of the Demands & Pretensions of the Province of New Hampshire as Enter'd the first Inst^t — And in the first Place We beg Leave to Observe to Your Honours that they begin with the Charter of King Charles the first Dated in 1628, And the Grant for the Province of Main in 1639, as also with Informing Your Hon^rs of a Determination of His Majesty King Charles the 2nd in the Year 1677 of a Dispute between Mr Mason & Mr Gorges on the One part, & the Late Colony of the Mass^a on the other part, And which they Insist on as Decisive in the Present Controversy and as they term it Irrefragable — In Answer to which we Say, that If they had an Intension to make any Use of that Judgment they have Slip'd the proper Season for it, it would have been (as we Apprehend) proper to have pleaded it in bar to any New Tryal, in answer to the Petition for the Same to His Majesty in behalf of the Province of New Hamp^r that it cannot with Propriety be considered in the Merit of the present Cause even Supposing that that Determination had been on their Present Charter —

But we further Say, that Judgment is nothing to the purpose in the Present Dispute And Ought by no means to weigh in Your Hon^rs Judgment, for we Insist that it is Intirely Void — as will Appear if your Hon^rs will please to Observe, that in the Year 1684 in the thirty Sixth Year of the Reign of King Charles the Second Judgment was given in the Court of Chancery upon a Writ of Scire facias bro't & prosecuted in Said Court against the Govr & Company of the Massachusets Bay in New England, for Cancelling Vacating and Annihilating the said Charter granted by King Charles the first, as may more Largely Appear by their Present Charter — So that by the afores^d Judgment there was an end to all the Particular bounds & Privileges granted by the Said Charter and also of the Constitution it Self — And then the Province of the Mass^a Bay was under the Kings Im-

mediate Government, until the Year 1691 when upon the Application of Persons Imploy'd as Agents for the Massachusets, to their Majestys King William & Queen Mary, a New Charter was granted which appears by the Said Charter. Which Charter was Received by the Petition[rs] & which they Govern themselves by, & Look upon as the basis and foundation of their Constitution, & from which they Date their first Laws all before that time having by the aforesaid Judgment been Annihilated. —

Now this Charter differs from the former in many Material points, but Especially in the bounds of the Province, & by this Charter only the Present Dispute must be Determin'd. which bounds they urge must "begin at the Sea three English Miles North from the black "Rocks So called at the Mouth of the River Merrimack as it Emp-"tied it Self into the Sea Sixty Years ago, thence running Parralel "with the River as far Northward as the Crotch or parting of the "River thence due North as far as a Certain Tree commonly known "for more than Seventy Years past by the Name of Indicots Tree "Standing three English Miles North ward of the Said Crotch Or "parting of Merrimack River, & from thence due West to the South "Sea" &c —

In Answer to which we Say we know of no Such Tree as they mention, nor can we distinguish that Crotch of the River they speak of, from many other Crotches or partings of the River Merrimack, there are between the mouth of the River & Winnepiseoke Pond — We find no mention made of them in their Charter, & therefore think that neither the Crotch nor Tree meant, can be any guide in finding out the true Line or bounds of that Province, on the Side we are Debating on. & we say the Same with Respect to the black Rocks they speak of — But We Apprehend & therefore Insist that the three Miles North from Merrimack River is to be taken from the Middle of the Channel of the River, for there it properly runs into the Atlantic Ocean ; And it was the Opinion of the Attorney & Solicitor General in the Year 1734 "that the Dividing Line Between "the Province of New Hampshire & the Province of the Mass[a] Bay "is to be taken according to the Intent of the Charter of William & "Mary from three Miles North of the Mouth of Merrimack River "where it Runs into the Atlantic Ocean." as may at large Appear by an Authentic Copy of the Said Opinion under their hands in Court now to be produced, (which we pray Your Hon[rs] may be Receiv'd & Enter'd at Large in Yo[r] Journels & made part of this Case), from which Opinion in this point we cant think your Hon[rs] will differ. And as to Running Parallel with the River so far as they would have it, we say this would not Agree even with the Old Charter, be-

cause Impossible, for by the Express words of that Charter, this Line was to run three miles North of Merrimack River, or to the Northward of any & every part thereof. — now this River runs from the Atlantic Ocean near a West Course about thirty five Miles, then North (nearest) about five & fifty Miles, before it Comes to ye Crotch which we Suppose is meant. And how a line can run Parallel to a River that Runs North and Yet be three Miles North of the River, we are not able to Conceive. from whence we Conclude, that at the time of granting the first Charter, the River was not known or not Considered So far up as where it turns to the North, or was known in that part of it by Some other name; otherwise no Rational Construction of that part of the Said Charter can be made — And this we presume was the Reason of that Determination in 1677 which they refer to: for that, cannot be Reconciled with the words of the Charter afores^d^ upon any other Supposition, because they were to carry the Same breadth from the Atlantic Ocean to the South Sea, which wou'd not be, if they were to Run fifty five miles North of the Mouth of Merrimack Instead of three — Now if such a Parallel to the River could not be by the old Charter, much less can it be by the New Charter, because (among Several other Reasons that might be given) those Important & Material Words, "to the Northward of any & every part thereof", are left out of the New Charter. the bounds of which we shall in the next place Consider — This Charter describes the Northern Boundary of the Prov. of ye Mass^a^ thus, "Extending from the Great River called Mono- "mack Alias Merrimack on the North part, & from three Miles "Northward of the Said River to the Atlantick or Western Sea or "Ocean on the South part and all the Lands & Hereditaments what- "soever lying within the Limits aforesaid & Extending as far as the "Outermost points of Land called Cape Cod & Cape Malabar North "& South, & in Lattitude, breadth, and in Length & Longitude of & "within all the breadth & Compass aforesaid, thro' out the Main "Land there from the Said Atlantic or Western Sea & Ocean on "the East part, towards the South Sea or Westward as far as our "Colonies of Rhode Island Connecticut & the Narragansett Coun- "try" — the most Rational Construction of which we Say is, that this boundary should be a Straight Line, beginning at the end of three English Miles, taken from the Middle of Merrimack where it runs into the Ocean, & Running North, and from thence to run on a West Course till it Comes to the End of the Prov. of the Mass^a^ — for the following Reasons — first the Epithet, Great, given to Merrimack River was not, as we take it, to distinguish that from other Rivers, because there are Several in the Country Larger, but to dis-

tinguish the Main body & Principal part of this River from those branches & parts of the Same less noted, & which are often called by other names, & So the more plainly to point out where the three Miles which is to Run North of the Said River Should begin, viz at the great River, & not at a branch thereof, and also at the principal or most Remarkable part thereof namely the Mouth of the River — then the Course is by the Charter, to Run from the end of the Said three miles, South until it Comes to the Atlantic Ocean on the South Side of Cape Cod & Cape Malabar So that the Province is North & South in Lattitude & breadth from the end of the Said three Miles over to that part of the Atlantic Ocean which washes the South Side of the Said Capes, then the Length is to be of & within the breadth & Compass aforesaid thrô out the main Land, beginning at ye Atlantic, at the end of the Said three Miles; now tis not possible to be within the breadth afores^d^ by running a Line Parallel to the River, or any other than a West Line; because the breadth will alter in every point, where the Line varies from the West. So that if those words in the Charter viz *within all the breadth & Compass afores*^d^ as also those other *North & South in Lattitude & breadth*, are of any Significancy this Must be a West Line, which is to begin at the Atlantic Ocean at the East end of the Said Province — And this Leads us to Observe —

Secondly that the Governour & Company of the Mass^a^ Bay had the Same Notion & Apprehension of their Northern Boundary even under their Old Charter, as Appears by their "Declaration of their "Right & Claim to the Lands in their possession (at that time), but "pretended to by Mr Gorge and Mr Mason, together with an Answer "to their Several pleas & Complaints in their Petitions Exhibited — "Humbly Presented & Submitted by the Said Governor & Company "to the Kings most Excellent Majesty as their Defence" — where they Say, "Our Patent According to the Express Terms therein con- "tained, without any Ambiguity or Colour of other Interpretation, "lyes between two East & West Parallel Lines" &c — And after mentioning the Breadth of their Said Patent, they Justly Draw this Inference, viz, "And therefore cannot be bounded by ma'y hundreds "Or Infinite Numbers of Lines as the River Merrimack bends in "two hundred miles Passage from Winnipoisekek Lake to the Mouth "thereof; which to Imagine, as it is Irrational, So would It Involve "us and any borderer into So many Inextricable Disputes, as are no "ways to be Admitted by a Prince Seeking his Subjects peace —. An Authentic Copy of this we have in Court to be produced — If this Argument has weight (as in truth it has), with Respect to the bounds of the old Charter, All unbiass'd Persons, we think will See it has

much more when the bounds of the New Charter are under Consideration — To this possibly may be urg'd the Judgment of the King in Council afterwards, (before mentioned.) In answer whereto besides what is Said before on that head, we Say that it is very Improbable that the English People had any knowledge of the Length & Course of the River at that time for more than thirty Miles, (in which Distance tho' there are many turnings & Windings, Yet it makes good a West Course, nearest) — Except what Information they had from the Indians, which at that time was Very uncertain as to those points. but be that as it will it is plain from the Judgment it Self the turn of the River & its Course North, was either not known, or not Considered by those that Sat in Judgment — And besides the leaving out those Words, *or to the Northward of any & every part thereof*, makes a Vast alteration, as we take it, they being the Only words in the Charter, they were then Considering which, could Influence in making it A Crooked Line —

Thirdly In the Demands which the Province of the Mass[a] have now laid before Your Hon[rs] after they have Run with the River till they come to their Tree afores[d], they Say they are to Run due West to the South Sea — Now we cant conceive how they come to Pitch on a due West Course from that Tree, any more than any other, a North West or Some other Course more Northerly than West would gain More Land ; Or whatever the Reasons may be with them for a West Course from thence, we cant but think those very Reasons if duly Attended to, would Convince them it ought to be a West line from the Atlantic Ocean. They Confess a West line from the Said Tree, there is then by their own Shewing to be a West Line on part of this Side of their Province, & why it should not begin before they come to that Tree we can See no Reason in the Charter, which We think is the only proper guide in this matter — we are Sure it will never speak the Language they would have it (according to their scheme) without forcing & Squeazing, & Commenting away the Natural & Genuine Sense of it. —

We would further Observe to Your Hon[rs], that it is Remarkable, that when "the Lords Commissioners for Trade & Plantations Re-"fer'd that Question viz From what part of Merrimack River the "three Miles from whence the Dividing Line between the Province "of New Hamp[r] & the Province of the Mass[a] Bay is to begin, ought "to be taken according to the Intent of the Charter of William & "Mary? they Say nothing of the Course, but that they Judg'd it must be a Strait Line may Naturally be Inferr'd from the Question they put namely at what place the Line must begin, for of what Importance is it where the line begins if it is to Run parallel to the

River at three miles Distance, would it have been worth their Lordships while to have troubled themselves & those worthy Gentlemen, & for them to pass thro' the formality of Several Publick hearings, & Arguments by Council, only to Determine a Question of no Consequence, & which is a matter of Indifference however determin'd ?

But the Mass[a] tell your Hon[rs] they are able to prove the Line they have describ'd to be the bounds *Intended, granted & Adjudged to them by Ancient & Incontestible Evidences* As to this we would say, that the Line we are now Speaking of was never yet actually marked out, & if by Evidences they mean living Witnesses, that cannot be, for, to prove the meaning of the words of the Charter in that manner, would be like Making out & proving a point of Law by Witnesses — as for Records, if that is the Evidence meant, there can be none Sufficient for that purpose, but a Record of a Judgment after a Legal and Regular Tryal, of which there is none to be produced Since the New Charter, as for that, upon the old Charter we have nothing to do with it, & of that Opinion is the King & Council, as may Rationally be Inferr'd from the Grant of the Commission Impowering Yo[r] Hon[rs] to hear & Determine this Dispute. for if that Determination in 1677 is as they Say, Irrefragable, then the Present Tryal is vain — In a word as we desire nothing but Common Justice, & that this Controversy may be fairly & Impartially ended, so we shall offer neither Testimonies nor anything Else, that may puzzle the Cause, & of that your Honours will we doubt not be fully Convinc'd — What is offer'd in the Demands of the Mass[a] Appears to us so highly unreasonable that we have been led to Say more than otherwise we should —

But on this part of the Dispute we would only Add that if after all yo[r] Hon[rs] should be Inclind to think this Line was Intended to be a Parallel to the River, we cant think that you will with them be of Opinion it should be so where the River Runs North, because to us it appears an affront to Common Sense.

As to the Northern boundary of New Hamp[r] or the Line that should be run between that part of the Province of the Mass[a] Bay which was the late Province of Main & New Hampshire, We think that the Mass[a] can Claim no further than the bounds Set forth in their Charter, & the Settling that point ends the Dispute, for we say what is not within their Province is within ours ; Now the words of the Charter must be the guide here as well as on the other Side, & So far as the River Runs there can be no Dispute, & by the word Directing the Course afterwards viz North-Westward, can with propriety be meant nothing but a few Degrees West of the North, and is an Equivalent expression or the Same with, North Westerly, which

is always understood to mean a few Degrees less than a Quarter of a point West of the North. And this Course it ought to Run from the head of the River Now Called Salmon falls which is at a Pond — We are Confirm'd in this Opinion, because the half of the Isles of Shoals lays in the Province of the Mass[a] viz the Easterly half between which & the other half ly's the Harbour or Road, which is near South from Piscataqua River, now if the Line from the head of the River should be Northwest this from the mouth of the River should be South-East, & then all the Isles of Shoals will fall in the Province of New Hamp[r] Contrary to the Express words of the Charter —

Now whatever Lands lays between the late Province of Main & a West Line Run three miles North of Merrimack as afores[d] we Say belongs to the Province of New Hampsh[r] & has by virtue of the Kings Commissions from time to time been Erected into & Established a Province by the Name of New Hamp[r] with Such Powers & Privileges as have been therein Particularly Granted — And all the Lands lying Still west as far as the British Dominion Extends we Claim in the Right of His Majesty in Opposition to the Grant to the Massachusets Bay —

All which we Submit to your Hon[rs] Consideration & Judgment And Humbly pray all Convenient Dispatch —

We are in behalf of His Majestys Government of New Hampshire Your Hon[rs] Humble Servants

Answer Massachusetts to New Hampshire Claim ffo : 42.

The Answer of the Massachusetts to the New Hampshire Claim was in substance as follows

[In place of the abstract here entered, this document is given in full from the original in Masonian Papers, Vol. 4, p. 128.]

Province of the Massachusetts Bay in New England } To the Hon[ble] His Maj[tys] Commissioners for marking out and Setling the Boundaries between the Provinces of the Massachusetts Bay

and New Hampshire as well on the Southern as on the Northern part of New Hampshire. —

The Answer of the Province of the Massachusetts Bay to the State of the Demands & pretensions of the Province of New Hampshire Exhibited by a Committee appointed by the General Court of Said Province. —

And the s^{d} Province of the Massachusetts Bay reserving to the Said Province all future benefit & advantage of making and Exhibiting any further or other Answer unto the State of the Demands aforesaid when and So Soon as one or more Skilful persons Shall prepare Draughts or plans of the Country and Boundaries as also when the Depositions of Such Witnesses (a List of the Names of which is herewith laid before Yo^{r} Hon^{rs} by said Province) are taken pursu ant to the express direction of His Maj^{tys} Royal Commission to Yo^{r} Hon^{rs} directed So farr as the S^{d} Province at this time ought to be held to make answer unto, for Answer Saith —

That they conceived and accordingly insist they ought not by His Maj^{tys} Royal Commission afores^{d} to be held to contend with Our Sovereign Lord the King in the premisses aforesaid, but with the province of New Hampshire only touching the Boundaries of said province ; neither is the committee afores^{d} who Exhibited the State afores^{d} duly Authorized & qualifyed to represent Our s^{d} Lord the King in manner and form as they Set forth in the State afores^{d}, and of this the s^{d} province of the Massachusetts prays the Judgment of this Honble Court, And the Province of the S^{d} Massachusetts for further Answer Saith, That the Southern Boundary of Said province of New Hampshire ought not by Law to begin at the end of three miles North from the middle of the Channel of Merrimack River where it runs into the Atlantic Ocean, nor from thence to run on a Streight line West up into the Main Land towards the South Sea until it meets with His Maj^{tys} other Governm^{ts} But by Law and Justice the Southerly Boundaries of the Said Province can only be extended to the Northerly Boundaries of the S^{d} Province of the Massachusetts, which was first Incorporated, and which said Northern Boundary begins at the Sea three English miles North from the Black Rocks, so called, at the mouth of Merrimack River, as it emptied it Self into the Sea Sixty years ago, thence running Parallel with the River as farr Northward as the Crotch or parting of the River thence due North as farr as a certain tree commonly known for more than Seventy years past, by the name of Indicots tree, standing three English miles Northward of said Crotch or parting of Merrimack River, and from thence due West to the South Sea, All which the Said province of the Massachusetts Bay Averrs to be the true

just and legal Northern Boundary of said Province; For that His Majesty King Charles the First by his Letters Patents dated the fourth day of March Anno Dom 1628, And In the Fourth year of his Reign Erected the Colony of the Massachusetts Bay into a Corporation Government, and thereby described the premisses So Incorporated and the Bounds thereof in the words following vizt "All that "part of New England in America afores^{d} which lyes and extends "between a Great River there commonly called Monomack alias "Merrimack, and a certain other River there called Charles River "being in the bottom of a certain Bay there commonly called Massa- "chusetts alias Mattachusetts alias Massatusetts Bay, and also all & "Singular those Lands and hereditaments whatsoever lying within "the Space of three English miles on the South part of the s^{d} "Charles River or of any or every part thereof, And also all & "Singular the Lands and hereditaments whatsoever lying and being "within the Space of three English miles to the Southward of the "Southermost part of the Said Bay called Massachusetts alias Mat- "tachusetts alias Massatusets Bay, And also all those Lands and "hereditaments whatsoever which lye and be within the Space of "three English miles to the Northward of the said River called "Monomack alias Merrimack or to the Northward of any and every "part thereof, And all Lands and hereditaments Whatsoever lying "within the limits afores^{d} North and South in Latitude and breadth "and in length and Longitude of and within all the breadth afores^{d} "throughout the Main Land there from the Atlantick & Western "Sea and Ocean on the East part to the South Sea on the West part; And by the Said Letters Patents, it is further expressed and declared in the words following Viz^{t} "And We do further for Us Our "Heirs and Successors Ordain and Grant to the said Governour & "Company and their Successors by these presents, that these our "Letters Patents shall be firm good Effectual and available in all "things and to all intents & Constructions of Law according to our "true meaning herein before declared, and Shall be Construed re- "puted & adjudged in all Cases most favourably on the behalf and "for the benefit and behoof of the said Governour and Company "and their Successors altho' express mention of the true yearly "value or certainty of the premisses or of any of them or of any "other Gifts or Grants by us or any of Our Progenitors or Predeces- "sors to the aforesaid Governour and Company before this time "made in these presents is not made or any Statute Act Ordinance "provision proclamation or Restraint to the contrary thereof hereto- "fore had made Published Ordained or provided or any other matter "cause or thing whatsoever to the contrary thereof in any wise not-

" withstanding; As by the said Letters Patents (now before Your Hon^{rs} produced) reference thereto being had, may more fully appear. And afterwards His said Majesty King Charles the First by his Letters Patents dated the third day of April and in the fifteenth year of his Reign Erected the Province of Main bounding the Same on ye Southwest in the words following vizt " All that part purpart and portion of the Main Land of New England aforesaid beginning at the Entrance of Piscataqua harbour and So to pass up the Same into the River of Newichawanock, and thro' the Same unto the furthest head thereof, and from Thence North Westward till One hun- " dred & Twenty miles be finished, As by the S^{d} Letters Patents, also now produced, (relation thereunto being likewise had) may more fully appear. PRESENT, The Kings most Excellent Majesty

Earl of Strafford
Earl of Sunderland

Whereas the Right Honble the Lords of the Committee for Trade and Plantations did in Pursuance of an Order of the 7th of February last make Report to the Board of Matters in Controversy between the Corporation of the Mass^a^ Bay in New England, And Mr Mason & Mr Georges touch^g^ the Right of Soil and Governm^t^ claimed by the said Parties in certain Lands there by Virtue of Several Grants from his Majestys Royal Father and Grand Father as followeth in haec Verba

May it Please your Majesty — Having rec^d^ Your Majestys Order in Council of the 7th of Febr^y^ last Past whereby We are directed to Enter into the Examination of the Bounds & Limits with the Corporation of the Massachusets Bay in New England on the one hand & Mr Mason & Mr Gorges on the other do pretend by their several Grants & Patents to have been Assigned unto them, as also to Examine the Patent and Charters which are insisted on by either side in Order to find out & Settle how far the Rights of Soil or Governm^t^ do belong unto any of them.

In Consideration whereof the Lords Chief Justices of Y^r^ Majestys Courts of Kings Bench & common Pleas were appointed to give us their Assistance; We Did on the fifth of April last together with the Lords Chief Justices meet in Obedience to Your Majestys Commands, And having heard both Parties by their Council Learned in the Law we did Recommend unto their Lordships to Receive a State of the Claims made by both Parties & to Return their Opinions upon the whole Matter unto us; Which their Lordships have accordingly Performed in the Words following.

In Obedience to Your Lordships Order, We appointed a Day for the Hearing of all Parties, & considering the Matters referred, Having received from them such Papers of their Cases as they were Pleased to deliver; At wch Time all Parties appearing, the Respondents did disclaim Title to the Lands claimed by the Petitioners, And it appeared to us that the said Lands are in the Possession of several other Persons not before us; Whereupon we thought not fit to Examine any claims to the said Lands, It being (in our Opinion) improper to Judge of any Title of Land without Hearing the Ter-tenants or some other Persons on their Behalf, And if there be any Course of Justice upon the Place having Jurisdiction, We esteemed it most Proper to direct the Parties to have Recourse thither for the Decision of any Question of Property until it shall Appear that there is just cause of complaint against the Courts of Justice there for Injustice or Grievance.

We did in the Presence of the said Parties examine their several Claims to the Governm^t^ & the Petitioners having waved the Pretence

of a Grant of Governm^{t} from the Council at Plymouth wherein they were convinced by their own Council that no such Power or Jurisdiction could be transferred or assign'd by any Colour of Law.

The Question was Reduced to the Province of Mayn whereto the Petitioner Gorges made his Title by a Grant from King Charles the first in the 15th Year of his Reign made to Sir Ferdinando Gorges & his Heirs of the Province of Main & the Governm^{t} thereof. In Answer to this, the Respondents alledged that long before; Viz^{t} in Quarto Car. Primi, the Governm^{t} was granted to them & produced Copys of Letters Patents, wherein it is Recited that the Council at Plymouth having granted to certain Persons a Territory thus described, "All that Part of New England in America, which lyes and "extends bettween a great River there commonly called Monomack "alias Merrimack, And a certain other River there called Charles "River being in the bottom of a certain Bay there called the Massa-"chusets Bay and also all & singular the Lands and Hereditam^{ts} "whatsoever lying and being within the Space of three English Miles "on the South Part of ye said Charles River or of any or every Part "thereof, And also all and singular the Lands and Hereditam^{ts} what-"soever lying & being within the Space of three English Miles to "the Southermost Part of the said Bay called Massachusets Bay, & "all those Lands & Hereditam^{ts} whatsoever which ly & be within the "Space of three English Miles to the Northward of the said River "called Monomack alias Merrimack or to the Northward of any and "every Part thereof, & all Lands & Hereditam^{ts} whatsoever lying "within ye Limits aforesaid North & South in Latitude & Breadth "& in Length & Longitude of & within all the Breadth aforesaid "thrô out the Main Lands there from the Atlantick & Western Sea "& Ocean on the East Part to the South Sea on the West."

By the said Letters Pattents the King confirmed that Grant made them a Corporation & gave them Power to make Laws for the Governing the Lands and the People therein.

To this it was Replyed that the Patent of 4° Car. 1^{mi} is invalid.

1 Because there was a precedent Grant 18° Jacobi of the same thing then in being which Patent was surrendered Afterwards before the Date of the other. 15° Car. 1^{mi}

2 The Grant of the Governm^{t} can Extend no further than the ownership of the Soil, the Boundaries of wch as Recited in that Patent wholly Excludes the Province of Mayn which lyes Northward more than three Miles beyond the River Merimack.

We having considered these Matters do humbly conceive as to the first Matter, That the Patent of 4° Car. 1mo is good notwithstanding the Grant made in the 18° Jac. for it appeared to us by the Recital

in the Patent 4° Car. 1mi That the Council of Plymouth had granted away all their Interest in the Lands the Year before, And it must be Presumed they then deserted the Governmt wereupon it was Lawful & Necessary for the King to establish a suitable Frame of Governmt according to his Royal Wisdom, Which was done by that Patent 4° Car. 1mi Making the Adventurers a Corporation upon the Place.

As to the Second Matter, It seems to us to be very clear, That the Grant of the Governmt 4° Car. 1mi extends no further then the Boundaries Expressed in the Patent, and those Boundaries cannot be construed to extend further Northward, *Along* the River Merimack than three English Miles.

For the North and South Bounds of the Lands granted so far as the River extend *are to follow the Course of the Rivers*, *Which make the Breadth of the Grant*, the Words describing the Length to comprehend all the Lands from the Atlantick Ocean to the South Sea of & in all the Breadth aforesaid do not Warrant the Over reaching of those Lines by imaginary Lines or Bounds; other Exposition would in our Humble Opinion be unreasonable & against the Intent of the Grant. The Words (of & in all Breadth aforesaid) Shew that the Breadth was not intended an imaginary Line of Breadth laid upon the Broadest part *but the Breadth respecting the continuance of the Boundaries by the Rivers as far as the Rivers go* but when the known Boundary of Breadth determines it must be Carryed on by Imaginary Lines to the South Sea.

And if the Province of Mayn lies more Notherly than three English Miles from the River Merrimack the Patent of 4° Car. 1mi gives no Right to Govern there & thereupon the Patent of the same 15° Car. 1mi to the Petitioner Gorges will be Valid.

So that upon the whole Matter we are humbly of Opinion as to the Power of Governmt that the Respondents the Massachusets and their Successors by their Patent 4to Martii 4° Car. 1mo have such Right of Governmt as is granted them by the Same Patent within the Boundaries of their Lands expressed therein according to such Discription & Exposition, as we have thereof made as aforesaid, And the Pititioner Sir Ferdinando Gorges his Heirs & Assigns By the Patent 3° April 15° Car. 1mo have Such Right of Governmt as is Granted them by the said Patent within the Lands called the Province of Main according to the Boundaries of the Same Expressed in the same Patent.

Richard Rainsford. Fran. North

All which being the Opinion of the Lords Cheif Justices and fully agreeing with what we have to Report unto Your Majesty upon the whole Matter referred unto us by the said Order, We humbly Submitt the Determination thereof unto Your Majesty.

Which having been Read at the Board the 18[th] Instant, It was then Ordered That the said M[r] Mason & M[r] Gorges as also the Agents for the Corporation of the Massachusets Bay should be this day heard upon the said Report, if they had any objections to make thereunto. In Pursuance whereof all Parties attending, with their Council who not Alledging any thing so Material as to prevail with his Majesty & the Board to differ in Judgm[t] from the said Report, His Majesty was thereupon Pleased to Approve of and Confirm the Same, & did Order that all Parties do Acquiesce therein & Contribute what lyes in them to the Punctual & due Performance of the said Report as there shall be Occasion John Nicholas

by which Solemn & final Judgment of his said Majesty in Council the said Province of the Massachusetts Bay humbly insists that the North and South bounds of said then Colony of the Massachusetts more especially as to the Right of Government so far as the said Rivers extend shall follow the course of the said Rivers, but when those known boundaries determine the breadth shall be carried on by Imaginary lines and the last in part recited Charter or Letters patents of their Said Majestys King William and Queen Mary giving and granting all the Lands Territories and premisses unto their good Subjects the Inhabitants of the Province of the Massachusetts Bay in New England formerly contained within the Limitts and bounds of the said Colony of the Massachusetts Bay Plimouth and the Province of Mayn and the Adjacent Territories as aforesaid, and by the s[d] Solemn and ffinal Judgment the Northern & Southern Boundaries of said Colony of the Massachusetts so far as the said Rivers Extends shall follow the course thereof. Being so ffixed and Ascertained, the said Province of the Massachusetts also insists, that the bounds of the said Province in Law & justice ought & Do Extend three Miles Northward of Merrimack River, or any part thereof, and the said Three Miles must run as the said River or any part thereof doth run and when those known boundaries determine the Breadth shall be carried on by an imaginary line to the South Sea, and in the adjusting Setling & determining the boundarys of the said Provinces of the Massachusetts Bay and New Hampshire all the parties by Law ought to be held to the same and concluded by the said Grants Letters Patents and solemn and ffinal Judgment aforesaid and the rather for that, his Majesty King Charles the Second by his Letters Patents

bearing date the 18th day of September in the 31st Year of his Reign among other things Commissionating a President and Council to take care of that Tract of Land called the Province of New Hampshire and to order and Govern the Plantors and Inhabitants thereof in the Preamble of said Commission are these words, "vizt Whereas "Our Colony of the Massachusetts at Mattachusetts Bay in New "England in America have taken upon themselves to Exercise a Gov-"ernment & Jurisdiction over the Inhabitants and Planters in the "Towns of Portsmouth Hampton Dover, Exeter, and all other the "Towns & Lands in the Province of New Hampshire lying and ex-"tending from the Three Miles Northward of Merrimack river or "any part thereof unto the Province of Main not having any Legall "right or Authority so to do, and by one other Paragraph in the said "Preamble there are these further words Vizt And Whereas the Gov-"ernment of the said Province of New Hampshire so limitted and "bounded as aforesd hath not yet been Granted unto any person or "persons whatsoever, but the same still remains and is under Our "Imediate care & protection And Whereas in said Letters Patents "there are these further words vizt And Whereas the Inhabitants of "the Province of New Hampshire have many of them been long in "Possession of several Quantitys of Lands and are said to have made "considerable Improvements thereon having no other Title for the "same, than what hath been derived from the Government of the "Massachusetts Bay In Virtue of their Imaginary line which title as "it hath by the Opinion of Our Judges in England been altogether "sett aside, So the Agents of the said Colony have consequently "disown'd any right in the Soil or Government thereof from the three "Miles line aforesaid and it appearing unto us that the Ancestors of "Robert Mason Esqr obtained a Grant from Our Great Council of "Plimouth for the Tract of Land aforesaid, and were at very great "charge and expence upon the same until Molested & finally driven "out, which has occasioned a lasting complaint for Justice by the "said Robert Mason ever since Our said Restoration" as by the said Commission made Letters Patents reference thereto had will likewise appear, all which Paragraphs Evidently declare & fully prove the said solemn and final Judgment pronounced as aforesaid then was and forever should be held in respect to the Southern Boundary's of New Hampshire Province and the Northern Boundary's of the Massachuchusetts Province Valid & Irrefragable and the said Province of the Massachusetts have ever since held & Enjoyed the same accordingly, So that the demands of the said Province of New Hampshire and their Insisting by the State of their demands as aforesaid, that the Southern Boundaries of said Province should begin at the End of

three Miles North from the Middle of the Channell of Merrimack River, where it runs into the Ocean & from thence should run on a strait line West up into the Main Land, are not Warranted by any Grant or Commission from the Crown Deed or Conveyance from any private person or by the possession of One hour but altogether Notional and without ffoundation and are directly against the Letters Patents Solemn and final Judgment and Commission aforesaid and the true intent and meaning thereof as also a possession of One hundred Years and Upwards in the Province of the Massachusetts since the granting of the New Charter and under the Old in the Colony of the Massachusetts ; And the said Province of the Massachusetts, begs leave further to observe to Your Honours that there are in the State of their demands Exhibited to your Honours two noted Monuments by them relied upon and wch were known for above seventy Years ago, the first therein mentioned by the name of the Black Rocks at the Mouth of said Merrimack River, from whence measuring three English Miles North there truly forms the Northern boundary of said Province and the same accordingly for that space of time have been so reputed acknowledged and accordingly held and possessed by the said Colony of the Massachusetts under the Old Charter and afterwards under the New Charter to this day which ffacts the said Province doubts not will fully turn out in proof from the Depositions of Some of those Ancient Witnesses whose names are contained in said List herewith delivered to Your Honours, the other noted Monument is Endicotts tree with a great heap of Stones round it standing Three English Miles Northward of the Crotch or parting of the said River, which Tree for the length of time aforesaid has been held Deemed reputed and acknowledged to be the extent of the known Northern bound of said Colony and now the Province of the Massachusetts Bay from the said Crotch or parting of the said river and has been, and is to this day so held & possessed as by Ancient Platts of great Credit & Depositions of others the Ancient Wittnesses in the same List named will clearly appear, and it will at this day appear to be a noted boundary as aforesaid to such Artist or Artists as by Your Honors shall be duly Impowered to take such Plan or Plans as shall be hereafter taken in Virtue of his Majesties Royal Commission to Your Honours directed and therefore there is not the least Shadow of reason to maintain that the South bounds of the Province of New Hampshire should begin at the end of three Miles North from the middle of the now Channell of Merrimack River, where it now runs into the Ocean according to their Modern claim, but the said Southerly boundary line must and ought and always was held and acknowledged to begin at the End of three Miles North from the black Rocks

aforesaid at the Mouth of the said River, as it emptied it Self into the Sea Sixty Years ago, and to run from thence Parallel with the said River as far Northward as the Crotch or parting of the River aforesaid, thence due North as far as the Said noted tree and heap of Stones round it which is the last known boundary & consequently where the Imaginary line must and ought to begin and so be carried due West towards the South Sea, and which the Province of the Massachusetts have held & possessed & doubts not by force of their Right & Title as aforesaid still to hold and possess the same accordingly., And as to the Claims and demands of the Province of New Hampshire on their Northern part, the Province of the Massachusetts Bay for Answer say. That as this Province Claim & Demand a due North West line from the furthest head of the River of Newichwannock till One hundred and twenty Miles from the Mouth of Piscataqua Harbour be finished they give the following reasons, for that his Majesty King Charles the first the 3^{d} of April in the 15th Year of his Reign by his letters patents did give and Grant to Sir Ferdinando Gorges his heirs and Assignes "All That part purpart and portion "of the Main Land of New England aforesaid beginning at the en- "trance of Piscataway Harbour and so to pass up the same into the "River of Newichwannock and thro the same unto the furthest "head thereof, and from thence North Westward till One hundred "and twenty Miles be finished, and from Piscataway Harbour Mouth "aforesaid North Eastward along the Sea Coast to Sagadahocke and "up the river thereof to Kynybeguy River and through the same "unto the head thereof and into the Land Northwestward until One "hundred and twenty Miles be ended, being Accompted from the "Mouth of Sagadahock, and from the period of One hundred and "twenty Miles aforesaid to cross over Land to the One hundred & "twenty Miles end formerly reckoned up into the land from Piscata- "way Harbour through Newichwannock River ; " —

And further say that afterwards Anno Dom^{i} 1677 the Governour and Company of the Massachusetts Bay purchased of the late John Usher Esqr the Assignee of the Said Sr Ferdinando's Heirs Viz^{t} Ferdinando Gorges Esqr Son and heir of John Gorges Esqr and Grandson of the said Sir Ferdinando the same Tract of Land in the Grant of the 15th Charles the first in part before recited & Expressed; All which was granted and Confirmed by the Charter of King William and Queen Mary for Incorporating the said Province of the Massachusetts Bay unto their Subjects the Inhabitants thereof, Now by the said several Grants and Conveyances (in Court to be produced itt plainly appears to be the true intent and meaning thereof that the premisses were understood to be bounded on a square or at Right

Angles to be Governed or determined by the general course of the Sea Coast, which by undeniable Evidence can be sufficiently proved to be North East from the Mouth of Piscataqua Harbour aforesaid unto the River of Sagadahock and therefore such a construction of s^{d} Grant as is made by the Province of New Hampshire in the State of their Claim describing the course of their Northern boundary lying before Your Honours from the Head of Newichwannock River to run Northwestward (That is to say) North less than a quarter of a point Westerly as far as the British Dominions Extends is so Strained and forc't a Construction as the words in their usual Genuine acceptation will no ways admit of, and altogether Inconsistent and Incompatible with the aforesaid Grants And how it is that the Province of New Hampshire should now pretend to continue their Line as far as the British Dominions Extends, we can by no means conceive or Imagine, it being altogether new and unheard of, and for which they can have no colour and pretence by or under any Patent or Conveyance whatsoever touching the same as yet Exhibited. —

And Finally The said Province of the Massachusetts Bay say they thus have Explicitly Sett before Your Honours the true and just State of their Bounds as aforesaid, and the Several Letters Patents Records & Evidences which with the Witnesses when Sworne will be sufficient to Maintain the same, and on which the said Province relys, they therefore conceive it Equall and Just, that the Province of New Hampshire should in like manner Sett forth the Evidences of their Exorbitant and excessive demands as in their State no ways correspondent with the term therein given by themselves of being a small Province and more Especially for that his Majesties said Commission directs that Province in a particular manner to Describe where and in what places the boundaries on the Southern & Northern part of New Hampshire ought to begin, And what courses, and how far the Same ought to run, Which not only puts that Province under an Obligation of so doing, but also of proving and the said Province of the Massachusetts hopes Your Honours will require the same./

Province of the Massachusetts Bay } To the Honourable the Commissioners appointed by His Majesty to settle the Boundary Lines between the Provinces of New Hampshire, and the Massachusetts Bay in New England./

The Memorial of the said Province of the Massachusetts Bay. Sheweth.

That notwithstanding the most Injurious and unjust Insinuations to the contrary, The said Province is earnestly desirous of having the boundary Lines between that Province & New Hampshire marked out and Setled according to Law & Justice, and that with all possible Expedition ; That by their Answer to the demands of New Hampshire they have pointed out the necessity of having One or More Skilful persons to prepare Draughts or Plans of the Country and accordingly Your Honours as the Province is Informed have been pleased to appoint One Gentleman, And the said Province conceive it Equal in a case of this Importance there was another Joyned to him, And therefore pray Your Honours so to do, and to Redeem time that they may Speedily proceed on the Affair for which they were appointed. —

That it's true, there was formerly a Plan taken of the River Merrimack by William Dudley Esq[r] But the said Province conceive it to be of more Efficacy to have the Draught or Plan taken in Exact conformity with the Express words of His Majesties Royal Commission to You directed, And accordingly prays the same. And the said Province also prays Your Honours to reconsider the Motion they made of being heard in all Debates by their Council Learned in the Law, And for that End named Robert Auchmuty Esq[r] a Gentleman regularly called to the Barr practiced as a Councill[r] at Law in the Kings Courts at Westminster Hall for many Years, and as such Entituled for his Clyent to speak in all his Majesties Courts, this the said Province as of Right Claims, and say there never was a Commission from his Sacred Majesty or his Royal Ancestors constituting a Court of Judicature that debarrd the Subject of that Right, and that there is

nothing in his Majesties Royal Commission to You Directed that looks that way, as they apprehend. —

(Loc: Sig)

Dep'cons Simon Willard & Edwd Johnson sworn 17 May 1665. before the Govr & Magistrates at Boston & Attested by the Keeper of the Province Records

189 190 That Dep^{t} being Appointed by the Gen^{ll} Court of the Mass: in 1652. to lay out the Northern Line of their Patent & being then called on to give Testimony of what they did therein They Said they Covenanted with 2 Indians (well acquainted with Merrimack River & the Great Lake having been born & bred there & lived there all their days & as Intelligent as any in those Parts) to lead Dep^{ts} up Merrimack River so far as the River was Merrimack River — That when Dep^{ts} came ab^{t} 60 miles short of the Great Lake there came

2 rivers into one, one from the Westw^{d} of the North, & the other from the Northw^{d} of the East, but the Westerly River seemed bigger than the other — That Dep^{ts} taking notice of both Rivers & knowing they must make use of but one called the Indians to Inform them which was Merrimack River, their Ans^{r} was, the river which was next to Dep^{ts} that came from the Easterly Point, Which River Dep^{ts} followed to the Lake

To All which Deeds & Affid^{ts} the New Hampshire Com'ee Excepted & Protested ag^{t} the receiving the same as they were all transactions under the Old Ch'er — Which they were allowed to do

The New Hampshire written Evidence

How can the New Hampshire Agents reconcile this with their Obj'on to our reading anything as Evidence under the old Charter? [Marginal note.]

Then the New Hampshire Com'ee offered for Evidence a Declaration of the right of the C^{o} of the Mass : Bay which was Ordered to be rec'ed & read

[In place of the abstract here given, this document is given in full from Masonian Papers, Vol. 4, p. 150.]

A Brief Declaration of the Right and claim of the Governour and Company of the Massachusetts Bay in New England to the Lands now in their possession but pretended to by Mr Gorge & Mr Mason together with an answer to their Several pleas and Complaints in their Petitions exhibited, Humbly presented & submitted by the s^{d} Governour and Company To the Kings most Excellent Ma^{ty} as their defence

In the yeare of our Lord 1628. in the third year of his late Ma^{ty} Charles the first of happy memory several Loyal & piously disposed Gent^{n} obtained of the Great Council of New England A Grant of a certain Tract of Land lying in New England, described and bounded as therein expressed, which was in all respects fairly and openly procured, and with so good an intent of propagating the Gospel among the Natives, and to advance the honour and dignity of his late Ma^{ty} of happy memory that they were bold to Supplicate his said Ma^{ty} to superadd his Royal Confirmation thereto which accordingly in an ample Royal Charter was passed, and remains under the broad seal of England March the 4th 1629. in the fourth year of his Ma^{tys} Reign, with further addic'ons and enlargements well becoming so Royal a Majesty and suteable for the Encouragem^{t} of so hazardous

and chargeable an adventure. In pursuance whereof Many of the s^d^ Patentees & other Adventurers transported themselves & Estates, and setled in the most known and accommodable parts of those Lands contained in the s^d^ Charter, neither time Estate nor power suffering them speedily to survey the just extent of their Limits. Not many years different in time several others also of his Ma^tys^ subjects obtained other Grants & made several settlements in the more Northern & Easterne parts of the Countrey. With whom for several yeares we had neighbourly Correspondence, being as they supposed without the Limits of our Patent, amongst whom the present Claimers & Petitioners were. These Grants, partly by reason of the smallness of some of them, and partly by reason of the darke involv'd & dubious expression of their Limits brought the Inhabitants under many intanglem^ts^ and dissatisfactions among themselves, Which (there being no setled authority to be applied to, being deserted and forsaken of all such as by virtue of s^d^ Grants did claim Jurisdiction over them, and had made a successless Essay for the settlement of Government among them), proved of some continuance, unto the great disquiet & disturbance of those his Maj^tys^ Subjects that were peaceable and well disposed amongst them, To remedy which inconvenience they betook themselves to the way of Combinations for Governm^t^, but by experience found it Ineffectual. In this time, Ignorance of ye Northerly running of Merrimack River hindred our actual Claim and Extension of Government, Yet at length being more fully setled, and having obtained further acquaintance & correspondency with the Indians possessing ye uppermost parts of that River, encouraging an adventure, as also frequent Sollicitations from ye most considerable Inhabitants of those Eastern parts earnestly desiring us to make proofe of and assert our Interest We imployed the most approved Artists that could be obtained who upon their Solemn Oaths made Returnes That upon their certain Observation Our Northern Patent Line did extend so far North as to take in all those Towns and places which we now possess, which when the Inhabitants as well as our selves were satisfied in (urged also with the necessity of Government amongst them) they peaceably and voluntarily submitted to ye Governm^t^ of the Massachusetts Viz^t^ Dover, Squamscot and Portsmouth Anno 1641. Kittery, Yorke & Wells Anno 1652 & 1653. From which times until the year 1662 when there was a small interruption by a Letter of Mr Gorge, and afterwards in the year 1665. (when his Ma^tys^ Commissioners Colonel Nichols & others came over) the Inhabitants of those parts lived well Satisfied & uninterrupted under the Massachusetts Governm^t^. But then the s^d^ Commissioners neither regarding ye Massachusetts just

right, nor the Claims Of Mr Gorge and Mr Mason setled a new forme of Government there, but this hardly outlived their departure, the People impatient of innovac'ons & well experienced & satisfied in their former settlem^t^ quickly and quietly returned to Order again and so continue unto this time THIS is in a few words the true state of the matter For the further Illustration whereof, & Justificac'on of our proceedings therein, and vindication of our selves from the reproachful imputation of usurping authority over his Ma^tys^ subjects in the Easterne parts pretended to, with other Scandals cast upon us by the Petitioners WE humbly present the following pleas by way of demonstration, & Argue.

1 — That our extension of Governm^t^ to those Eastern parts claimed, is agreeable to our indubitate Patent Right. Our Patent according to the express termes therein contained ; without any ambiguity or colour of other Interpretation, lyes between two East & West paralel Lines drawn from the most Southerly part of Charles River, and the most Northerly part of Merrimack, with three miles advantage upon each, which upon the observation of men of approved & undoubted truth upon Oath are found distant one degree & 49 minutes North Latitude being to extend in full Latitude and breadth from Sea to Sea (ut in terminis) and therefore cannot be bounded by many hundreds or infinite numbers of Lines as the River of Merrimack maketh bends or angles in two hundred miles passage from Winipoisekek Lake to the mouth thereof, which to imagine, as it is irrational, So would it involve us and any borderer into so many inextricable disputes as are by no wayes to be admitted by a Prince Seeking his subjects peace. Besides were Such a Construction allowable (which wth uttermost streining is) yet all favourable Interpretation is to be afforded the Patentees by the gracious expression of the Charter. Now according to the afore mentioned Observation (so confirmed) all those Eastern Plantations challenged by our Opponents (ut Supra) are comprehended within our Northernly Line We deny not but the Artists of their Selves, and if any question thence arise We feare not to submit to Tryal to ye most exact & rigorous Test that may be

The invincible Strength of this our first plea may further appear by the consideration of the frivolous & insignificant Allegations of the Petic'oners in opposition thereunto. Viz^t^ 1st the nonextension of our Line, or Assertion of our Right to those Eastern parts for some years, ignorance as our Case was circumstanced, debarring no man of his just right, neither can it reasonably be supposed that the exact Survey of So large a Grant in So hideous a Wilderness possessed by an Enemy, would be the worke Of a few yeares, our own poverty not

affording means, & our weakness (allowing no deep Adventure into the Country) permitting us not to view the favourable running of the River which none can imagine altered its course by our delay. We may as well be deprived of far more than we possess or ever Saw on our western parts to the South Sea (which none will deny) because we have not surveyed it or are soon like to be able, as be taken from our Northern right So obvious to the meanest artist.

2ly The possession house in Hampton of So little Significac'on and so long Since disused that Mr Mason hath forgot the name thereof, and calleth it bound house, erected to give the world to know that we claimed considerably to ye Northward of our then Habitations upon the Bay, though we did not know the uttermost extent of our right, Our Fathers not being So ignorant of the Law of the Realme to which they did appertain, as to suppose the taking possession of part did debarr them of the remainder but the contrary. And We challenge Mr Mason or any on his behalfe, promising our Records shall be open to the most Scrutinous search to prove it either called or intended according to his abuse thereof

3dly That notorious falshood of stretching our right to near four hundred miles North and South more than formerly we were satisfied wth, our whole breadth being but one hundred and nine mile which is not much more than a quarter part of what he would have the world believe our new Claime and (as he would insinuate) usurped Territory doth contain, Arising (we would charitably believe) partly from ignorance of the Coasting of the Countrey. Mr Mason acquainting by the sea side, and we Suppose casting in the measure of every harbour and Cove to make up that Calculation, which lies much of it due East, and not to the North but we fear malevolently suggested (as many other things as of little Credit) to introduce into his Matye his Royal breast a belief that we are unreasonable in our pretensions, and So unworthy of his Matys favour which we hope such unlawful Endeavours will never be so prosperous as to obtain What may be further added to this our first plea may be supplied from the Reasons formerly presented. We urge

Secondly, The Invalidity of those Grants pretended to by the Petitioners, which are of two sorts, 1st Such as beare date after ours which we see no reason to feare any interruption from Secondly Such as are pretended to beare date Before ours, Against which We object that they are not authentick wanting a sufficient number of Granters to make them So. None of them (as we presume will appeare upon Tryal) having above Six hands and seales annexed to them, the sd Council of New England consisting of forty, and his Matys Grant to them expresly requiring (as we are informed) seven at

the least to signe to make any valid act And indeed Mr Masons own often unwearied renewal of his Grants in 1621 sixteen hundred twenty two, sixteen hundred twenty nine and 1635 (as he saith) tacitly confesseth the same; invalidity in the former putting him to charge for the latter till at last he fell into such a Trade of obtaining Grants that his last and most considerable, was six years after the Grant of our Charter, from his Ma^ty^ and but three dayes before the s^d^ Councils declaration of their absolute resolution to resign, and but a few dayes before their actual Surrender, as he asserts, Which of what value & consideration it is from the S^d^ Council circumstanced under a necessity of resignation of their great Charter procured rather by the clamour of Such ill affected persons as the present Complainant than by any true Accompt of dissettlement or ill management here, is not difficult to judge. Hence it appears First how little Reason Mr Mason hath to brand us with fraud or surreptitiousness in obtaining our Charter; which hath most shew of Fraud and surreptitious procuration, a sufficient number of those hon^ble^ persons subscribing ours, & fewer his pretended antidated Grants, is easie to determine. In which assertion is to be observed the high reflection cast upon the Members of his late Ma^ty^ and Ministers of State, groundlesly rendring the Councils Seal yea the great seal of England exposed to fraud, and deceitful clandestine practices. Yea upon his present Ma^ty^, insinuating himselfe better acquainted with matters of State than he who allows and confirmes our Grant as authentick by his gracious Letter of sixteen hundred sixty two which intolerable boldness how unbecoming, (not to say more) in a Subject it is not easie for us to Say, To all which We may add Sr Ferdinando Gorges Application to the authority here to interpose in his affair, Which he, being one of the great Council, would have been far from acknowledging, had Mr Masons allegations been founded upon Truth. SECONDLY That Articles of Charge depending upon such illegal and post dated Grants cannot take place against us were their Disburse as great as it is affirmed Which by Eye witnesses upon the place and stil living are proved comparitively very inconsiderable. 3^ly^ We affirme That the whole managem^t^ of the affair respecting our Goverm^t^ of those Eastern parts, was in an orderly and peaceable way, and not without ye reiterated and earnest sollicitation of most of the People there inhabiting, Sufficiently appearing by their Several Petitions, And we challenge Mr Gorge and Mr Mason by any living Evidence or Record to shew any signe of a forceable Entrance Some Magistrates upon ye clearing of our right to them, and acceptance of the tender of themselves to us, being sent thither without any other force than each of them a servant to attend them Indeed Some years after Capt Boni-

ton for mutinous carriage was seized & brought to Justice, concerning which & many other cases many Inhabitants yet living, and Eye Witnesses can give in the most impartial Evidences — 4ly We offer to Consideration that the deserted and ungovern'd state of the People of those places, had we not had that Patent Right So clearly evinced, might warrant our acc'ons Especially considering the Obligation upon us to secure his Matys honour and maintain ye publick peace So hazarded by the total want of Government amongst them — Our first Exercize of Jurisdiction being in the year 1641 eight year after Capt Neale Agent for Mr Mason had wholy deserted the improvemt of Land and the Governmt of ye Country, which, indeed, he never used but one year for in the year 1630. he first came over and in the year 1634. he quitted the place and in the interim neglected the Same in making a Voyage for England, the short time of his tarriance not admitting of settlemt of Government or improvemt We may hereto subjoin that Mr Joseph Mason Agent for Mrs Ann Mason, when here and all things were fresh in memory, made no demand contrary to what is affirmed but petitioned our Justice against his Debtors there & elsewhere And That Sr Ferdinando Gorges his Grant being So mean & uncertainly bounded that he knew not well how to find, much less to improve it to considerable advantage, by his Letter bearing date . . . . . doth devolve the whole charge, and care of his pretended Province upon the authority here established, Lastly. That the Exercise of Jurisdiction in those Eastern parts hath been and is his Matys honour, the peoples great benefit, and our Charge without profit, which had it not been ; the ruine of those parts would have unavoidably ensued in ye want of all Government, and their Seizure by the French, who ever waited a fit opportunity for the same. They have part of them for thirty[five yeares and others twenty yeares (Some small interruption intervening, producing the stronger inclination & resolution in them to be constant to his Matys authority here) lived under the Governmt of the Massachusets ; a quiet, well ordered & thriving people, And as for any Complaint from ill affected persons, It is well known that the best and wisest Government is not without disquiet from some such And no wonder if silly people are soon affected with such fair, glowing promises as Mr Mason hath made & published, as it were determining the Case before Tryal by his late Letters to the Inhabitants in those parts And that our Governmt in those places have been no gain is So unquestionable a Truth that never was any Levy laid upon them for the Supply of the publick Treasury, thô much hath been and is further like to be expended for their Security, who otherwise will inevitably become an easie prey to the heathen now in hostility with us, and at this present time rageing in those parts.

The beforewritten is a true Copy transcribed from the Records of the General Court of the late Colony of the Massachusetts Bay, held by the Governour & Company of the s[d] Colony, at Boston the 6[th] of September 1676.

To the Right Honble the Lords Commiss^{rs} for Trade & Plantations

May it Please your Lordships

In obedience to Lordships commands Signified to us by m^{r} Popples letter of the 8th march 1733 and the 5 Jan^{r} last, wee have considered the Question which you was pleased to propose to us —

From what Part of Merrymack River the three Miles from whence the dividing lines Between the Provinces of Newhampshire and the Province of the Massachusets Bay is to begin, ought to be taken according to the intent of the Charter of W^{m} & Mary

And wee have been Several times attended by the Council and agents of Both Provinces —

The Council for Newhampshire offered Several arguments to prove, the dividing line ought to be taken from three Miles North of the mouth of Merrymack River.

The Council for the Massachusets Bay, would not Say what it was they insisted on, or give any answers to what had been urged by the Council of the other Side, But declared that in their opinion the question which was propos'd to us would not Determine the Matter in Dispute and therefore they tho^{t} it unnecessary to Say any thing upon it

Whither this be So or not, wee are not able to Judge. But as to the question which is refer'd to us —

Wee are of opinion

That the dividing lines Between the Provinces of Newhampshire and the Province of the Massachusets Bay, is to be taken according to the intent of the Charter of W^{m} & Mary, from three Miles North of the Mouth of Merrymack River where it runs into the Atlantick Ocean —

Which is humbly Submitted to your Lordships

THE MASSACHUSETTS WRITTEN EVIDENCE IN REPLY

The Mass: Com'ee Produced & read the ffoll Address to King Charles the 2^d^ in 1678 from the Govr & Co of the Mass:

[In place of the abstract here entered, this document is given in full from Masonian Papers, Vol. 4, p. 153.]

At a General Court for Election held at Boston the 8th of May 1678 —

TO THE KINGS MOST EXCELLENT MAJESTY

The humble Petition and Address of the Governour and Company of Your Majestys Colony of the Massachusetts in New England Humbly Sheweth

That Whereas your said Petitioners have since your Majestys most happy Restoration upon their Several Addresses in the Years 1661. 62. &c Received Many Signal and Gratious returns of favour Confirmation of our Charter, pardons of our Errors, Assurance of your Royal inclination to promote the trade and happyness of this Plantation) proceeding only from your Royal goodness which hath highly obliged us to all due acknowledgements thereof as We have had Op-

pertunity and We Shall for future at no time Omit to manifest (according to Our Capacity) our hearty and Sincere affection to your Majestys Service and Interest as in duty We are bound, and therefore most humbly Implore the Continuance of these gratious Influences whereby your Poor Subjects here have been So much refreshed in their Great Sufferings and distresses, and that your Majesty According to your Innate wisdom & goodness will receive no Impressions from any that for their own evil ends shall endeavour (by false and mistaken Reports) to represent Us as affecting and Aspireing to a greatness Independant on your Majestys Sovereignaty over Us or Incompetable with the duty of good and Loyal Subjects to a Most Gratious King in whose prosperity — We most heartily rejoyce, And for which We daily pray, In humble Obedience to Your Majestys Command In Seventy Six We dispatched our good friends, Mr William Stoughton and Mr Peter Bulkley to Attend your Majestys Pleasure Concerning the Bounds of Our Patent in reference to Mr Gorges and Mr Masons wherein as We have been Informed your Majesty hath declared your Pleasure as to the Settlement of the bounds of Our Patent, and our Right of Government therein according to our Charter which is matter of Great Satisfaction to all your good Subjects here it being their utmost ambition to enjoy under your Royal Protection and allegiance the known and declared ends of the first Undertakers which hath hitherto been Carried on att their own Charge both formerly & lately Defended by a greater Expence of Blood and Treasure than will easily be believed — whereof they Cannot but desire to reap the fruits which they assure themselves they may without any diminution of your Majestys Greatness Dominion or Glory which with your Majestys Pardon we are bold to affirme will not be Advanced by any Innovation or alteration of our present Settlement —

We humbly Supplicate that our Messengers having dispatched the business betrusted with them by Us and Commanded to Attend by Your Majesty may be at Liberty to return and not be Obliged to make Answer to Such Complaints as are made by unquiet Spirits, who Seek not your Majestys but their Own Advantage and our Distress, And what shall be Incumbent on us we Shall with all dutifullness attend as becomes good Christians, And Loyal English Subjects, and Shall Glory in giving your Majesty all Just Satisfaction, not insisting on any Erata' that may have Slipped Us in forty eight years especially in our Infancy or in the time of the late Confusions, for which (as we have had) we again most humbly Implore your Majestys most Gratious Pardon which will further oblige us for the future to be most observant of your Royal Pleasure, as to your Es-

tablishment of Us according to the Charter granted by your Royal Father and Confirmed by your Royal Self upon Several Occasions —

Let your Majesty be Pleased to accept from our Messengers aboves[d] an Account of our ready Obediance to your Majestys Command for taking the oath of Allegiance in the forme prescribed And our repealing that Law referring to the Oath so Ill resented by your Majesty with Some orders M[r] Attorney and M[r] Solliciter excepted against Us our messengers have Intimated, we might recount the Particulars and present our further desires, but fearing we have been too tedious to detaine Your Majesty from your more Important affairs. And not being in a present Capacity to manifest our Gratitude by a Suitable Acknowledgement of your Constant goodness, by reason of the Great Disolations Great Charges and debts Contracted and yet remaining upon Us by the late Insurrection and outrages of the Indians We prostrate at your Majestys feet and humbly begg the Acceptance of the Loyal hearts —

Your Majestys most humble Subjects & Supliants The Governour & Company of the Massachusetts Colony in New England —

New Hampshire Reply to Massachusetts Claim

[Instead of the abstract here entered, this document is given in full from the original in Masonian Papers, Vol. 4, p. 158.]

Prov. of N. Hampr } To the Honble His Majesty's Commissionrs for Setling the Boundary Lines between the Provinces of New Hampshire & the Massa Bay —

A Reply to the Answer of the Province of the Massa Bay to the Demands & Pretensions of the Government of New Hampr Exhibited by the Agents of the Province of the Massa Bay — which is Presented by us the Subscribers in behalf of His Majestys Government of New Hampshire

Having Moved for & obtained leave of Your Honours to Exhibit any further or other answer to the Demands & Pretensions of the Province of the Massa Bay, as also a Reply to their Said Answer, And as being the Original Complainants we Claim it is our Right to Close & Shut up the Arguments on this Controversy — Do therefore further Say, in the first Place That the Province of the Massa Bay ought to be Deemed & held to Contend as well with His Majesty as with His Province of New Hampshire in the Present Controversy, for that the Said Prov. of the Massa Bay have Encroached on the Kings Lands, & Extended their bounds far beyond the Just & Legal Limits of their present Charter, & have made many grants of Lands belonging to His Majesty & in this Province of New Hampr And have from time to time usurp'd Jurisdiction over a Great part of the Province of New Hampshire by trying the Title of Lands in the Courts held in & for the County of Essex in the Province of the Massa Bay, which Lands, lay above Seven Miles & Some above ten Miles from the River Merrimack ; And Yet in their Present Demands they Say their Line ought to Run Parallel with the River at the Distance of three Miles, So that 'tis plain they have Exercis'd a Jurisdiction, (by trying the title of those Lands,) without the Limits of their Government —

Now the Province of New Hampshire being under His Majestys Immediate Government & the Right to the Lands being Immediately in him of whom Every Proprietor holds the Same Directly, the

Present Controversy is properly between His Majesty on the One part only, & the inhabitants of the Prov. of the Mass[a] Bay on the other part, who have the Right to the Soil as well as Government of their Province. So that there is no grounds for their distinction which they make, by Saying they ought not to be held to contend with His Majesty, but with the Province of New Hampshire only — besides were there any Difference between His Majesty's Lands & those belonging to the Province of N. Hamp[r] the Government of New Hamp[r] being His Majesty's Immediate Governm[t] as aforesaid, have a Right by virtue thereof, & ought in duty to prevent if they Can, any Incroachm[ts] on the King's Lands, that lye nearer to them than to any other Governm[t] Immediately under his Majesty, and therefore may well Appear in His Majestys behalf & Demand a Settlement of the boundarys between His Lands & those belonging to the Prov. of the Mass[a] Bay. —

2 As we find the Prov. of the Mass[a] in their Answer to Our Demands as well as in *their* Demands, Insist on that Judicial Determination before K. Charles the 2nd in 1677 as being final & Conclusive of the present Controversy, & that they have thereby an undoubted Right to Extend their Limits agreeable to the Lines they have described in their Said Demands — We would beg leave to add to what we have Said in Our Answer, on that head, That His Excellency when he was Appointed Governor of these Provinces, Obtain'd an Instruction from His present Majesty, to lay the affair of the Lines before the Respective Assemblies of the Said Provinces, that they might make Choice of proper Persons to Adjust & Settle y[e] Same — Pursuant to which the Gen[l] Courts of the Said Provinces Enacted Laws which they thôt proper & pertinent to the Occasion — That, pass'd by the Gen[l] Court of the Mass[a] is now Extant among their Laws, & is Entitled, *An Act fully Impowering Commiss[rs] to Determine the bounds between this His Majesty's Province of the Mass[a] Bay, & the Province of New Hampshire* — If the Prov. of the Mass[a] had a Design to Execute this Law when they made it, that Shows they themselves thôt the bounds unsettled, & that the matter was then Controverted, for otherwise they will Impeach the Wisdom of the King and His Gov[r] in troubling and concerning themselves about the Said Instruction, and also their own Conduct in putting themselves to a great deal of trouble and Charge to have that Determined which was so before, as they now Say by the afores[d] Judgment. but if they had no design to Execute the Said Law when they made it, no man will Say they Acted the honest part whatever other Views they might have. But as we have no Suspicion that this was the Case when they pass'd the Said Act, tho' it did not take Effect, So we

Say, that whole Transaction fully demonstrates the Sense that the King, the Govr, & the Province of the Mass^{a} Bay had of this matter, at that time Namely that the boundarys between the Said Provinces were unadjusted & in Dispute. And tis remarkable that in Govern^{r} Belcher's Commission for ye Governm^{t} of New Hamp^{r}, the words that us'd to be in former Commissions viz three miles Northward of Merrimack River & every part thereof are left out, and that as we have been Inform'd by the Govern^{rs} own motion which Still further Argues what Apprehensions he as well as all concern'd in making out the Commission had of the extent of this Province, viz that it was not Limited by a Line running Parallel with the River to the head thereof. And Indeed how was it possible for them to think otherwise, the Reason & nature of the thing must, as we take it, force all that consider the case into the Same Apprehensions — for how can it be that a Judgment on one Deed or Grant, Should be a Decision of a Controversy on another which is materially & Essentially Different, Especially too when the Deed it Self is Annihilated, & of Consequence all that Depends upon it Void — And the Prov. of ye Mass^{a} in their Answer to our Demands Seem rather to urge the Reason than Authority of the Said Judicial Determination, by confessing they hold by a Different Grant, but that it Conveys the Same Lands, which leads us to Consider — THIRDLY that Paragraph in their present Charter which they Rely on as Sufficient for that purpose — the words are, "Provided also that it Shall & may be Lawful "for the Said Govr & Genl Assembly, to make or pass any grant of "Lands lying within the bounds of the Colonies formerly called the "Colonies of the Mass^{a} Bay & New Plymouth & Province of Main, "in Such manner as heretofore they might have done by Virtue of "any former Charter or Letters Patents; which Grants of Lands "within the bounds aforesaid, We do hereby Will & Ordain to be & "Continue forever of full force & Effect, without our further Appro-"bation & Consent." The true intent & Design of this Paragraph was to give the Govern^{r} & Genl Assembly of the Mass^{a} a power to make & pass any Grants of Land in the Same manner, that is, as fully & Effectually to Convey the fee or a Good right & title to the Grantee, as they Could under ye first Charter, and of this we make no doubt, but the Question is how far & within what Limits they were to Exercise that power according to the true Intent & meaning of the Charter — And here first we would observe that by this Charter the Province of the Mass^{a} has different bounds from those of the Colony of the Mass^{a} bay by the old Charter. this they themselves will Confess is true as to the breadth of the Province, & we take it to be no less true with Respect to the Length thereof, tho' they may not be

So willing to own it. And this difference was not an Accidental thing but designed by the Grantor. and here it is in this part of the Charter, after the Recitations & before the habendum, that we ought to look for the bounds & true Extent of the Province, for 'tis the Office of the first part of any Deed after naming the grantor & Grantee to Describe with Certainty the thing Granted. and it is altogether as Improper to Enlarge the bounds of the Land Conveyd by any Deed after ye habendum as it is to add to & Increase the number of Grantees by Inserting their names there. we therefore conclude that the true extent of the Prov. of the Mass^a^ is to be found after the Recitations & before the habendum, where their bounds are first mentioned, And hence it follows, SECONDLY that the Exercise of the Said power of Granting of Lands is by the Said Charter Limited to & Restrained within those bounds, & cannot be extended beyond them by any after Sentence or Paragraph. And this further Appears by duly Attending to the words of the Said Paragraph, for the words, *within the bounds aforesaid,* must Refer either to the Colonies & Province mentioned in the former part of the Paragraph, or Else to the New bounds given by this Charter, that it must be the Latter is plain, from this, that the Sense is Compleat without them, if the bounds of the Colonies & Province Were Intended, & these words, *within the bounds afores*^d^ are of no Significancy, According to that Construction, as will Appear by Reading the Paragraph without them. but when those words are Referr'd to the bounds given before by the Charter & mentiond before the habendum, they are Significant & useful & the Sense of ye Period is Compleat, & every member or part of it Sensible & of Some use —

And tho' by a Stricte Grammattical Construction these words may Refer to the bounds of the Colonies &c Yet Such Construction is often Over Rul'd where the Sense Requires it, & the Plain Intent & Sense of the Instrum^t^ shall Govern the Construction & Carry it against the Nice Rules of Grammer. it were Easy to produce many Instances of this if Necessary but is as we take it too plain & Notorious to Need it. But Especially in Charters Grants or Deeds which allow a more Liberal & Equitable Construction So as to Comport with the Intention of the Grantor, And in the Case we are Speaking of the Sense Evidently Requires Such a Reference as we Contend for, namely to the Bounds first mentioned after ye Recitations, or else the Charter Contradicts it Self. And when there are two Constructions put on any Deed the one agreeable to the Strict rules of Grammer but make one part of the Deed Contrary to the other, and another Construction which tho' contrary to a Rule of Grammer is yet good Sense & makes the Deed Consistent with it

Self thro-out, can any man in Such a Case be at a Loss which Construction ought to be follow'd? And this is plainly the case if the words we have been Speaking of have Such a Reference as they would give them, as a little attention to the Charter & what we have Said thereon will plainly Evince —

Now the Government of New Hamp^{r} Claims all the Land that Lies between the Northern Boundary of the Massachusets, & the Southern Boundary of the late Province of Main, and that His Majesty allows & understands that to be the Extent of the Province of New Hampshire may be Justly Inferr'd and is fully prov'd, by the Paragraph before Referr'd to in Govr Belcher's Commission for the Governm^{t} of this Province, in which the words that us'd to Seem to Limit this Province to a Line run three Miles North of any & every part of Merrimack River are left out, which shows that New Hamp^{r} might possibly run nearer the River in Some places as the Line of the Prov. of the Mass^{a} might probably be run. for it cannot be rationally Suppos'd that the King intended One Line for New Hamp^{r} & another for the Mass^{a} & So leave Some Towns or a part of Some Towns, neither under that Governm^{t} nor this, & Consequently under none. which must be the Case if that wch is a Northern Boundery for the Mass^{a} is not a Southern Boundary for New Hampshire —

This point is further Demonstrated from the Commission which gives your Hon^{rs} Cognizance of this matter, which Says you are to Settle the boundaries between these two Provinces which must therefore joyn to Each other, or the boundaries cannot be Said to be between them, — No Common Man is ever guilty of Such an Egregious Blunder as to Say that Bounds may be Settled between the land of A. and B. if C hath a Tract of land lying between theirs — It is plain then that In order to find out the true Extent & Bounds of New Hampsh^{r} Your Hon^{rs} must make a Construction of the Charter of William & Mary & Determine where the boundaries therein given Ought to run, & when you have done that & Mark'd them out the boundaries of New Hampshire will Show themselves —

We Submit the whole to your Hon^{rs} Judgment not doubting of an Impartial & Judicious determination and in behalf of His Majestys Government of New Hamp^{r} Subscribe Our Selves Your Hon^{rs}

MASSACHUSETTS REPLY TO NEW HAMPSHIRE CLAIM.

[In place of the abstract here entered, this document is given in full from the original in Masonian Papers, Vol. 4, p. 159.]

To the Hon^{oble} his Majesties Commissioners for Setling the Respective Boundaries between the Province of the Mass^{a} Bay & New Hampshire as well on the Southern as Northern part of New Hampshire./

May it Please Your Honours.

The Province of the Massachusetts Bay to Support their Claim humbly present their letters Patent given in 1691, and the final Judgment of his Royal Majesty King Charles the Second in Council given upon the Southern boundary aforesaid in 1677, to be enter'd in this Court according to the direction of your Commission, And thereupon say,

That his Majesty King Charles the first by his Letters Patent under the Great Seal of England, dated at Westminster the fourth of March in the fourth Year of his Reign, did Grant & Confirm to Sir Henry Roswel & others their heirs & Assignes All that part of New England in America which lieth between Merrimack River & Charles River, And all the Lands lying within three English Miles on the South part of Charles River, or of any part thereof, And all the Lands lying within three English Miles to the Northward of Merrimack River, or to the Northward of any part of it, and all the Lands lying within these Limits North & South in breadth, and in length of and within all the breadth aforesaid throughout the Main Lands there, from the Atlantick Ocean on the East part to the South Sea on the West part, Creating them a Body Politique by the name of the Governour And Company of the Massachusetts Bay in New England for the planting & Governing thereof —

In November following the President and Council at Plimouth granted to One Captain John Mason and his heirs certain Lands which they agreed should be named New Hampshire, bounding the same towards the Massachusetts by the middle of Merrimack River from the Mouth to the farthest head thereof, and from thence up into the Land Westward till threescore Miles be finished, which Grant we also pray may be Enter'd in this Court./

These Grants thus Interfering we once claimed a Right to the Soil and Government of all New Hampshire, & in Our Answer with a plan of Merrimack River presented to the King in 1677, which we also pray may be enter'd in this Court, alledged the Grant of that

Old Charter for it, Urging that we were bounded between two East & West Paralel lines drawn from the most Southerly part of Charles River, and the most Northerly part of Merrimack River, with three Miles advantage on each, and reaching from Sea to Sea, and therefore could not be bounded by so many hundred lines as the River Merrimack makes bends or Angles in two hundred miles passage from Winnipesokie pond to the Mouth of the River. But this was our Mistake for such lines could never answer the plain words of that Charter, which expressly limited us as to the Lands Northward of Merrimack River to those only that were within three English Miles of the River, And therefore that Judgment of the King in Council in 1677 accordingly determined, that the North & South bounds of the Lands granted, so far as the Rivers Extend, are to follow the course of the Rivers, which made the Breadth of the Grant, So that dispute was then Setled, his Majesty made New Hampshire a seperate Province to be Ordered by Governours of his Majesties Immediate Appointment, And all the Commissions to their several Governours, that at any time since, mention their bounds, ever describe them as containing all those Lands that lye and Extend from three Miles Northward of Merrimack River or any part thereof to the Province of Main, As by the respective Paragraphs thereof herewith presented appears which we also pray may be Enter'd in this Court./

Now tho' that Old Charter of the Massachusetts Colony was afterwards Cancelled by a Judgment given in the Court of Chancery in the thirty sixth Year of King Charles the Second; Yet their Royal Majesties King William and Queen Mary by their Letters Patents in 1691 Declaring that King Charles the first by his letters Patent had Granted & Confirmed to Sir Henry Roswel & others their Heirs and Assignes All that part of New England abovementioned to be granted them, Creating them a body Politique by the name of the Govr & Company of the Massachusetts Bay in New England, that they by vertue of those Letters Patents had setled a Colony of the English in those parts which was become very Populous, and that these Letters Patent were afterwards, cancelled by a Judgment in Chancery Do WILL & ORDAIN that the Territories and Colonys commonly called or known by the names of the Colony of the Massachusetts Bay & Colony of New Plimouth the Province of Main &c, be Erected United and Incorporated into One Real Province, by the name of Our Province of the Massachusetts Bay in New England.

About five Years after this the Governour & Council of New Hampshire caused their boundary line to be run from the Atlantick Ocean three Miles Northward of Merrimack River, following the course of the River, so far as they had any Settlement near it, and

filed the Plan thereof among their publick Records. An Authentick Copy whereof we here present, and pray it may be Enter'd in this Court./

And as to their particular Objections & Allegations viz[t]

Objection 1[st] That his Majesties Judgment in 1677 should have been pleaded in Barr to a New tryal, against their Petition for it, and therefore cant be used in our present defence./

We say we are now upon the Tryal where the Line is to be marked out upon the spot & Establisht, which never hath been done; and therefore now only is the time to produce that Judgment as well as any other Evidence we have.

Object[n] 2 That that Judgment is void, because the Colony Charter, upon the Northern boundary line whereof this Judgment was given, is cancelled. We say It is void as to the Gov[r] & Company of the Massachusetts Colony, which are dissolved; but not as to the Province of the Massachusetts Bay, into which all that was called or known by the name of the Colony of the Massachusetts Bay is incorporated: for the Old Charter together with his Majesties Judgment upon the meaning of the words of that Old Charter in the day of it are matters of Record of the highest nature & definitely determine what was called or known by the name of the Colony of the Massachusetts Bay, and no Man has right to dispute it.

Object[n] 3[dly] That the three Miles North of Merrimack River is to be taken from the middle of the Channell, because the Attorney and Solicitor General say, it is to be taken from three Miles North of the Mouth of the River, where it runs into the Atlantick Ocean. We say wherever the rivers Mouth runs into the Sea even to the Northermost side of it, is Merrimack River; therefore from thence the three Miles must begin./

Object[n] 4[thly] That the River Extends from the Sea to Pantuckett Falls thirty five miles Westerly, thence to the Crotch fifty five Miles Northerly 15:30 West in the whole, allowing for the variation, and by the Old Charter the Line is to run three Miles North of Merrimack River or to the Northward of any or every part thereof, therefore by that Charter the Line cant run parallel with the River from Pantuckett Falls to the Crotch unless a line can run parallel to a River that runs North, and yet be three Miles North of the river, which is impossible.

We say, The words of the Old Charter are, We grant them all that part of New England, that lieth between Merrimack and Charles River and all the lands Lying within three Miles to the Northward of Merrimack River, or to the Northward of any part of it, Now the first clause gives us all the Lands between the Rivers Generally, and

the Second plainly intending to give us all the Lands within three Miles of Merrimack on the other side of it, expresses it in few and effectual words, containing two Limitations to distinguish these Lands by, vizt All the Lands that lye within three Miles of Merrimack, and to the Northward of it, now the Lands inclosed between this Parallel line and the River from Pantuckett ffalls, to the Crotch are as much within these two Limitations as those from Pantuckett Falls to the Rivers Mouth, for they are within three Miles of the river & they are to the Northward of it, or on the Northside of it, there never was a River yet that had more than two Sides, this has a Northside named so from the course of the lower and Principal part of it, and therefore the other side must be the Southside, and if this Land be not on the Southside, it must be on the North, and whoever travels down due south from any part of that line, he will come to the river therefore tis part of the Land absolutely granted by the plain meaning of the grant, as well as the Irresistable force of the words.

If the Grant had been of all those Lands on the Northside of Merrimack that lie within three Miles of those parts of the River, that they bear due North from, in such case when the River turn'd Southerly diminishing our Breadth against Haverhill and Dracut, we must have diminisht of Our three Miles in width, and when it turn'd up towards the Crotch upon a course near North, we must have been very narrow, where it was due North, Our line must have run in the River, and thus according to the reaches of the River proceed till we come three Miles above the Crotch, and this we could not have been hindred of then, but the words of Our grant are not such, if they had, we had saved as much people & money which we spent in setling and defending the Lands they now Claim as New Hampshire and all their Claims would have been worth at this day, and if they could force their quibling construction upon Our grant, they would not bring so much advantage to his present Majesty, as they would cast reproach upon King Charles the first that made it above a hundred Years ago, but the words and meaning of our Grant can bear no other sence than what gives us our demand as above. However least any Man should be able to pervert the plain meaning of his Majesties Grant aforesaid he has fuller words granting all the Lands within three Miles of the River to the Northward of the River or to the Northward of any part of it, which puts the matter beyond all doubt, as themselves intimate if these words must be taken together ; and therefore no doubt but his Majesty King Charles the first knew the course of the River when he gave the Old Charter, especially considering the form of New Hampshire runs North up Piscataqua and

Newichawannock River to the head & from thence Northwest, which well Answers their Circular course by this River, But that King Charles the Second knew it when he gave that Judgment is certain, for the Massachusetts then in their defence told him, this River had such reaches northerly as that a due East & West line from the head of it, gave them all New Hampshire, and he understood them well for his final Judgment against them was, to run the course of the River up all these reaches and Extend their grant from the Atlantick Ocean within all the Breadth afores^{d} that the Rivers give them as far as they go, and then with the Breadth there found to proceed to the South Sea./

Object^{n} 5^{thly} That the Province Charter leaves out those Important and Material words of the Old Viz^{t} to the Northward of any and every part thereof, and gives us All that part of New England lying and Extending from three Miles Northward of Merrimack on the North to the Atlantick Ocean on the South in breadth and in length of and within all the breadth & compass afores^{d} throughout the Main Land from the Atlantick Ocean towards the South sea &c, the most rational construction of which is that this boundary should be a Straight line beginning three Miles North of the Rivers mouth & running due West throughout the Main Land &c.

We say. That the Province Charter reciting the Old Charter and the Cancelling of it, Ordains that the Territories or Colonys commonly called or known by the name of the Colony of the Massachusetts Bay & Colony of New Plimouth, the Province of Main &c, be Erected United & Incorporated into One Real Province by the name of Our Province of the Massachusetts Bay in New England, Now therefore with this Province the Line is now to be run, which hath the Jurisdiction of all that Territory which was called or known by the name of the Colony of the Massachusetts Bay and Includes this very Land in dispute. Its true, that after the Incorporation of the Province in its full Extent aforesaid it goes on & in the following Article gives sundry Lands to the Inhabitants of this Province to be at their disposal And now suppose in this Donation no more had been contained than forty Acres of Land in Nova Scotia, No Man would have said that was the contents of the Province — Wherefore as we have setled fflourishing Towns upon this Land if we had no right from the Crown to dispose of it his Majesty may do as seems him right concerning it, But the Neighbouring Province has no right to meddle with it because tis in this Province by the Incorporation aforesaid, And yet these very bounds plainly intend to comprise all the Lands in the Old Charter & give us all the Lands from three Miles North of Merrimack which must Include all Merrimack &

three Miles on the North side of it, and so this line is to be run from the Atlantick Ocean at three Miles distance from the Mouth parallel with the River giving us all the breadth the course of the River affords to the Crotch, and continuing the breadth there found by a West line to the End of the Province agreeable with the Old Charter, and so this Charter explains it in page 11 in these words Provided also that it shall be lawful for the Governour & General Assembly to make any Grant of Lands lying within the bounds of the Colonys formerly called the Colony's of the Massachusetts Bay and New Plimouth & Province of Main in such manner as heretofore they might have done by vertue of any former Charter or Letters Patent, which grants of Land within the bounds aforesaid (that is to say, the bounds of the Colonys formerly called the Colonys of the Massachusetts Bay & New Plimouth & Province of Main which are the bounds immediately before spoken of, and the only bounds before spoken of for six pages) We do hereby Will and Ordain to be and continue for ever of full force and Effect without Our further Approbation and consent./

Object^{n} 6^{thly} That this line ought to be a due East & West line because the Massachusetts formerly insisted upon it before his Majesty King Charles the Second in 1677. We say this they Insisted upon as their due by construction as New Hampshire now doth but they also insisted upon the lines running North of all Merrimack upon the express Donation of their Charter, therefore let them take both together or conform to plain reason & the Kings Judgment to run the parallel line./

Object^{n} 7^{ly} That if the line must run due West in any part, it must in every part, and therefore when the Right Honourable the Lords Commissioners for trade & plantations referred that Question to the Attorney & Solicitor General vizt from what point of Merrimack River the dividing line ought to begin according to the intent of the Charter, they say nothing of the course, & the reason must be because they Judged it must be a Straight line otherwise they had never troubled themselves and those worthy Gentlemen to pass thro' the formality of several publick hearings and Arguments by Council only to determine a matter of no Importance for tis no matter where the Line begins if it must run parallel with the River. We say, Their Agent raised an Army of Petitioners to Exclaim against us and followed the Board of Trade with several Petitions, and at last petitioned that the King with the advice of his privy Council would determine two Material points which were not proper for meer Surveyors or Mathematicians in America to determine vizt where the line should begin and what course it should run, and these being de-

termined his Ma'ties Commissioners work would be easy. Thereupon the Lords of Trade to Satisfie his importunity referred one of those Questions to the Attorney & Solicitor General vizt where the Line should begin, Whereupon the Agents for the Massachusetts declared they looked upon the question of no importance and would say nothing to it, the Attorney & Solicitor General say they could not tell whether it was or not, but determined the line should begin at the Atlantick Ocean as doubtless when a Line is given to run from one place to another every Man will say it shall begin at the place it is to run from, And so we come properly before Your Honours not as meer surveyors or Mathematicians but as Judges according to Antient and Incontestable right to determine the Second Question./

And upon the whole we pray Your Honours to determine Where the boundary Line on the Southside of New Hampshire shall begin, whether three Miles North of the middle of the Channell at the Mouth of Merrimack river as it now runs according to their Claim, or three Miles North of the black rocks, the Northern edge of the river when the first Charter was granted as we Claim, & that justly, because the first Charter gave us all the land within three Miles of Merrimack river to the Northward as part of the Colony of the Massachusetts Bay, it was ever so known and called, and is therefore by the Province Charter Incorporated into the Province of the Massachusetts Bay, and the line must begin accordingly.

Whether the Line shall from thence proceed due West in the line of that Latitude as they say it should, or follow the course of the River till it comes three Miles Northward of the Crotch or head of Merrimack River as we Claim./

We also pray this Honble Court to determine that our line from three Miles North of the head of Merrimack River afores^{d} shall proceed due West in that Latitude to the end of the Province of New Hampshire, and this will be exactly to pursue the sense of both our Charters, and the Judgment of the King in Council afores^{d}, giving us our breadth by the river as far as that go's, and at the end of the river continuing our breadth there found as far as the present occasion requires, And to choose some meet Surveyor or Surveyors to run & mark out this Line with such sufficient Monuments, and at such distances as your Honours shall think proper, as also the line on the Northern part of New Hampshire from the farthest head of Newichawannock River due Northwest which is the plain sence of the word North Westward, to the end of New Hampshire Province, and to make return of their doings therein to your Honours, at such farther day as you shall set, for your consideration, and that your Honours Judgment upon these disputes may be compleated.

Prov. of N. Hamp^{r} } Hampton Septr the 2 1737 at a Court of Commiss^{rs} Appointed by His Majesty's Commission under the Great Seal of Great Britain to Settle Adjust & Determine the Respective Boundaries of the Provinces of the Mass^{a} Bay & New Hamp^{r} in New England then & there held.

In Pursuance of His Majesty's afores^{d} Commission the Court took under Consideration the Evidences, Pleas & Allegations offerd & made by Each party referring to the Controversy depending between them and upon mature Advisement on the whole, a doubt arose in point of Law & the Court thereupon came to the following resolution viz That if the Charter of King William & Queen Mary Dated Octob^{r} 7th in the third Year of their Reign Grants to the Province of the Mass^{a} Bay all the Lands which were Granted by the Charter of King Charles the first Dated March 4th in the fourth Year of his Reign to the late Colony of the Mass^{a} Bay, lying to the Northward of Merrimack River then the Court Adjudge & Determine, that a Line Shall run Parallel with the Said River at the Distance of three English Miles North from the Mouth of the Said River beginning at the Southerly Side of the black Rocks So called at Low water mark & from thence to run to the Crotch or parting of the Said River where the Rivers of Pemigewasset & winnepiseoke meet and from thence due North three English Miles & from thence due West towards the South Sea until it meets with His Majestys other Governments — which shall be the boundary or Dividing Line between the Said Prov^{s} of the Mass^{a} Bay & New Hamp^{r} on that Side — But if otherwise

then the Court Adjudge & determine that a line on the Southerly Side of New Hamp^{r} begining at the Distance of three English miles North from the Southerly Side of the black Rocks afores^{d} at Low Water Mark & from thence running due West up into the Main Land towards the South Sea until it meets with His Majestys other Governm^{ts} Shall be the boundary Line between the Said Provinces on the Side afores^{d} — which point in doubt with the Court as afores^{d} they Humbly Submit to the wise Consideration of His Most Sacred Majesty in his Privy Council to be determined according to His Royal Will & Pleasure therein —

And as to the Northern Boundary between the Said Provinces the Court Resolve & Determine that the Dividing Line Shall pass up thro' the mouth of Piscataqua Harbour & up the Middle of the River into ye River of Newichwannock (part of which is now called Salmon Falls) & thro' the Middle of the Same to the furthest head thereof & from thence North two Degrees Westerly until one hundred & twenty Miles be finished from ye Mouth of Piscataqua Harbour Afores^{d} or until it meets with His Majestys other Governm^{ts} and that the Dividing line shall part the Isles of Shoals & run thro' the Middle of the Harbour between the Islands to the sea on the Southerly Side & that the Southwesterly part of the Said Islands Shall lye in & be Accounted part of the Prov. of New Hamp^{r} & that ye North Easterly part thereof shall lie in & be Accounted part of the Prov. of the Mass^{a} Bay & be held & Enjoyed by the Said Prov^{s} Respectively in the Same manner as they Now do & have heretofore held and Enjoyd the Same — And the Court do further Adjudge that ye Cost & Charge arising by taking out the Commission as also of the Comm^{rs} & their officers Viz the two Clerks Surveyer & Waiter for their Travel^{g} Exp^{s} & attendance in the Execution of the Same be Equally born by the Said Prov^{s}

[Mss. Prov. Boundaries, p. 134.]

The Committee appointed to take under Consideration the Result of His Majesty's Commissioners relating to the Settlement of the Boundaries between His Majesty's Provinces of the Massachusetts Bay and New-Hampshire, are humbly of Opinion

That an Appeal be made, on the part of this Province, from the Judgment of the said Commissioners.

That a Committee be appointed by this Court to advise with Council learned in the Law, in order to prepare a Declaration to be laid before the hon'ble Court of Commissioners on the Day of their Adjournment agreeable to the Directions given in His Majesty's Commission

That the said Committee do prepare a Letter to our Agent, with an Instruction to engage Council in behalf of this Province; And That they forward the same, with such papers relating to the Case, as they shall think necessary, by the first Opportunity —

That the said Committee be impowered to treat and confer with a Committee of his Majesty's Province of New Hampshire upon any Proposals that may be made for an Accommodation between the two Provinces

And we are further of Opinion That a message from both Houses be sent to his Excellency desiring that this Court may be sitting some Days before the Time of the adjournment of the hon'ble Court of Commissioners if he pleases

All which is humbly submitted, in the Name and by Order of the Committee

[*Massachusetts Appeal*, 1737.]

[From Original in Masonian Papers, Vol. 4, p. 162.]

To the KINGS Most Excellent MAJESTY in His most Honble Privy Council.

The humble Appeal or Exception of Your Majesty's Province of the Massachusetts Bay against the final Determination of the Honble Your Majesty's Commissioners for Settling the respective Boundaries between the Provinces of the Massachusetts Bay, & New Hampshire, as well on the Southern as Northern part of New Hampshire, Most humbly Shews,

That your Said Province of the Massachusetts Bay find themselves agrieved at the s^d^ final Determination of the Said Honble Commissioners touching the Southermost of those Lines Viz^t^ Where it adjudges

First, That if the Charter of King William & Queen Mary Dated October 7th in the third Year of their Reign does not grant to the Province of the Massachusetts Bay all the Lands which were granted by the Charter of King Charles the first Dated March 4th in the fourth Year of his Reign, to the late Colony of the Massachusetts Bay lying to the Northward of Merrimack River then — the Court

adjudge & determine that a Line on the Southerly Side of New Hampshire beginning at the Distance of three English Miles North from the Southerly Side of the Black Rocks at low water Mark, & from thence running West up into the Main Land towards the South Sea until it meet with His Majestys other Governments Shall be the Boundary Line between the Said Provinces on the Side aforesaid; Which part of the Determination is grievous to the Said Province of the Massachusetts Bay. —

1st Because the express Words of the present Province Charter are, That the Territory or Colony commonly called or known by ye Name of the Colony of the Massachusetts Bay is erected united & incorporated with New Plymouth, &c into one real Province by the Name of His Majestys Province of the Massachusetts Bay in New England, not excepting the least part of it; And therefore cannot be bounded by this West Line, which would Strip this Province of more than one third part of what was contained in the late Massachusets Colony.

2dly The present Province Charter impowers the Governour & General Assembly of the Massachusetts Bay to Grant all Lands in the late Colony of the Massachusetts; And declares, that Such Grants Shall be valid; And therefore grants to the Province of the Massachusetts Bay, all the Land to the Northward of Merrimack River, as well as elsewhere, that was in the late Colony of the Massachusetts.

3dly The Agents for the Province of New Hampshire themselves, in the State of their Demands, laid before the Said Commissioners do Say or acknowledge that the Province of New Hampshire lyes without the late Colony of the Massachusetts and that the Colony of the Massachusetts is incorporated into the present Province of the Massachusetts; And therefore no Doubt can be made whether the Line of New Hampshire Should include any part of the Said late Colony, nor Condition or Supposition, that any Part of it be not granted by the present Province Charter.

4ly The Said Line ought not to run West into the main Land as aforesaid, because a West Line crosses Merrimack River about Thirty five Miles from the Mouth, and excludes the Said River (where it is determined to be Merrimack by the Judgment of the Said Commissioners) for about Forty Miles out of the Massachusetts, Whereas the Said Merrimack River & three Miles Northward is determined to be in the Massachusets by express Words in both the old & new Charter not excepting or excluding any part of it.

Secondly. The Province of the Massachusetts are further aggrieved at the Said Determination where it Saith, That from three Miles North of the Crotch, the Line Shall proceed due West towards

the South Sea till it meets with His Majestys other Governm^{ts} which Shall be the dividing Line between those Provinces on that Side; Whereas the dividing Line can proceed no further than Sixty Miles Because the Province of New Hampshire never did go farther, Whether the Bounds of it be taken from the Grant of Sixty Miles from the Mouth of Merrimack River, made by the Council at Plymouth to Capt. John Mason, which must then determine, Or from the Commissions to Yo^{r} Majesty's Several Governours of that Province, which bound them only from three Miles Northward of Merrimack to the Province of Main; So that the End of protracting that West Line, Seems to be, to prevent the Massachusetts extending towards the South Sea, Or Westward as far as the Colony of Connecticut, contrary to the express Grant or Direction of the present Province Charter.

The Province of the Massachusetts also declare themselves aggrieved at the Determination of the Said Honble Commissioners touching the Northermost Line Viz^{t} Where it adjudges.

1st That that Line Shall proceed from the furthest Head of Newichawanock River North two Degrees Westerly; Whereas it Should have been, that it Should proceed thence Northwesward, which is a well known & certain Course, the Same, as towards the Northwest, and makes a Right Angle with the Line directed by this Province Charter to run from Piscataqua Harbour's Mouth Northeastward along the Sea Coast to Sagadahock, which lyes towards the Northeast; For we cannot Suppose that when their Royal Majesty's King Charles the first, King William & Queen Mary used these Terms Northwestward & Northeastward to express the Course of those two Lines with certainty, and to the understanding of mankind, their Interest & Meaning could be, that the Line running up the River One Hundred & twenty Miles Should be North two Degrees West; and that running from the River one Hundred & Twenty Miles, to bound the Second Side, Should be North two Degrees East; For this would make the Province of Main instead of a Tract of Land of One Hundred & twenty Miles Square, only a Gore, being at one End a Point, & but eight Miles wide at the other, not one Twentieth part of their Grant.

2dly That that Line Shall proceed on till one Hundred & twenty Miles from the Mouth of Piscataqua Harbour be finished, or till it meet with His Majesty's other Governments; Whereas it Should have been till the One Hundred & twenty Miles be finished without mentioning His Majestys other Governments; Because the Province of Main extends no further than One Hundred & twenty Miles, and New Hampsh^{r} on that Side is bounded by the Said Province of Main

in all the Royal Commissions to the Several Governours of that Province where any Bounds are mentioned.

Your Majesty's Province of the Massachusetts Bay therefore most humbly hope, that Your Majesty in Your most Honble Privy Council will be pleased in your Consummate Wisdom & Justice to disallow the Said Determination wherein they apprehend themselves aggrieved and will be pleased to continue & confirm the Antient Boundarys of this Your Majesty's Province according to their Claim & that part of the Said Determination which is agreab^le^ thereunto, and founded on the Grant and Establishment of Your Majesty's Royal Predecessors.

And Your Majesty's most loyal & Dutiful Subjects, as in Duty bound, Shall ever pray J. Belcher Govr

Province of New hamps^r 8^r=14—1737 } To the Honourable the Commiss^rs Appointed by his Maj^ties Commiss^rs under the Great Seale, to Settle the Boundarie Lines between his Maj^ties Province of New hampshire, and the Province of the Massachusets Bay in New England

Forasmuch as his Excellency Proroug'd the Generall Assembly of this Province at their Last Sitting, before they could know the Judgment of the Commiss^rs Respecting the Boundary Lines of this his Majesties Government, And Proroug'd them to the day before the Said Court of Commissioners by adjournment were to meet in Order to receive the Appeals of Either Province that Should think themselvs Agrieved, at which Last meeting of the Commissioners

Either party agrieved was to give in their Appeal, from which part of the Judgment as they Should think Erroneous, and not afterwards; And this Province being thereby Stript of the benefit and Advantage of Appealing from Such part of the Commiss^{rs} Judgment as they think unreasonable and prejudicial:

And that his Majesty might not think this House Satisfied with all parts of the Said Judgment: Voted that this his Majesties Province think themselvs agrieved by the Said Judgment in the following Particulars, vizt on the Southerly Boundary: in that the Judgment Says; "begining at the Southerly Side of the Black Rocks, So called at Low Water mark". when those Rocks are about a Mile from the Mouth of the River Merrimack, & neare three Quarters of a Mile North from where it Emptys it Self into the Atlantick Sea or Ocean 2dly from a Parralell Line with the River: In case a Crooked line Should be run (which by no means, we are humbly of Oppinion ought to be Admitted) for we object against the runing a Crooked Line parralell to the River, it being founded upon the Old Charter of the Corporation of the Massachusets Bay, long Since vacated, Yet in Such a Case it ought to begin three Miles to the North of the Mouth of the River Merrymack at Low water Mark where it Emptys it Selfe into the Atlantick Sea or Ocean, and in that manner to run no farther than the River hath a Western Course: and not to run parralell to the River where it runs North and South, at three Miles distance from the River, and far beyond where we apprehend it was formerly called Merrymack: And more particularly because the Province of the Mass^{a} Bay Now hold under the Charter of William & Mary which Never intended a Crooked Line:

3dly: and as to the Northern Boundary: We object against that part of the Judgm^{t} that Says: "Through the Mouth of Piscataquæ Harbour and up the Midle of the River" Because we humbly conceive that Mr Gorges Patent, By which the Mass^{a} Claime doth not convey any Right to the River. For the whole of that River and the Jurisdiction thereof hath Ever been in the Possession of this Province and never Claimed by the Massachusets: and this Province in order to preserve & Safe g'ard the same have always had a Castle and Maintained a Garrison there And the Committee Appointed by the Generall Assembly of this Province to Lay all papers and Evidences Relateing to the affaire of the Lines before the Commiss^{rs} are hereby Directed to present this Vote Immediatly to the Court of Commiss^{rs} for Setling the Lines And pray that the same may be Entred at Large in their Minits and Made part of their Records

Province of N: Hampshire } To the Honble the Commissioners Appointed by His Majesties Commission under the Great Seal to Settle the Boundary lines, between His Majesties Province of the Massachusetts Bay and the Province of New Hampshire in New England.

The Committee of the Massachusetts Bay on Behalf of the said Province. Do Except & Protest against your Hon^rs Receiving and Entering in the Minutes or Records of this Honble Court, A Vote of the House of Representatives of the Province of New Hampshire, Purporting their Greivance and Exceptions at the Judgement of this Honble Court as Expressed in said Vote and Exhibited the 14th instant, by A Committee without the Appearance of any Power or Authority from the said Province so to do:

For the Following reasons —

1st Because your Hon^rs by the Royal Commission, at this Meeting are not Enabled nor Allowed to receive any other Matter or thing to be made part of the Case, but only the Appeal of Either Province. Now the said Vote being Manifestly and Even by your Hon^rs Own Opinion upon it, as in your Minutes, The Act of one Part of the Legislature only, And not of the Whole Legislature which is the PROVINCE, and therefore no Such Vote or Order can be received, Especially when the Honble the Council of said Province, have Voted that it is not for the Interest of the Province of New Hampshire to Appeal or Defend against any Appeal Made or to be Made from the Judgement of this Honble Court, But to Submitt the Matter as it now Stands to His Majestys Royal Pleasure.

2dly Forasmuch as the reason Assigned for offering the said Vote of the House of Representatives is intirely Groundless Viz^t That the Province of New Hampshire was stript of the Benefit of Appealing by the Prorogation of the General Court of that Province to the day before the Adjournment of this Honble Court There having been full

Oppertunity on Several Days in which His Excellency the Governour has Continued the Whole Gen[l] Court Sitting, And the said Vote of Exceptions by the House hath never in all that Time been laid before Either of the Other Branches of the Generall Court for their Consideration.

3[dly] Admitting the said Vote had been the Act of the whole Gen[ll] Court of New Hampshire, it must have been Exhibited & Laid before this Hon[ble] Court, by such as Were Authorized & Appointed to that Purpose, Whereas the Persons presenting the said Vote were neither Authorized nor Directed by the said Gen[ll] Court so to do.

So that upon the whole the Province of the Massachusetts Insist upon it and Say the said Vote is not the Act of the said Province. Nor were the Persons who presented the same Authorized or Directed to Present the same as afores[d] And therefore to Receive & Enter the s[d] Vote & Make it part of the Case is as the Province of the Massachusetts Bay Conceive Inconsistent with the Authority, and Even directly Contrary to the Plain Sence & Construction of the Royal Commission to this Hon[ble] Court. And this their Protest the said Province of the Massachusetts Bay Pray may be Entered in this Honourable Court and Made part of the Case.

268 — The Court having Directed their Surveyor to Prepare a Plan or Draft of the Rivers & Boundary Lines referred to & ment[d] in their Judgm[t] He accordingly Performed the same, Which Plan is annexed to the Proceedings transmitted by the Comm[rs]

The Court having Proceeded thus far in the execution of their Comm'on Thought proper to Adjourn to some future day till his Ma'ties Pleasures sho[d] be known in the prem'es And accordingly Adjourned to the 1[st] day of August 1738

The following observations are thought proper to be added to those in our printed Case Viz[t]

As to the Northern Line of Massachusetts or Southern of New Hampshire

1 — It is Evident the Massachusets was understood & known to extend so as to take in 3 Miles beyond Merrimack River & no further because from the time of the s[d] Judgm[t] of the King in Council Anno 1677. their practise was to Grant Lands so far Northward as

this & no further, nor can any Instance be produced of their granting further from that time to this

2 — By an Act passed by the Assembly of the Massachusetts in the 7th Year of his present Majesty Entituled

An Act for erecting a New Town within the County of Essex at a Plantation called pennycook by the name of Rumford.

By which Act after Reciting that Pennycook plantac'on was 7 Miles Square & filled with Inhabitants — And that a Meeting House was built & an Orthodox Minister settled amongst them.

It is Enacted that the Plantac'on of *Pennicook* in the County of Essex as the same is thereby bounded shall be set off & constituted a seperate & distinct Township by the name of Rumford.

And the Bounds of the sd Township are thus described (Vizt)

Beginning where Contoocook River falls into Merrimack River & thence to extend upon a Course East 17 Degrees North 3 Miles — And upon a Course West 17 Degrees South 4 Miles which is the Northerly Bonds of the sd Township & from the other parts of that Line to be set off Southerly at Right Angles untill 7 Miles & 100 Rods shall be accomplished from the sd Northern Bounds — And which Act so late as 21 April 1737 Was Confirmed by his Majestys Order in Council.

And which we take to be another Declarac'on of the Royall Sence that this Boundary is to be by the Curve Line we contend for ffor otherwise & should the Line run as New Hampshire contends for it will entirely exclude this whole Township which will be then near 30 Miles Distance from the Borders of Either province.

3 — We apprehend a very strong argument arises in favour of the Massachusetts — Ab Inconvenienti — ffor the Massachusetts people under Massachusetts Grants have settled all up the River Merrimack so far as the Crotch and no one Settlemt is made within the 3 Mile Line Claimed by the Massachusetts under any Grant from New Hampshire — All the Settlements have been Erected into 30 Townships by Acts of Assembly — the Setlers have been Subject to the Laws & paid their Taxes &c to the Massachusetts Government — And to set aside all these Grants & Rescind all these Laws Confirmed too by the Crown would be attended with many publick Mischiefs & Inconveniencies and very great ones too which must necessarily Ensue upon subverting the Judgment of 1677 and in a manner marking out New Boundarys for the Provinces after an Acquiescence of so many Years or at least after so many Settlements in Consequence of that Determinac'on, ffor should the Line Intersect Merrimack River 40 Miles Southwards of what was formerly allowed to belong to the late Colony of the Massachusetts it would create the

utmost Confusion in such Number of Grants & Townships — And Arguments of this nature have always carried great Weight with them & were very lately the ffoundation of an Act of Parliament with regard to the Jurisdiction of the Master of the Rolls — And Inconveniencys affecting Grants and Settlements of ancient Dates & Standings are always of material Considerac'on in Courts both of Law & Equity.

4 — For that the Massachusetts Province Extends to the South Sea by force of the Words as far Westward as our Colony of Connecticutt — This is plain by having recourse to the Charter to Connecticut which is dated in 1662 & gives them the South Sea for their West Bounds & Bounds them Northerly on the Massachusetts plantation Wheras if the Line is to be run in the manner claimed by New Hampshire the Massachusetts will be prevented from extending Westward as far as Connecticutt contrary to the express Words of the present Charter

THE OBJECTIONS made by New Hampshire to this Boundary Line.

1st Objection — New Hampshire objects that the Settlemt Anno 1677 should have been pleaded in Bar agt a new Trial and that it was vain to have this present Enquiry if any past Settlemt was now good.

Answer — The New Hampshire Committee in the directing their Answer to the Court of Commissioners Intitle them Commissonrs to mark out & settle the Boundarys, which plainly supposes that there were certain Boundarys before but that they never had been Marked out & also that they were to be so done by the ancient Deeds Charters & Settlemts referred to.

This cannot be thought vain or too trifling for such a Court, when the Adjustment of the dispute as to the Name the running & Course of the River Merrimack with which the Northern Line was to run parrallel continued or took away a Tract of Land above forty Miles Wide to the end of the Government.

3dly It was the Southern & Northern Boundarys of New Hampshire & not of the Massachusetts that were to be ascertained & the Course of their Lines fixed, it was therefore highly incumbent on them especially when Considered as Claimants to prove & make out their Boundarys, Now whatever appeared of this nature instead of ffavouring their Line gave strength & support to the Massachusetts Claim & Right thus

FIRST the Deed to Capt John Mason Novr 1629 bounds that Tract of Land which was then called New Hampshire by Consent of the Council of Plymouth by the River Merrimack to the furthest head thereof & then into the Country, Hence it follows that the Dividing Line could not cross over Merrimack for their Boundary was to fol-

low or was fixed in the River to the furthest head thereof, and had not this Grant been after that to the Massachusetts it would indeed have excluded their 3 Miles Claim on the Northern Side of the River but the Massachusetts Grant was prior to Masons Grant and must therefore so far entirely set aside & render invalid Masons Deed

NOTE Mason had a prior Deed to this, but it was never Authentick having but six hands Whereas the Grant to the Council at Plymouth from King James expressly requires seven hands at the least to make an Act valid, And it was from Masons Deed of 1629 that New Hampshire took it's Name.

2dly The *Commission to President Cutts** Anno 1679 two Years after King Charles's Settlemt 1677 & when the matter was fresh in Memory was that which created a Government & is the alone Foundac'on on which that province must stand unless they can shew any Addition to their Bounds & Limits by some New Grant from the Crown, and that too of Lands not before Granted Now this Commission first bounds them *Three Miles North of Merrimack or any part thereof* & 2dly the King thereby declares that the *Government* of sd Province of New Hampshire so limitted & bounded had never *yet been Granted*, and then his Majesty by these Letters Patents creates & gives them the power of Government 3dly His Majesty by these Letters Pattent declares that Robert Masons Ancestors had obtained a Grant of *the Soil of sd Tract* which answers to the afsd Deed dated 1629 Save only that whereas the King by his Settlemt 1677 had adjudged 3 Miles North of Merrimack & every part thereof as the River ran to belong to the Massachusetts so he justly cutts off & Abscinds from the Grant of Mason & make his new Government to Correspond & agree with the said Settlement.

All the following Commissions (the Charters of New Hampshire Governmt if they may be so called) give the Sense of Crowned Heads & in all of them the Southern Boundary of New Hampshire is ascertained & fixed to three Miles Northward of Merrimack or any part thereof & these Commissions are all that give the Boundarys

But then New Hampshire Object

2d Objection — That it appears from these Commissions that the Crown well knew New Hampshire Extended further than the Bounds menc'oned in these Commissions as is Evident from the words ALL THAT PART of New Hampshire which implys New Hampshire to be of larger Extent & to contain all the Land not comprehended within the Massachusetts Charter.

Answer — These Words at the time they were Originally incerted in these Comis'ons were plainly done with a view to Masons Grant

* Printed, State Papers, Vol. 1, pp. 373–382.

which Grant first gave the Name of New Hampshire to all the Lands included in it & his then Majesty having by the s^d^ Determinac'on in 1677 *finally adjudged* that part of the Lands included in that Grant to Mason were belonging to the then *Colony of the Massachusetts* his Majesty at the time when he issued his first Comis'on to New Hampshire that he might not be thought to break in or Infringe upon the said Judicial Determinac'on & to guard ag^t^ all possibility of a Construction of that kind Describes the Territory of New Hampshire in this Comis'on so as that it might not be Construed to extend to that part of the Lands which by the s^d^ Order in 1677 were determined to belong to the Mass^s^ Colony And to shew that the Gov^rs^ by Virtue of these Comis'ons were to have a Jurisdiction only over such part of the Lands in Masons Grant as were contained within the Bounds laid down in their Comis'ons & which Comis'ons were manifestly framed so as to be conformable to the Judgment of 1677 — The other part of that which was Originally called New Hampshire by Masons Deed being by the said Judgment determined & adjudged to be within the Massachusetts Colony.

3^d^ Objecc'on — New Hampshire object & insist that Govr Belcher's Comis'on makes him Govr of New Hampshire generally without menc'oning any Bounds & would from hence inferr the Sense of the Crown that all the former Descripc'ons in the preceeding Commissions were erroneous & ill warranted.

Answer — As To which it is to be observed that the Boundarys of that Government being ascertained in the first Comis'on 1679 & in the after Comis'ons to five Governors being all that part of New Hampshire (according to the first Grant 1629 which the King had to give the Government of, it was now become needless to describe it by it's Boundarys the Bound^ys^ being so known & fixed for such a Course of Years & now that part so described in the former Comis'ons by prescription & becomes & is determined the province of New Hampshire And this further appears to be the true design of the last Commission for had the King intended to have enlarged or further extended that Governm^t^ it wo^d^ have been by giving new & certain Bounds & not by barely giving the Government of New Hampshire which must when alone referr to certain Bounds menc'oned & determined in some prior Grant of Governm^t^ & this is especially done in the first Comis'on to Mr Cutts & as the Boundarys had been so solemnly decided by the Judgm^t^ of 1677 & for above 50 Years afterwards (Viz^t^) till 1730 known by the same Descripc'on as those in the Judgm^t^ & used in all succeeding Comis'ons in that Sense — the Name & Bounds of New Hampshire were thereby become so certain & notorious as to render it wholly unnecessary to continue

the particular Descripc'on in any future Comis'on for that province any more than in those for the Massachusets.

But most certainly it can never be argued from a meer Ommission that his Majesty intended to overthrow a Judgm^{t} & the Sense of his Predecessors with regard to the Limits of New Hampshire for 50 Y^{rs} before Nor is there the least Intimac'on thrô the whole of the present Gov^{rs} Comis'on that New Hampshire was to comprehend more than it did formerly

But to beat New Hampshire out of this Argument The Settlement by Lieutenant Govr Usher & Council soon after the Massachusetts present Charter Viz^{t} 1696 plainly declares their own Sense of the Boundarys which are run by the return of their Committee parrallel with the Courses of Merrimack agreeable to the Line we now Claim

Objecc'on 4 — New Hampshire in their Reply further Object & strongly insist on the Instrucc'on to Governor Belcher — His Recommendac'on & the General Courts passing an Act for setling the Boundarys & thence argue that it must from hence be supposed they never had been setled before.

Answer — It's true the Lines were never marked out & so ascertained and therefore the Massachusetts made an Act to have that done according to the ancient Grants Settlement & Records & this is often the Usage between private Persons whose Boundary thô determined by their ancient Deeds or Agreem^{ts} yet on a Controversy arising touching the Markings & meeting out such Boundarys leave it to indifferent Judicious persons to settle & make certain the same but thereby noways Forego any ancient well made Settlem^{t}, & this is all that was designed by the afs^{d} Act

Besides this is Objecting ag^{t} what appears upon Record & therefore can be of no Weight

Objecc'on 5 — The New Hampshire Committee Object & protest ag^{t} our Evidences (Viz^{t}) That all our Witnesses were persons Interested all of the Massachusetts being Tenants in Common to the Soil.

Answer — This is no Objecc'on None of our Witnesses appearing to be Landholders Besides the little time allowed Us to procure our Evidences prevented our getting Persons in the other Governments, And two ancient Indians were summoned who lived all their days near & about the River, but thô spoke with could not be brought down in time & then the matter proved (Viz^{t}) the Name Merrimack was so known & acknowledged even by the New Hampshire people that we could hardly imagine any one of them would have pretended to deny what was so plain nor was one evidence produced to the contrary

For as to the River being Merrimack even to the Crotch at Winnipisiokee over & above what all the Evidences declare we offerr

1st — Ancient Evidences taken from the Natives who gave the Name & were best acquainted with the River its' Courses & Reaches

2dly — Ancient Deeds as first the Indians to Wheelwright 1629 which also (if duly observed) shews the early knowledge of Merrimacks running Northerly So also the Deeds to Tyng & others where the River up as far as pennicook 30 Miles after the Turn Northward is called Merrimack

3d — Ancient Mapps of the Country printed in England must be well known there before the Settlemt 1677 especially to the 2 Chief Justices Rainsforth & North who were then informed by the Massachusetts of the Course of the River

4thly — That New Hampshire Governmt themselves call the River Merrimack many Miles above the Turn at pantuckett as in the Grant of the Town of Chester N° 57

5thly — As Truth itself will always burst forth even from the Mouth of an Opponent so in the New Hampshire Answer N° 11. *they called the River Merrimack from Winnipisiokee even to the Mouth at Newberry & describe it Page* 34 *as running* 35 *Miles Westerly &* 55 *Miles Northerly*, & indeed almost always when they have occasion to mention the River they give it the Name w'ch it always had & ever will be called by.

6thly — As the province of the Massachusetts on the Recommenda-c'on of the Comrs Agreed on the plan of Merrimack & presented it to the Court, So New Hampshire Governmt came into & agreed that it was a true plan of the Course or run of the Water from Winnepesiokee to Newbury & from the plan on the face of it It appears to be Merrimack River to the Crotch.

The Exception to the Witnesses cannot avail for supposing they were interested in the Soil that could not disqualify them as Witnesses where the Line of Jurisdicc'on was only on Trial — 4thly The New Hampshire Witnesses as to the Black Rocks are full as much parties as any the Massachusetts can bring.

Ob'con 6th — New Hampshire Comittee Object that the Course of the River Merrimack runing 50 Miles Nearest North Renders it Impossible to Suppose that a Line paralell with such a River should be the Northern Side of any province or Tract of Land.

Answer 1st — The same Difficulty Arose on the Determination & Judgmt passed on the Grant in the old Charter & yet those learned Judges who then Determined this Matter on a Solemn Argument & a full Representac'on of the Matter ꝑticularly the Courses & Reaches of the River as Appears by the Representac'on finally adjudged such a parralell Line as far as the River Run to be the Boundary of that Colony now Incorporated with others without any Diminution or taking from it

2dly — Whatever little Difficulty may seem to arise on such a Construction It Vanishes when it is Considered that the King by his Grant Gives first all the Lands Extending from the Great River Merrimack on the North part to such a Certain Boundary on the South Surely then all the Lands lying on Merrimack & to the Southward of it untill it comes to the other Boundary belongs to the Massachusetts & as an Addition The King further Gives 3 Miles Northward of the said River which plainly Intends 3 Miles of the other Side of said River as it runs but

3dly — The ffact being truly Stated vizt That the Generall Course of Merrimack from the Bend to the Crotch with allowance for variation running 15 Degrees or more than a point ½ to the west of the North fully resolves the Difficulty & makes all these Lands that lye within three Miles of the River on that Side truly & Liberally Lands to the Northward of the River & so must be within the New Charter Limitts

4thly — Let New Hampshire Solve the Difficulty by their own Claim in which they make the Northern Line of their province a River Running in ffact & truth full as much Northerly as Merrimack & thence when the Charter gives a Line North westward they Interprett that to be a Line running North 2 Degrees & ½ west & makes it the Northern Boundary of their province Surely then those that can Reconcile the Difficulty of a Line runing North 2 Degrees & ½ west being a Northern Boundary may with much greater Ease Solve the Difficulty of a Line running Northerly 15 Degreee west

5thly — A plan of New Hampshire province bounded and prescribed as the Massachusets Claim according to the Course of the River makes the whole Evident & Removes every Doubt from all Unprejudiced Minds for the Courses of Merrimack & Newichawannock runing near paralell to each other & about as far Northerly gives New Hampshire its full Compass & Extent (& this Clears up & Evidences the design & Intent of King Charles in both his Grants who from one & the same Reason (Vizt) the River being a ffixed Unalterable Boundary gives to the Massachusets a Line Running paralell with the River Merrimack & knowing that River Turned and run Considerable Northward Chose from the other River Newichwannock the Northermost River from Piscataqua Harbour & which runs about 40 Miles Northerly nigh parallel to Merrimack & to near the same Extent for a Northern Boundary to New Hampshire

Objecc'on 7th — The new Hampshire further Object to our having Councill for Comrs where they Say they could not possibly have the advantage of able Lawyears

Answer — This Objection is Ridiculous — ffor New Hampshire

might Certainly have and as able Lawyers as any on the Continent of America & in ffact they had two as able Lawyers (vizt) Mr Atkinson & Mr James Jeffrys both Eminent pleaders & had they Needed others they had time & Opportunity Enough to Engage other Gent. of the Law who were belonging to themselves & Generally Attended the Tryall

8th Obj'on — New Hampshire further Objected before the Com^{rs} against the Courts Receiving as Evidence any Deeds Charters &c. that Related to the time of the Massachusets old Charter insisting they had no Relation to the present Controversy which Entirely depended upon the present Charter

Answer — But New Hampshire have themselves furnished us with the Strongest Answer possible to this Obj'on by having themselves Produced before the Comm^{rs} the Claims Set up and Defence made by the Massachusets Colony in 1677 and upon which that Determinac'on was made — Besides if the present Charter Comprehends all the Lands that were Included in the former Charter to the Massachusets Colony then this Determinac'on in One Thous^{d} Six Hundred Seventy Seven has finally Settled this Question — And it is further of Consequence to Shew by Deeds and Grants how possession has gone and what has been the Opinion and Estimation of the Country — There is Likewise this further Clear Use to be made of the Deeds and Grants prior to the present Charter vizt to Evidence and Show that the River Merrimack was called and known by that Name up as far as We Contend for long before the date of the present Charter — A Matter of ffact which New Hampshire Denys and of which there Cannot possibly be Stronger or better Evidence than what Arises from Antient Deeds & by Wannalansets to Jon^{a} Tyng dated 10th Oct. 1685 the River is called Merrimack 6 Miles above Pennicook and the same thing Appears by severall other Deeds We therefore think this Objection can have no manner of Weight with it

Observations on the New Hampshire Evidence

Note — New Hampshire produced a Writt & Judgm^{t} of the Mass: in 1733 between Carlton & Adams for Land lying within the Bounds of Kingstown which they Insisted lay within the pr^{o} of New Hampshire & which they did to Show that the Courts of the Massachusets had Usurped a power over part of the province of New Hampshire by Trying the Title of Lands in New Hampshire at the Courts of the Massachusets

But please to Observe that the Lands Sued for in this Action Appear by the Record of the proceedings to lye in Havrill which let the Line run either as they or we Contend for is Undoubtedly within the Massachusets province as Clearly Appears from the plan.

Besides it Appears from the Record that the plea to was Waived & the Cause tryed upon the Merrits by Consent and the Town of Havrill is an Antient Town Grant. by the Govr of the Massachusets Settled and ever poss'ed by them — But if the Case had been otherwise It was but one Single Instance & the Act of a Single Court which can never be Considered as the Act of the Govr & this Shows how Groundless the New Hampshire Clamours are of ever having Encroached upon their Line when they could find out only this Single Instance to give of it & that an Instance Clearly ag^{t} them For whatever Grants the Massachusets had made prior to the Det^{n} in 1677 Immediately after the Det^{n} of the Massachusets made it fully Appear they withdrew all their Grants to any persons in any of the Towns in New Hampshire in Obedience & Conformity to the s^{d} Det^{n}

NOTE LIKEWISE — New Hampshire produced an Order of the Govr & Councill of that province in the year 1726 by which a Com'ee were Appointed to go & forbid any ℔sons possessing & Settling any of his Majestys Lands within the Limitts of New Hampshire under any Grant from the Massachusets at or near Pennycook — But

NOTE — It does not Appear that any of the Massachusets Settlers at Pennycook were forbid to go on with their Settlements under this Order & which if it had been done must have Appeared in the Journalls of the New Hampshire Counc^{l} by the Return which the Com'ee must have made

The Influence from which is very Strong in our favour is Clearly this that the Settlers there not going beyond the 3 Mile Line were not deemed by the New Hampshire Com'ee to be Encroachments or Settling on the Lands of New Hampshire Whereas if this Line was to be run as New Hampshire now Contend the Settling in any part of Pennycook tho even on the other side Merrimack was on the New Hampshire Lands And that it Appears by the afores^{d} Act 7° Geo : 2^{di} that the Massachusetts have made a Settlement there of 7 Miles Square & which has been Erected into a Town by Act of Assembly Confirmed by the Crown & that without any the least Objection from the New Hampshire people & which is the Strongest Evidence possible that New Hampshire themselves Considered this Settlement as in the province of the Massachusets & which it is Impossible it should be unless this Line is to run in the manner we Contend for.

NOTE — New Hampshire likewise Examined 5 Witnesses in Order to prove that what the Massachusets Insist on concerning the alteration of the Mouth of Merrimack & that the Black Rock formerly made part of the Mouth is ffalse & a Misrepresentation of the ffact, But

NOTE — What all these Witnesses Say is principally Negative that they know of no Alteration at the Rivers Mouth & all they Say Af-

firmatively is that they have lately viewed the Rivers Mouth & that it Appears to them as it did ever Since they have known it & all these witnesses live at a Great Distance from the place they are Speaking of & it is no Great Wonder if they Should be Ignorant of what was so Gradually & Impracticably done as the Change of this Rivers Mouth Considering too that it was out of the way of their daily Observation

Whereas we have by our Witnesses proved this ffact in the fullest manner possible & have Shewn the Occasion & manner of this Alteration which by our Evidence Appears to be this — There was formerly a Shoal Spit of Sand Runing without the Mouth of the River on which the Sand Gathered by Degrees and Joyned itself on the North Side of the Rivers Mouth & our Witnesses too further prove in the Affirmative & in the Clearest manner possible that the Black Rocks were formerly on the North Side of the Mouth of the River & that there has been a Breach Raised within these 60 Years which they now mend Yearly whereby the Mouth of the River runs or is now near a Mile more Southward.

OBSERVE — New Hampshire Objects to our Witnesses on Acc^{t} of their being Sworn twice & for that we had thereby an Opportunity to Conferr with them which Occasioned a Difference in their Evidence but the reason of their being Sworn a 2^{d} time Appears from the proceedings and was to Avoid all Disputes on Account of their Deposic'ons being brought into Court ready Wrote And that New Hampshire might have full Opportunity of Cross Examining them — As to Conferring with the Witnesses All partys are known to do that before the Witnesses are Examined & otherwise it would be Impossible to be properly provided in any Case — Indeed was there any Matteriall Difference between the 2^{d} & the first Evidence that would be an Obj'on of Weight but there is no Instance of any Difference in the Testimony of our Witnesses Save only that one of them makes 4 or 5 Years Difference to his Age Owing to a Mistake on that head in the Written Deposic'on which is not at all Matteriall One way or other

We therefore hope the Lords will Determine in favour of the Curve Line contended for by the Massachusets

We likewise hope the Lords will Vary that part of the Determination of the Com^{rs} by which they have declared that the Line is to run West till it meets with his Majestys other Governm^{ts} *& that it shall be directed to run but* 60 *Miles because that is the Utmost Extent of New Hampshire* as fully Appears from the Reasons in our printed Case to which we will only add that Masons Grant of 1629 Ends at 60 Miles from the head of Merrimack so New Hampshire

Bounds ought to End there too & the Com^rs^ Judgment should have Extended no further & what is more is against or without any Authority in the Comis'on

With Regard to the Southern Boundary of the Massachusets or the Northern Boundary of New Hampshire

As the Determinac'on of this Boundary *Depends upon the Mathematicall Construction of the North Westward in the Massachusets Charter* in Order that we might have the best Satisfaction possible how this Dividing Line ought to run upon the point of the Compass we laid the Charter before Dr Halley & desired his Opinion how this Line ought to run Conformable to the true Naturall & Genuine meaning of the word North Westward & upon which the whole of the Que'on with regard to this Boundary will turn & accordingly Dr Hally was so kind as to give us his Opinion upon it in the following words & which Opinion under his hand we have ready to produce

The Opinion of Doctor Hally Astr Reg —

" Whenever a Line is intended to be run North a Small Matter to " the West the Usuall Way of Expressing it is by the word North " *Westerly* or if Accuracy is Required as in Boundarys of Lands with " the Addition of how many Degrees it is to the Westwards of the " North *but by North Westward is also Understood to be meant a di-* " *rection tending into the North West* or *in the Middle between the* " *North & west.*

" Now the Com^rs^ in favour to the pretences of New Hampshire " have been Willing to Understand North Westward as Synonimous " to North Westerly & in so doing have in my Opinion *Comitted a* " *Manifest Absurdity* in making a North Line the Northern Boun- " dary which Cannot be any other in this Case but an Eastern Boun- " dary to New Hampshire Whereas a North West Line Answers the " Intent of the Charter bounding it on the North.

" Also in the Description of the Eastern Boundary in the same " Charter the like Expression is Used Viz^t^ North East Ward from " the Mouth of Piscataqua Harbour to Sagadohock along the Sea " Coast Now it's Evident that that Tract of the Coast Runs nearly " due North East & not North 2 Degrees East these two things I " am of Opinion are little less than a Demonstration of the Intent of " the Charter

" One thing more is left in the present Case Undecided whether " the North or North West are to be taken according to the direc- " tion of the *Magneticall Compass or of the true Meridian* there being " at this time in New England ab^t^ a point Variation to the West " which will make a very Considerable difference in the Boundary

" Line as the One or the other is Applyed for two Degrees North
" Westerly from the true Meridian will be no less than 9 North
" Easterly from that of the Compass *and the true North West will*
" *become North West by North by Compass*

NOTE we have likewise another Mathematician Mr Warner who will Attend at the Hearing of this Matter to Offer his Opinion to their Lo'pps Viva Voce & who Entirely Agrees with Dr Halley in every part of his Opinion thô We think there can be very Little Occasion for his being called to this point which must be very Clear to every one who has but the least Knowledge of the Mathematicks

ffor every one knows there are 32 points in the Compass & that the 4 Cardinall points are East West North & South and that every Single point hath 11 Degrees 15 Minits so that from North to North West (which Contains 4 points of the Compass is 45 Degrees which to run upon a Streight Line for any Considerable Distance must make a Vast Difference between that and a Line to be run due North or two Degrees to the Westward or Westerly of the North.

When any one Expresses a Line to be Run North Ward-South Ward-East-Ward or West-Ward every Body Understands by this a Line to be run *due North due South due East* or *due West* & it would be preposterous against a Common Sence to Understand it otherwise

So Consequently for the Lesser points when the Line is Ordered to be Run North Westward It must by the same Rule be Understood to run Streight upon that point of the Compass direct which is the Naturall and Mathematicall Construction of it & cannot possibly be taken in any other Sence

And from hence it Clearly follows that when a Line is Directed to be run *North Westward* that Line must run *due North West* & to say it shall be Run North 2 Degrees West is altogether ridiculous for one might as well Say it should be be at one or two Degrees west from the North point as 2 Degrees because in taking the word in that Sense it must be Indefinite & Cannot with Truth & Justice be Reduced to a Certainty

We likewise Apprehend it's very plain from the Nature of the present Subject North Westward can mean Nothing but North West in this place for it's here Applyed in the Description of a Tract of Land & when the Description of the whole Boundarys are Compared —together & the sev^l^ Terms of running up into the Land Crossing on the Land & passing along the Sea Shoar are Considered with this that the Sea Shore doth Actually lye North East & South West there the meaning of North westward will Appear with the Greatest Certainty to be as the Massachusets Contend for & that in a more

Confirmed Way than any Equivalent Explanatory Terms from any of our Greatest Mathematicians can possibly give them for if the Line is to run North Westerly as the Com^rs have Determined *then this Line Instead of a Northern will be an Earnest* [*Eastern*] *Boundary to New Hampshire Whereas a North West Line as Dr Halley very justly Observes Bounds New Hampshire on the North* And thereby Answers the Intent of the Charter And it is Difficult to Conceive how any one after having Consid^d the whole of these Boundarys & Compared them with one Another can ever think that in the Description of this Square the Course of the two first men'coned Sides (vizt) North Westward should mean North two Degrees westerly & North Eastward should mean North two Degrees Easterly — Or that they can Admitt of any other Construction than that Contended for by the Massachusets.

We therefore Apprehend it to be Exceeding plain that the Com^rs ought to have Determined this Line to run due North West

We likewise Apprehend this Line ought *not* to have been directed to have been Continued till it meets with his Majestys other Governm^ts *but only till* 120 *Miles was finished* for the Reasons menc'oned in our printed Case & for that the province of Main goes no further than 120 Miles & New Hampshire on that Side is Bounded by the province of Main

Note — New Hampshire has Appealed from the Com^rs Determinac'on of this part of the Line for that the Com^rs have not given them *the whole River of Piscataqua* Insisting they have always had the Jurisdiction of the whole River & that they have built & maintained a ffort on the Massachusets Side of it

We have fully Answered this Objection in our printed Case & absolutely Deny the truth of the ffact here laid down & *New Hampshire have not made the least proof in Support of what* they now Insist on & the words of the Grants are very Clear & plain with us And upon this ffact being Asserted in the New Hampshire Appeal which was the first time it was ever mentioned & therefore we could not Examine to it below the Massachusets got two Gent. of Great Credit to make the following Affid^t which we have Transmitted under the province Seal.

Affid^t Richd Cutt Esqr & Capt. W^m ffrost Sworn 13th Decr 1737 — That they were born near Piscataqua River & lived there all their days & are well Acquainted with the said River — that there are severall Islands lying within the Mouth of the said River some of which lay nearest to the province of Maine & others Nearest to New Hampshire — That *all those that lay nearest to the province of Maine & on the North Side of the Great Ship Channel have ever since their Mem-*

ory been accounted to belong to Kittery in the province of Main and *have paid Taxes there* Except a Small Island called Clarks Island containing about 3 or 4 Acres on each Side of which runs a Ship Chanel *That all the other Islands that lay nearest New Hampshire have been Accounted to belong to New Hampshire and have paid Taxes there*

NOTE The said Richard Cutt lives at Kittery in the Massachusets province & *Cap*^{t} *ffrost is an Inhabitant of New Castle* in *New Hampshire*

NOTE by Comparing S^{r} fferdinando Gorges Grant (which was plainly designed to Convey a Square Tract of Land with the Massachusets present Charter) there Appears to be a whole Line of the Bounds in Gorges' Grant left out of the Charter thô it seems to be necessarily Understood by the Terms Exprest in the Charter./

[Masonian Papers, Vol. 4, p. 167.]

May it please your Lordships.

In Obedience to His Maj^{tys} Royal Commission under the Great Seal of Great Britain to us (and others) directed, appointing us Commiss^{rs} to Settle ye Boundary Lines between the Province's of the Mass^{a} Bay & New Hampshire, we have in pursuance thereof met divers times at this place, (with others of ye Comm^{rs} now absent) and fully heard both parties & duly Considered their several pleas Evidences & proofs to us produced, and made up Our Judgment & determination thereupon ; All which will fully and at large appear by ye Exemplification of the whole proceedings herewith Inclosed ; And

as we Esteem it Our Duty (more especially as Our Judgm^{t} or Determinac'on is Conditional in part) to lay the Same before his Most Sacred Majesty for his Royal Will & pleasure to be Signifyed therein, So we have Transmitted ye Same to Your Lordships for that purpose, and have Adjourned the Court to ye first day of August next, in Order to receive Any further Commands from His Majesty touching this affair, more particularly with respect to Stating & marking out Such Monuments & Boundaries as Shall be thought requisite, according as ye Boundary lines may be determined in His Maj^{tys} Great wisdom. — We are with all due respect. [*Letter on Boundary Line Question*, 1737.]

[Farmer's Town Papers 2–3.]

Boston Septr 29, 1737 —

Sir In Answer to yor letter publish'd in ye Boston Gazette the 19th Instant It has been rumourd some people have boasted before the putting off of their harness, but I can't learn There is any Real danger of our Charter's shaking, or Sufficient reason for the poor Country People being frighted. It is not worth while to say any thing of those or of their purposes who never intended to return from the Seige of Troy til they had accomplished a victory no nor whether they who carry on ye Charge of war nor of ye Matter of oral Argumentation These things are not much to ye Main point it is Certain, the N H Agents have given under their hands (in their Claim) That their prov: lyes principally between that which was *formerly* the Collony of the Mass^{a} Bay & the Tract of land *Then* Call'd the Province of Main which are now incorporated into one Province by the Charter of King William & Queen Mary, and that the Court have determined, If the Charter of K W & Q M grants all the lands which were granted by the Charter of K C ye 1st that the line Shall Run parallel wth the River &c^{a} from whence tis plain & ye Court made a doubt on a point wch the Agents of New Hamp^{r} had determined agst themselves & by which they are forever Estopped from having any other line than what our Agents have offered 'em unless by Composition, or ye Mere condescention & allowance of our Genl Court, but to wave ye point wch thro precipitancy and a too great dependency upon certain as well as swift Success they have given up, you may plainly descern from the plain words of the Charter that you are safe, unless you Should be offered in Sacrifice to appease the wrath

The question in ye Judgment is

Whether the New Charter grants all the lands that ye old did and if yea Then the line is to be as Mass^{a} asks it if nay, then as New Hamp^{r} asks it I answer in the Affirm^{a} y^{t} ye New grants ye all ye lands that ye old did

1. The New Charter Says the Colonys Commonly called or known by the name of Mass^{a} &c we incorporate now what was commonly calld & known by the name of Mass^{a} was denominated so from being comprehended in the old Charter Ergo

2 The New Charter says 18 Councell^{rs} Shall be Annually chosen of the Inhabitants of or proprietors of lands within the Territory

formerly called the Col° of ye Mass^a^ Bay — Now if the New Charter does not grant all the lands wch the old did, then 18 Councell^rs^ may be Chosen to serve in ye Mass^a^ Governm^t^ wch have no lands nor are Residents within the Same —

3 The New Charter says the Govr & Genl Assem^y^ may make & pass any Grants of land lying within the bounds of the Colony formerly called ye Colony of ye Mass^a^ Bay in Such manner as heretofore yy might have done by virtue of any former Charter or letters patent

Honourable Sir,

There are so many instances of Your kind disposition towards this Province, and You having been pleased to signify to us such a readiness to assist us and consult Our interest on any Emergency, when you declined our choice of you into the Agency — We hope, it will not be tho't presuming, to ask your favour and help in the Controversy between this Province and New Hampshire, concerning the Boundarys or Lines between them ; It is an affair of very great Consequence to us, for the Claim of New Hampshire is so Extravagant, that if they should Succeed We should lose more than One third of what We always have, and now do Judge, belongs to this Province, and which We have in great part Granted to Particular Persons or for Townships.

The General Court have for this Important Affair, Chosen the Honourable Edmund Quincy, Esq[r] a member of the Council here, and One of the Justices of the Superiour Court, and Richard Partridge Esq[r] of London, to be Joynt Agents with Francis Wilks Esq[r]. Colonel Quincy will give you full information in this Matter, in which he was an Agent for the Province when the Matter was Pleaded before the Kings Commissioners here.—

We Doubt not but You will be so Particularly informed by the Agents, as to see the Justice of Our Cause, And as the Right is most undisputably with Us, so it is of great consequence to Our future tranquility and peace, that the determination by His Majesty in Council, be in Our favour.

We are so Assured that Justice and Equity are with Us, that Our great Concern is, that the Cause may be fully Opened and Understood, in forwarding which and in removing any difficulty in the way of it, We are very desireous of Your Assistance.

[*Petition of N. H. House to King against Gov. Belcher.*]

[Mss. Prov. Boundaries, p. 116.]

To His Most Excellent Majesty

The humble Petition of your Maj^ties^ most duty full and Loyall Sub jects the House of Representativs of your Maj^ties^ Province of Newhampshire in New England Most humbly Sheweth.

That the many & great Encrochments, made by the Massachusets Goverment by Extending Jurisdiction and Property over great part of this your Maj^ties^ Prov^e^ of N Hamp^r^ togeather with their Commencing Severall Law Suits ag^t^ ℔sons that Lived ten or twelve Miles to the North of any part of Merrymack River tryable at the Courts of

the County of Essex in S^{d} Mass^{a} and Draging them into their Prisons & condemning them in Excessive Cost and Charges, for pretended Trespasses on the Land they Live upon there as also that Goverments Selling and Granting Land many Miles within this Province Incited the Ass^{m} of this your Maj^{ties} Province, to Vote John Rindge Esqr an Agent to be employed in behalfe of this Goverm^{t} to Represent the affaire and Petition your Maj^{tie} that the Long depending Controversie about the Boundarys of the Provinces Might be Determined, as in your great Wisdom Yo^{r} Maj^{tie} Should Direct, But because the Said John Rindge Esqr (as we humbly Apprehend) was not acceptable to his Excell^{cie} Govr Belcher a Majority of the Councill disagreed to the Vote, And the Said Councill and Assem^{y}, not agreeing upon a Suitable ℔son, The House of Representatives being sensible that it was the Great Desier of the People they Represented, that the Boundaries between the two Prov^{es} Should be Settled, and the Suffering Borderers neare the line Relieved & Quieted in their Possessions: The House of Representatives voted the Said John Rindge Esqr, to be theire Agent for the Purposes affore Said, who did Repaire to Great Brittaine & Petitioned yor Maj^{tie}, that the Boundary Lines of this & the Mass^{a} Province might be Setled & fixed. — In Consequence of which yor Maj^{tie} was Gratiously Pleasd in Councill to Order a Commiss^{n} under the Great Seal Appointing Commiss^{rs} to determine and fix the Boundarys here upon the Spot who in Obedience thereto met on the first day of August, when this Province made & put in their Demand, (tho the Mass^{a} did not put in theirs until the tenth, notwithstanding it was yor Maj^{ties} Express direction, that the Demands of both Provinces Should be made and put in the first day of the Commiss^{rs} meeting) after the Considering the Demands of Both Prov^{s}, on the Second day of Sep^{t} last, the Said Commiss^{rs} Published their Determination a Coppy of which is humbly presented herewith, from which this your Maj^{ties} Province would have appealed to your Maj^{tie} in Councill: being agrieved thereby, because that the Black Rocks mentioned therein, from whence three Miles North the southern boundary is to begin is Neare a Mile from the Mouth of Merrymack River and about three Quarters of a Mile North of it where it Empties it Selfe into the Atlantick Sea or Ocean, By which Means this Your Maj^{ties} Province Looses three Quarters of a Mile throughout the whole Length of it upon a West Line, for it is humbly conceived that the Southern Boundary of this Province Ought to begin three Miles North of the Mouth of Merrym^{k} River and from thence to Run West: And the Northern Boundary by the Said Determination, or Judgment is to be the Midle of Piscataqua River: Whereas all the River has always been within the Jurisdiction of

Newhampshire Goverm^{t} and the Mass^{a} never pretended to Claime it. But So it is.

His Excell^{y} the Govern^{r} did not give this Province an oppertunity to make an Appeale as is Directed in Said Commiss^{n} for within three Hours after the Judgm^{t} & Determination of the Commiss^{rs} was Published, the Govr Proroug'd the Gen^{ll} Ass^{m} of this Province (who were Sitting ab^{t} two Miles Distant from the Commiss^{rs} Court, to the verry day before the Commiss^{rs} were to meet to Receive the appeal of the Province agrieved, and before a Copy of the Judgment could be obtained which Sudden Prorogation and so Short a time before the Commiss^{rs} meeting, this yor Maj^{ties} Province is Strip'd and Debar'd Makeing and Entring an Appeal according to your Maj^{ties} Most Gratious Indulgence in the Said Commiss^{n}, and at the Same time the Govornour continued the Great & Gen^{ll} Court of the Mass^{a} Bay Sitting Severall days to consider & Resolve on the Appeal, They then Voted to make : and then He prorogued them to two dayes before the Commiss^{rs} meeting to receive it ; And we most humbly Crave Leave further to Remonstrate to your Most Excellent Majesty that the Charge and Expences of the affore Said John Rindge Esqr in prosecuting this affaire of the Lines in the obtaining the Commiss^{n} under the Great Seal and taking it out has been carryed on by him selfe and Some other well disposed to the Interest of this your Maj^{ties} Goverment & Province for no Money could be obtained from the Governour & Councill untill Last April the Gen^{ll} Assembly granted a Small Matter, not one fifth part of the Sume advanced, altho the Representatives often Voted Money for that purpose, their votes were always Disagreed by a Majority of the Councill, and Even while the Commiss^{rs} were Sitting in pursuance of yor Maj^{ties} Royall Commiss^{n} & putting it in Execution the House of Represenatives voted a Small sume for their Expences, a Majority of the Councill disagreed thereto thô they were Sensible y^{t} what was granted before for the Reception and Entertaiment of the Commiss^{rs} was not half Sufficient for that purpose they having been wholly at the Charge of this Province — which Conduct of the Said Councillours we humbly Apprehend was wholly owing to the very great and undue Influence of the Govorn^{r} over them, who are dependant upon him for Posts of Honour and Profit he had promoted them to.

The Governour Neglecting to propose to the Councill and Assembly to Choose publick Officers, on whom or at whose place of abode the Determination of the Commiss^{rs} Should be Served or left : untill ten days after the first Meeting of the Commiss^{rs} whose names ought to have been Sent to them the first day, by which means this Province might have been proceeded ag^{t} Ex parte agreeable to the Tenour of

the Commiss^{on} The Discouraging & not granting Money for Carrying on the Important affaire of Setling the Boundaries of the Province, & not giving time & oppertunity to the Gen^{ll} Ass^{m} to Consider of and prepare an Appeal from the Judgment and Determination of the Commiss^{rs} We humbly Apprehend to be a Great grievance, and most humbly Intreat Your Maj^{tie} in Councill will gratiously be pleased So to Order as that the Judgment and Determination of the Comiss^{rs} may not be wholly Approved of By your Maj^{tie} Nor the Govornours conduct in this affaire be detrimentall to your Maj^{ties} Most dutyfull and most Loyall Province of N Hamp^{r} But that the southern Boundary thereof may be fix'd, to be a West Line from 3 mile North of the Middle of the Mouth of Merrymack River where it Empties it Selfe into the Atlantic Ocean: and Continued untill it meet your Maj^{ties} other Goverments to the Westward and that on the north part the River of Piscataqua may Remaine fully to the Province of New hampshire as formerly

[*Order on N. H. Petition against Gov. Belcher*, 1737/8.]

[Mss. Prov. Boundaries, p. 105.]

At the Council Chamber Whitehall the 7th Day of February 1737.

By the Right Honourable the Lords of the Committee of Council for hearing Complaints from the Plantations. —

Whereas by Order in Council of the 6th of this Instant there stands referred to this Committee the humble Petition of the Representatives of His Majesty's Province of New-Hampshire in New-England complaining of the Proceedings of the Governour of that Province for several years past, and particularly with Regard to the executing His Majesty's Commission for settling the Boundaries between the said Province & the Province of the Massachusetts Bay, & humbly praying, that His Majesty would be graciously pleased to receive from their Agent John Thomlinson Esqr the Proofs of the several matters therein alledged, & such further Informations as may be necessary to set their melancholy Circumstances in a true light, & that His Majesty will be pleased to grant them such speedy Relief, as in his Royal Goodness shall seem meet: Their Lordships this Day took the same into Consideration, & are thereupon pleased to order, that the said Petition (a Copy whereof is hereunto annexed) be transmitted to Jonathan Belcher Esqr His Majesty's Govr of the said Province

of New-Hampshire, who is hereby required to return his answer thereunto in writing to this Committee with all convenient Speed. —

[*Petition of Jonathan Belcher against John Rindge*, 1737/8.]

[Mss. Prov. Boundaries, p. 107.]

To the King's Most Excellent Majesty in Council —

The Memorial of Jonathan Belcher in behalf of his Father Jonathan Belcher Esq Your Majesty's Govr of the Province of New-Hamp-sh^{r} in New England —

Most humbly sheweth —

That your Memorialist is informed, that the Lords Commiss^{rs} for Trade and Plantations have recommended Mr John Rindge of Portsmouth in New-Hampshire to your Majesty as a Person qualified to be a Member of your Majesty's Council in the Province aforesaid.

That your Majesty's Govr can fully make appear, that the said Rindge has constantly opposed all such Measures as have been proposed & deemed necessary by the said Governour for your Majesty's Interest & Service in the said Province.

That the said Rindge has joined in exhibiting a Complaint from the Assembly of the said Province against your Majesty's said Governour, in which the said Governour is loaded with general Invectives, & his Administration stiled arbitrary, partial, & oppressive, without specifying the least Instance of Oppression or Partiality, & upon the face of the Complaint it appears, that the Assembly (of which the said Rindge was then a Member) voted, that the Administration of your Majesty's said Governour was a Grievance, without mentioning any Particulars, and before any Remonstrance or Complaint exhibited to your Majesty, which your Memorialist humbly concieves was calculated to prejudice the minds of your Majesty's good Subjects in the said Province, & to retard and weaken the measures of the said Governour in his Administration for your Majesty's Honour & Service, & by the said Vote they assumed a Right of arraigning & condemning the Conduct of your Majesty's Governour, which your Memorialist apprehends is a Step without Precedent, and tends to defeat and destroy all the Ends of your Majesty's Royal Commission and Instructions.

That your Memorialist concieves it to be of the highest Importance to your Majesty's Service that all the Members of your Majesty's

said Council be well affected to such Measures as the Governour (in whom your Majesty is graciously pleas'd to repose a special Trust and Confidence) may judge necessary for your Majesty's Honour and Interest, & especially, as your Majesty's Council are the immediate Balance between the Govr & the Assembly, & your Majesty's said Governour is therefore specially instructed to nominate & recommend such Persons, as he may deem fit, suitable, & well affected to your Majesty's Service, & for the same Reason by the Royal Charter to your Majesty's Province of the Massachusetts Bay, the Governours for the time being are allowed a Negative upon every Councellour of the Province, & in all your Majesty's other Governments the Gov^{rs} are instructed and permitted to recommend fit & proper Persons to be of your Majesty's Councils.

Wherefore your Memorialist most humbly prays, that your Majesty will be graciously pleased to allow the said Govr time to urge his Reasons against the said Mr Rindge's appointment, especially, as the said Complaint (to which the said Rindge is a Party) is now depending, and wholly undetermined; & that your Majesty's said Govr may be permitted to recommend a proper person to be of your Majesty's Council in the said Province agreeable to your Majesty's Royal Instruction to him in that behalf.

And your Memorialist, as in strict Duty bound, will ever pray &c^{a}

[*Petition from Boundary Line Commissioners*, 1737/8.]

[Mss. "Town Boundaries," p. 89.]

To His Excellency Jonathan Belcher Esqr Captain General and Commander in Chief in and over His Majesties Provinces of the Massachusetts Bay and New Hampshire &c —

We the subscribers two of the Nova Scotia Commissioners appointed by His Majesty to settle the Boundary Lines between the said Provinces beg leave to represent to Your Excellency. —

That the affair of the Line has detained us here so long that we had not a seasonable time nor opportunity all this while to return to our Families at Annapolis, which has put us to a very great and extraordinary Expence —

That we wrote on this head some time ago to the Province Agents for some further Allowance on that account, but have not yet received any Answer

We therefore think our Selves obliged to apply to Your Excellency as Governour of both Provinces for some Releif for the hardships we have suffered by our long Attendance —

That in Case the Government will take the same into Consideration, and make us a proper Allowance for the time past, we are still willing to wait here His Majesties further pleasure in relation to the Lines, otherwise we shall be obliged to proceed by the first opportunity to Annapolis.

And as the Province of New Hampshire has not paid us that small sum, they Agreed with the Agents of this Province to give the Commissioners, nor given them any hope when they will; we beg leave to desire Your Excellency will be pleased to lay their Case before *His Majesties Council* and that your Excellency and they will think of some Expedient to Obtain for us, some reasonable Allowance for our tarrying here so long, and likewise the sum promised by New Hampshire, in which this Province can run No risque since the whole Charge of the Commissioners must be equally borne at last by both Provinces —

We are Your Excellency's Most obedient and most humble Servants

I duely rec'd thy letter notifying my being appointed to the Agency of the Massachusets Bay in conjunction with Colo Quincy & Francis Wilks Esqr for pursuing the Appeal from the Judgment of the Commissrs respecting the contested Boundaries between that Province & New Hampshire. — Since which I have thy favour of ye 17 Decr last accompanying the joint Commission and referring me to the Instructions to Agent Wilkes, For thy care in these Articles I must desire thee to accept my sincere thanks, And through thy hands I take the liberty of passing my gratefull Acknowledgments to the General Court for the Honour they have done me in a Trust of such Importance,

The death of Col° Quincy together with the business of Parliament has hitherto retarded any effectual Progress in the Appeal; But as Agent Wilks and I are now concerting suitable Measures for the Hearing, I think it my duty to assure the Assembly of my disposition & zealous Endeavours for their interest on this occasion, and if I can be of any particular advantage to thine thou mayst intirely depend on the best Services of

Sir. We take this Oppertunity to Acquain The Generall Court with our proceeding in the Affair Committed to our Care; We have Carefully Examin'd all the papers & proceedings in the Case, have had several Meetings with our solicitor & Councill in Order to make them Masters of all the Circumstances and Arguments in favour of the Massachusets but not having had the least Encouragement that the Matter Could be brought on to be heard before The Rt Honble Lords of the Committee before the usual time of their Adjournment for the latter end of the Summer, We Judg'd it would be rather a Damage than Advantage to proceed too far, And then have the whole to go over again in about the Month of October, no more Committee's being expected before that time. We shall prepare every thing Against their first Meetings in ye Fall. The General Court may depend upon our exerting our utmost Endeavours for their Interest & Service therein as shall from time to time duly advise of our proceedings; We have omitted for some time Acquainting you that upon examining the Papers left by Colle Quincy, We found wanting the withinmention'd which We expected must been in some hand here that he had lent them to, but upon strict enquiry can't find any body had 'em therefore if you can by the first Oppertunity furnish us wth Duplicates it may be of Service. We Apprehend the said Papers must have been left in New England for that it is impossible they should be lost here. We are with great Respects to the General Court

Gentlemen It is surprizing to us that so many papers you mention in yours of July 6 are wanting, & especially that one so important as that of Sir fferdinando Gorges Patent of the Province of main ; by Col^{l} Quincey's letter, we are satisfied of his having all with him after his arrival & by careful inquiry, we find also that he left none behind him, we have sent you Copys of all, but we cannot but hope, that you will find them in the hands of some person he lent them to ; we would press you to possess as many persons as you possibly can with a thorough knowledge of this controversy, for it is impossible we should fail in it, if it be fully understood ; for our right is clear to mathematical demonstration to those who are fully apprized of this affair

m^{r} Thomlinson seems to incline to begin this controversy de novo, & not to go on to consider the Commissioners Judgment & determine on that, this you must by no means consent to, nor is it consistent with the Commission under the Great seal that his Majesty should decline giving Judgment on the appeal from this Determination

Herewith you have some observations on m^{r} Thomlinsons Petition, it is so filled with misrepresentations, that either he must be very Ignorant in the circumstances of this affair or be very much carryed away with a wrathful & angry spirit we are inform'd & doubt not of the truth of it, that m^{r} Thomlinson gives himself great liberties about the Right Honble the Lords of Trade & Plantations, as being extreamly engaged for N. Hampshire we cou'nt but think much more Hon^{r}ably of Persons of their Character, & should be glad you could find a convenient opportunity to expose m^{r} Thomlinson's folly & vanity in this matter

[*Petition of Massachusetts Agents to King*, Oct., 1738.]

[Mass. Archives, Vol. 6, pp. 25–31; and N. H. Mss. Prov. Boundaries, pp. 142–149.]

To the Kings most Excellent Majesty in Councill

The humble Petition of Francis Wilks and Richard Partridge of London Merchants Agents for your Majesties Province of the Massachusetts Bay in New England for prosecuting the Appeal of the said Province from the Determination of the Courts of Commissioners for Settleing the Boundaries between the said Province and that of New Hampshire Sheweth —

That your Majesty by your Royal Commission bearing date the 9th of April 1737. reciting that your Ma'tie had been informed that a dispute had been long Subsisting between your Provinces of the Massachusetts Bay and new Hampshire in America relating to their respective Boundaries was pleased to Constitute and Appoint certain persons therein named or any five of them to be your Commissioners for Settling Adjusting and Determining the respective Boundaries of your Said Provinces of the Massachusetts Bay and New Hampshire in dispute as aforesaid — And the Said Commissioners were thereby required to hold their first meeting at Hampton in New Hampshire on the 1st of August 1737. And then to Adjourn to Such times and places as they Should See proper.

With directions that in Case either of the said Provinces Should neglect to Send to the Commissioners at their first meeting the names and places of Abode of two of their publick Officers residing

in their respective Provinces on either of whom or at whose place of Abode Any Notices Sumons or final Judgment of the Said Commissioners might be Served or left And in Case either of the said Provinces Should also Neglect to Send to the Said Commissioners at their first meeting a plain and full State of demands or pretensions in writing describing where and in what places the Boundaries on the Southern and Northern part of New Hampshire ought to begin and what Courses and how farr the Same ought to run respectively to the End that Copies thereof might be mutually Exchanged in order to prevent any unnecessary delay And that each party might come fully prepared That then the Said Commissioners were in either of these Cases to proceed Exparte

And all proper and Necessary directions and powers were given And Contained in the Said Commission for choosing of Officers, Administring Oaths Examining witnesses And reducing their Evidence in writing

And it was thereby Ordered And Directed That Entrys Should be made of all Papers Evidences Deeds Charters and proofs received by the said Comissioners in this Affair and of all their proceedings and resolutions thro' out the Same And that Plans or Drafts of Such Boundary Lines as Should be agreed upon by the Said Commissioners Should be Annexed thereto And made part thereof.

And your Majesty was thereby pleased to Declare your will & pleasure

That when the Commissioners Should have made their final Determination And Signed the Same a Copy thereof Should be Sent to Such publick Officer or Officers in each respective Province as before mentioned as likewise Notice of another meeting to be held by the Commissioners at a distance of time not less than Six weeks or more than three Months at which meeting either of the Said Provinces who Should find themselves Aggrieved might Enter their Appeal to your Majesty in your Privy Council with a Declaration what parts of the Determination of the said Commissioners they did Abide by or Appeal from But if neither of the Said Provinces Should Enter their Appeal or Exception against the Determination of the Said Commissioners at Such last Meeting Then and in Such Case no Appeal or Exception Should be afterwards received or Admitted And Such Determination of the Said Commissioners being Confirmed by your Majesty Should be final and Conclusive to both the Said Provinces

That the Said Commissioners mett at the time and place Appointed by the Said Commission and were Attended by Committees Appointed by each Province who laid a State of the Claims and Demands of each Province before the Commissioners

That the Committee Appointed on behalf of the Massachusetts Bay amongst other things produced before the Said Commissioners an Authentick Copy of A Plan Entituled "A Plan filed in the Secretarys Office of New Hampshire — Endorsed — Province Bounds returned the 23^{d} of May 1696: Wm Redford D: Secretary And Certifyed by Richard Waldron Secretary — And which was a Plan of the Boundaries of New Hampshire which had been run by order of the then Governor and Councill of that Province from the Atlantick Ocean 3 miles Northward of Merrimack River following the Course of the River And which Plan they caused to be filed amongst their publick Records, but which thô So very materiall to be taken into the Consideration of the Commissioners they were pleased to reject And refused to make the Same part of the Case whereupon the Said Massachusets Company moved they might have liberty to protest against the Courts not receiving the Same which they were allowed to do.

That the Said Massachusets Committee after the whole pleadings were gone through on both Sides Delivered in An Exception against this Denyal of the Said Commissioners to receive and Admitt the Said Plan as Erroneous and praying that the Said Province of the Massachusetts Bay might when the Affair Should come before your Ma'tie have all benefit And Advantage of So materiall A part of their Evidence which Exception was received And Admitted by the Court And Entred as part of the Case And your Petitioners for and on the behalf of the Said Province hereby most humbly pray to have the benefit of the Said Exception And Also of all other Exceptions and Objections made by the Said Massachusetts Committee All which Appear on the proceedings on the Appeal of the Said Province from the Judgment or Determination of the Said Commissioners And that they may be then at liberty to read the Said Plan for and on behalf of the said Province

That the Said Commissioners on the 2^{d} of September 1737. Delivered their Judgment or Determination in the presence of the Committees of each Province whereby they State that in pursuance of your Ma'ties Said Commission they had taken under Consideration the Evidences Pleas and Allegations offered and made by each party and upon Mature Advisement on the whole a doubt arose in point of Law And that they had thereupon come to the following Resolution Viz^{t}

That If the Charter of King William and Queen Mary Grants to the Province of the Massachusetts Bay All the Lands which were granted by the Charter of King Charles the first dated the 4th of March in the fourth Year of his Reign to the late Colony of the

Massachusetts Bay lying to the northward of Merrymack River Then they Adjudged and Determined that a Line Should run parallel with the said River at the distance of three English Miles North from the Mouth of the Said River begining at the Southerly Side of the Black Rocks So called at low water mark and from thence to run to the Crotch or parting of the Said River where the Rivers of Pemigewassett and Winnipesiokee meet and from thence due North three English Miles and from thence due west towards the South Sea untill it meets with your Ma'ties other Governments which Should be the Boundary or dividing Line Between the Said Provinces of the Massachusetts Bay and New Hampshire on that Side BUT IF OTHERWISE then they Adjudged and Determined that a Line on the Southerly Side of New Hampshire begining at the distance of three English Miles north from the Southerly Side of the Black Rocks aforesaid at low water mark and from thence runing due west up into the Main Land towards the South Sea until it meets with your Ma'ties other Governments Should be the Boundary Line Between the Said Provinces on the Side aforesaid — which point in doubt with the Commissioners as aforesaid they Submitted to the wise Consideration of your most Sacred Ma'tie in your privy Council for your Royal Determination therein

And as to the Northern Boundary between the Said Provinces the Court Resolved and determined That the dividing Line Should pass up through the Mouth of Piscataqua Harbour and up the Middle of the River into the River of Newichwannock (part of which is now called Salmon Falls) and through the middle of the Same to the furthest head thereof and from thence North two Degrees westerly until 120 Miles be finished from the Mouth of Piscataqua Harbour aforesaid or untill it meets with his Ma'ties other Governments And that the Dividing Line Should part the Isles of Shoals and run through the middle of the Harbour between the Islands to the Sea on the Southerly Side and that the Southwesterly part of the Said Islands Should lye in and be Accounted part of the Province of New Hampshire And that the North Easterly part thereof Should lye in And be Accounted of the Province of the Massachusets Bay and be held and Enjoyed by the Said Provinces respectively in the Same Manner as they now doe and have heretofore held and Enjoyed the Same

And the Court further Adjudged that the Costs and Charges arising by taking out the Commission as also of the Commissioners and their Officers and of their two Clerks Surveyors and Waiter for their travelling Expences And Attendance in the Execution of the Same Should be Equally born by the Said Provinces

That after the pronouncing the Said Judgment the Court Adjourned to the 14th of October then next in order to receive Any Ex-

ception or Appeal which either or both parties might have to the Said Judgment

That on the Said 14th of October The General Court of the Massachusetts Bay drew up and Agreed on their Appeal from and Exception to this Determination of the Said Commissioners and also named And Appointed a Committee to lay the Same before the Said Commissioners in order to its being received and Entred on their Records And on the Same day the Said Committee of the Massachusetts Bay presented to the Commissioners their Said Order of their General Court and likewise the said Appeal and Exception

That this Appeal was Addressed to your Ma'tie in your Privy Council and was the Appeal and Exception of the Province of the Massachusets Bay and was duly presented to the Commissioners by a Committee duly Appointed for that purpose by the General Court of the Said Province in pursuance of and Agreeable to the directions of the said Commission And which Appeal is now depending before your Ma'tie in Council

That the Province of New Hampshire did not deliver into the Said Commissioners Any Appeal from or Exception to their Said Determination nor Appoint or Authorize Any persons to Attend the Said Commissioners in relation to the Said Determination.

But your Petitioners humbly Shew unto your Ma'tie that the Same Gentlemen who were the Committee who Attended the Commissioners on the behalf of New Hampshire previous to the Said Determination Attended the Said Commissioners on the Said 14th of October and produced a Vote of the House of Representatives of New Hampshire Setting forth in what parts of the Said Judgment of the Commissioners the Province of New Hampshire was Aggrieved and Excepted Against — To which Vote the Committee of the Province of the Massachusetts Bay Objected and took Exception for that it was only A Vote of one part of the Legislature which did not represent the whole Province whereas by the Said Commission no Exception to or Appeal from the Determination of the Commissioners could be taken but by the whole Legislature which was the Province And the Said Vote mentioning that the Assembly having been prorogued to the 13th day of October the day before the Commissioners by Adjournment were to meet in order to receive the Appeal of either Province The Province had not time to be prepared with their Appeal but that your Ma'tie might not think that House Satisfyed with all parts of the Said Judgment they Voted that his Ma'ties Province thought themselves Aggrieved by the sd Judgment in the particulars therein Specifyed — The Commissioners to Obviate this Objection for want of time after having

heard both Sides touching the receiving or rejecting this Vote continued the Matter for Consideration till their next meeting And ordered their Clerk to Inform the New Hampshire Committee therewith and that as the General Court of new Hampshire was then Sitting the Said Committee might Apply to the Governour and Council for their Concurrence with the Said Vote — And then the Court Adjourned to the 17th of the Said October in the Afternoon And the new Hampshire Committee not being returned on the 17th from the General Court the Commissioners Adjourned to the next day the 18th of October

That on the 18th of October the New Hampshire Committee Attended the Commissioners but without the Concurrence of the Councill of the Said Province to the Said Vote the Council being of Oppinion that the Determination of the Commissioners was right And that they ought to Acquiesce therein without Any Appeal on their part and Submitt the Matter as it then Stood to your Ma'ties Royal Pleasure

That notwithstanding the Council thus refused to Concurr with the House of Representatives in the Said Vote yet the Said Commissioners on the Said 18th of October 1737. Agreed and Determined that the Said Vote Should be received and made part of the Records of the Court and they Received the Same Accordingly — Upon which the Massachusetts Company moved that they might have liberty to enter their Protest in writing against the Same which the Court Allowed them to do the next Morning to which time the Court Adjourned

That accordingly the Massachusets Committee the next day being the 19th October Appeared and for and on behalf of the Province of the Massachusets Bay delivered in a writing whereby they Excepted and protested against the Courts receiving and Entring in the Minutes or Records of the Courts the Said Vote of the house of Representatives of New Hampshire which had been delivered 'em by A Committee without the Appearance of Any power or Authority for the Same from the Province for the following reasons.

1st — Because the Commissioners were not by their Commission enabled or Allowed to receive anything to be made part of the Case after Judgment but only the Appeal of either Province — And the Said Vote was the Act of one part of the Legislature only and not of the whole Legislature which is the Province — And therefore No Such Vote could be received especially when the Council of the Province had in direct opposition thereto Voted that it was not for the Interest of the Province of new Hampshire to Appeal from the said Judgment but to Submitt the matter as it then Stood to your Ma'ties Royal Pleasure

2dly — For that the reason Assigned for offering the Said Vote was entirely groundless there having been full Opportunity for Severall days in which the Governor had Continued the whole Generall Court Sitting And Yet the said Vote had never been So much as laid before either of the other Branches of the General Court even for their Consideration —

3dly — For that if the said Vote had been the Act of the whole General Court of New Hampshire it must have been Exhibitted by Such as were Authorized And Appointed for that purpose whereas those who presented the Said Vote were neither Authorized nor directed by the Said General Court to present the Same So that the Province of the Massachusetts insisted the said Vote was not the Act of the Province neither were the persons who presented it Authorized or directed So to do by the General Court And therefore to receive and Enter the Said Vote and make it part of the Case was inconsistent with the Authority and directly contrary to the plain Sense and Construction of the Said Comission

That your Petitioners for and on behalf of the Said Province of the Massachusets Bay hereby most humbly pray the benefit and Advantage of the said Exception and protest on the hearing of this matter before your Ma'tie in Council and that the Said Vote may be Declared by your Ma'tie to have been Improperly received by the Said Commissioners.

That Your Petrs further humbly represent to your Ma'tie that a petition hath been lately presented to your Ma'tie in Council Stiled the humble petition of Appeal of John Thomlinson of London Esquire Agent for the House of Representatives of your Ma'ties Province of New Hampshire for and behalf of your Ma'tie and your Loyal Subjects of your Province of New Hampshire which petition Stands referred by Order in Council to the Right Honourable the Lords of the Committee of Councill

That the Said Petr by his Said petition humbly Appeals to your Ma'tie Against the Said Determination of the Said Commissioners as well in behalf of your Ma'tie as of the Said Province of New Hampshire though by the Stile of the Petition he Admitts he is Agent of the House of Representatives of new Hampshire only.

That the Said Petitioner grounds his Said Petition of Appeal on the Said Vote of the House of Representatives which he states in his Said Petition to be different from what it really is

That the Said Petitioner by his Said Petition States a great Variety of matters by way of Complaint personally Against His Excellency Jonathan Belcher Esqr Governor of the Said Provinces of the Massachusetts Bay and new Hampshire and also by way of Complaint

against the Majority of the Members of your Ma'ties Council of the Said Province of New Hampshire touching their Conduct and behaviour for Several Years past and that are no part of the Record of the proceedings of the Commissioners or on which they formed the Said Judgment

And the Said petition prays your Ma'tie to make Several Orders and Determinations in the premisses for Settleing the Just Bounds of the Massachusetts Province and for the relief of your Subjects in new Hampshire in all respects

That your Pet^{rs} most humbly Submitt to your Ma'tie that the Said John Thomlinson from the Title of his own petition Appears not to be properly and Sufficiently Authorized to present Any petition of Appeal to your Ma'tie from the said Determination of the said Commissioners he not being Agent of the Province but only of the House of Representatives who have no power of themselves to Constitute and Agent to represent the Province And it is very remarkable how the Pet^{r} can Say he Appeals from the Said determination to your Ma'tie in behalf of the said Province when in this very Petition he States that the Council of the Province refused to Concurr with the House of Representatives in Appointing An Agent And in prosecuting an Appeal from the Said Determination of the Said Commissioners

That your Pet^{rs} humbly Apprehend It is the Office of A petition of Appeal to State only the matters contained in the Record of the proceedings and Judgment Appealed from and not to go into Matters out of or Extra the Record whereas your Pet^{rs} conceive by far the greatest part of the Matters contained in the Said John Thomlinsons petition to be Extra the Record and to relate to Severall persons not parties to the Said proceedings and to matters of a quite different Nature from those contained in the Said Record and that cannot be taken into Consideration on the hearing of Any Appeal from the Said Judgment of the Said Commissioners and for which the Province of the Massachusets Bay are no ways responsible

That the thus blending together in one and the Same Petition Matters of a different Nature and concerning and Affecting different partys is as your Petitioner humbly Conceives very improper and Alltogether Irregular.

Your Petitioners therefore most humbly pray your Majesty that the Said Petition Stiled the humble Petition of John Thomlinson of London Esquire Agent for the House of Representatives of your Majesties Province of New Hampshire for and on behalf of your Majesty and of your Loyal Subjects of your Province of new Hampshire may be Rejected and Dismissed — And that your Majesty will be graciously pleased to make Such Orders and give Such directions

in all and every the premisses as to your Ma'ties great wisdom and Justice Shall Seem meet

And your Petitioners as in Duty bound Shall ever pray &c

Secretary Willard

Yesterday by Appointment of the Lords Committee for Plantation Affairs came on a hearing before them by Council of the subject Matter of our Petition (a Copy whereof we lately sent to be laid before the General Court) against the New Hampshire Appeal from the Commissioners Judgment which was intended as a Suppliment to the Appeal We had before lodg'd at the Council Office : But at the first Committee that sat this Season the New Hampshire Solicitor mov'd the Lords that a Day might be appointed for considering our Petition first seperately which accordingly was fix'd. And for our Council we had the Attorney & Solicitor General who very fully & learnedly set forth the Nature & Irregularity of The New Hampshire Appeal in all the Circumstances of it, As to the manner which their Assembly's Agent had taken upon him to introduce it, as well as the Irregularity of the Appeal itself, in it's not coming from the Province according to y[e] Royal Directions in the Commission but only from one part of their Legislature the House of Representatives.

And on the otherside likewise their Council urged the Principal Matters set forth in their Petition of Appeal with the utmost force of Argument they could, & the great Disadvantage they lay under by the partial Disposition & management of Gov[r] Belcher in favour altogether of The Massachusetts purposely with Design to defeat The Royal Intention, of New Hampshire's reaping the Benefit they hoped for from the Commission His Majesty had been pleas'd to issue, for setling the difference depending between them about the Boundaries, which as they intimate was very evident by his unseasonable Adjournments of the Assembly from time to time & which was the less to be admir'd at seeing he was a Native of the Massachusetts & had his Estate & Fortune lying principally in that Pro-

vince, and indeed the greatest part of what they urged was in traducing the Governor's Managem^{t} & Partiality in the Course of proceedings during the Session of the Commissioners

Our Council doubtless wou'd have taken off the Edge of those Invectives had they been permitted to make their Reply which was their Right altho' they did not think proper to enter into a long Detail of it, in as much as their was a particular Complaint from a Committee of the Assembly of New Hampshire against him subsisting, & to which the Gov^{rs} Answer was come over, & therefore insisted it was most proper that Matter should be sever'd & Consider'd by their Lordships at a proper Season by itself & so were of Opinion it was best to wave giving full Answers to the particular Charges against him as not properly appertaining to ye Appeal; But when the Council for New Hampshire were abo^{t} to produce their Testimonys to support their Allegations (& before our Council had opportunity to make their reply) their Lordships interfered & put a stop to further proceedings, in as much as those matters relating to the Governor had not yet come before them to be judicialy consid^{d} upon the whole they seem'd to be of Opinion for admitting the New Hampshire Appeal to stand but hinted that it might be proper to postpone the hearing of it till after the New Hampsh^{re} Complaints against the Governor were heard. And accordingly adjudg'd that our said Petition should be dismiss'd without prejudicing us as to any Opposition we might make to the New Hampshire Appeal when the merits came to be enter'd into & considered by their Lordships, We cannot but think our Selves something unfortunate in the fate of this Petition because both our Council tho^{t} the Case very clear & that we could not fail of the Dismission of their Appeal.

There's no Day appointed yet for hear^{g} & considering the Judgment of the Comm^{rs} but we expect that will be in a little time when we shall exert our Selves & do our best Endeavours for the Service of the Province, we are concern'd for, all which we desire may be communicated to the General Court from,

Boston, Decr 22d 1738

Honourable Sir

We gratefully acknowledge your favour of the 17th of June. It would have been very pleasing if you could have been perswaded to appear in the agency for us, but find you could not, we are very much obliged for your kind & Generous disposition to Serve us more privately.

In the Controversy of the line between us & New Hampshire, there is so much artifice used on the other side, that there is great danger of Our Suffering by their misrepresentations. Our difficulty is not the least doubt of the Reasonableness or Equity of Our cause nor of the Justice of the Privy Council, but that it will be referred over by the Privy-Council to others, as ordinary business & Cases are, and that the Phrases mightily in fashion on the other side, of the Overgrown Province of the Massachusett's, the Poor, little, Loyal Province of New Hampshire, will be apt to work on the Compassions of some, & make them think that New Hampshire need much & we deserve Nothing.

There is another consideration also, of great Service to New Hampshire, & this is, that all their Pretence is, from a few words in the Charter, and all the colour there is in their favour, obvious to the most cursory view whereas our Cause appears clearest & best on a full understanding of & Strict enquiry into it, And then it appears evident, even to Demonstration, and what New Hampshire build on, will appear to have not so much as any colour in their favour, And it was very observable in the Course of the argument, while this cause was under consideration here that the further it was inquired into, & the longer it was under deliberation, the more Just & clear did our cause appear, & that of New Hampshire the worse, nor have they any expectations of success, but from their management & artifice, and a fancy that they are great favourites.

We Should Esteem it a mighty advantage, & that It would greatly tend to a full understanding of the Cause if it might not be referred to any other Board or Boards, but might be argued fully & first, as well as finally, before his Majesty & the Privy Council, It is a cause of great consequence, almost one half of this Province, in the defence & Settlement of which we have Spent a great deal of blood & treasure, and which we were going on very fast yet farther to Settle, and had agreed on a fort for the Protection of the inhabitants, which had doubtless before this time been built, but that this Controversy has dampt & discouraged People from Settling, and should New Hampshire obtain, as it will bring all manner of confusion on this Province, & expose them to inextricable Difficulties About their old grants, so it will be a vast Mischief to New Hampshire itself, for they are able neither to Settle nor defend it & without a fort to defend them, People will not Settle whereas New Hampshire without cost would be covered & defended by the People & fort the Massachusets would Settle & build, and the Massachusetts would account it not so much of a burthen they having been always used to be at great charge in defending that Province, for their Cost would be less than it hereto-

fore was Inasmuch as these Settlements would contract the frontier of the Massachusetts & New Hampshire from about one Hundred & fifty miles, to little more than forty.

We are very loth to be troublesome, but we must desire leave to put a State or brief of this Case with some arguments in support of our Cause into your hands, which are herewith transmitted you, If your great affairs can permit you to look over it, we doubt not you will see that Justice is plainly with us, & if we suffer, it must be, by reason our cause is not understood.

We are with great respect, Sir,

[*Report of Massachusetts Committee on Petition of John Thomlinson*, 1738.]

[Mass. Archives, Vol. 6, pp. 33–38.]

The Committee appointed to consider of Mr Thomlinson's Petition to his Majesty, & make such observations thereon, as might set the subject matter thereof in a fair & Just light, have carefully lookt into

the same which is in the following words vizt — *here insert Mr Thomlinsons Petition*, whereupon they observe 1 — That the title or name, Mr Thomlinson gives his Petition, Vi^{t} — a Petition of Appeal is very wrong, being expressly against the directions of his Majesties Commission, under the great Seal for by the Commission, there can be no appeal from the Judgment of the Court constituted thereby, but what is enter'd in the Said Court, and at their meeting for that purpose within three months at farthest after the Judgment, which was past many months before this Petition wch he calls an appeal, if therefore it deserves any good name, it must be called a Petition of Doleance but an appeal it cannot be from this Judgment.

11 The Acco^{t} m^{r} Thomlinson begins with of the Extent of the Province of New Hampshire, is altogether New & Groundless & contrary to the bounds given in the first formation of that Province into a Governm^{t} which was by the Commission to President Cutt Anno, 1679 from his late Majesty King Charles 2^{d}, soon after his Majesties Judgment which was an. 1677 for determining the bounds of N. Hampshire, after Several solemn hearings between the Massachusetts' Bay & m^{r} Mason who in S^{d} Judgment was declared Proprietor thereof in consequence of a former grant to Capt John Mason his Grandfather ; The Commission to m^{r} Cutt is evidently drawn agreeably to this Judgment, & in the words as to the bounds, & therefore only that Part of New Hampshire which was from three mile to the Northward of merrimack is erected into a Governm^{t}, the three mile adjoyning to Merrimack on the. Northerly side, having been determined, in the afores^{d} Judgment to be given by a Prior Grant to the Massachusetts, & therefore could not be comprehended in this New Erected Government of New Hampshire, & thus were all the Commissions to the succeeding Governours, for fifty years together, down to 1730, when the Bounds of N. Hampshire might be Justly Judged to be well known by a Constant particular description for so long a time, & then New Hampshire is mentioned in the Commission to his Excellency the Present Govern^{r} without describing the bounds, the Extent & meaning of ye words or Name New Hampshire having been solemnly determined above fifty years before, & used in that sense & that only down to this time, nor is there the lest intimation given in this last commission that it comprehended more than formerly, & therefore can never be so understood, for Common sense and Constant usage require, that words shall be understood according to Custom, unless there be some signification that they are at that time used in a sense different from what they commonly were before & especially if they never were used or taken in that new sense before ; Now we know from the Grant of N. Hampshire, that the Name was

given by the Council of Plimouth at Capt John Masons desire, to a Tract of Land between Merrimack on the south & Piscataqua Harbour & Newichwannock on the North, & from the Atlantic on the East sixty miles into the Wilderness, nor has there Ever been one word said by his Majesty or any authorised by him to Enlarge or Extend this Province, and therefore this Spacious acco^{t} must arise from Mr Thomlinsons gross ignorance in the affairs of New Hampshire or something else much Worse.

III. As to the Insinuations concerning his Excellency the Governours conduct in the Controversy of the line between the two Provinces, they are very Injurious & unreasonable It is very well known & may be seen by the Public Records of both Governm^{ts}, that his Excellency earnestly pressed the Issuing that controversy according to his Majesty's instruction, which he Rece^{d} with his commission, and the Govr was so far from partiality in favour of the Massachusetts that he was tho't by some, too Severe in charging the Miscarriage of that affair on the Massachusetts; And those who have transacted in this matter for New Hampshire have made use of his Excellency's acco^{t} which he gave to the Right Honourable the Lords of Trade & Plantations, in favour of that Province & against the Massachusetts.

IV. The Committee have nothing to Say as to m^{r} Thomlinsons Recitation of the Clauses in the Commission, but his representation of the Conduct of New Hampshire, where the Commission arrived, is very unjust, for instead of giving timely Notice to the Commissioners as this Petition asserts, altho speedy Notice was given to some yet the Notifications to Others were not sent forward, till more than a month after the Arrival of the Commission, by means whereof one Half of the Commissioners, vizt Those of New York & the Jerseys had not notice of the Commissions arrival soon Enough to be able by any possibility to be at Hampton by the time, & some of them not till after the time was over, nor had any one from those Governm^{ts} attended at all, had not the Massachusetts as soon as they could, after they knew of the Arrival of the Commission, (which was only transiently & by Accident, for it was not sent to them but to New Hampshire) perceiving the Neglect of that Province, sent four of their members, two Several ways to inform them.

V. As to what is Said of the Opposition made by the Massachusetts to the Execution of his Majesties commission, what has been Just said of the great care & Expence they took & were at, that the Commissioners might attend abundantly shews the falsity of it, as to the Prorogation of the assemblies of Each Province, they were made as to both Courts, before the arrival of the Commission to us, and as

there was a Clause in the directions for making out the Commission, that there should be, beside what were particularly mentioned, such other Clauses, as a Commission of that Nature required, one of which clauses, by the prevailing opinion, was supposed likely to be, that if the Commissioners could not meet on the first day of August, some further day should be Pitcht upon, & such a provision in Effect there was in the Commission, for the Commission directed, that if a Quorum did not meet on the first day of August one or those who did meet might adjourn the meeting to some other day, which shews that the first meeting of the Court was not confined to the first day of August, but to any time when a Quorum could meet which first meeting was to continue & comprehend all the daily meetings they should have till the Court made up Judgment, & adjourned to their Second meeting to receive the Exceptions or appeal of either party, nor was New Hampshire under any difficulties, in their appearance before the Commissioners, they having a Committee of both Houses, appointed by Governour, Council & Representatives at the session of their General Court in April before, to prepare & put in pleas, allegations & Evidences & might have had ye five persons directed to in the Commission, appointed by the whole Court in good season agreeable to his Excellencys Motion in his speech to their Court, Had not this Committee, contrary to the Express words of the Commission, Nominated them & insisted, as they always publickly did, that they had full power so to do, whereas the assembly of the Massachusetts, had no Committee appointed to act for them, till the 4th of August, their Court being Prorogued to that time, after they had sat the usual time, before they knew that the Commission was made out, and therefore the Massachusetts have much more occasion for Complaint than New Hampshire, as being under great difficulties & New Hampshire under none, their complaint therefore of Partiality in his Excellency the Govr in favour of the Massachusetts & to their Prejudice, is without so much as a Colour & if there be room for any complaint, it is on the Massachusetts side, that their Court was adjourned beyond the first of August when not so much as a Single person was appointed by them to make a plea or procure an evidence

What follows now in this Petition, of Mr Thomlinson's concerning the appointment of Agents putting in their Claim & Protesting, is so Notoriously false, that it is not Easy to determine, whether it proceeds from Malignity or Ignorance, Probably from Both, for

1. No such committee as formerly corresponded with m^r^ Thomlinson did any thing at all in this affair, the Committee who acted, was appointed by the Govern^r^ Council & Representatives in the session of New Hampshire General Court in April before, & instead of being a

Committee of the House of Representatives, was a Comittee of members of Both Houses, appointed by all parts of the Legislature in the next preceeding april & never before.

2. Neither this Committee, nor any other ever appointed Messrs Waldron & Russell agents for the Province.

3. The Said Two Persons, never put in any Claim nor acted as agents, nor were they ever desired or appointed so to do.

4. Nor did those two persons ever Insist or Protest or so much as appear to say one word before the Commissioners nor did any former Committee of the House of Representatives, but all that was done as to putting in the Claim or otherwise was by a Committee appointed in April by Govern^{r} Council & Representatives so that this whole acco^{t} is a Chain of blundering if not malicious falshoods, as will appear by their own papers in the Case sent home by the Commissioners, Nor did New Hampshire Committee ever complain of their want of power, or anything further from the Assembly but always insisted they had full authority from their appointment in April by all parts of the legislature of their Province & this they gave as the reason of their refusal to have two public persons appointed by the Court in August, because they had done it with full power before.

7. As to the Acco^{t} he gives of the Opinion of the Council that the water from Winnepesaukee Pond or lake to the Ocean was called Merrimack, it is very likely to be so, for so it has always been called from time immemorial, so the Records of New Hampshire anciently call it, nor was that Stream ever known or called by any other General name, but all this account seems very impertinent, for the Agents of both Provinces agreed on a plan of this River before the Commissioners & put it into the Case & it is sent home with it, by the Commissioners accordingly.

8. The long detail of the Proceedings of the assembly of New Hampshire, amounts only to this, that the House desired to appeal & the Council desired not to appeal but to leave it to his Majesties determination, & if that was their Judgm^{t} (as knowing the determination to be greatly in their favour & more than had been Expected) where is the blame must they not think for themselves as well as the house & if this was their opinion would it not have been madness to have raised money for appealing, when they did not incline to appeal or to appoint an agent to prosecute an appeal when they would have none, but we cannot but take notice, on this occasion, of the Councills Justice in desiring to raise money to defray the Charge of the Court, that sat by his Maj^{tys} Commission & of the Strange temper of the House in refusing it, by which means the Commissioners are not paid by N. Hampshire to this day, & if there

had been no other reason, this had been sufficient for the Council to have refused to engage in further Charge, when the House would Not defrey the charge they had been at already

9. As to the Illnatured objection about the influence the Govr had over the Council of New Hampshire because a majority were appointed by his recommendation, The falsity of it will appear by the New Hampshire records of the time of the admission of he Councellors there ; for four of the Nine were Councellors before his Excelly was Govr & one of the other is well known to have been appointed without the Gov^{rs} Recommendation, & to have been far from being in his interest

10 And of the same nature is the Insinuation of the Hire the massachusetts gave his Excellency for favouring them in this Controversy, if this had been the only or first time they had made him such a consideration, there would have been more colour for it, but the Massachusetts have done this once & again before in the same way and his Excellencys Conduct ever since he has been Governo^{r} is a much stronger vindication of his freedom from deserving any such vile imputation than any thing we can say

Gentlemen of the Council, and of the House of Representatives

The Bill you have past for emitting Sixty Thousand Pounds in Bills of Credit (you are sensible) I cannot consent to, consistent with His Majesty's Royal Instruction to me on that head.

By my latest Letters from London I find the affair of the Boundaries between this Province, & that of New Hampshire, had not come to a Hearing before his Majesty in Council ; as the Peace, Safety, & Welfare of both Provinces are greatly concern'd in this matter, I think myself bound in Duty to His Majesty, & from a just Regard to his People, to recommend to your Consideration, whether any further Steps can be taken by this Court, for the better expediting what is of so much Consequence, & has been so long depending.

Gentlemen Your Memorial inclosed by Mr. Wilks in his Letter of October 17th. has been duly receiv'd. We are glad You have put forward the affair of the line — It is of great importance, and we expect you should take the Greatest care that it may be speedily and favourably Issued.

There is One Consideration which makes it of great Consequence to this Province that the Controversy should be determined according to Our Claim as to the line between the late Colony of the Massachusetts and New Hampshire, which We have not so much Insisted on as yet, because it is not so much to the merits of the Cause as the inconveniences and mischiefs arising from a Determination against Us, What We intend is the confusion and disturbance it will make in Twenty or Thirty Towns besides Numberless particular Grants, if the line should Intersect Merrimack Forty mile Southward of what formerly was allowed to belong to the late Colony of the Massachusetts. Indeed it is so apparent that the late Colony of the Massachusetts is included in the Present Charter, and New Hampshire State of their demands does so fully acknowledge it, And other Arguments are so strong to evince the Justice of Our Claim, that We have been ready to think it, impossible the line should be determined otherwise, and so we think now, if the Affair be set in a clear light before His Majesty, but that every One Concerned May be induced to get a full understanding of the Matter and see that it is of great importance, these settlements and plantations must be mentioned, and the great Mischiefs arising from Cutting them to peices and discouraging the People from Settling, Whom New Hampshire cannot protect nor furnish with settlers, if those going on should desist, as We believe they mainly will, if New Hampshire Claim should obtain.

We think it will be very proper for you to wait on the Honourable Mr. Holden, who has been so kind as to signify his good dispositions towards us in the Affair of the line: He may be able and will be disposed to remove any ill impressions made by the Artful Insinuations of Our Antagonists.

That Clause in Our Letter of December 23. About Annexing to Our Answer a Copy of the Memorial, was casually Enter'd by meer Mistake, and you are to take no notice of it.

Secretary Willard./

Since our last which was of the 3^{d} Novem^{r} ℔ Cap^{n} Orrok a Motion has been made on the 9th December last by the New Hampshire Sollicitor before the Lords of the Committee for time to send over to New Hampshire for Authentic proofs to Support the Allegations in their Complaint against Govern^{r} Belcher, which we were Advised not to Oppose Whereupon the Lords granted the request and made an Order accordingly, a Copy whereof comes here Inclosed.

At a Hearing before their Lordships when We made some Objections as to the regularity of Tomlinsons Petition of Appeale as he called it (which was over rul'd) It then seemed to be their Opinion that the said Complaint against the Governour as it related to his Conduct in the Affair of the Line, it should come on first to be Consider'd, And probably the Grand Affair may be Postponed till after that Matter be determined, We shall endeavor to prevent it being fully prepared, & think no danger of a Miscarriage in what we Claim

As to the Business of John Tufton Mason We got his Case Stated, & laid before the Kings Solicitor General our Counsel, to be by him maturely considered, after what manner & how his Case might be set on foot and introduc'd so as to be of Service to our Cause, who upon the whole affair would by no means Advise to our Exhibiting any Petition or Memorial at all, in any thing relating to him, for that the Lords would certainly look upon it, in no other light than as an Artifice, trumpt up to puzzle & perplex the great Cause; And therefore as it was uncertain how long it would be before we should be able to bring things to an Issue we judg'd it unnecessary to keep him here at a certain Expence to the Province but that it would be most for their Interest to dismiss him that he might return as soon as conveniently he could to New England which Accordingly we have done, after taking his receipt for what money We Supply'^{d} him with, which Amounts to £92 : 9 : —

We have receiv'd Yours by Cap^{n} Newell & Cap^{n} Morris with the former sundry Papers relateing to the Line, and with the latter the Answer from the Generall Court to Cap^{n} Tomlinsons Memoriall all which as Occasion offers We shall make the proper use of, And are with great Respect to the Generall Court

The foregoing is Duplicate of our last ℔ Capn Newell wherein We advised the Great & General Court of our Apprehensions that the grand Affair of the Line between the Province of the Massachusets Bay & New Hampshire would be postponed till after the hearing of the Complaints against Governour Belcher, And as We have reason to think that a determination of this Matter is earnestly desired, & impatiently waited for by many of the Members in ye Generall Court, We are Concern'd at Meeting with any delay in our proceedings therein, & thô as we formerly advised you Lord President signified his Opinion verbally at the Committee of Councill that the matter of the Complaint should be first Consider'd yet after that we were so desirous of bringing it on, that we inclined to have their Lordships Moved for a day to be Appointed for that End; but it was judg'd expedient first to advise with our Counsel the Solicitor Generall, And accordingly got a Case Stated which we send here inclosed with his Opinion thereupon Whereby it appears that he is absolutely against our pushing forward that affair at present for Reasons he gives therein to which we refer, but as soon as ever there shall be a Suitable Opportunity for it, We shall not be wanting in our duty to do our utmost for the Service of the Province, and have some Ground to hope for success therein; We Observe that the Generall Court has been informed that Capn Thomlinson assumes to himself a great deal of liberty in giving out that the Rt Honble the Lords of Trade are extreamly engaged in favour of New Hampshire We do not Apprehend that what he may boast of is much to be regarded, for that the present dispute is now depending before His Majesty and the Lords of His Privy Council where we may justly Expect an impartial Determination.

In Order to strengthen our Cause have thought it necessary to get Doctr Halley the Cheif Mathematician in England to look over our Charter, and the Book of Proceedings before the Commrs and to give his Opinion in Writing as to the genuine construction of the Words North Westward who has done it Accordingly whereof we also here inclose a Copy. And which we apprehend will be of good Service to us at the Hearing

[*Letter to Massachusetts Agents*, 1739.]

[Mass. Archives, Vol. 53, pp. 39–43.]

Boston, April 26th 1739—

Gentlemen, Your Letters of February 9th March 2/16 we have received, and with the last a new and very Extraordinary Petition from mr Tomlinson to His Majesty, and althô it more expressly points at his Excellency the Governour, yet we are apprehensive the false Suggestions in it, if not removed, may have an ill Influence on the Dispute about the line, for this Reason, as well as that Truth and Justice may take place as to the Governor, The General Court have thought it necessary for them to send the several papers records and Evidences herewith transmitted, under the Seals of the Provinces; whence they are taken, respectively; whereby it will appear in the clearest manner, that the aforementioned petition is a most gross misrepresentation, for how can the Governour by possibility be taxed with Negligence as to His Majestys Instruction about setling the line with New Hampshire, when in his first Speech and in almost every other Speech as well as many Messages for about two years together, he was always pressing that affair, and how is it possible for mr Tomlinson with any colour to Suggest, that the Governour was so partial to the Massachusets and acted in Concert with them, when upon the miscarriage of his Endeavours, he wrote to the Lords Commissioners for Trade and Plantation with so much plainness & Freedom; if not Severity, laying the blame of his ill Success in that affair on the Massachusets, in order to bring about a Setlement by the more immediate Interposition of His Majesty; of which the New hampshire Agent took particular notice and made Special use, in

procuring the present Commission under the Great Seal for Determining this affair.

And alike groundless is m^r^ Tomlinson's Declaration of the Governours Endeavours to prevent the Execution of His Majestys Commission, and especially what he says of the Governours preventing the Newhampshire Assemblys preparing for the Commissioners, when they came August 1st 1737; So far from this, that on the Earliest Notice, that there was a Commission intended to be made out, and several days before it was really made out and a month or two before there was any news here of its being made out, the Governour gave his consent and Compleated the appointment of a Committee to represent and act for New Hampshire before the Commissioners in this affair of the line, with power of drawing money out of the Treasury, as you may see by the act of the whole General Court of New hampshire of April 1st 1737, which you have herewith under the Seal of that Province, & by this Authority, and this only they appeared, nor was there any objection made by the Commissioners or by the Massachusets to the Commissioners, or by New Hampshire People of its insufficiency, or any desire of more or other Power; whereas the Massachusets had no Committee appointed for, nor a single Person authorized by their General Court, to appear for them till the Court sat the 4th of August, three days after the day appointed for the Commissioners meeting, so that any impartial Person must think; there is much more colour for Suspecting partiality in the Governour in favour of New hampshire than the Massachusets, for he did not adjourn Newhampshire Assembly to the 4th of August, till they had provided and duly authorized a Committee, but the Massachusets Assembly were put to the same time without a single man's being impowered to plead for them; This will appear from the appointment of the Massachusets Committee which was August 5th 1737, which we have sent you also Authenticated, and being thus unprovided, the Governour and Council of the Massachusets were obliged in the recess of the Court to send two Gentlemen to the Commissioners to excuse their not appearing there by a Committee of the whole Court, and to pray an adjournment, that the Massachusets General Court might have opportunity to appoint such a Committee, upon which the Commissioners did adjourn for that purpose thô prevailed upon with great difficulty, and the Court appointed a Committee or Agents accordingly.

As to what m^r^ Tomlinson says of our rising or growing in our Demands upon his Excellencys being appointed Governour, it is without any shadow of Truth, for the Massachusets have often, and many now think they justly may, and ought to claim much more, but never

did in one single instance demand or claim less, either formerly or lately, and we Challenge m^r^ Tomlinson and all the world to shew any thing contrary to what we now say, so very false is this Representation that just the reverse is the truth, for heretofore the Province of New Hampshire would gladly have submitted to what we now demand, and did not formerly pretend to any thing more, but the Massachusets till the Setlement of King Charles 2^d^ 1677 claimed all New hampshire and many miles to the northward, and since that Setlement down to Governour Belchers arrival they claimed the line we now insist on, and the Towns adjoyning to this line where they went beyond into New hampshire, for which we were willing New hampshire should have Equivalents.

There is a very indecent as well as unjust reflection on his Excellency the Governour as well as the General Assembly, that the Governour acted with the greatest partiality toward the Massachusets and that they gave him a thousand pounds as a reward or bribe for it, This is so groundless, that it is surprizing m^r^ Tomlinson could have assurance enough to hint at any such thing, we are not designed to be the Governour's Compurgators (he is very well able to vindicate himself) further than the Controversy of the line requires it; The true State of the matter of the thousand pounds given the Governour is this, there never hath been any Extraordinary Service which the Governour hath been called to in discharge of his Trust as Governour, as going eastward & westward to view the Frontiers some years since &c, but that the General Court have given him something to defray the Extraordinary Expence, and while the Governour was challenging a large sum as his due for the sinking of the bills and was puting himself to extraordinary Charge in Journeying and while absent from his Family to attend the Courts of the two Provinces in this affair, and when they Encreased their own pay for their Extraordinary trouble above one third they might well make the Governour a Grant in consideration of his great and extraordinary Charge as well as of the dearness of provisions and other necessarys of Life at that time, which is agreeable to the tenor and purport of the said Grant.

As to the heavy Complaint m^r^ Tomlinson makes of the Governours Dissolving of the New Hampshire Court, It is difficult to find out why the People should not have the same liberty of electing a new assembly as has been usual. Had not this assembly sat the usual time or had there been any other effect of this dissolution than what is common something might with some colour be said —

As to the Suggestion that the Assemblys Agent could not act by reason of this dissolution there can be nothing in it, Inasmuch as m^r^

Rindge their Agent and m^r^ Tomlinson Deputed by him, acted for a long time notwithstanding sundry dissolutions, and were accepted at Home accordingly.

The Suggestion that the House had no opportunity to obtain the Councils Concurrence with them in appealing, must appear very groundless, if it be considered, that the Court of Commissioners adjourned for several days for that very purpose, and desired the New Hampshire Committee to move their House to send up their vote for appealing, to the Council for their Concurrence, and which it appears they had opportunity to do, althô they did not, for in this very time they sent up a vote for raising money for their Agents, thô they never sent up this vote for appealing. —

Sir, As Mr. Thomlinson to Support his Complaint against His Excellency hath Obtained an Order from the Lords of the Committee of Council for Plantation affairs, for Copys of such Minutes and Proceedings of the Governour Council and Representatives of Your Province joyntly and Severally as he shall Choose to be Authenticated by the Governour or Commander in Chief in the said Province under the Seal of the Province: We have thought it necessary to furnish Our Agents with the like Authenticated Copys for their Instruction, that they may be no ways Surprised.

We Pray You therefore, as the Agents for Your Province shall Apply for these Copys to be Authenticated, to make out Duplicates of the same Copys Authenticated, and transmit them to Us for that purpose

And if they shall pick out any particular Minutes that may by themselves be perverted to put false glosses upon the Case, but by annexing any Other Minutes or proceedings relating to the same purpose the Matter may be set in its true light, We pray You to Annex those Others to Our Authenticated Copys, more fully to discover their Art.

We also Desire Authenticated Copys of the Governours Motion to Your Assembly to Chuse Public Officers, the Assembly's Answer and the Appointment of New Hampshire Committee to prepare the State of Their Demands Pleas &c. and of all Votes of the Council

and Assembly from 13th October to the Adjournment or Prorogation of the Court respecting their Appeal from the Commissioners Judgment: And of the Commissioners Adjournment from 14, to 17. October to give them Opportunity of Appealing, Or the Affidavit of the Clerk of such Adjournment for that Intent

And as you are thoroughly acquainted with all the Minutes and Proceedings of the Governour, Council and Representatives upon the Affair of the Line from the first Notice of the Commission 'till the Appeal here was finished, if it would not be too tedious, and might set the Matter in a full light, and perhaps Shew us such things as may Serve Us Which We know nothing of, then We pray You to take out the whole and send it to us Authenticated under Your Province Seal as soon as may be, with an Account of the Cost of it, And We shall chearfully Satisfy Your Cost and Trouble about the same.

To Conclude, We desire Duplicates of the Authenticated Copys you send us for fear of Accidents, under Cover and direction to the Secretary of this province

Mr Secretary./

We duly rec'ed Via Bristol the Letters writ us by Ezekiel Lewis Esqr in the Name And by Order of the Committee of the 24th of May, & 25th June, togather with the several Papers therein mentioned properly Authenticated, which will be of good Service to us in Enabling us to be the better prepar'd Against the Hearing before the Lords of the Committee, We Suppose the New Hampshire Solicitor has rec'ed the Papers which they waited for from thence, for three days ago he gave Notice of his Intention to Move the Lords of the Committee at their next Sitting that a day may be Appointed for the Hearing the New Hampshire Complaints against the Governor. (till which be Over there's no likelihood as we formerly Advis'd That The Lords wou'd at all Enter upon a Hearing about the Affair of the Boundaries.) the next Committee is to be Held on the 15th Instant and after that, its thought they will break up & retire for about two Months to their Country Seats, and probably appoint a time for our Hearing at their return to the City, But let it be when they think fit, we shall be ready.

And the Court may depend, that nothing shall be wanting on our part for the Interest and Service of the Province We Represent, who are with Due Respects to them

In a Letter writ thee of the 10th Augt from Agent Wilks and my Self, We acknowledg'd the Receipt of the several Authenticated Papers from the Committee respecting the disputed Boundaries, of which We shall make all the necessary and proper Use at the Hearing: We can assure the Genl Court, That the Delay has not been owing to any want of Care and Assiduity in Us, but upon Application to our Sollicitor to bring on the Appeal, He assur'ed us, That as a Complaint was depending before the Lords Committee against the Governour which must in the Issue Affect the New-Hampshire Appeal in several Points of Form, The Lords would not therefore by any means be induc'd to hear your Appeal, till that Complaint is determin'd, so that affecting any Dispatch would have prejudic'd your Cause; but not content with this Answer, We laid a Case before the King's Sollicitor General for his Opinion who entirely concurr'd with our Sollicitor Sharpe, as appears by the Case which you long since receiv'd, and which we hope will be considered as a full Vindication of our Measures. The Lords have appointed the first Committee in November for Hearing the Complaint, and as soon as that is determin'd, We shall move for a Day for taking the Appeal into Consideration, and the General Court may be assur'd of our utmost dispatch and Vigilance for their Interest; and of their being advis'd of our Proceedings by every Opportunity

Sir./ After our Sollicitor had moved for a Day to be appointed for Hearing the Affair of the Boundaries with New Hampshire before the Lords Committee of Council, they appointed the 5th instant for it, against which our Soll^{r} was fully prepared by stateing and getting

Printed our Case at large for the Lords perusal and fully Instructing our Counsel who were the Soll^r General and Counsell^r Hollings we having also had a Consultation before hand for their better Information wherein our Soll^r to do him Justice took as much Pains (according to our Observation) as it was possible for Man to do having also got a Copy of Mitchel's Plan Reduc'd to a suitable size to be deliver'd with the Printed Cases. He also Provided a good Mathematician to attend the Lords Committee. A Copy of the Instructions he gave the Counsel together with one of our Cases and one of theirs with his Observations thereon wrote in the Margent together with the Plans on both sides, are herewith sent, and from all which You will see and we hope be fully satisfied of the Pains our Sollicitor took herein. The Hearing lasted several Hours the first time, when it being late before they had gone through the Pleadings they Adjourned to the 11th wherein our Counsel took a deal of Pains and urged Matters in Question learnedly and very amply in all respects setting forth the Nature of the Massachusetts' Charters, their Possession, and particularly insisted on the Settlement made by the Lords of the Council in 1677. The first Constitution of the Government of New Hampshire to President Cutts, an Authentick Copy whereof our Soll^r got from the Rolls, The Plan taken from New Hampshire Records and all the New Hampshire Commissions from President Cutts to Govern^r Belcher, all which we prevailed to have read and the same were read accordingly. — We also produced the Evidences as to the Extent of the Calling the River Merrimack by that name up to Winnipisiokee Pond. We also Examined our Mathematician who fully proved by a Map of Sir Jonas Moore's in his 2^d^ Volume printed after his death, and so long ago as the Year 1681, that this River was describ'd there in the same manner as it appears on Mitchell's Plan, and was called Merrimack from the Sea to Winnipisiokee Pond.— But all was Labour in vain, For the Lords wou'd have little regard to what was Urged Treating it all as immaterial unless we cou'd prove the Discovery, Name, and Courses of this River were fully known at the time when the first Charter was Granted, a thing absolutely impossible to be done by the oldest Man living. They likewise seemed strongly of Opinion that as our Eastern Boundary by the Grant was to be on the Atlantick Ocean, that if it shou'd be allowed as we Contended for, the said Eastern Boundary cou'd not be on the Sea, but upon the upper or Western part of New Hampshire, and that it was impossible when the River it self run North, to be a Northern Boundary — And upon the whole after we were Ordered to withdraw, they came to a Resolution to Report that the Northern Boundary of the Massachusetts should be a curve Line to

run 3 Miles North from the River Merrimack parallel with it from the Sea up as high as Pantuckett falls and thence a strait Line to be drawn due North 3, Miles at the end of which a strait Line to be drawn due West 'till it meets with His Majesty's other Governments which shou'd be Fixed for the Massachusett's Northern Boundary — For as to New hampshire the Lords (quite different from what the Commissioners had done) considered them as quite out of the Case and very unfortunately for Us considered the Question as between Massachusett's and the Crown and that whatever was not granted to Us belonged to the Crown. And therefore thought it right these Boundary Lines shou'd Run 'till they meet with His Majesty's other Governments. As to the other Line we read Dr Halley's Opinion as to the word Northwestward and had a Mathematician present to speak to it, Notwithstanding which and tho' they had no Mathematician present nor the Opinion of any to produce we were not able to prevail on this Point neither, But as to this Boundary the determination of the Commissioners stands.— We are concerned that after all our Endeavours we should have no better Success, but we can with Confidence say, nothing has been wanting on our parts in the Prosecution of the Affair that might have had a Tendency to the Interest of the Province we represent, having also had the Advantage of the Assistance of our Friend Kilby who arrived at London in due time to see what preparations were made and to be at the Hearing-— We are with great Respect to the General Court

[*Petition for Separation of N. H. from Mass.*, 1740.]

[Mss. Prov. Boundaries, pp. 164–166.]

To the Right Honble the L^{dds} of the Committee of His Majestys Most Hon: Privy Council —

The hum: Petition of Jos: Gulston Merch^{t} and Contractor for Supplying masts for the Royal Navy Benning Wentworth, one of His Maj^{tys} Coun^{l} for the Prov: of N Hamp^{r} and Richd Chapman and Jno Tomlinson Merch^{ts} in behalf of themselves & sundry other persons interested in and trading to His Majestys S^{d} Prov: of New Hamp^{r} — Sheweth

That yor petitioners by a former Petition humbly Represented, that they were all considerable traders to New Hamp^{r} had great effects there as well as valuable Ships lying and building in the river of Piscataqua, that the S^{d} Prov: was then in a Most naked and defenceless condition the fort at the entrance of the s^{d} River quite Ruined & useless, and the Militia neglected and destitute of proper Arms, so that on a Rupture your Petitioners effects and indeed the Prov: might become an easy Prey to the Great damage of your Petition^{rs} and to the distress of His Majestys service by the loss of that usefull Province from whence the Royal Navy was chiefly Supplyed with masts, And therefore Pray'd that that affair might be Represented to His Majesty, and that Effectual means might be taken to protect the Petitioners propertys as well as the lives and propertys of His Maj^{tys} good subjects Residing there Which Petition was by yor L^{d}ships order of 31 July 1739 referr'd to the consideration of the L^{dds} Com^{rs} for trade and plantations, who made a first Report to yor

L^dshipps on 10th Aug^st 1739, that it appeared to them that the s^d Colony was in a weak and defenceless condition, and that they were of opinion it would be for His Majesty's service and the good of the S^d Colony that it Sh^d have a distinct Govr —

That afterwards a Memorial was presented by Richd Partridge Agent for the Govr together with some Petitions and Addresses w^thout date pretended to come from some Inhabitants in the S^d Province desiring to be continued under their present Govr and even to be annexed to the Governm^t of the Mass^a Bay and Praying in Regard to their Supposed poverty not to be put to the Charge of maintaining a Person to be Govr of N Hamp^r onely.— Whereupon yor L^dships on ye 29 of ye same Aug^st were pleased to referr back ye S^d former Report together with s^d New Memorial and Addresses for the further consideration of ye L^dds Com^rs for trade and Plantations ; Who made a second Report to your L^dships on 17 oct^r 1739 that they had Reconsidered their former report that they had also considered the S^d Memorial and Addresses ; That their L^dships had been attended by Mr Partridge Agent for the pres^t Govr And by Mr Hollings his Council & by Y^r Petiti^rs also That they had Examined Several Witnesses and read many papers That it appeared that the S^d Province had been in a naked and defenceless Condition for a long Course of years. That it could never be for his Majesty's Service to annex His Province of New Hamp^r as an Encrease of Territory to ye Mass^a Bay Since by daily Experience Their L^dShips Saw that neither His Majestys Royal Orders nor the Laws of Trade & Navigation met wth a chearfull Complyance in the Charter Governm^ts — Nor did Their L^dShips see any reason for altering their opinion from any thing that had appeared on that hearing with respect to the appointment of a Seperate Governor for N. H. — That his Majesty had been lately pleased to Seperate the Jerseys from N. York & their Lordships apprehended the reason would be Stronger in the present Case forasmuch as the People of the Mass^a Bay had shewn Evident marks of oppression by the unreasonable delays they had made in the Settlem^t of their Boundaries That the weight of the larger Governm^t would always be felt by the lesser annext to it under the Same Govr. That if the Inhabitants of N H were under a distinct Govr it was probable they might with more chearfullness exert themselves in the Case of Their Fortifications & in providing for the defence of Their Country — But if His Majesty Should graciously incline to grant Their request Since contrary Evidence had appeared on that occasion, Their Lordships conceiv'd it might be proper to take once more the Sense of Their Assembly upon that Subject and also to know what Provision they were willing to make for a Seperate

Govr.— That Since Such last report has depended before Your L^{d}Ships the Several following matters have interven'd relating to the Subject thereof.— The Votes of Regular Town Meetings purposely call'd at the principal places from whence Such pretended Addresses came have been sent over hither protesting agst the matter of Such pretended Addresses as well as the undue method used in getting Such papers from the very lowest of the People only.—

Also His Majesty in Council by His Royal & Judicial Determination of 9th April 1740 made upon the Appeals of both Provinces relating to Their Boundaries has been pleased to ascertain what shall be the bounds of the said two Provinces whereby an exceeding large Territory all of which has been claim'd and great part thereof actually encroacht upon by the Mass^{a} Bay has been adjudged to belong to His Majesty by which accession (if the bounds shall be duly laid out) N H will become a very considerable Province & at least eight times larger than it was before accounted althô not yet settled.— That Six of the Coun^{l} of N. H. in favour of the present Govr & for his Sake only presum'd very lately to Petition His Majesty to annex his own whole province of N. H. to the great Charter Governm^{t} of the Mass^{a} Bay & to turn off the antient Settlers and Possessors & give them new wilderness lands in Lieu of their Plantations but Such Petition was rejected in Council on 29 May 1740 — That the Sitting of an Assem^{y} in N H in order to declare their Sentiments once again depending entirely on the pleasure of the Govr (who might very well know the Sentiments of the whole Country) and the time thereof being altogether uncertain under the Scituation a very large majority of the then late House of Represen^{s} & of every House of Represen^{s} which had been Elected during the whole Eleven years of the present Gov^{rs} Governm^{t} & five also of His Majestys Council of N H and most others of the principal Gentlemen & Considerable Persons there did on 10th July 1740 by a Solemn Instrument Under all Their hands & Seals fully Authorise one of Your Petitioners to declare their most Earnest desire & Intreaty that His Majesty would be graciously pleased for the many reasons therein Contained to Seperate them from being under the Same Govr with the Mass^{a} Bay & to appoint a new Seperate Govr for N H and further Authorised Your said Petitioners To promise & undertake on their behalf that they would chearfully & readily give such Govr to the utmost of their Abilitys and do every thing which His Majesty could Expect from a loyal & Dutifull People.—That very soon after the date of that Instrument His Majestys Instructions relating to the intended Expedition lay'd the Govr under an inevitable necessity of calling an Assembly and letting them Sit also and the House of Represen^{s} on the very

day the Govr had opened the Sessions and made his Speech to them for fear of a Sudden Dissolution as usual came to a resolution and past a Vote upon the 1st of August last most fully declaring their Sense & also their earnest desire and request to be put under a Separate Govr from the Mass^{a} Bay as by Their Said Vote duly authenticated along wth many other papers under the great Seal of the Province, and a Copy whereof is hereunto most humbly annexed may appear.— That the Assem^{y} was Dissolved wthin Six days after such resolution namely on 7th August 1740 and there is no Assem^{y} now in being there.— That as to the point Contested before the Lords of Trade the Assem^{y} have by the said Vote declared Their Earnest desire that the Said Province may be put under a Separate Govr it being their humble opinion agreeable to that of the L^{ds} of Trade that the Separation of the Govern^{mt} is the only thing to keep that Province from Sinking & to make it a usefull and flourishing Colony.—

WHEREFORE YOUR PETITIONERS most humbly pray Y^{r} L^{d}Ships to take the said matter into your Consideration and make Such Report thereon to His Majesty as that N H may be forthwith Seperated from being under the same Govr with the Mass^{a} Bay And Your Petitioners as in duty bound Shall Ever Pray &c^{a}

85th WHEREAS Disputes and Controversies have for many Years subsisted between His Majesty's loving Subjects of yᵉ Provinces of the Massachusetts Bay & New Hampshire in New England in regard to the boundaries between the said Provinces — and Whereas his Majesty was pleased by his order in Council Dated 22nd January 1735 to direct that Commissioners should be appointed to mark out the dividing Line between the said Provinces — and also by His Majesty's Order in Council of the 9th February 1736 to direct that a Commission should be prepared and passed under the Great Seal (which said Commission was accordingly issued out) for Authorizing such Commissioners to meet within a limitted time, to mark out the dividing line between the said Provinces, with Liberty to either Party who should think themselves aggriev'd by the determination of the said Commissioners to appeal therefrom to His Majesty in Council: which said Commissioners did make their report in the following Words —

Commissioners Judgement of Provinces bounds

"In Pursuance of His Majesty's aforesaid Commission the Court "took under Consideration the Evidences, Pleas and Allegations

"came to the following resolution viz[t] That if the Charter of King
"William & Queen Mary — Dated October the 7[th] in the third year
"of their Reign Grants to the Province of the Massachusetts Bay all
"the Lands which were granted by the Charter of King Charles the
"first Dated March the fourth in the fourth year of His Reign to the
"late Colony of the Mass[a] Bay lying to the Northward of Merrimack
"River — then the Court adjudged and determined That a Line shall
"run parralel with the said River at the distance of three English
"miles North from the mouth of the said River – beginning at the
"Southerly side of the black Rocks so called at Low Water mark,
"and from thence to run to the crotch or parting of the said River
"where the River of Pemigewasset and Winipesiokee meet, and from
"thence due North three English miles, and from thence due West
"towards the South Sea untill it meets with his Majesty's other Gov-
"ernments which shall be the boundary or dividing Line between the
"said Province of the Massachusetts Bay & New Hampshire on that
"side, but if otherwise, then the Court adjudge & determine that a
"line on the Southerly side of New Hampshire, beginning at the
"distance of three English miles North from the Southerly side of
"the black Rocks aforesaid at Low water mark and from thence run-
"ing due West up into the main Land towards the South Sea untill
"it meets with his Majesty's other Governments, shall be the boun-
"dary Line between the said Provinces on the side aforesaid – which
"point in doubt with the Court as afores[d] they humbly Submit to the
"wise Consideration of His most Sacred Majesty in his Privy Coun-
"cil to be determined accord[g] to his Royal Will and Pleasure therein,
"and as to the Northern Boundary between the said Provinces the
"Court resolves and Determines that the dividing Line shall pass up
"thrô the mouth of Piscataqua Harbor and up the middle of the
"River into the River Newichwannock (part of which is now called
"Salmon falls) and thrô the middle of the same to the furthest head
"thereof, and from thence North Two degrees Westerly, untill one
"hundred and Twenty miles be finished from the mouth of Piscata-
"qua Harbor aforesaid; or untill it meets with his Majesty's other
"Governments and that the dividing Line shall part the Isles Shoals
"and run thrô the middle of the Harbor between the Islands to the
"Sea on the Southerly side — and that the South westerly part of
"the said Islands shall lie in and be accounted part of the Prov[ce] of
"New Hampshire, and that the North easterly part thereof shall lie
"in and be accounted part of the Province of the Massachusetts Bay,

"and be held and enjoyed by the said Provinces respectively, in the same "manner as they now do, and have heretofore held and enjoyed the "same; and the Court do further adjudge that the Cost and Charges "arising by taking out the Commission as also of the Commissioners "and their Officers vizt the two Clerks, Surveyor and Waiter for "their Travelling Expences and attendance in the Execution of the "same, be equally borne by the said Provinces."

And whereas appeals from ye Determination of the said Commissioners have been laid before his Majesty by the Agents for the Respective Provinces of the Mass^{a} Bay and New Hampshire, which said Appeals have been heard before the Committee of Council for hearing appeals from the Plantations who after having Considered the whole matter and heard all Parties concerned therein did report unto His Majesty as their opinion

By his Excl^{y} Jon^{a} Belcher Esqr Capt Genl & Govr in chief in and over his Maj^{ys} Prov^{e} of Mass. Bay in N. England —

To Geo Mitchell Esqr GREETING, having lately received his Majesty's royal instruction requiring me to take especial care that his Majesty's Judgment in Council relating to the boundary lines between the Province of Massachusetts Bay & this Province be executed in

the most effectual manner; and in order to the accomplishing the end in the said Instruction proposed.

You being well skilled in the art of Surveying and now under oath, justly faithfully & impartially according to your best skill and Judgment to run and mark out such part of ye s^d^ lines as shall be assigned you.

I do therefore hereby appoint you the said Ge^o^ Mitchell Esqr to run and mark out that part of the boundaries which is a similar curve line pursuing the Course of Merrimack River at 3 miles distance on the North side thereof beginning at the Atlantic Ocean, and ending at a point due north of a place Called Pentucket Falls.

You are to make the best remarks you can in the Course of your Survey, and also to erect & make the best monuments you Can at all the remarkable places in your Course; all this you are to do with all prudent dispatch — and as soon as the same is accomplished you are to make return of your doings to me, with a plan of your Survey without delay —

By his Excellency, Jonathan Belcher Esq[r] Cap[t] General and Governor in Chief in and over his Majesty's Province of the Massachusetts Bay in New England

[L. S.] To Richard Hazzen Gentleman, GREETING.

Having lately received his Majesty's Royal Instructions, requiring me to take especial care, that His Majesty's Judgment in Council relating to the boundary line between the province of the Massachusetts Bay and this province, be executed in the most effectual manner, and in order to the accomplishing the end in the said instructions proposed; — You being well Knowing in the Art of Surveying, and now under oath, justly, faithfully and impartially, according to your skill and judgment to run and mark out such part of the said line as shall be assigned you.—

I do therefore, hereby appoint you the said Richard Hazzen, as a surveyor to proceed immediately to a place or point three miles due

north from a place called Pentucket Falls in Merrimack River, and to go from thence due west, till it meets his Majesty's other Governments ; — And you are to take especial Care in this your survey, that you faithfully spot the trees, standing in the said line, and make the best monuments you can besides : You are to take particular notice of all hills, mountains, rivers, ponds, lakes and what else may be remarkable that shall lie in or near your way, and remark the same in the plan of your survey, which you are to make return of to me, together with a Copy of your Journal with all Convenient dispatch.

Given under my hand and seal the 17th day of March 1740 – 1

I the Subscriber do by these presents promise to do and perform the several articles, contained in the instructions on the other side of this paper, which on my part are to be performed in consideration of three hundred pounds in province bills of credit, fifty pounds part thereof, I acknowledge I have received and the residue of the said three hundred pounds to be paid when the Buisness is accomplished and a return of the plan and Journal made to His Excellency the Governor

RICHARD HAZZEN'S JOURNAL.

Introductory by Rev. Henry A. Hazen of Billerica, Mass., in N. E. Hist. and Gen. Register for July, 1879.

Richard Hazzen (the name is more commonly spelled Hazen) was appointed by Gov. Belcher and the Council of New Hampshire, March 17, 1740–1, to survey the western and principal section of the boundary between Massachusetts and New Hampshire. His Journal, while prosecuting the survey, is herewith presented.

The facts given in the April number of the Register (see page 234) of his family and history need not here be repeated. But it is proper to add, that since that article was printed, an error has been discovered in the reported date of his death. The *Boston Gazette*, Feb. 19, 1754, says : "We are informed that the latter end of the Week before last, Richard Hazzen, Esq., a noted and ingenious Surveyor of Land, was found dead in the road at or near Bradford, in

the County of Essex, his horse standing by him : As no marks of violence were found upon him, by the Jury of Inquest, 'tis tho't he was seized with a Fit and fell from his horse & dy'd." And April 1, 1754, Sarah, widow of Richard Hazzen, appeals successfully to the General Court for adjustment of a grant of "468 pounds for five years without interest," made to her husband the year previous. Feb. 7–9, 1754, must be the date, therefore, of his death.

This settlement of the boundary between the two states terminated a long and important contention between them. The original charters, granted in England, were very indefinite as to bounds. Little was known of the interior of the country, and the assumptions of the King's counsellors were as likely to be wrong as right. When Massachusetts was granted, with a boundary line three miles north of the Merrimac river, it was taken for granted that the general course of that river was east and west. The later discovery that its longer course was nearly north and south, upset all the first ideas of the relations of the two provinces. As long as the territory in question was not settled, and while both provinces were under one government, the rival assumptions were not practically harmful.

But the progress of settlement brought the question into pressing importance. In 1724 Henry Newman writes from London that he will defend the interests of New Hampshire "about the lines." In 1725 Massachusetts chartered Penacook; and Gen. Wentworth at once called the attention of the legislature of New Hampshire to the encroachment. For fifteen years the controversy went on. Committees and commissions met and disagreed. Massachusetts was charged with intentional delay, and New Hampshire with extravagant pretensions. In 1737 the king appointed a commission, which met at Hampton in August, to investigate the whole question, and report. Gov. Belcher convened, at the same time, the General Court of Massachusetts at Salisbury, and that of New Hampshire at Hampton, for such communications with the commission or action as might be found desirable.

Massachusetts contended for a line three miles from the Merrimac as far as Franklin N. H. where the Pemigewasset and Winnepesaukee meet. New Hampshire maintained, "we know of no such name as Merrimack River any further than from the River's mouth as far as the salt water flows, or to the first falls about a mile above Haverhill Meetinghouse." The commission, in report to the king, substantially denied the latter assumption ; but gave greater weight to a difference in the charters of Massachusetts, as first granted in 1629, and re-granted by William and Mary. This question they referred back to the king in council, whether the second charter was as ex-

tensive as the first. On this point, in their judgment, the right of Massachusetts to follow the northward trend of the Merrimac depended.

The decision of the king was not reached until March 5, 1739–40. He set aside, in substance, the results and questions of the commission, and said that as far as the river followed a westerly course, the line should be governed by it; but when it turned to the north the line should continue westward. This decision, setting aside a large part of the claim of Massachusetts, was a substantial triumph of New Hampshire. Still, in equity, Massachusetts would hardly have had ground of complaint if the principle of the decision had been adhered to in fact. But by fixing Pawtucket Falls as the starting point of the measurement, the king really gave New Hampshire the benefit of the considerable southward trend of the Merrimac to that point, and deprived Massachusetts of a strip of territory fourteen miles in width, which New Hampshire had never claimed. Of this singular result Gov. Hutchinson says (History, Vol. 1, p. 313): "Lord Wilmington, who was then president of the council, assured me, in the year 1741, that this proceeded from a misapprehension of the course of the river. He did not conceive that at Patucket the river inclined to the southward, or that any loss was occasioned to Massachusetts. The New Hampshire agent was better able to manage the controversy than the agent for the Massachusetts."

Gov. Belcher applied to both governments to join in appointing surveyors to run and mark the line. But the delay of Massachusetts was construed a denial; and New Hampshire proceeded *ex parte*, as in that case authorized to do. Mr. Hazzen received his appointment March 17, 1740–1, and with his chainmen was sworn and proceeded at once to the duty assigned. His "survey," which was certainly once in the possession of New Hampshire, has disappeared; but his "Journal" has, more fortunately, been preserved by his descendants in Hampstead, and is kindly loaned for our use by his great-grand daughter, Mrs. Garland.

The "Great Bunt" where Hazzen and Mitchell began their line at Pawtucket Falls, was on the west side of the mouth of Beaver Brook. Here was a noted fishing place. In 1735 Col. Joseph Varnum and his son Joseph grant to the town of Dracut liberty to pass on their land "from the country road at the great fishing falls at Patucket," reserving a place for catching and curing fish, "extending from the place called the lower hole to the old Bunting Place." And forty years later, the rights of "the Great Buntsean Proprietors" were bequeathed by Col. Varnum to his children. Pawtucket, Pantucket, Pentucket, Patucket, seem to have been only variations of the same

name. The Pawtucket Falls are now half a mile west of Beaver Brook, and Hunt's falls are nearly a mile down the river; but before the building of the dam, the rapids in the river for this entire distance were probably included in the designation Pawtucket Falls. If this was the fact, the surveyors had a range of somewhat more than a mile for fixing their starting point, and the benefit of this option, perhaps with the governor's approval, they gave to Massachusetts, as the course of the river is here northwest.

The line was re-surveyed in August, 1825, by Caleb Butler and Benjamin F. Varnum, beginning at a point in Pawtucket Falls called the "Great pot-hole place." The "boundary pine" was then standing, but has since disappeared.

ENCLOSED BY J. Belcher to Board of Trade 31 August 1741.

THE JOURNALL of RICHARD HAZZEN and Company from Haverhill to Albany and back again in Running the Northern boundary Line of the Province of the Massachusetts Bay in New England, from a point three Miles due North of Pentucket falls in Merrimack River on a due west Course till it mett with his Majesties other Governments.

The falls described by his Excellency Governour Belcher and the Honble the Councill of New Hampshire, lay against the Town of Dracutt & betwixt Col^o^ Varnums & the Revd Mr Thos Parkers.

Fryday *March* 20th 1740 At Eight a Clock forenoon, we set out from my dwelling house in Haverhill, with Our provisions on small hand sleds, which we hal^d^ up Merrimack River on the Ice, with great difficulty and danger of falling through. Most of the falls in the

River being then broke up, and in Other places the ice was thin and Rotten, and the Same Night came to Mr Richard Halls of Tewksbury at about Eight O'Clock and Lodged by his fire side

Saturday March 21 At Break of Day we went from Mr Halls and passed over Concord River on the Ice, without any Apparent danger, notwithstanding the river was Open, a little above us and below, and at Nine a Clock forenoon came Safe to Col^{o} Varnums, where about Ten o Clock, George Mitchell Esqr & Company, who had been taking the bends of Merrimack River from the Atlantick Sea in Order to run similar lines in a proper season for it, also Arived, and the Colonell haveing generously entertained both Companies at his own expence & cost, and determined at what part of the falls to begin to measure a due North line, (the place concluded on being called the *Great Bunt* and directly Opposite to Tyngs Saw Mills) The Said Mitchell set forward on his Course and measured three Miles, which ended, about fourteen Rods Southerly of Colburns Old Meadow, & Near the Easterly end of it, where the Said Mitchell caused a pitch pine Tree to be marked and letter^{d} with (M) on the Southerly Side, and (N H) on the Opposite Side, denoting it to be a boundary between the Province of the Massachusetts Bay, and New Hampshire and Erected a pillar of Stones round the Same Tree: & then we parted, the Said Mitchell Returning home to Portsmouth and I Set forward on my course which was due west, allowing Ten degrees Variation North according to my Instructions from the Governour & Councill and the Same Night I measured from the S^{d} pine Tree one Mile and sixteen poles to Beaver River $1^{m} : 0^{a} : 16$ *Remarks* This line crossed Conants farm & meado & Nathaniel Clements Lott

The weather was fair & Cold in the forenoon but warm in the afternoon, and the wind was Northwest. We left of measuring at Beaver River, and I went to the Revd Mr Thomas Parkers and there Lodged the rest of the Company, went to some of their Friends

Sunday March 22^{d} I was kindly entertain^{d} by the Revd Mr Parker and went to his Church both parts of the day, and at night lodged at Mr William Richardsons it being Near the place I left off measuring Saturday night; This day was fair and warm and the wind Southwesterly which caused the Snow to Melt Verry fast

Monday March 23^{d} This day we began to measure a little after Sunrise and went on Our Course 4: 2. 24.

Remarks At forty poles from Beaver River we crossed the path, which leads from Dracutt Meeting House to that part of the Town called Gumpuss, leaving William Richardsons house Northward of the line about forty poles and Nathaniel Clements, Southerly about sixty

2 At Two hundred and seventy four poles from this path, we crossed, a pond called Long pond the Generall bearings whereof were North and South, & was Seventy four poles Over; on the west side of this pond the Line runs between Dracutt & Nottingham, in Our way to it the line Crossed the afores[d] William Richardsons land and Clements; and from thence the Course ran through the Lands and properties of Severall of the Inhabitants of Nottingham till it came to Merrimack River which was four Miles and four poles, from where we began to Measure at Beaver River this Morning, the line left Jeremiah Colburns house, South about forty poles, and Samuel Golds Southerly about Twenty five or Thirty poles. We Crost Merrimack River against Bancrofts Lott, and ran up thrô to the House of the Late Rev[d] M[r] Nathaniel Prentice of Dunstable the Course being about six poles South of it & Dunstable Meeting House distant on a Course N 6° East One hundred and Twenty Six poles. The Town of Nottingham ended at Merrimack River and there Dunstable begins. Capt Fletcher gave us a good dinner. The Morning was Cloudy & about One o Clock. Afternoon it began to snow, and snowed fast all the Remainder of the day, which hindred Our Moving further, here Caleb Swan & Ebenezer Shaw were Sworn Chainmen before Eleazer Tyng Esq[r] pursuant to his Excellency[s] instructions we Lodged at Dunstable this Night Some of us at the house of Joseph Blanchard Esq[r] who Generously Entertained us, and the rest of the Company at Frenches Tavern

Tuesday March 24[th] It Snowed verry fast all this day which hindred us from proceeding on Our Journey, so we lodged at Dunstable as we did last night.

Wednesday March 25 1741. At Ten a Clock it clear[d] up. And we immediately set forward & measured to Nashua River which was 4 : 3 : 44 and at Night Lodged by James Bloods fire.

Remarks In Our Course this day we Crossed the Southerly End of the Hill, called Phillips Hill — we went through the Land & properties of Sundry of the Inhabitants of Dunstable: we left Robins[s] house about Twenty five poles Southerly of Our Line, and Crossed over the Southerly end of the Hill Called Andrews Hill, A large hill lay Northeasterly of this and joyning to it, called Mount Gilboa M[r] Adams[s] house, being west of Said Mountain, & About half a Mile to the Northward of Our Course we Also Cross[d] a Large Stream called Salmon Brook, at which Brook, Groton Line and Dunstable joyn together, and thence to the south of a Small pond called Lovewells pond, which is Twenty poles short of Nine Miles, from the pond where I first began to Measure and is so Small as scarce worth taking Notice off and from this pond the Line ran through a pitch pine plain

to Nashua River, James Bloods house being South of our Line About One hundred and Twenty poles as I Judged & near the Said River : This afternoon was cloudy and but little wind

Thurdsday March 26. We Set Out Early and with great difficulty pass[d] Nashua River in a Canoe, which Could carry but Two men At One time & leak[t] half full every time she Cross[d] the River, for which ferridge I paid Ten shillings thô the River was not more then Twenty Rods Over and then travel[d] down the River, and began to measure at the Same in the line where we left off last Night, and we Measured six Miles, × 6 : 0 : 00 which measure Ended in Samuel Wheelers Lott in Townsend.

Remarks At One Mile and Two hundred poles from Nashua River we Came with the line in to Enoch Hunts field in the Parish of Nissatissett, a part of Dunstable, his House being North of the line, about Twenty five poles. At about three Quarters of a mile further, we Cross[t] Lawrences feild lying on the Top of an hill from whence we had a fair View of *Watatuck Mountain* which lay Two or three Miles Southward of Our Course, and was distant as we judged near fourteen Miles. At Three Miles and Two hundred poles from Nashua River we Crossed Nissatisset River, and near the End of Our Measure this day by the high way in Townsend Samuel Wheelers house was North of Our Line about Twelve poles and Joshua Wrights House further North, These Two houses are all that were Inhabited in Townsend on the North of Our Line & Ensign Farrons House was South about Ninty Rods, by whose fire we Lodged this Night — The Weather was fair & the wind West or Nearer Northwest and we Saw nothing Else Remarkeable in this days Course.

Fryday March 27[th] we Set Out Where we left of the Line last Night, being help[t] forward by Some of the Inhabitants of Townsend ; and Measured six Miles 6 : 0 : 0 which ended about Thirty poles west of the path leading from Townsend to New Ipswich.

Remarks at the End of Three Miles & Two hundred & Sixty poles we Crossed the Great meadow Brook ; at the End of four Miles and Thirty poles, we Crossed Snows meadow brook ; at the end of five Miles we Crossed, Whitneys meadow brook, all these brooks as I was informed by the inhabitants of Townsend are branches of Sequamcook River that Runs into Nashua River The Snow this days measure was Near three feet Deep we had the Heavens over us & Snow & a few Hemlock boughs under us which was all the Covering except our Blankets we had this Night the Weather was fair & warm and the wind Southerly which made the Snow soft & heavy travelling —

Saturday March 28[th] We Set forward before Sunrise and this day Measured 4 : 2 : 40

Remarks. At the End of One Mile and One hundred poles we Cross[d] Whitneys pond brook at the End of One Mile & One hundred & Eighty poles more, we Cross[t] Sowhegan River, Runing Northerly or Northeasterly, the land was verry Steep and High, on Each Side the River where we Cross[d] it, thô no Remarkeable Mountaines, the Snow in Generall was Three feet deep, & where we lodged near five, the weather was fair & wind Northwest

Sunday March 29[th] We measured this day 4 : 0 : 40

Remarks At the End of one Mile and half from where we left off last Night, we Crossed Blewfield River or Bellow[s] Brook, it being a branch of Millers River and Runs Southerly, crosses the path which leads from Northfield to Lunenburgh by the half way, house as we Supposed; from thence at the End of One Mile three quarters and Twenty four poles we Cross[t] a Large brook runing Southerly or Southeasterly which came Out of a small pond, that lay about Thirty poles North of Our Lines, We nam[d] it Sunday pond from Our measuring by it that day. We Saw no remarkeable Mountain, only Watatuck which we went Two or three Miles North off, the land in Generall was good Land, and the Trees that grew on it, Beech Maple and White Ash, intermixt with Hemlock & little Underbrush, The Snow for the Most part was Two feet & half deep or more, the weather was fair and warm, and the wind westerly and bad travelling the latter part of the day. In the Night it Clouded up & Sometime before day Snowed, which Oblidged us to Stretch Our Blankits and Lye Under them having no Other covering

Monday March 30[th] The Trees and bushes, being laden with the Snow that fell last night, we did not Set forward, till near Nine of the Clock in the forenoon and then Measured 2..0..60

Remarks At the distance of One hundred and Eighty poles we crossed, *Wonommenock* pond which was forty poles Over at the place where we Cross[d] it and is a Main branch or head of Millers River, Thence Two hundred & Eighty poles to a large brook being Another branch of S[d] Millers Rivers; We Named it Deer brook from the great Signs of Deer we Saw there The Snow this day was about as deep as Yesterday, but the land more broken, and Rocky, the weather was fair & windy the wind Northwest

Tuesday March 31. We Set forward on Our Journey before Sunrise and the Same day measured five Miles & forty poles 5 : 0 : 40

Remarks At half a Mile from where we began to Measure this Morning, We Came to a large Stream runing Northerly or Northwesterly, which we Supposed to be that Branch of Contoocook river which runs along by *Grand Menadnuck* and thence thro' Hopkinton and joyns the Other branches of that River in the Town of Rumford

& Empties into Merrimack River; At Two Miles further we came to a Meadow, a large Stream Runing Southerly thro' the same and here we found some Stacks of hay, we Supposed the Stream to be a branch of Millers River, & the Hay to be Boyntons, who lives on the Road leading from Northfield to Lunenburgh. At this Meadow we had a fair Prospect of *Grand Menadnuck* bearing North of us and distant as we judged near Eight Miles, from thence One Mile Three Quarters and forty poles we Cross^{d} Another Branch of Millers Rivers, the land in Generall was good & good travelling in the forenoon but Soft in the Afternoon The Snow Two feet & an half deep or More the wind Northwest & Weather fair

Wednesday April 1st This day we Measured 5..3..34

Remarks In this days travell, we cross^{d} Sundry branches of Millers River viz. One at the End of One hundred and fifty poles, from where we began to Measure this Morning A Second One Mile & Two hundred poles from the first, runing thrô a Meadô, from thence Two hundred Eighty poles we Cross^{d} a Third & from thence 260 poles a fourth having great falls in it fit for Mills, we Cross^{t} all these streams on the ice. The land this day was broken Land, producing cheifly spruce Hemlock fir &^{c} the Snow betwixt Two & three feet Deep, the weather fair & Cold & the Wind Northwest.

Thursday April 2^{d} This day we measured from Where we left off last Night 7 : 3 : 0 Seven Miles & three quarters

Remarks. At the End of 292 poles from where we began this Morning, we Ascended a large Mountain, *Grand Menadnuck* then bearing Northeasterly of us and distant near Twelve Miles. At four Miles, from where we began Our Measure this Morning we Cross^{d} a great Brook runing North Called Muddy Brook ; At 620 poles more, we Crossed another large brook runing the Same way, and called roaring brook, both which are branches of Ashwelott River from thence Two hundred and Twenty poles we Came to the Top of a Verry High Hill : from whence we had a fair View of Northfield, and thence we measured to a Sled path, about Two miles & half Northerly of Northfield Meeting house and left off & travell^{d} to Capt Feilds of Northfeild and Lodged by his fire Side ; The Snow was about Two feet Deep till we Came to the Top of the Hill last mentioned, after that the ground was bare in Some places ; The weather was fair and wind Northwest

Fryday April 3^{d} This day we Measured Only to Connetticutt River which was 0..3..4.

Remarks At the End of Sixty Eight poles, from where we began this Morning, we Cross^{d} a large Brook runing into Connetticutt River, called Putchaug and then a Meadow of that name, and Set up

a Stake on the bank of Said River in the Line, there being no Tree Exactly in Our Course; Two families only of Northfeild, falling Northerly of this Line, there was but little Snow in this days course we returned again to Capt Feilds and Lodged as before

Saturday April 4th We tarryed at Capt Feilds and prepared new Recruits for Our further journey and a Canoe to Transport us over Connetticutt River if the ice should be gone, it Snowed, till the Middle of the day, but clear^{d} up before Night, and we lodged at Capt Feilds as we did last Night

Sunday April 5th 1741. We Tarryed at Capt Feilds & went to hear the Revd Mr Doolittle preach both parts of the day, The weather was fair Cold, and windy; The wind Northwest.

In the Course from the point where I first Set Out the Line Cross^{t} through part of Dracutt and Nottingham, & leaves but a small part of Dracutt Northerly of it; but, the Greatest part of Nottingham, the Greatest part of Dunstable falls on the Northerly side and but a Small part of Groton, and Townsend; the Greatest part of the Towns of New Ipswich Rowley Cannada & Sylvester, fall Northerly of the line, by the best Information I can gett: the Greatest part of Winchester if not all falls on the Northerly Side, and a third part of the lands of Northfeild, if not more, thô but Two Houses Only: There are many other Towns further North which were beyond my Observation laid out & peopled by the Massachusetts Bay.

Monday April ye 6th 1741. We left Capt Fields at Northfield a little after Sunrise, and with great difficulty passed Connetticutt River in a Canoe, the wind being high & flawey, and the Ice above coming down verry often. We travail^{d} up to ye place against where we left Our line on the East Side of the River, which was about six poles above the Little meadow brook and the Same day Measured 4: 1: 20

Remarks At Two Miles and an half from Connetticutt River we Ascended the Topp of a verry high hill, a small narrow pond lying on the Northerly Side of it, with Two small islands at the Easterly end of Said pond from this place we had a fair View of *Fort Dummer* bearing from us near North & by west, & distant as I Judged About four Miles, The first Two Miles From Connetticutt River the land was Open and but little Snow, the remainder of this days travell the Snow was about Two feet Deep, on which we Lodged, the Weather was fair & wind Northwest

Tuesday April 7th This Morning we set Out before Sunrise & Measured 5: 3: 28

Remarks At the End of 240 poles We Came to Falls River, an Exceeding high hill lying on the East Side of it, and the Stones upon

the Hill were all Slate Stones & large we therefore named it *Slate Hill* at an hundred Rods further we Came to Another branch of Said River, and at the end of Our Measure this day, we came to Green River, and Lodged on the East Side of it. This day was fair & Cold, the wind Northwest and travelling good The Snow about Two feet deep for the greatest part of the way, The land Mountanous & broken, but good for Pasture and the Timber it produc^{t} Beech Maple Hemlock and some Chastnutt

Wednesday April 8th This day we Measured 5 : 3 : 40

Remarks At the End of One hundred poles from where we began to Measure this Morning we crossed a large brook : Supposed by us to be a branch of North River & One Mile, Three Quarters, and forty poles further, we Came to the said River, on the West Side of which was, an Exceeding high Mountain, and to the End of this days, measure from the afores^{d} River, the land was exceeding good & Covered with Beech Maple Chastnutt &^{c} The Snow was Mostly Three feet Deep, and in Many places more ; The forenoon the Crust was so hard we walk^{t} upon it without Snoeshoes, in the afternoon it was soft, The weather was fair and the wind Northwest and this Night we lodged on the Snow

Thurdsday April 9th This day we measured 5 : 3 : 10

Remarks At the end of Three miles we Came to a large brook, running Southeasterly, and at the End of this days Measure we Came to Another large brook runing Southerly, by which we took Our lodging; here we trac^{t} a large Bear & therefore Nam^{d} it Bear Brook, both these Brooks are branches of Deerfeild River, The land this day was exceeding good; and the produce Beech, Maple, White Ash &^{c} & for three Miles together the Pigeons Nests, which I Supposed were made last Year, were so thick that five hundred Might have been told on the Beech Trees at One time, And Could they have been counted on the Hemlocks as well, I doubt not but five thousand at One turn Round, The Snow was for the Most part Three feet deep, the weather fair & wind Northwest

Fryday April 10th This day we Measured 2 : 1 : 20

Remarks At the end of half a mile from where we Set Out this Morning we Came to Deerfeild River verry high & Steep mountaines being on Each Side of it & so up & down the River as far as we Could See, by Information at least fifty Miles we mett with great difficulty in passing the River, first attempting to Wade & One only got Over with great damage to Our bread by wetting it, Then we Attempted to Raft, but that faild ye water ran so Swift, at length we found a place where we all waded over, thô with the utmost Hazzard; The Mountain on the west side was so steep, we could not

Carry the Chain to Measure, but in four or five hours time, When we had ascended the Top of it, we judged we had gott forty Rods forward & no More on Our Course at the furthest, The Snow this day was about Three feet Deep, The weather fair & wind Northwest, At Sunsett we built a fire on the Snow, and Lodged by it

Saturday April 11th We began to Measure before Sunrise and Measured this day Seven Miles 7 : 0 : 0

Remarks At the end of four Miles three Quarters and Twenty poles, we Came to a small River Running North; and where we Crosst the river was good intervale Land, on both Sides & a large English Camp a little North of ye Line and on the East of Said River, and at the end of Seven Miles Two large brooks mett; One Came out of the westward; and the Other out of the Northward, and then ran Southeasterly, we thought both these streams ran into Deerfeild River, and that the Camp was made by Capt Welles & Company, the land all this days Course was good & fit for Settlements; The Snow About Three feet Deep; and where we lodged near five: which was where the Two Brooks mett, we left a Bottle there and therefore called it Bottle Brook, it Snowed a little the greatest part of the day and the wind was Northeasterly

Sunday April 12th This day we Measured 4 : 1 : 50

Remarks At the end of three Miles we came to the Top of an Exceeding high Mountain from whence we discovered a large Mountain lying South westerly of Albany as Also a Row of Large Mountaines, on Each Side of us, bearing North and South or North-westerly and Southeasterly Nearest and a Ridge of Exceeding high Mountaines, three or four Miles before us, bearing near the Same Course, and a fine Valley betwixt them & us, on Each Side of the line together with Said Hills bigg Enough for Townships. At One hundred and thirty poles further we Crosst a branch of Hosek River runing Southerly thence to the Main River of Hosek running Northwesterly, with difficulty we waded it & lodged on the West Side of it that Night; the first part of the day was good travelling but heavy by Noon and betwixt the Two Rivers the Snow was Mostly gone; it clouded Over and rained in the Night, which Caused us to Stretch our Blankits and lye Under them on the Bare ground, which was the first Bare ground we lodged on Since we left Northfeild. There was little wind this day

Monday April 13th This day we Measured from Hosek River four Miles and an half 4 : 2 : 0 which was only over one mountain, which Mountain was exceeding good Land, bearing Beech, Black birch, and Hemlock, White Ash &c Over this Mountain We Concluded the line would Run, betwixt, this Government and New York, when deter-

mined and therefore named it *Mount Belcher*, that it Might be as Standing a boundary as Endicutts Tree had been here we Lodged Again On a spott of Bare Ground by a Large Brook running South westerly, which being full of Clay we Named it Clay brook We had some Thunder Showers in the Night, which Oblidged us to rise and Stretch Our blankits The weather was Cloudy all day and no Wind stirring, The Snow for the last Three Miles about Two feet Deep: for the first Mile and half but little

Tuesday April 14th This day we began to Measure at Clay Brook and Measured 5..2..60

Remarks At the End of Two hundred and Twenty poles, we Crosst the aforesd Clay Brook again Running Northerly, at Two hundred & Eighty poles more we Crossed a small River, runing Northeasterly and verry Swift and 540 poles more, we Came to A Large Brook runing Northeasterly all which we Supposed were branches of Hosek River This day we Crost no verry Large Mountaines & there was little Snow for three Miles, and in Many places None, but the Remainder of this days Measure it was near Two feet Deep, and where we Lodged About Two and half: the land was good for Settlements bearing Large White Oaks in Some places, in Others Cherry Tree of Two feet Over, Beech, black birch Rock Maple White Ash &c The weather was fair & wind North westerly & near Night a Meer Hurricane.

Wednesday April 15th This day we Measured 6:0:0 and Lodged at Night in White Oak Land on Bare ground.

Remarks At the End of Two Miles from Where we began to Measure in the Morning we Crossd a large Stream running Southwesterly, at the End of One Mile More we Crossed the Same Stream, at half a Mile further we Crossd this River Again, at One Mile further we Crosst the Same and Eighty poles before we finish't this days Measure we waded through a Swamp all the way almost to Our Middles in Water, in which Swamp the aforesd River lost it Self, The first Three Miles of this days travell the land was mostly Beech and the Snow Two feet Deep the Next Two broken and hemlock Ground, and the Remainder White Oak and the aforesaid Swamp. The weather was fair & warm and the wind west or Northwest

Thursday April 16th we Measured to Hudsons River five Miles

Remarks On a Small Mountain at four Miles and forty poles on Our Course, from where we began to Measure this Morning we had a fair View of the City of Albany bearing from us South westerly & distant about Eight Miles as I Judged, and at the Same time had as fair a View of the falls in Mohawks River called Cohoos or Great falls above Albany, near four Miles from us to Our Great Joy and there-

fore named it *mount Joy* hence we kept Our Course to Hudsons River striking it about Eighty poles below where Mohawks River Comes into Hudsons, We went thence to Albany and tarryed that Night

The Trees in or near the line are well Mark[t] so as to be found without any difficulty, but Could Raise few Other Monuments The Snow in Most places having Covered the Stones.

The Rivers, Streams & ponds are laid down in their proper places wher the line Cross[d] them, but Out of sight by Guess or Imagination The Mountains are laid down as Much in form as I could and many of them pretty Exact but they being of such vast Extent it Cannot be thought they are perfectly done or all put down that Came in Sight.

Fryday April 17th At Nine a Clock we left Albany: And the Same Night came to Derrick Slakes at Kenderhook & Lodged by his fire.

Saturday April 18th We Set away from M[r] Slakes Early in the Morning and the Same day came to Capt Spurrs at Upper Houseatonnuck and Lodged there by his fire side. Some time before we Arived at Spurrs, it Thunder[d] & lightned verry hard, and hail[d] great Stones like peices of ice and Many of them near as bigg as Hens Eggs.

Sunday April 19th We Set Out from Spurrs, and the Same day travail[d] About Eighteen Miles to Brewers in N° (1) & lodged by his fire.

Monday April 20th We Set out from Brewers As soon as it was light, & travell[d], thrô New Glascow now Called Blanford and thence to Westfield & that Night we lodged at Kings tavern by his fire Side

Tuesday April 21. We travel[d] from thence to Springfield, which made One hundred Miles from *Albany* and the same Night came to Scotts at Kingston & lodged there by his fire Side

Wednesday April 22[d] We travell[d] this day from Scotts thrô Brookfeild and thence to Leicester & lodged at Sergeants Tavern by his fire

Thurdsday April 23[d] We travelled thence thrô Worcester, part of Brimfeild & Shrewsbury, thence thrô Lancaster, and the Same Night came to Haskals tavern in Harvard and Lodged there by his fire.

Fryday April 24th It Rained hard most of the day Yet we travelled thrô Groton to Dunstable and Lodged there that Night

Saturday April 25th I purchast a Canoe at Dunstable & came down Merrimack River to Dracutt we Carryed Our Canoe over Pentucket falls, but mett with no Other difficulty, in going down the River, and Arived at my own House in Haverhill about Eight o Clock at Night, all in perfect health thrô the goodness of Almighty God to us, & for which his Name be praised

Walter Bryants Journal in running the Boundary between New Hampshire & that Part of the Massachusetts Bay called County of York 1741 —

Mar: 19 Fryday I set out from Newmarket with eight men to assist me in running & marking out one of the Province Boundaries lodg'd at Cochecho

14 Saturday Sent our Baggage on logging Sleds to Rochester from Cochecho under the Care of three Men the other five continuing with me at Cochecho it being foul Weather

15 Sunday Attended public Worship at Cochecho and in the Evening went to Rochester and lodgd there —

16 Monday Travelled through the upper Part of Rochester & lodg'd in a logging Camp —

17 Tuesday Went on Salmonfal River & travelled up said River on the Ice above the second Pond and camp'd

18 Wednesday Went to the third Pond & about two of the Clock in the Afternoon it rained & snow'd very hard & obliged us to camp extreme stormy that Night and two Men Sick —

19 Thursday Went to the Head Nechawannick River and there set my Course being North two Degrees West but by the Needle North eight Degrees East and run a half Mile on a Neck of Land with three Men then return'd to the other five and camp'd —

Mar 20 Fryday Cross'd the head Pond which was a Mile over and at two hundred Rods distance from said head Pond was another which lay so in my Course that I cross'd it three Times & has communication with Mousum River as I suppose from the last mention'd Pond for six Mile together I found the Land to be pretty even the growth generally white & pitch Pine (N B at the end of every Mile I marked a Tree where the Place wou'd admit of it with the Number of Miles from the Head of Nechawannick River) went over a Mountain from the Summit of which I plainly see the white Hills and Ossipee Pond which Pond bore about North West & was about four Mile distant — There also lay on the North side of said Mountain at a Mile distance a Pond in the form of a Circle of the Diameter of three Miles the East End of which I cross'd I also cross'd the River which comes from the East and runs into said Pond & camp'd had good travelling to day & went between Seven & eight Miles

21 Saturday In travelling five Miles (the Land pretty level) from the Place where I camp'd last Night I came to a River which runs out from the lastmention'd Pond & there track'd an Indian & three Dogs kill'd two Deer & camp'd

22 Sunday Remain'd in my Camp and about nine o Clock at Night the Camp was hail'd by two Indians (who were within fifteen Rods of it in so broken English that they called three Times before I cou'd understand what they said which was "what you do there" up which I spake to them and immediately upon my speaking they asked what news I told them it was Peace they answerd "may be no" but however upon my telling them they shou'd not be hurt & bidding them to come to the Camp they came & behaved very orderly and gave me an Account of Ossipee Pond & River as also of a Place called Pigwacket they told me the way to know when I was at Pigwacket was by observing a certain River which had three large Hills on the Southwest Side of it which Narrative of said Indians respecting Ossipee &c I found to correspond pretty well with my Observations. They also inform'd me of their Names which were Sentur & Pease Sentur is an old Man was in Capt Lovewell's Fight at

which Time he was much wounded & lost one of his Eyes the other is a Young Man — They informd me their living was at Ossipee Pond they had no Guns but Hatchets and Spears our Snow Shoes being something broken they readily imparted wherewith to mend them — They woud have purchased a Gun of me but cou'd not spare one — They were inquisitive to know what brought Englishmen so far in the Woods in Peace whereupon I informed them & upon the whole they said they thought it was War finding Englishmen so far in the Woods & further that there were sundry Companies of Indians a hunting & they believed that none of said Companies woud let me proceed if they shou'd meet with me

23 Monday Parted with Indians & went to Ossipee River which is fifteen Miles from the Head of Salmon falls which Number of Miles I mark'd on a pretty large Tree that lay convenient (and in my return I found on said Tree a Sword handsomely formed grasped by a Hand) one Mile from Ossipee River came to a Mountain from the Top of which I saw the white Hills travelled over five large Mountains — camp'd

24 Tuesday Found the Snow very soft to Day so that we sunk half leg deep in Snow Shoes saw where two Indians had camp'd on Hemloc Boughs camp'd snow'd all Night

25 Wednesday Continued snowing all Day & Night the general Depth of the Snow with what fell last Night & to Day was four Foot & an half & five Foot deep —

26 Thursday The Weather fair and clear and in my Travel to Day saw the white Hills which were West & by North from me & about seven Miles distant as near as I cou'd guess I also see Pigwacket Plain or Interval Land as also Pigwacket River which runs from the North West to the Southeast & cuts the aforesaid Intervale in two Triangles it lying North and South about eight Miles in length and Four in Breadth — About two or three Miles beyond Pigwacket I saw a large Body of water three or four Miles long & half a Mile Broad but whether River or Pond I do not know

27 Fryday Finding the traveling difficult by the softness of the Snow and the Rivers & Brooks breaking up together with some backwardness in my Men to venture any further I concluded to return which I did accordingly & on Wednesday the first of April we got safe to Newmarket and all in good Health

[*Petition of Thomas Hutchinson.*]

[Copied from the Archives of England.]

To the Kings most Excellent Majesty in Council

The Petition of Thomas Hutchinson of Boston in Your Majestys Province of the Massachusetts Bay in New England Esquire

Most humbly Sheweth

That the General Court of the said Province several Years since for many great and weighty Reasons but more particularly to strengthen and secure their frontier and to defend many scattering Towns that lay dispersed near the Borders of their Province made several Orders and Grants for the settlement of thirteen Townships commonly known by the name of the Line of Towns in Your Majestys said Province of the Massachusetts Bay and which Townships were Ordered to be laid out in two Contigious Lines reaching from Merrimack to Connecticut River and which Townships have Settlements already begun and will (if the same Encouragement and Protection, they have hitherto received be Continued to them) be soon Compleated.

That the said Townships were Erected on Lands always understood to belong to the said Province of the Massachusetts Bay the Northermost of these two Lines of Towns being laid out diverse Miles Southward of a due West Line from the Northermost part of Merrimack River and which Land was always understood to be adjudged to the said Province by the Determination of His Majesty King Charles the Second in Council in the Year 1677 and no Settlement has been at any time Attempted there by the Province of New Hampshire —

That the Proprietors and Settlers of these Townships upon a firm belief that they were within and part of the Province of the Massachusetts Bay and Entitled to the Protection of that Province have at great Expence Labour and Hazard Settled and improved the said Townships but to their inexpressible Concern and Surprize they find

that by the late Determination of Your Majesty in Council for running the dividing Line between the said Province of the Massachusetts Bay and New Hampshire (should the said Line be run in the manner in which the same stands now directed) all the said Line of Frontier Towns will be wholly Cut off from the said Province of the Massachusetts Bay to which they always apprehended themselves to belong And the Government of which has been always ready to protect and defend them and the said Towns which are Yet unable to defend themselves be exposed to be ravaged and the Inhabitants Massacred by the Barbarous Salvages on the first Rupture with them — New Hampshire (if it was near to 'em) being unable to assist them But if it was able is too remote both the two great Rivers of Connecticutt and Merrimack lying between some and Merrimack between all those Townships and New Hampshire so that New Hampshire can be of no Support or Service to them nor they to New Hampshire So that the Present Proprietors and Settlers of these Towns after their great Expence Labour and Hazard must be forced for their own Preservation and Defence to desert them and all further proceedings towards the compleating the Settlements and finishing of these Frontier Towns be prevented —

That the Proprietors and Settlers of most of the said Townships have severally drawn up their most humble Petitions to Your Majesty Setting forth the matters aforesaid And as all their Parents Brethren Relations and Friends live in the Province of the Massachusetts Bay They most humbly pray Your Majesty to take their distressed Case into Your most gracious Consideration and that You will out of Your Royal Grace and favour be pleased to unite them to Your said Province of the Massachusetts from whence they Sprung and by whose Assistance and Support they will in a short time be of Considerable Service in defending the Borders of Your Majestys said Dominions agreeable to the Original intention of their first Settlement Which Petitions the said Townships have severally Impowered Your Petitioner to lay before Your Majesty And Your Pet^{r} hath for that Purpose annexed the same to this his present Petition and doth hereby on behalf of the severall Proprietors and Settlers of the said Townships most humbly lay the same before Your Majesty for Your Royal Consideration

That Your Pet^{r} further begs leave in all humble manner to represent to Your Majesty that the several Townships of Gorcham Tyngs Town Lovells Town The Town adjoining to Contookcook The Township of Rowley Canada of Winchester of Lower Asheuelotts and Upper Asheuelot were all likewise Erected and Settled many Years since under Orders and Grants from Your Majestys said Province of

the Massachusetts Bay made to the present Settlers and their Ancestors in Consideration of Services performed in Voluntary Expeditions against the Indians and in other Respects and the better to increase and extend Your Majestys Dominions and the Erecting and Settling of which Townships have been begun Carried on and Compleated with great Expence and Labour by the Settlers and Proprietors thereof who in like manner with the Settlers of the said Line of Frontier Towns and for the same Reasons had not the least Doubt or Apprehension but the Lands they were so improving were within and part of Your Majestys said Province of the Massachusetts Bay upon whose Assistance they entirely relyed and which they have always hitherto had for their Protection and Defence But to their inexpressible Concern should the said dividing Line be run in the manner in which it is now directed all the said Townships would be totally Excluded from the said Province of the Massachusetts Bay and the Settlers and Proprietors thereof be utterly at a Loss where to apply for Succour and Relief in Case of a Rupture with the Neighbouring Salvages of which they are in daily hazard and who will in all Probability fall upon them in Case of a Rupture with France the Instant they shall be apprized thereof in which Case they will be in the utmost danger of being all cutt off or at least to their utter ruin driven from their Settlements New Hampshire being unable to give them the necessary Succour and Relief – The Inhabitants and Proprietors of the said last named Townships have therefore severally drawn up most humble Petitions to Your Majesty stating this their deplorable Condition to Your Majesty and most humbly imploring Your Majesty out of Your Royal Grace and favour to Unite them to Your said Province of the Massachusetts Bay by whose Assistance they may be protected in their present Possessions and Your Majestys Dominions be Increased and Enlarged – Which Petitions the said Townships have likewise severally Impowered Your Pet^{r} to lay before Your Majesty and Your Pet^{r} hath for that Purpose annexed the same to this his present Petition and doth hereby on their behalf most humbly lay the same before Your Majesty for Your Royal Consideration

That Your Pet^{r} further most humbly represents to Your Majesty that the several Townships of Salisbury and Almsbury, Haverhill, Dunstable Nottingham and Litchfield, Groten and Townshend have been for a great number of Years past Erected and Settled some so long since as the Year 1639 under Orders and Grants derived from the Government of the Massachusetts Bay and from such their first Settlement to this time have always been part of and belonged to the Province of the Massachusetts Bay who have at great Expence protected and defended several of the said Townships particularly Salis-

bury Haverhill and Dunstable which are Frontier Towns against the Enemy for a long Course of Years and out of which Town of Salisbury the Town of Almsbury was taken in the Year 1668 and out of the said Town of Dunstable the said Townshipps of Nottingham and Litchfield have been since taken — And the Inhabitants and Proprietors of all these Towns for the Reasons already humbly offered to Your Majesty on behalf of the other Townshipps always had the most firm Dependance on their being within and part of Your Majestys said Province of the Massachusetts Bay by whom they have been hitherto protected and defended But by the said dividing Line should the same be run in the manner it now stands directed one third part of the said Ancient Town of Almsbury and a Considerable part of the more Ancient Town of Salisbury which was Settled so long since as in 1639 And also the greatest part of the said Ancient Town of Dunstable which was Settled in 1679 and also of the said Town of Nottingham and the whole of Litchfield Town and also great part of the Town of Haverhill which has been Settled so long since as 1641 And also great part of the said Town of Groton and one half of the said Town of Townshend (to the great Grief of the Inhabitants and the danger of their Lives and Fortunes) will be entirely Cutt of from that People from whom they Issued and upon whom they have always depended for their Protection and Defence and which has been always given them in the most ready and Effectual manner whenever it has been wanted and be thereby left destitute of all help and exposed to the Merciless Ravages of the adjoining Salvages whenever they shall think fitting to Attack them New Hampshire having Confessed their Inability to Protect them so long since as the Year 1667 For thô by His then Majesty King Charles the 2^{ds} Determination in Council part of the said three Townships of Salisbury Haverhill and Dunstable fell to the Province of New Hampshire They instead of Asserting gave up their Claim thereto to the Colony of the Massachusetts Bay by whom they were then and have been ever since protected from their Indian Enemies who would otherwise have destroyed them or at least drove them from their Settlement And the said Towns being thus intersected and divided their Parishes also and their Religious Societies will be Split — Their Churches or Houses for Religious worship with one part of a Parish be left in one Province and the Settlement and Estate of the Minister with the other part of the Parish be in another Province to the utter Subversion and Ruin of the said Parishes and Religious Societys unless Your Majesty in Your Royal Clemency and favour shall grant them the proper and necessary Relief for which purpose the Proprietors and Inhabitants of these last named Townships have sev-

erally prepared most humble Petitions to Your Majesty laying this most Calamitous State of their Case before Your Majesty most humbly intreating Your Majesty out of Your Royal Grace and Indulgence to Unite the whole of the said several Towns to the said Province of the Massachusetts Bay that so they may for the future Continue and remain one with them as they have hitherto been some of them for One hundred Years past Which Petitions the said Townships have severally impowered Your Pet^{r} to lay before Your Majesty and Your Pet^{r} hath for that Purpose annexed the same to this his present Petition and doth hereby on their behalf most humbly lay the same before Your Majesty for Your Royal Consideration

And Your Petitioner most humbly prays Your Majesty that You will be graciously pleased to take the said several Petitions together with this Petition into Your favourable and Indulgent Consideration And that Your Majesty will be graciously pleased out of Your Royal Grace and favour to Unite all the said Townships to the said Province of the Massachusetts Bay and that Your Majesty will be graciously pleased to give the proper and necessary Directions for that purpose And that the said Inhabitants and Proprietors of the said several Townships may have all such further and other Relief in the Premisses as the nature and Circumstances of each Particular Township may require

And Your Pet^{r} as in strictest Duty bound shall ever Pray &^{a}

Thos Hutchinson

[*Haverhill Petition to King*, 1740.]

[Copied from Archives of England.]

To the Kings most Excellent Majesty

The humble Petition of the Town of Haverhill in Your Majestys Province of the Massachusetts Bay in New England

May it Please Your Majesty

The Ancient Town of Haverhill was situate on the North Side of Merrimack River extending fourteen Miles upon the said River and runs Northward into the Country in form of a Tryangle near 12 Miles and was incorporated into a Township Anno 1641.

At that time the Governor and Company of the Colony of the Massachusetts Bay depended upon their Charter from King Charles the 1st of the 4th of March 1628 which gave them all the Land between

Charles River and Merrimack all the Land within three Miles on the South part of any and every part of Charles River and within three Miles to the Northward of any and every part of Merrimack River and all the Lands within those Limits North and South in Latitude and Breadth and in Length and Longitude of and within all the Breadth aforesaid throughout the Mainland there from the Atlantick Ocean to the South Sea and understood that those Words gave them all that Tract of Land which extends from three Miles South of the Southermost part of Charles River to three Miles North of the Northermost part of Merrimack River in Latitude and from the Atlantick Ocean to the South Sea in Longitude and therefore innocently made the several Grants and Settled the Town of Haverhill accordingly.

When His Majesty King Charles the 2^{d} in Council gave his definitive Sentence upon their Northern Boundary that it should follow the Course of the River so far as that went thereby a very considerable part of that Town was cutt off and fell to the Province of New Hampshire but the said Province left this Town to their Friends in the Colony of the Massachusetts Bay whence they issued by them only to be protectod from the Indian Enemies and the Inhabitants of this Haverhill a Frontier Town with the loss of many of their lives and great labour and travel assisted with Men and Money from the Massachusetts defended and Maintained that Place against the Enemy for a long Course of Years the Inhabitants of New Hampshire at that time not Claiming or Coveting any part of it

Afterward in the Year 1724 the General Court of the Province of the Massachusetts Bay for the Conveniency of the Inhabitants divided this Town and set off a part thereof by the Name of Methuen —

And now may it Please Your Majesty by the late Settlement of their Northern Boundary a very great part of Haverhill is again cutt off from that People from whom they issued and by whom they have been always Protected to the very great grief of their Minds and danger of their Lives and Fortunes.

And the said Town being thus divided Our Parishes also and Religious Societys are Split Our Churches or Houses for Religious Worship with one part of the Parish are left in the Massachusetts Province and the Settlement and Estate of one of Our Ministers and part of Our Parishes are excluded from said Province to the utter Subversion and Ruin of the said Parishes and Religious Societys unless Your Majesty in Your Royal Clemency shall grant us Relief

Wherefore they most humbly beseech Your Majesty of Your Royal Gentleness and Goodness to indulge Your most humble and Dutyfull Subjects the Inhabitants of Haverhill and Unite their Town to the Province of the Massachusetts Bay that they may remain one with them with Your Majestys favour and Countenance

And Your Majestys most Loyal and Dutyfull Subjects shall ever Pray &ª

and by Order of the Inhabitants
of Haverhill

Be it known to all Men that I Nathaniel Peaslee of Haverhill in New England Agent for said Town to prefer a Petition to his Majesty respecting the dividing of said Town by the determination of the Province Line do by these presents constitute and appoint my Trusty Friend Thomas Hutchinson of Boston Merchant to be my Attorney giving to him all that Power which I have received from the said Town of Haverhill and hereby fully enabling him to appear and Act for and in behalf of said Town respecting the determination of said Line and presenting a Petition to His Majesty as fully to all intents and purposes whatsoever as I myself might or could Do by Virtue of the Power aforesaid in Witness whereof I have hereunto set my hand and Seal Boston in New England 23ᵈ of October 1740

May It Please Your Lordships

Since I had the honour of writing you last, I have been to New Hampshire, & met an Assembly there, and Communicated to them, Such New Instructions, as I had receiv'd from their Excellencies, the Lords Justices, One respecting the future Emissions, of Paper Currency, in that Province, the other for Carrying into Execution the Kings Judgment, for Setling the Boundaries, betwixt this Province, and New Hampshire, and I now send your Lordships the Proceedings, of that Session of Assembly, by which you will find, little material done for his Majestys Service, or for that of the Province — the Affairs of the Boundaries, being of great Consequence, to both Provinces, Your Lordships will see, I urg'd upon the Assembly, the

making Sufficient Provision, for that Service; instead whereof they would vote onely £500: which will not much more, than half compleat the Work; However I sent out Surveyors with proper Attendants, on the several Lines, and am daily expecting their Returns, and so soon as I receive them, they shall be transmitted to Your Lordships —

As the Assembly would do nothing towards the Payment, of the Publick Debts, or for the Support, of the Government, I judg'd it for His Majestys Honour, and Service, to Dissolve them, hoping, the next may better act up to their Duty —

I am, with great Respect my Lords

Your Lordships Most Obedient and Most Humble Servant

[*Gov. Belcher to Board of Trade*, 1741.]

[Copied from Archives of England.]

May It Please Your Lordships

I wrote you yesterday, to which I humbly ask your reference, & that you would give me leave, to lay before you, a difficulty arisen upon the Construction, of His Majestys Judgment, respecting the Boundaries, betwixt this Province, & that of New Hampshire – vizt on the following words, "*That the Northern Boundaries of the said* "*Province of the Massachusetts Bay* are & be a Similar Curve Line "pursuing the Course of Merrimack River at three Miles distance, "on the North side thereof beginning at the Atlantick Ocean, and "ending at a Point Due North, of a Place, in the Plan, return'd by "the said Commissioners, Call'd Pantucket Falls, *and a Strait Line* "*drawn from thence, due West, cross the said River till it meets with* "*His Majestys Other Governments* – Your Lordships will please to observe that it is call'd the *Northern Boundaries of the Massachusetts*, but not the *Southern of New Hampshire*, nor the *Divisional Line* between the two Provinces – from this, the People of both Provinces, say, the Lands from the Northern Boundary of Massachusetts, till they meet the Southern Boundary of New Hampshire, & so further Westward, are not under any Jurisdiction or Government, nor can the Lands, already ungranted, between those Lines, be Granted for

the Incouragement, of New Settlers – if the matter therefore remains thus, it may soon produce Disorders, & Confusions, among the Kings Subjects, now setl'd upon some parts of those Lands, who look upon themselves, in a State of Anarchy – as His Majestys Order, which was the foundation for the Commission of making the late Settlement of the Boundaries, declar'd, the matter was not to affect Property, but Jurisdiction onely. I should be glad to know, His Majesty's Pleasure, as to the Jurisdiction of all those Lands, and as to the Grant, of Such of them, as have not already been Granted either by the Government, of the Massachusetts Bay, or that of New Hampshire, I mean whether they are to be annext to either Province, or still to remain by themselves, for His Majestys further pleasure, this difficulty, My Lords, seems to spring with the more force, from the very different wording, of the Judgment, from that of the other Boundary where it is said "And as to the Northern Boundary – *between the said "Provinces,* the Court resolve and determine, that *the Dividing Line* "shall pass &c[a], and again, that the Dividing Line shall part the Isles "of Shoals &ca *and that the S° Westerly part of said Islands, shall "lye and be accounted part of the Province of New Hampshire, and "that the N° Easterly part thereof shall lye in, and be accounted part "of the Province of the Massachusetts Bay &[ca]*

I humbly pray of Your Lordships, that I may be set right, in this matter, by His Majestys Royal Explanation to which I shall dutifully conform myself, so far as it may concern me

I have the honour to be with much Respect My Lords
Your Lordships, Most Obedient Most Humble Servant

Mr Secretary

Sr As the Business I am upon is of some concern to the Publick, as well as to the persons by whom I am immediately employd I think it my duty to inform the Honble Court of the progress & present state of it.

Upon my arrival here I made application to several Lords of the Council & acquainted them with the Contents of my petitions, and I met with nothing that forbad or discouragd my preferring them. I therefore took the first opportunity to do it & they were referr'd to a Committee of Council; but by reason of Lord Presidents being unable to attend Committees I was kept three or four months waiting in expectation of their being consider'd. At length they were referr'd to the Board of Trade, which being the constant practice it was not possible to prevent; but the Lords Commissioners being in the Country at their Elections there was no Board for near six Weeks. Before this time expird his Majesty was pleas'd to appoint a new

Governor for the Prov. of N. Hampshire, and although I made private application (a publick one being judg'd inconvenient) & pray'd that the Commission might be suspended till these petitions were determind, yet it was immediately resolv'd that the words of it should run agreeable to the Order of Council for settling the Massachusetts boundary, & Ld President condescended to give me this reason for it, That there was an absolute necessity the Petitionors should immediately be included in one Governm^{t} or the other, and if they were comprehended in the N Hampshire Commission, should it appear convenient, they might at any time hereafter be taken off, but should they be granted to the Massachusetts no alteration could be made as they were a Charter Government

I attended the Board of Trade several times & met with ev'ry thing that was discouraging, & tho' the Case was represented as a matter of Favour to the Petitioners *only*, yet the New Hampshire Agent endeavour'd by ev'ry possible Artifice to possess the Board that it was not these particular Inhabitants but the Massachusets Province which would receive the advantage if these petitions should be granted Their L^{d}ships insisted on my producing more exact proofs how the Towns would be affected by the line determin'd, than it was possible for me to do until it should be exactly run & a plan could be produc'd, and therefore I desir'd the consideration of the petitions might be deferr'd & offer'd to risque the Success of the whole upon the failure of any one material Fact which was alledg'd ; but yet in a very few days their Lordships were pleas'd to report, That they not only had not receiv'd a satisfactory proof of the Allegations but that in case they had receiv'd it yet it did not appear how the Petitioners security could in any wise be affected by their being annexd to New Hampshire and therefore they could not advise his Majesty to grant the prayer of the petitions. The New Hampshire Agent upon this mov'd to the Lords Committee to take the report into consideration but I pray'd for time to produce such proofs as the Board of Trade had judg'd necessary & in this I was indulg'd &, it being calld an affair of importance, the consideration of it was deferr'd till the vacation be over & I was directed in the mean time to prepare the necessary proofs. I immediately wrote over to the persons concern'd to be providing the proper Evidences which I think there is room to hope may be sufficient to induce their Lordships to report in favour of the petitions of those Towns which are intersected by the running of the Line but for the new Townships which are wholly excluded I have not the least expectation of any Success. I have taken ev'ry step that I could do in order to procure an Instruction to the Governor of New Hampshire for quieting all persons in their pos-

sessions who had rec[d] Grants from the Massachusets, unless I had publickly petitiond for it which I thought would not be prudent, but as his Instructions are not yet gone from the Board of Trade I cannot tell how far I succeeded.

I expect it will be another year before this Affair can be finish'd and as the Expence of my attendance here must be more than equal to any further Service I can do since all who are concern'd are as fully possess'd of it as they can be from me I think it will be most approv'd of that I should return home which I purpose to do by the first opportunity & shall leave the Affair to the care of M[r] Eliakim Palmer who has been acquainted with all the steps I have taken in it & has a better Interest here than any other person I could leave it with

I am with the greatest respect & deference to the Hon[ble] Court

[Mass. Archives, Vol. 5, p. 121.]

Whereas this Governm[t] is inform'd that His Majesty has been pleased with the Advice of his most Hon[ble] privy Council so far to

determine the Controversy between this Province & the Province of New Hampshire as to order & state the Northern Boundary of this Province ; But for as much as His Majestys Order in Council is not yet arrived nor certainly known so that no Proceedings can be had thereon ; And it being of great Importance that Peace & good Order may be preserved among the Borderers on the said Line ;

I have therefore thought fit with the Advice of His Majestys Council to issue this Proclamation Hereby Forbidding all His Majestys Subjects within this Province that border on the said Boundary Line & all others concerned from giving any Disturbance to His Majestys Subjects of the said Province of New Hampshire, & of Disputes in the quiet Possession of the Lands they have hitherto held & Requiring them to behave peaceably & to use their utmost Endeavours to prevent all manner of Disputes & Contentions relating to the said Affair, That so things may remain in the same state as hitherto till His Majestys Pleasure be known & his Commands be put in Execution in the regular Man[ner] he shall direct

[*Report of Attorney and Solicitor Generals*, 1752.]

[Mss. Prov. Boundaries, pp. 200–206.]

New. Hampshire.

State of the Case with respect to certain Townships and Tracts of Land granted by the Governments of the Massachusets Bay and Connecticut in New England, which Townships and Tracts of Land, are now Part of the Province of New Hampshire by the Determination of the Boundary Line between that Province and the Province of the Massachusets Bay in the Year, 1738.

Disputes having for a long time subsisted between the Provinces of the Massachusets Bay and New Hampshire with respect to their Boundaries ; in 1733, a Petition was presented on Behalf of the Province of New Hampshire, praying that Commissioners might be appointed to ascertain the Boundaries.

Upon Hearings of both Parties before the Attorney and Solicitor General, the Board of Trade and the Council, His Majesty was pleased by his Order in Council the 9th Feb'ry 1736, to direct that a Commission should be prepared and pass Under the great, Seal, authorizing Commissioners to mark out the dividing Line between the Provinces of the Massachusets Bay and New Hampshire, giving Liberty to either Party therein who thought them Selves aggrieved to appeal therefrom to His Majesty in Council. In Pursuance of His Majesty's said Commission Commissioners met and reported their Determination specially, upon which both Provinces appealed to His Majesty in Council, and afterwards their Lordships reported to His Majesty, as their Oppinion *that the Northern Boundaries of the Massachusets Bay are and be a similar curve Line pursuing the Course of Merimac River at three Miles Distance, from the North Side thereof, beginning at the Atlantic Ocean and ending at a Point due North, of*

a Place in the Plan returned by the said Commissioners called Pantuket Falls, and a Streight Line drawn from thence due West, crossing the said River till it meets with His Majesty's other Goverments, and that the rest of the Commissioners said Report, or Determination be affirmed by His Majesty ; In 1738, His Majesty was pleased with the advice of his Privy Council to approve of their Lordships Report, and to confirm it accordingly, in Consequence whereof the Line has been mark'd out.

In the Years, 1735. and 1736, while the Appeals from both the Massachusets Bay and New Hampshire were depending before His Majesty the General Assembly of the Massachusets Bay granted above thirty Townships between the Rivers Merimac and Connecticut, which Townships upon the running of the Boundary Line in 1738 fell within the Province of New Hampshire. The Conditions of these Grants were that the Grantees should settle the said Townships within 3 years after the date of their respective Grants, but this Condition has been performed by very few, if by any of the Grantees no Obligation to pay Quit Rents or a Reservation of Pine Trees fit for the Service and Supply of His Majesty's Navy, are inserted in any of these Grants, altho' no Grant ought in good Policy to be made of any Lands in any Part, of North America without both these Provisions which have been thought of so much Importanance and so absolutely necessary for the publick Service that Mr Wentworth His Majestys Governor of New Hampshire was particularly instructed in the Year, 1741, never to pass any Grant of Lands, without enjoining express Conditions of Cultivation the Reservation of Quit Rents, and the Preservation of such Pines, as are of Size for the Use of His Majesty's Navy.

There are also, about 60,000 Acres of Land situated on the West Side of Connecticut-River which were purchased by private Persons, from the Government of Conecticut, to whom that Land had been laid out, by the Government, of the Massachusets, Bay, as an Equivalent for two or three Townships which the Massachusets Bay, purchased from Connecticut Government ; This Tract of Land by the Determination of the Boundary Line in 1738, is become a Part of New Hampshire, but the Proprietors of it are subject to no Conditions of Improvement and the Land lies Waste and uncultivated.

Question.

Whether the Crown can resume the Lands granted by the Province of the Massachusets Bay, under Condition of Cultivation, those Lands being now become a Part of New Hampshire by the running of the Boundary Line in 1738, in Cases where the Proprietors have

not performed the Condition of their Grants, and if the Crown can what is the most advisable and regular Method of making such Resumtion ? Whether, in the Case of the Lands granted away by the Province of the Massachusets Bay to particular Persons without any Condition of Cultivation, the Crown can now, inforce the Proprietors of such Lands to cultivate them or oblige them to take these Lands under new Grants upon the said Lands being made a Part of the Province of New Hampshire by the Determination of Boundary Line in 1738?

We are clearly of Opinion the Crown may resume the Lands granted on condition of Settling within three Years, where there has in fact been no Settlement

With regard to Lands granted by the Massachusets Bay, without any such express condition where there has been no Settlement as they appear now to have been no part of that Province, their grants are in themselves void, as against the Crown ; and there appears no ground to Support them, but on the foot of the direction which we find to have been given in an order of Council of the 22^{d} of January 1735, when the Commission for, marking the Dividing Line between the two Provinces was first directed, Viz, That due care should be taken that private property might not be affected by it, We do not find that this direction was continued either in the order of the 9th of February, 1736, on which the present Commission issued, or in the Commission it self, or that, the Commissioners have in their report taken notice of any such Private rights, or that they are saved in the final Order, of Council that establishes the Boundary line. However, considering the manifest intent of these sort of grants, whether, appearing from the general nature or the particular recitals or considerations of them that the Country may be setled and Inhabited, and the Tacit condition attendant on them, that the Lands should be settled in a reasonable time. We think due care will be taken of the private property, arising from these grants, if His Majesty shall be pleased to give these sort of Proprietors a reasonable time to come in and accept of new grants, upon Terms of settling the Lands within a certain time, reserving the Old Quit Rent, and Pines fit for His Majesty's Navy ; And, in case of their not accepting these Terms, His Majesty may resume the Lands.

The proper manner of making such resumption, after such default, is by making new grants, to such as shall be willing to accept them, at such Rents, and on such Terms, as shall be thought most advisable.

[*Proposals concerning Mass. Grants of N. H. Territory.*]

[Mss. Prov. Boundaries, p. 207.]

PROPOSALS touching the title of lands granted by Mass^{a} now falling within N H

1st To shew that the taking of the New Towns from Mass^{a} and adding of them to N H has abundantly Retarded and discouraged the Settlements (1st) in regard to the quit-rent demanded, (2) in regard to the inability of New Hamp^{r} to defend them in Case of a war. (3) in defeating the line of block houses intended to be built from Connecticut to Merrimack, which in all humane probability would have effectually covered these new Settlem^{ts} and been also a great Security to the Neighbouring Colonys agst the Incursions of the French and Indians to wch they now lye Exposed, in a wretched Naked and defenceless Condition

2 To Shew That Mass^{a} Stil Supports Fort Dummer thô in this prov: and Maintains the French trade there wch this prov: is not able to do to keep the Ind^{ns} in terms and wch much tends to prevent a war and by ye way this Goverm^{t} as It is not able to maintain ye Garrison and Support the Ind^{n} has Never made any Motion to take it into their hands

3. upon those Considerations to Move that The Titles of those Towns and parts of Towns Granted by Mass^{a} on this Side of Merrimack River falling within this Province be Confirmed to the proprietors, and then the whole Towns to be Annexed to this prov: if the Proprietors Consent and Mass^{a} Goverm^{t} are willing Making Merrimack the boundary, and the New Townships on the West Side of Merrimack to be restored to Mass^{a} that Governm^{t} immediatly building the line of block houses before mentioned but if this or Nothing of this kind can be done Then

4th But Mainly and principally to Make a Vigourous push for Grant of Confirmation immediatly from the Crown without leaving it to the discretion of humour of a Governor and Councill, and that, without a quit-rent for which many Reasons may be Suggested

5 If a Grant of Confirmation immediatly from the Crown can't be obtain'd, Then to try for a New Govr and an alteration of Councell^{rs} and likewise an addition out of the new Acquisitions of 6 More to make the Number of Councell^{rs} 18 instead of 12. Since the prov: is Grown so big, and to have it left in the discretion of the Govr and Council to demand quitrents or not for confirmation, as they Shall Judge will be most for the interest & advantage of the Crown and of the Country

6 If a Dispensation of the Quit-rent Instruction can't be obtain'd, Yet to Insist on an additional Number of Councill[rs], and get an order for an Additional Number of Assembly Men also out of the New Acquisitions —

And then Make an Act for quieting possessors by which the Proprietors may have their Titles Secured, without any Immediate Confirmation from the King or Gov[r] & Council, or w[thout] any quit rent But there must be Mony to bring any of these things to pass & where there is enô of that what Mayn't be done —

PRESENT

The Kings most Excellent Majesty.

Lord Steward	Earl of Hillsborough
Earl of Sandwich	M[r] Vice Chamberlain
Earl of Halifax	Gilbert Elliot Esq[r]
Earl of Powis	James Oswald Esq[r]
Earl of Harcourt	

WHEREAS there was this day read at the Board, a Report made by the Right Honorable the Lords of the Committee of Council for Plantation Affairs, dated the 17[th] of this Instant, upon considering a Representation from the Lords Commissioners for Trade and Plantations, relative to the disputes that have some Years subsisted between the Provinces of New Hampshire and New York, concerning the Boundary Line between those Provinces. — His Majesty taking the same into consideration, was pleased with the advice of His Privy Council, to approve of what is therein proposed, and doth accordingly hereby Order and Declare, the Western Banks of the River Connecticut, from where it enters the Province of the Massachusets Bay, as far North as the forty fifth Degree of Northern Latitude, to be the Boundary Line between the said two Provinces of New Hampshire and New York, — Whereof the respective Governors and Commanders in Chief of His Majestys said Provinces of New Hampshire and New York for the time being, and all others whom it may concern, are to take notice of His Majestys pleasure hereby signified, and govern themselves accordingly./ — W: Blair./

THE BOUNDARY LINE CASE.

[The following documents, and the plans accompanying them, are copied from a printed volume in the office of the Secretary of State, entitled "New Hampshire and Massachusetts Boundary Cases, 1739." This volume consists of a collection of papers made by the late Henry Stevens of London, England, and was purchased of him by the State of New Hampshire in 1885. Referring to this volume, Mr. B. F. Stevens, of London, brother of the late Henry Stevens, writes, "I remember the book very well. Some portions of it I have seen elsewhere, but I don't remember seeing the collection of papers before or since. My brother and I thought the collection as such was absolutely unique."—ED.]

NEW HAMPSHIRE.

The (late) House of Representatives of the Province of *New Hampshire* } Complainants.
Jonathan Belcher, Esq; Governour of that Province, } Respondent.

The Complainants CASE.

HIS Majesty's Province of *New Hampshire* in *America*, has the Misfortune to be bounded, both on the Southern and Northern Sides, by the vast Charter Government of the *Massachuset's-Bay*, which has for many Years made continual Encroachments upon her, and supported them with a high Hand.

THE great Province, knowing their Usurpations are without any Colour of Right, have had one Point always in View, at any Rate to prevent the Boundaries being settled, or any Question concerning them determin'd.

ABOUT the Year 1729, His Majesty appointed Mr. *Belcher* Governour of the *Massachuset's-Bay* and of *New Hampshire* also. 1729.

IN both Sets of Instructions to Mr. *Belcher*, His Majesty took Notice of the long Continuance of the Dispute between those Provinces relating to their Boundaries, and that His Majesty judged it would be for *His Service*, as well as for the Peace and Tranquility of the said Colonies, that the

Massachuset's 80*th Instruction*
New Hampshire 77*th Instruction*.

said Dispute should be adjusted, and therefore commanded him to propose Methods to the respective Assemblies for determining such Dispute.

BUT, notwithstanding these Instructions, *New Hampshire* soon found they had little to hope from any Attempt, under his Government, to get the Boundaries fairly and impartially settled, otherwise than by an Application directly to His Majesty.

WHEREFORE the Assembly of *New Hampshire*, that is to say, the House of Representatives *only*, upon the 31st of *October* 1731, appointed Mr. *Rindge*, their Agent, to come over to *England*, and sollicit His Majesty to settle their Bounds, as the only Means left to preserve His Majesty's Right, and to free his Tenants from the many Oppressions they laboured under.

1732 Feb. 28. Mr. RINDGE petition'd His Majesty for that Purpose.

1735 Jan. 22. HIS Majesty, by his Order in Council, after very many interlocutory Proceedings, approv'd of a Report made by the Right Honourable the Lords of the Committee of the Privy Council, that a Commission should issue, and that His Majesty should name the Commissioners, and was pleased to refer it back again to the Lords of the Committee, to consider of proper Persons for Commissioners.

1736 Octob. 26. THE Lords of the Committee referr'd it to the Lords of Trade, to consider what Directions would be proper to give to the Commissioners.

Decemb. 8. *Lords of Trade's Report.* THE Lords of Trade made a Report, proposing the whole Set of Clauses to be contained in the Commission; and, amongst others,

THAT the Commissioners should be directed to hold their first Meeting on the 1 *Aug.* 1737.

THAT each Province should send to the Commissioners, *at their first Meeting*, the Names of two Publick Officers on whom any Notices, Summons's, or final Judgments of the Commissioners might be served.

THAT each Province should send to the Commissioners, *at their first Meeting*, a plain and full State of their Demands, or Pretensions in Writing, describing where, and in what Places, the Boundaries ought to begin, and what Courses, and how far, the same ought to run, that Copies thereof might be mutually exchang'd, (in order to prevent any unnecessary Delay) and that each Party might come fully prepared.

THAT when the Commissioners should have made and signed their final Determination, a Copy should be sent to such publick Officers; as likewise Notice of another Meeting, *to be held within six Weeks* after the Delivery of such Copy, or such *other* reasonable Time as

the Commissioners should appoint ; *at which* each Province might enter their Appeal, with a Declaration what Parts of the Commissioners Determination they abided by, or appealed from ; and that each Province should be allowed true Copies of the whole *Process*.

That if, *at that last meeting of the Commissioners*, neither *Province* should enter their Appeal, *the Determination of the Commissioners should then become Final and Conclusive to all Parties*.

And the Lords of Trade, in their Report, proposed, that during the Meeting of the Commissioners, the Governour should keep the respective Assemblies sitting, or under short Prorogations, that they might meet *within twenty Days* after such Determination delivered, in order to determine what to do therein.

Jan. 18. *Mr.* Wilks's *Petition against part of that Report.*

The Agent for the *Massachuset's-Bay* petitioned the Lords of the Committee, that the Commissioners might not have power to *shorten* the six Weeks Adjournment for receiving Appeals, (which he thought they might do, under the then present Proposal of an Adjournment for six Weeks, or *other* reasonable Time) but that they might be directed to adjourn for six Weeks, or such *further* Time as the Commissioners should appoint. [So necessary did he conceive it to be that the Provinces should have *a full* Time to consider of their Appeal.]

He also alledged by his Petition, that the Process was not order'd to be given *Time enough* for the Assembly to see it, before they must determine whether to appeal or not, but only a Copy of the *final Determination ;* and he urged Reasons why the Assembly should, also, have the *Evidence* before them for their Consideration to form a right Judgment, whether they ought to appeal, or not.

And, as to keeping the Assemblies sitting, or under short Prorogations, he alledged by his Petition, that the *Massachuset's* Assembly sate Spring and Fall, and hoped it was not necessary to keep the Assembly sitting, or under short Prorogations, during the Time of the Enquiry, as it might be of great and general Inconvenience to the Members, and create great Uneasiness in the Province.

Feb. 4. *Lords of the Committee's Report to his Majesty.*

The Lords of the Committee made a Report to His Majesty, wherein they agreed to the Matters proposed by the Lords of Trade, with such Variations as hereafter mentioned.

Their Lordships of the Committee proposed the Commissioners first Meeting to be upon the said 1 Aug. 1737.

And, if each Province should neglect to send in the Names of their two Officers, *at the Commissioners first Meeting*, or should neglect to send in the full State of their Demands in Writing, *at the said first Meeting*, that then the said Commissioners should proceed *ex parte*.

THAT after the Commissioners Determination they should adjourn for six Weeks, or some *farther Time*, not exceeding three Months; and that, if neither Party should enter their Appeal or Exceptions, *at such last Meeting*, then no Appeal or Exceptions should be afterwards received or admitted, and such Determination of the Commissioners, being confirm'd by His Majesty, *should be Final and Conclusive to all Parties.*

THEIR Lordships further proposed by their said Report, that, to the end the said Commission might not be frustrated, the Lords of Trade should write Letters to the Governour of the two Provinces, to recommend to the Councils and Assemblies of *each* Province, to appoint and send in the Names of their publick Officers to the Commissioners *at their first Meeting*, together with their Demands in Writing, and to acquaint the Provinces, that, if they omitted so to do, the Commissioners were impower'd to proceed *ex parte.*

BUT their Lordships left out that Direction, which had been proposed by the Lords of Trade; that the Governour should keep the Assemblies sitting, or under short Prorogations, so as to meet within twenty Days after the Commissioners Determination.

Feb. 9. *Order in Council.* THEIR Lordships Report was confirm'd by Order in Council of this Date.

Feb. 18. *Lords of Trade's Letter to Mr.* Belcher *with that Order.* PURSUANT to that Order in Council, the Lords of Trade wrote Letters to the Respondent Governour *Belcher* as Governour of each Province, to recommend to the Councils and Assemblies of each Province, to name their publick Officers, and send in the State of their Demands to the Commissioners *at their first Meeting*, and to acquaint them, if they omitted so to do, the Commissioners were impower'd to proceed *ex parte.* And, for his further Information, their Lordships sent to him, in each Letter, a Copy of the said Order in Council of the 9th of *February* then instant, (which contained every one of the Clauses that were to be in the Commission) and acquainted him, that their Lordships expected that he should take particular Care, without any Delay, to carry every particular Part thereof, so far as the same might lie in his Power, into Execution.

1737 April 1. GOVERNOUR BELCHER prorogued the *New Hampshire* Assembly (which was then sitting) to the 6th of *July.*

April 9. AT length, after above four Years repeated Struggles, and after numerous expensive Oppositions had been given thereto in all Shapes by the *Massachuset's-Bay*, his Majesty's Commission on that Day issued, and bore Teste here, under the Great Seal of *Great Britain*, being sued out at the sole Expence of the

Complainants, who had by their Agent petition'd for the same; and it was directed, not to the Governour, but to the twenty Commissioners in the different Provinces who were to determine the Controversy, and there was no Direction whatever therein to Governour *Belcher*.

THE *Massachuset's-Bay* plainly saw that this Commission, if duely executed, and if *New Hampshire* was allow'd a fair Opportunity to assert his Majesty's Right, would put an end to all Hopes of further Encroachments on the King's Lands; and therefore, to prevent *New Hampshire* from being heard *at all*, either before the Commissioners in *America*, or before his Majesty upon any Appeal here,

Mr. BELCHER, the Governour of both Provinces, but in the Interest of the *Massachuset's-Bay*, was prevail'd on to act in Manner as herein aftermentioned, and his Behaviour therein is the Subject Matter of the present Complaint, and makes it necessary to state the following Particulars.

THE Letter from the Lords of Trade, (enclosing the said Order of Council of the 9th of *February*) was delivered into Governour *Belcher's* own Hands. April 22.

THE Governour writ to the Lords of Trade, owned the Receipt both of their said Letter, and of the said Order of Council; and promised to pay *the most exact Obedience* thereto. May 10.

THE Complainants having Reason to apprehend that the Governour might, under a Pretence of want of Notice of the Commission, delay the Execution thereof, took out an Original of the Order of Council under the Privy Council Seal; and, on this Day deliver'd it into his own Hands, in order to avoid that Pretence. June 2.

AND they hoped, that if he would not call the *New Hampshire* Assembly on purpose, and shorten their Prorogation on this extraordinary Occasion, yet, that at least he would let them meet on the 6th of *July* in Course, which was the time they were prorogued to, and which would have given them an Opportunity to prepare for the 1st of *August*.

AND in the mean time the Complainants duly served the Commission upon the Commissioners, in so much, that on the first Day of their Meeting on the said first of *August*, altho' by the Commission five was a sufficient *Quorum* of the Commissioners, a large *Quorum* of eight Commissioners attended, at great Distance from their several remote Provinces, upon the said first of *August*.

NOTWITHSTANDING this Notice to the Governour, he was pleas'd, by a Proclamation made by him in the *Massachuset's-Bay*, (without any Pretence that his Council had advised June 20.

him thereto) to prorogue the *New Hampshire* Assembly further, to the 4th of *August*, (three Days after the Time he knew the Commissioners were commanded to meet, and three Days after the Time he knew that *New Hampshire* was to name its Officers, and to deliver in its Demands, under Pain of the Commissioners proceeding *ex parte*.) And the same Day he printed such his Proclamation in the *Boston* Gazette.

Aug. 1. THE Commissioners met, there was no Assembly sitting, or that could possibly set in *New Hampshire*, for the Governour had prorogued them over. And in this Distress, a Committee, which had been appointed at a former Sessions of the *New Hampshire* Assembly, took upon themselves to attend the Commissioners *at their said first Meeting*, and to name two publick Officers for *New Hampshire* and to present to the Commissioners, *at their said first Meeting*, the best State they were capable to frame of the *New Hampshire* Demands.

HIS Majesty's Commissioners seeing what insuperable Difficulties the Governour had put *New Hampshire* under, had the Justice to proceed according to the Spirit of his Majesty's Commission, and therefore received, recorded and proceeded upon that Nomination of Officers, and that Claim, so presented by the said Committee; altho' the *Massachusets* afterwards objected that those Matters had not been done by the *whole province* of *New Hampshire*, which they insisted to be the Governour, Council and Assembly, and which their own Governour by his Prorogation had made absolutely impossible; and the Governour himself in the eighth Paragraph of his Answer to this very Complaint has made it Part of his Defence, and insisted that the Committee had not the least Colour of Authority to appoint such Officers.

Aug. 4. THE Commissioners proceeded, and the second Prorogation being ended, the *New Hampshire* Assembly met, but the Governour's Secretary immediately came by the Governour's Order, and again prorogued them a third Time to *Wednesday* then next, being the 10th of *August*.

Aug. 10. AT length, upon the 10th of *August*, the Governour permitted the *New Hampshire* Assembly to sit, and made a Speech to them, that the Commissioners being arrived, and ready to *enter* upon business, the first thing the Assembly had then to do, was to chuse and appoint two Officers. And he further told them, that he had prorogued them to that Time and Place, to *facilitate* all Matters relating to the Controversy.

THE *New Hampshire* Assembly was as much surprized at the Speech, as at the Governour's former Behaviour, in regard both Prov-

inces knew that the Commissioners, after their Arrival, had not only entered, but proceeded upon Business, and had received the Nomination of the Officers, and the State of the Claims for *New Hampshire*, and had been proceeding ten Days before thereon; and the Assembly perceived that such Speech was intended to draw them into some Disavowal of what had been before done, at least in due Time, and in the best Manner the Necessity of the Thing, and the Governour, would permit them to do it, and that his Design was to turn the whole Matter into Confusion.

WHEREFORE they returned an Answer to his Speech, that the Committee had given in the Names of the Officers, which they much approved of; for that, had it not been done at the Commissioners *first Meeting*, they apprehended the Commissioners might have proceeded against the Province *ex parte*, agreeable to His Majesty's Commission, to which they had, and would pay a strict Obedience.

THE Commissioners verbally pronounced their Judg- 1737 Sept. 2.
ment, or final Determination, (which is very long) and then they adjourned over to meet again upon the 14th of *October*, at 10 o'Clock in the Morning, *to receive the Appeal of either Province*. And it had been directed, both in the Order of Council, and in the Commission it self, that if either Party did not at such last Meeting present their Appeal or Exceptions, no Appeal or Exceptions should be afterwards receiv'd or allowed.

THE Commissioners Judgment, as to the most Material of the Bounds (where the *Massachuset's-Bay* claimed near two thirds of His Majesty's Province of *New Hampshire*) was Special; submitting the Matter to His Majesty upon the Evidence.

THE *Massachuset's* Agent had, formerly, by his forementioned Petition, insisted how necessary it was that the Assembly should have not only the Judgment, but the Process, and all the Evidence, *a considerable Time* before them, in order *fully* to consider how, and what to appeal from.

BUT upon that same 2*d* of *September*, before the *New Hampshire* Assembly could possibly see the Judgment, or so much as hear the general Purport of it, the Governour instantly prorogued them to the 13th Day of *October*, the Day immediately preceding that, in the Morning whereof the Assembly of *New Hampshire* were to present their Appeal, or never after.

So that they could not have, by any possibility, more than the Part of one single Day's time to get a Copy of the Judgment, and of al the Papers (which are about Two hundred large Sheets, close written) and to read and consider the same, and whether to appeal or not, and from what Parts; and to prepare, settle, agree upon, engross,

and present in Form their Appeal to the Commissioners, all by the next Day at 10 o Clock in the Morning.

BUT even that short Space of Time was thought too long for *New Hampshire;* and as, by a Protest made before the Commissioners, and by a Petition specially presented to His Majesty, the *Massachuset's-Bay* have contended that the House of Representatives, *alone*, could not appeal, but it must be the *whole Province*, Governour, Council and Assembly; so in order to make any such Appeal absolutely impossible to be presented, the Governour, tho' he did meet the *New Hampshire* Council, both on the 13th and 14th of *October*, (according as his Secretary has now made up the Minutes) yet did not permit them to sit any time whatever, or transact any sort of Business on either of those Days; for, on the First of them they only met, made an Entry of the Receipt of two Messages sent up to them, and instantly adjourned. And on the Second of those Days, the Governour and Council met, and instantly adjourned, without any Matter whatever being transacted.

Octob. 13. THE *New Hampshire* Assembly met, and the Representatives got as many of the Papers as they could.

Octob. 14. THEY framed their Vote of Exceptions to the Commissioners Judgment, as well as the Hurry would permit them: They sent up to enquire, if there was any Council sitting? The Answer to the Message was, That there was no Council. They waited till near Sun-set, and then sent up another Message to the Council; the Secretary (who was appointed by the Governour, and is Clerk of the Council) return'd for Answer, that there was no Council that he knew of, and that the Governour was not known to be in the Province.

THIS was the very last Day the Appeal was to be presented. The Commissioners had now been waiting the whole Day for an Appeal. The House of Representatives therefore did (at the very last Moment) all that was possible for them to do, they sent up to the Commissioners the Vote of *their* House, containing *their* Appeal, or Exceptions, against the Commissioners Judgment.

AND the Commissioners who were upon the Spot, and who saw the unwearied Diligence of the *New Hampshire* Assembly, and how the Governour defeated and baffled every one of their Endeavours, had the Justice to receive and enter the same upon their Record.

ALTHO' the Agents for the *Massachuset's-Bay* enter'd a formal Protest, that this was not an Appeal from the *whole* Province of *New Hampshire.*

WITH regard to the *Massachuset's-Bay,* the Governour's Conduct was very different; for,

THE *Massachuset's* Assembly being sitting, he sent to them the Lords of Trade's Letter to him, and the said Order of Council therein inclos'd. 1737 May 27.

HE then kept them sitting constantly for six whole Weeks afterwards.

AFTERWARDS, when the Commissioners had upon the 2d of *September* pronounced their verbal Judgment, he did not prorogue that Assembly immediately, but kept them sitting daily till the 7th of *September*, and upon the 5th of *September*, (and not before) that Assembly procured a Copy of the Commissioners Judgment, and appointed several Committees from Day to Day upon it.

WHEN they had made such Preparation for their Appeal as they thought proper, they, on the 7th of *September*, sent up two several Messages to him, that they had no Business then left before them, and that they desired to rise. Septem. 7.

AND then, *and not till then*, he adjourned them to the 12th of *October*, (which would be two Days before the Commissioners were to meet to receive the Appeals.)

BUT on that 7th of *September*, before such his Adjournment, he sent them another written Message, that the Affair of the Boundaries, being a Matter of great Importance, he hoped they would take effectual Care that their Members should generally attend their Duty, at the Time he should adjourn them to.

THE *Massachuset's* Assembly met again, and the Governour, Council, and Representatives, all concurred in their Appeal, and it was presented to the Commissioners in Form, from their whole Province; they being under no sort of Difficulties whatsoever. Oct. 12, 13, 14.

AS the Conduct of the Governour towards the two Provinces upon this Occasion was widely different, so it is observeable that upon the 29th of *June* 1737, (nine Days after the Governour had publish'd in the News-Paper his Proclamation for proroguing the *New Hampshire* Assembly over to the 4th of *August*) he sent a written Message to the *Massachuset's* Assembly, complaining that he was a great Sufferer by the sinking of the Value of their Bills of Credit, and desired them to make him a just Consideration; which Message they referred to the Consideration of *the next Sessions*. 1737 June 29.

IN the next Sessions, *the very Day* that he had agreed to the *Massachuset's* Appeal, and had made it impossible for the whole Province of *New Hampshire* to appeal, he repeated his Message to the *Massachuset's* Assembly, told them he had been a great Sufferer by the sinking their Bills of Credit, as he had men- Octob. 14.

tioned to them in his former Message of the 29th of *June*, and desired *a righteous* Answer to his Message.

AND the *Massachuset's* Assembly resolved then to consider that Message on *Tuesday* then next, and voted the Governour Three hundred thirty-three Pounds, six Shillings and eight Pence, in Bills of the New Tenor, (equal to a Thousand Pounds in Bills of the old Tenor) which they expresly mention to grant him, on Account of his *late* extraordinary *Trouble*, and Expence in the *Service* of that Province; to which they add, the Dearness of Provisions, and other Necessaries of Life.

1737 Octob. 15. THE Commissioners having received both Appeals (in such Manner as before mentioned) on the said 14 *October* on the next Day afterwards, the Representatives of *New Hampshire* past a Vote, reciting that the *Massachusets* had made such an Appeal, wherefore, for defending the same, and for prosecuting the Affair on the part of *New Hampshire* before his Majesty in Council, they voted that *John Thomlinson* Esq; should be impower'd to carry on that Affair before his Majesty in Council, as Agent for *New Hampshire.*— And that Vote being sent up to the Council, they on the 17th of *October* (*three Days after the Time for Appealing was over*) upon that particular Vote, and on that Occasion, past a Vote (the Governour being present in Council) that they were of Opinion, it was not for the Interest of the Province either to appeal or defend against *any* Appeal, *made or to be made*, but to submit the Matter as it then stood to his Majesty.

Octob. 15. THE *New Hampshire* Representatives voted that a Thousand Pounds Bills of Credit (not quite Two hundred Pounds Sterling) should be emitted, and put into the Treasury, in order to carry on the Affair before his Majesty in Council but that Vote being sent up to the Council, the Council (the Governour himself being present) nonconcurred the same on the 17th of *October.*

Octob. 18. THE *New Hampshire* Representatives past another Vote for emitting a Thousand Pounds such Bills, and that out of the same only the Sum of a Hundred Pounds should be transmitted home to the Agent. But that Vote being sent up to the Council, they in presence of the Governour, nonconcurred the same also on the 20th of *October.*

WHILE, on the other hand, the Representatives of the *Massachuset's*, on the 13th, 19th, and 20th of the same *October* voted a Sum *no less than Two thousand Pounds Sterling*, to be sent Home to their Agents, to prosecute their Appeal; and appointed no less than three Agents to prosecute such Appeal, and every one of such their Votes were made compleat and effectual, and were concurred by the Governour and Council of the *Massachuset's-Bay.*

THE House of Representatives of *New Hampshire* thought it due to His Majesty and themselves, to present this Complaint, which on the 7th of February 1737 the Governour was ordered to answer; and his Answer was not put in till the 21st of *October* 1738.

AFTER the Answer was deliver'd in, and pending both the Appeal and this Complaint before His Majesty in Council, the Governour, in order to disappoint the same, dissolved the *New Hampshire* Assembly.

BUT, subsequent thereto, by an Order of the 30th of *January* 1738, the Lords of the Committee order'd, that four Gentlemen of *New Hampshire* should be at Liberty to search and take out Copies of Papers, in Support of the Complaint.

AND the Papers being arrived, and the Matter coming on now to be heard;

The Complainants hope it will appear, That the Governour has abused the Power his Majesty intrusted him with as Governour; that he has acted herein, in Disobedience to the Order in Council so many Ways signify'd to him in due Time, with intent to frustrate his Majesty's Royal Commission and Purposes, and to prevent a fair and impartial Enquiry, and thereby unjustly to encroach upon His Majesty's Lands and Inheritance, in favour to his own Native Province, the Charter Government of the *Massachuset's-Bay*, and with a further View to his own private Advantage and Interest.

ANDREW WIGGIN, *and Six other Gentlemen, a Committee of the House of Representatives of the Province of* NEW HAMPSHIRE, ... } Petitioners and Complainants.

AGAINST

JONATHAN BELCHER, *Esq, Governour and Commander in Chief of the said Province, under his Majesty,* } Respondent.

The RESPONDENT *the Governour's* CASE.

Petition of *Andrew Wiggin*, and Others.

THE said *Andrew Wiggin*, and Six other Gentlemen, a Committee of the House of Representatives of the Province of *New Hampshire*, have thought proper to present a Petition of Complaint to his Majesty, against Governor *Belcher*: Which Petition being of a very extraordinary Nature, the Respondent hath set forth the same verbatim in the Appendix (A).

This Petition was by Order in Council referred to the Lords of the Committee, who ordered a Copy thereof to be transmitted to the Governor for his Answer thereto. And,

June 9, 1738. The Governor's Answer to this Petition.

The Governor returned his Answer thereto, which is likewise set forth verbatim in Appendix (B).

N. B. Before this Answer came in, *viz.* in *April* 1738, the Petitioner Mr. *Wiggin*, and Mr. *James Jeffrys*, came to Mr. *Walrond*, Secretary of the Province of *New Hampshire*, and desired him to affix the Province Seal to a Certificate, that the said *James Jeffrys*

was Clerk to the Assembly. To which Mr. *Walrond* told them, they could not but know that the Governor was the only Person who could authorize the affixing the Seal, and that therefore they ought to have applied to the Governor; but that he supposed this Application was made to him on purpose to be deny'd, and with Design to make such Denial a Foundation of Complaint against the Governor, that they could not get their Papers properly attested under the Province Seal. But the Secretary further told them, that he would write to the Governor, and acquaint him with their Application; and which he accordingly did within a Day or two after, and received an Answer thereto, which he communicated to them in a Letter, delivered with his own Hand, to the said *James Jeffrys*, on *May* 1, 1738, which Letter was as follows:

To *Andrew Wiggin*, Esq; and Mr. *James Jeffrys*.

Gentlemen,

You, doubtless, remember, that when you spoke to me at my House, on Wednesday *last, the 26th of last month, concerning a Certificate with the Province Seal, I told you as it was then Post-day, I expected an Answer from his Excellency that Night, touching what you requested; and that if you should think proper to come or send to me next Morning, you might without any Doubt know the Governor's Pleasure on that Head; and accordingly, by the Post on the said 26th of* April *last, I had the Honour of receiving an Answer from his Excellency to what I had wrote him the Week before at your Request; and his Words are:* If the Speaker sends me an attested Copy of the Vote of the House, of *James Jeffrys* being chosen their Clerk, and *Jeffrys* sends me the Papers to be annexed to his Certificate, I shall then sign a proper Certificate, that he is Clerk, and not before; for I don't know that he is Clerk.

I am, Gentlemen, &c.

That from the time of the Delivery of the said Letter to the said *Jeffrys*, the Secretary never heard one Word from the said *Wiggin* or *Jeffrys*, touching a Certificate, or the Province Seal, till the latter End of *October* 1738, when the said *Wiggin* and *Jeffrys* came again to his House, and desired him to give them a Certificate with the Province Seal, that the said *Wiggin* was Speaker of the House of Representatives; to which the Secretary reply'd, That he was really asham'd for them, that they should play such mean and low Games, and make such trifling and frivolous Attempts, when they well knew, it was not in his Power to grant what they demanded. Upon which Mr. *Wiggin* ask'd the Secretary, Whether he would write to the Governor for them: To which he reply'd, He had wrote once for them already, and they might then have had what he wrote for, but

they would not; and now they might write for themselves, for he would not be their Tool again, since they would not accept what he wrote for in their behalf before. He moreover told them, the Governor would be in the Province in a few Days, and then they might personally apply to him, if they saw meet. And the next Week after this Conversation, the Governor came into the Province, but they made no Application to him during his Stay in the Province, which was 20 Days; and of all which the Respondent hath the Secretary's Affidavit under Seal, with this further, That he never heard that the Province Seal was deny'd to any Person that apply'd to the Governor for it; and that he had wrote to the Governor more than a score of times in behalf of Persons that wanted the Use of the said Seal; and upon every Application, it was ordered without the least Demur or Delay; and that the sending to the Governor from time to time for his Order to affix the Seal, has been always without any Expence to the Person that wanted it.

Deposition of *Richard Wallrond*, Secretary of *New Hampshire*, sworn *May* 29, 1739

Note. Agreeable to what the Secretary imagined, instead of applying to him after he had got the Governor's Directions in this matter, or getting the Certificate required by the Governor, or applying to the Governor, when in the Province, they, in a very unfair manner, apply'd to the Lords of the Committee; and under a false Suggestion, that the Governor had refused to authenticate the Minutes of the Council and Assembly, they had prepared to send over to support their Petition.

December 9, 1738. They obtained an Order from their Lordships, whereby it was ordered, that the Representatives of *New Hampshire*, or their Agent, should be permitted to search or take Copies of the minutes and Proceedings of the Governor, Council, and Assembly of the said Province, as they should think necessary to support their said Petition; and soon after an Account arriving, that the Governor had dissolved the Assembly, upon an Application to their Lordships, acquainting them, that by this Accident, the above Order would, in the manner in which it was worded, become useless,

January 30, 1738. Their Lordships made another Order, that *George Jeffrys*, *Theodore Atkinson*, *John Rindge*, and *Thomas Packer*, Esqs; or any other to be by them appointed, should be permitted to search for, and take out the Copies of Papers, as directed by the above Order of the 9th of *December*, and that the Secretary of the Province should attest them as true Copies, and the Governor fix the Seal of the Province thereto.

April 30, 1739. This Order was delivered to the Governor, who immediately directed the Secretary to conform himself thereto,

and to annex a Certificate, and fix the Seal, and send it to the Governor for him to sign. And,

May 2, 1739. The Secretary acquainted Mr. *Jeffrys* and Mr. *Rindge*, by Letter, that he was ready to examine and attest the Copies of the Journals, *&c.* and to annex a proper Certificate to them and the Province Seal, and to send them to the Governor for his Signing. And which were attested accordingly.

The Papers transmitted are of too great Length to bring within the Compass of a printed Case; but when the whole thereof comes to be laid together, and impartially considered, the Respondent humbly hopes he will stand fully justified, with regard to the several Matters charged against him; and that the said Petition of Complaint shall be dismissed as entirely groundless.

First charge. The first Charge against the Respondent is his non-concurring for five Years past, the most wholsome Laws the House could devise.

Answer. But this is so far from Fact, that the Respondent has, during the whole time of his Government, refused his Assent to only one single Law, *viz*, the Act for emitting 6000 *l.* in Paper Bills, and which he was obliged to do, the same being directly contrary to his Majesty's Instructions: With which he acquainted the House before the Bill was passed, and likewise gave them a Copy of his Instructions. He also a second time reminded them of it, and informed them expresly, if they passed the Bill in the Shape they had then prepared it, he should be under a Necessity of rejecting it. However, as it was a Bill of the most publick Nature for the Supply of the Treasury, and as they were so obstinate, that they would supply it in no other way; and as it was a thing directly contrary to his Majesty's Instructions, the Respondent laid the whole Matter before the Lords of Trade, to procure his Majesty's Leave to give his Assent to the Bill, if it was thought proper. But their Lordships by no means thought it a proper Bill for him to assent to, and acquainted the Respondent, it was a thing he could have been no ways justified in, had he assented to it: And the Respondent has been so far from non-concurring for five Years, as is charged, that this is the only Bill he has ever non-concurred, as the Petitioners style it: But has, in general, passed more Laws for the time he has been Governor than any of his Predecessors.

Second charge. The second Charge is from the frequent Dissolutions of the Assembly.

Answer. It is very observable, that this Complaint comes from none but the Members themselves, and but from Seven of them; and how far the Members are proper to complain of this, is

submitted. If there were any Grounds for this Complaint, it should come from the Freeholders; but they make no such Complaint, nor indeed any Complaint at all.

The Respondent did not dissolve any one Assembly till after they had sat their usual Time of a Sessions, nor till they had finished all the Business before them, save only the supplying the Treasury, and which they obstinately persisted to do in a manner directly contrary to, and in Defiance of his Majesty's Instructions, and in such a way as the Governor could not allow of; and all the Dissolutions appear by the Journals of the House to be on this Account, and in hopes to get a new Assembly, that would be more obedient to his Majesty's Commands.

And it is very observable, that none of the Dissolutions were on any Dispute touching the Respondent's own private Interest, but all of them on account of the Assembly's refusing to conform themselves to the Royal Instructions. They struggled often and long with the Respondent to have withdrawn him from his Duty, and to have prevailed on him to have broke the Instructions of the Crown; but he knew his Duty, and 'tis hoped, the Firmness he showed in the Discharge of it, will meet with the Royal Approbation. And it is really Matter of Surprize, how the Petitioners, who so well knew the sole Motive of these Dissolutions was owing to a continued unparallelled Contempt of, and Disobedience to the Royal Instructions, should be hardy enough to make this one Head of their Complaint against the Respondent to the Crown.

Especially, when it is considered, that the Assemblies are generally annual in all our Plantations, and are required by their Charter to be so in all Charter Governments; which will, it is hoped, be a full answer to this Part of the Charge.

Third charge. The Third Charge accuses the Respondent with the reproachful and opprobrious Speeches the several Dissolutions were attended with.

Answer. But surely the Gentlemen, when they were making this Charge against the Respondent, did not observe the Style of their own Petition, which is apprehended to be by much the most reproachful and opprobrious one that was ever presented to the Throne: And is infinitely beyond any thing the Petitioners can point out in any of the Respondent's Speeches.

The whole of the Respondent's Behaviour with that of the Assembly's too, appears from the Journals of the House; and the Respondent is sure he can with great Truth say, that the Addresses of the Assembly are the most indecent that were ever presented to the King's Representative; and that there is nothing in the Respond-

ent's Speeches, but what the Behaviour and Addresses of the Assembly made absolutely necessary ; and that he must have betrayed the Honour and Dignity of the Crown, if he had behaved otherwise, the only Struggle between him and the Assembly being, whether the Instructions of the Crown should be obey'd or disobey'd, and put at Defiance.

Fourth charge. That in the Affair of the Lines, the Respondent, to frustrate *New Hampshire* from the Benefit of his Majesty's Commission, which had been issued to determine that Dispute, tho' he communicated the Heads of the Commission to the House at their Sessions in *April* 1737, and when they were immediately resolving to expedite (what in them lay) that important Affair, to their great Surprize and Disappointment, before any Step could be taken, in Obedience to the said Commission, they were prorogued to the 4th of *August*, and again to the 10th. Whereas the Day for Opening the Commission, was the 1st of *August:* And this is charged as done by the Respondent with a premeditated Design to frustrate the Effect of the Commission, and in order to serve his favoured Province of the *Massachusets Bay*, as they affect to call it.

Answer. But when the real Truth of this Case is looked into, how does all this laboured Charge at once disappear, and upon how gross a Falshood does the whole of it depend !

For they artfully and falsly represent, as if the Respondent had prorogued them by Surprize, and before any Step could be taken by the House to be prepared against the Commission.

And yet, forgetting this, and for the sake of introducing a new Charge against the Respondent, for recommending it to them to chuse Officers, they immediately afterwards, in this very Petition, say, that the Committee appointed by the General Assembly to attend the Commissioners had, on the first Day of their Meeting, appointed such Officers who were accepted ; and by which they have themselves shown that they had taken the proper Steps before they were prorogued ; and in Fact, on the

1st of April, 1737. The Assembly of *New Hampshire* named a Committee to attend the Commissioners, and gave them all necessary Powers, and in as full a manner as Words could express ; and in which this Respondent and the Council all concurred, and the Committee did accordingly attend the Commissioners the first Day of their Meeting, and laid the Claim of *New Hampshire* before them. So that the Foundation upon which this Part of the Complaint is built, and that which carries the whole of the Imputation with it, entirely fails the Petitioners. And if this Matter is looked a little further into, it will appear, that much more Care was

taken of *New Hampshire*, than of the *Massachusets*, not by Design, for the Governor, as it was his Duty, would, so far as he was able, have taken the same Care of both) but by Accident.

For the Commission was not delivered by the Petitioners, or their Agent, to the Respondent, as he humbly apprehends it ought to have been ; but being sent to Mr. *Rindge* one of the Petitioners, he kept it in his Pocket, and never communicated it to the Respondent till after he had prorogued both the *Massachusets* and *New Hampshire* Assembly to the 4th of August ; for that they might be both on the same footing, he prorogued both Assemblies to the same Day, and with this remarkable Difference in favour of *New Hampshire :* They had appointed a Committee with full Powers to attend the Commissioners before they were prorogued, which the *Massachusets* Assembly had not done, so that the Council of the *Massachusets*, when the Commissioners met, were forced to send to pray the Commissioners to indulge that Assembly for a few Days till they could meet ; and yet it is certain Mr. *Rindge* had the Commission some time before the *Massachusets* Assembly was prorogued, but secreted the same from the Respondent's Knowledge till afterwards ; for what this Respondent communicated to the Assemblies was not the Commission, (as the Petitioners untruly alledge) but the Report of the Board of Trade proposing a Commission to issue. Now have the Petitioners any Fact of this Kind to alledge against the Respondent ? And it seems somewhat surprizing, that Mr. *Rindge*, who has acted such a Part himself, could appear in this Complaint against the Respondent ; and had *New Hampshire* happened to have been in the Case of the *Massachusets*, with what aggravating Art would they have dressed it up into a much more formidable Complaint than they are able to make of their present Charge ! And as it thus fully appears, that *New Hampshire* was under no Difficulties in their Appearance before the Commissioners, they having a Committee of both Houses appointed by the Governor, Council, and Representatives, in *April*, four Months before the Commissioners met, to prepare and put in Pleas, Allegations and Evidence ; this absolutely falsifies this Part of the Petitioners Charge, " That the Governor was determined from the Beginning to frustrate this Commission," because by this it is manifest, that the Respondent took the earliest Care to render the Commission effectual, especially with regard to *New Hampshire*, and that the Respondent was so far from acting partially in Favour of the *Massachusets*, that tho' *New Hampshire* was thus fully prepared, the *Massachusets* had no Committee appointed to act for them till the 5th of *August*, four Days after the Commissioners met ; and by reason whereof the *Massachusets* met

with great Difficulties, and were obliged to send to the Commissioners praying an Adjournment, that they might have Time to prepare a State of their Demands to lay before them, and to appoint a Committee or Agent to act for that Province.

And to shew what little Foundation they have in general to charge the Respondent with Partiality in this Affair of the Line, it appears from the Minutes of the Assembly of both Provinces, that the Respondent was so intent and engaged in it, that he scarce made a Speech, or sent a Message, to either Assembly, but he brought in this Affair, pressing it with the utmost of his Power, and using every Argument he was Master of to pursuade them into this Settlement, till it seemed impossible to be effected any other way than by an immediate Order from his Majesty; and its not being done, the Respondent, in a Letter to the Lords Commissioners of Trade and Plantations, wholly imputed to the *Massachusets Bay;* and then further in Favour to *New Hampshire*, he pressed the *Massachusets* to give Orders to stop all Process in Law-Suits depending between Borderers on the Line; and it was impossible for any one to do more than the Respondent did to bring forward the Settlement of the Lines, or to act herein with more Impartiality than he did; and the Moment he was apprized a Resolution was taken to issue a Commission, he communicated the same to *New Hampshire* Assembly, and that much sooner than to the *Massachusets;* for he actually communicated to the Assembly of *New Hampshire* the Report of the Board of Trade for the Commission on the 18th of *March* 1736, and did not lay the same before the *Massachusets* Assembly till the 27th of *May* 1737, above two Months afterwards; a Circumstance which if it had happened the other way, and *New Hampshire* been the last acquainted with the Commission, would have been worked up into a principal Article of Complaint against the Respondent.

And when to all this it is added, that *New Hampshire* suffered no real Inconveniency on this Head, but had their Claim properly made and supported before the Commissioners, and that the Petitioners do not make even the least Suggestion to the contrary, it is humbly apprehended there is not the least Foundation to affect the Respondent by this Part of the Charge.

Fifth Charge.

Relates to the Respondent on the Meeting of the Assembly, recommending to them to choose two publick Officers, tho' he knew the Committee appointed to attend the Commissioners, had on the first Day of their Meeting appointed such Officers; and which they charge to be done to throw Difficulties in their way, and with Design to possess the Commissioners with a Notion of the Illegality of accepting such Officers so appointed. The

Consequence of which, they charge, must have proved fatal to them, as thereby they would have been excluded from the Right of exhibiting their Claims, which were to be preferred at the first Meeting of the Commissioners; and the Commissioners laid under a Necessity of proceeding *ex parte*, and granting the *Massachusets* unreasonable Demands.

Answer. This is a very groundless Charge. The *New Hampshire* Committee was appointed before the Commission arrived in *New England*, or was even passed the Great Seal here.

When the Commission arrived, it appeared that the *General Assembly* of each Province was thereby required to appoint those two publick Officers; the Respondent therefore apprehended, that the *New Hampshire* Committee had not strictly a Power to name these two Officers, so as to be strictly within the Words of the Commission; and therefore, as it was his Duty, mentioned this to the Assembly, and recommended it to them to appoint two Officers, and which he did to avoid any Objection, and to facilitate the bringing the Matter to a final Issue.

And it is impossible to conceive he could do it with either of the Views charged against him by the Petition. He could not do it with Design to throw Difficulties in their way, it being on the contrary plainly proposed with a View to prevent and remove any Difficulty that might otherwise be started on this Head. And it is impossible to conceive how any ill Consequence could have arose from the Assembly's having ratified and confirmed the Appointment of the two Officers named by their Committee, and which was all the Respondent had in View. And he could not do it with Intent to hinder the Commissioners from accepting the two Officers nominated by the Committee, because in their very Petition they state and admit, (and the Fact is so) that the two Officers who had been so named by their said Committee, had been before accepted by the Commissioners, and such their Acceptance of them been recorded.

And which, it is humbly hoped, is a full Answer to, and Confutation of, this Charge.

Sixth Charge. The next and last Charge against the Respondent is, That immediately after the Commissioners had made up their Judgment, and before a Copy thereof could be obtained, the Respondent prorogued the General Assembly to the Day before the Commissioners had adjourned their Court, as their last Day to receive Appeals or Exceptions from either Government. So that they had only Part of one Day to prepare their Appeal, which stripped them of the Benefit of the six Weeks Adjournment directed in the Commission.

Answer.

The Nature of the Claim and of the Judgment of the Commissioners being considered, this Charge will necessarily fall to the Ground. The Claim of *New Hampshire* was contained in a very few Lines, and the Appeal or Exceptions to the Judgment of the Commissioners might be prepared in a Quarter of an Hour. But in this case the Judgment, or rather the Return of the Commissioners, being Special, the Whole would really have been before his Majesty in Council without any Appeal from either Province, and for this Reason the Council were against any Appeal; and they having declared this their Opinion, and as the Right of appealing was by the Commission given to the General Assembly, and not to the House of Representatives only, there could be no possible Inconveniency from the Respondent's not continuing the Assembly sitting on account of the Affair of the Lines. And this Prorogation was at the Request of the Council, who, as the Court of the Commissioners was adjourned, desired the Governor to give the General Court a Recess.

And the Committee had the same Power to act in the Recess of the Assembly, as when they were sitting; and as the Council were against appealing, the best Service the Governor could do the Province of *New Hampshire*, was to prorogue them, that so the whole Power might be in the Committee, who might have appealed in time; and in Fact the House of Representatives did file their Appeal in time, and which was received by the Commissioners, and is now depending before his Majesty in Council.

And unless the Petitioners can shew some real Inconveniency that attended them from this Step of the Respondent, it is humbly hoped this Charge, as a Complaint against him, shall fall to the Ground.

And with regard to this Part of the Complaint, it seems very material to observe, that the Commissioners, observing that the House of Representatives, in the Preamble to their Appeal, took Notice that the Council had not joined with them therein, and imputed the same to the Respondent's Adjournment of them, which deprived the House of Time to consult the Council thereon; the Commissioners adjourned their Meeting for several Days, and directed the Committee to endeavour to get the Concurrence of the other Parts of the Legislature to the Appeal, and during all which time the Assembly were sitting; but they never thought fit to send their Appeal to the Council, nor desire their Concurrence thereto; and if they had, it is natural to suppose the Council would have non-concurred the same; from their having non-concurred a Vote which the House had passed appointing an Agent to prosecute the same; and that amongst others, for this Reason, because they thought it not for the Interest

of the Province to appeal, but to submit the Matter to his Majesty on the Return of the Commissioners, as it then stood.

It is therefore humbly hoped, that this Part of the Petitioners Charge will likewise appear frivolous and groundless.

And these are all the Charges that are brought by the Petition personally against the Respondent.

For as to the Council's having non-concurred the Votes of the House for raising Money to carry on their Appeal, and appointing Agents to pursue it; this can never be imputed to the Respondent, who has no Hand in the Transactions of the Council. Had the Council concurred with these Resolutions of the House, and the Respondent had non-concurred them, then it would indeed have been a proper Charge for the Respondent to answer. But as these Votes of the House were non-concurred by the Council, they never came to the Respondent, nor did he at all act upon them, they never falling under his Consideration, so that it is hardly possible to make them a Charge against him. The Council might as well charge him with the Non-Supply of the Treasury, because the House would not concur their Votes on that Head. What were the Council's Reasons for non-concurring these Votes, is obvious and plain. They apprehended the Matter was fully before his Majesty on the Return of the Commissioners, and that it was not prudent to appeal; and being of that Opinion, it was natural for them not to join in raising Money, and appointing Agents for prosecuting an Appeal, where they thought there ought to be none. Whether the Council or House are in the right, the Event of the Appeal can only determine. The Commissioners were of Royal Nomination, and such as *New Hampshire* contended for, and the *Massachusets* opposed, and therefore not likely to be partial in Favour of the *Massachusets*. The Presumption is in Favour of the Sentence, that it is right; and the *Massachusets* have appealed from it, as too much in Favour of *New Hampshire*. And should it come out on the hearing of the Appeal, that the Council have been right in their Opinion, what will then come of this Charge against the Council?

Besides, the House of Representatives had all along to this time appointed Mr. *Tomlinson* the Agent of the House; and this being the Appeal of the House only, might be presented by him without any Concurrence of the Council, and in Fact it hath so happened; for Mr. *Tomlinson* hath Presented the Petition and Appeal which is now depending.

And at the Beginning of the Affair, the House sent to the Council, that the Expence of it would be defrayed by private Subscriptions.

And as to raising Money for defraying the Expence of the Commission, the Council were always ready for that; but the House would not concur with them, unless the Council would likewise come into their Votes in Favour of Mr. *Tomlinson*.

And when it is considered how obstinately the House of Representatives refused to come into any Vote for supplying the Treasury, agreeable to the Royal Instructions, for five Years together, it is amazing how they can have Resolution enough to make a Complaint of this Kind, when the Council were ready to raise all such Sums as were necessary; but because they would not go further, and pass Votes in Favour of Mr. *Tomlinson*, all the rest was as nothing.

As to the granting the Tract of Land, that involves the Council as well as the Respondent, the Respondent acting in all Grants of Lands by the Advice of the Council; but how this can be turned into an Appearance of a Complaint, is hard to conceive, unless it be Matter of Complaint, because it was not granted to the Petitioners; for it is admitted the Lands granted were no Part of the controverted Lands, and consequently were indisputably in the Power of the Governor and Council, and for the Interest of the Crown and Province to grant them. And there is no Objection that the Grantees were not proper and responsible Persons in all respects, save that they were great Opposers of the Settlement of the Lines; which is only inserted, as it is presumed, to shew that the Grants ought to have been made to the Petitioners, as the zealous Asserters of the Line. Besides, it no-where appears, that the Grantees were Opposers of the Line. The Petition does not so much as name the Grantees, and the Respondent neither knows nor believes they were any of them concerned in opposing the Settlement of the Line; but if they were, it is conceived, this was no Objection to their being Grantees of the said Land. And when they applied for this Grant on the usual Terms, and were in all other respects properly qualified, it is apprehended, this would not have been such an Objection as the Respondent could have been justified to have refused them a Grant on. And there is no Pretence that the Petitioners, or any others, applied and were refused; and why the Petitioners should repine at a Grant of unappropriated Lands being made to their Neighbours, for which they never applied themselves, carries something with it that does not cast the fairest Light on this Complaint.

These Observations, with those contained in the Respondent's Answer, will, it is hoped, fully justify the Respondent against all the several Articles of Complaint exhibited against him; and considering the Language in which this Petition is penned, there is little Room to doubt but that if the Petitioners could have found out any

other Heads or Articles of Complaint against the Respondent or his Administration, they would have appeared in this Petition.

And how far the Matters here charged against him, especially as they now come out, will any ways warrant or support the strong Expressions made use of in the introductory Part of this Petition, the Respondent most humbly submits.

The real Truth of the Case is this: — The Struggle of the Petitioners is with the Power and Prerogatives of the Crown, which they know the present Governor will never give up: they want to raise Money and supply the Treasury, their own way, and to introduce the same Rights in their House of passing Money Bills, as is enjoyed by the *British* House of Commons. This is what was never allowed to the House of Representatives in any of our Plantations, and the Respondent's not coming into this, is the great, the real Greivance, tho' the Petitioners dare not speak it out, and this was the grand Struggle in supplying the Treasury. The House would not suffer the Council to amend, neither would they suffer the Crown to direct; for in all their Votes resolved in direct Contradiction to the Royal Instruction, and this was the Cause of all the Dissolutions, and this is the true and real Foundation of the present Complaint, not but that they could, when they pleased, conform to these Instructions. For tho' they would not do it for the sake of the Province, nor to supply the Treasury to defray the Expences of the Government there, yet when they wanted Money for their favourite Agent, all Difficulties then immediately vanished, and they could then confine their Votes within the Bounds of the Royal Instruction.

So that really this is a Complaint against the Governor for doing his Duty, and for supporting and enforcing to the best of his Power the Royal Instructions, which were given him as that Guide and Rule by which all his Actions were to be governed.

Upon the Whole, the Respondent humbly hopes the Petition shall be dismissed, and declared to be groundless and vexatious.

The Respondent's CASE.

To be heard before the Right Honourable the LORDS *of the* COMMITTEE *of* COUNCIL, *at the* COUNCIL CHAMBER, Whitehall, *on* Monday, *the 12th Day of* November, 1739.

The House of Representatives of his Majesty's Province of *New Hampshire*, by *John Thomlinson* Esq; their Agent, for and on behalf of *His Majesty*, and of the said *Province*,— } Appellants.

The Province of the Massachusets Bay . . . Respondents.

AND

The Governour, only, of the Province of the *Massachusets Bay* . . . . . Appellant.

The House of Representatives of the Province of *New Hampshire* . . . . . Respondents.

The CASE of the House of Representatives of the Province of *New Hampshire*, depending before the Right Honourable the Lords of the Committee of His Majesty's most Honourable Privy-Council, upon two Petitions of *Appeal* presented to His Majesty in Council on the 6th of *February* 1737, and 20th of July 1738, from the Determination made on the 2d of *September* 1737, by His Majesty's Commissioners for settling the *Boundaries* of those *Provinces*.

1620 November 3. *Grant from the Crown to the Council of* Plymouth.

KING *James* the First, by Letters Patent under the Great Seal, in the eighteenth Year of his Reign, granted in Fee, unto the Council establish'd at *Plymouth* for the Planting of *New England*, and to their Successors and Assigns,

"ALL that part of *America*, lying and being, in breadth from forty "Degrees of northerly Latitude from the Equinoctial Line, to the "forty-eighth Degree of the said northerly Latitude, inclusively,— "And, in length, of and within all the Breadth aforesaid, throughout "all the main Lands, from Sea to Sea."

1627 March 19. *Their Grant to Sir* Henry Roswell *and others.*

THE said Council of *Plymouth*, by Indenture under their common Seal, granted in Fee, unto Sir *Henry Roswell*, and five others therein-named, their Heirs and Assigns, and their Associates,

"ALL that part of *New England* in *America* aforesaid, which lies "and extends between a great River there commonly called *Mono-* "*mack* alias *Merimack*, and a certain other River there called *Charles* "*River*, being in the Bottom of a certain Bay there commonly called "*Massachusets* alias *Mattachusets*, alias *Massatusets Bay*; and also "all and singular those Lands and Hereditaments whatsoever, lying "within the Space of three *English* Miles on the south part of the "said *Charles River* or of any and every part thereof; and also all "and singular the Lands and Hereditaments whatsoever, lying and "being within the Space of three *English* Miles to the southward of

"the most southermost part of the said Bay called the *Massachusets* "alias *Mattachusets* alias *Massatusets Bay*; and also all those Lands "and Hereditaments whatsoever which lie and be within the Space "of three *English* Miles to the northward of the said River called "*Monomack* alias *Merimack*, *or to the northward of any and every part* "*thereof;* and all Lands and Hereditaments whatsoever, *lying within* "*the Limits aforesaid*, *North and South in Latitude and in Breadth*, "and in Length and Longitude, *of and within all the Breadth afore-* "*said*, throughout the main Lands there, from the *Atlantick* and wes- "tern Sea and Ocean, on the East Part, to the *South Sea*, on the "West Part."

1628 March 4. *Confirmation thereof and Regrant by the Crown, being the* old *Charter, to the* late *Colony of the* Massachuset's Bay.

KING *Charles* the First, by Letters Patent under the Great Seal, in the fourth Year of his Reign, reciting the said Indenture which had been made by the Council of *Plymouth*, did grant and confirm unto the said Sir *Henry Roswell*, and the five other Grantees before-nam'd and also to their Associates therein-nam'd, *viz.* Sir *Ralph Saltonstall* and nineteen other Persons; their Heirs and Assigns,

"ALL the said Part of *New England* in *America*, lying and extend- "ing between the Bounds and Limits in the said Indenture exprest, "and all Lands and Grounds, Place and Places, Soils, Woods, and "Wood-Grounds, Havens, Ports, Rivers, Waters, Mines, Minerals, "Jurisdictions, Rights, Royalties, Liberties, Freedoms, Immunities, "Privileges, Franchises, Preheminences and Hereditaments whatso- "ever, bargained, sold, *&c.* or mentioned to be given, granted, *&c*, "to the said Sir *Henry Roswell*, &c, by the said recited Indenture."

AND, by further granting Clauses in the same Letters Patent, his said Majesty did (in a more particular manner) grant in Fee, unto the said twenty-six Grantees, their Heirs and Assigns,

"ALL that said part of *New England* in America, which lies and "extends between a great River called *Monomack* alias *Merimack* "*River*, and a certain other River there, called *Charles River*, being "in the Bottom of a certain Bay there commonly called *Massachusets* "alias *Mattachusets* alias *Massatusets Bay;* and also all and singular "those Lands and Hereditaments whatsoever, lying within the Space "of three *English* Miles on the south part of the said River called "*Charles River*, or of any or every part thereof; and also all and "singular the Lands and Hereditaments whatsoever, lying and being "within the Space of three *English* Miles to the southward of the "southermost part of the said Bay called *Massachusets* alias *Matta-* "*chusets* alias *Massatusets Bay;* and also all those Lands and Her- "editaments whatsoever, which lie and be within the Space of three "*English* Miles to the northward of the said River called *Monomack*

"alias *Merimack, or to the northward of any and every part thereof;* "and all Lands and Hereditaments whatsoever, lying *within the* "*Limits aforesaid North and South in Latitude and Breadth*, and in "Length and Longitude, *of and within all the Breadth aforesaid*, "throughout the main Lands there, from the *Atlantick* or western "Sea and Ocean, on the East Part, to the *South Sea*, on the West "Part."

And the said King created the said twenty-six Grantees, and such others as should be made free of the Company, a Body Politick and Corporate, by the Name of the Governour and Company of the *Massachuset's-Bay.*

1629 November 7. *The Council of* Plymouth's *Grant to* Mason *of* New Hampshire.

The Council of *Plymouth*, by another Indenture under their common Seal, granted and enfeoffed in Fee, unto Capt. *John Mason* his Heirs and Assigns,

"All that part of the main Land in *New England*, "lying upon the Sea-Coast, beginning *from the middle* "*part of* Merimack River, and from thence, to proceed, northwards, "along the Sea-Coast, to *Piscataqua River;* and so, forwards, up, "within the said River, and to the further Head thereof; and from "thence *North-westwards*, until threescore Miles be finished from "the first Entrance of *Piscataqua River;* and also from *Merimack*, "*through the said River*, to the furthest Head thereof, and so, for- "wards, *up*, into the Land, *westward*, until threescore Miles be fin- "ished; and from thence, to cross, over Land, to the threescore "Miles End, accounted from *Piscataqua River;* together with all "Islands and Islets, within five Leagues distance of the Premisses, "and abutting upon the same or any Part or Parcel thereof."

Which said Portion of Lands, with the Appurtenances, the said Captain *Mason* therein declared his Intention to call by the Name of *New Hampshire.*

And the Council of *Plymouth* covenanted that *Mason* should hold the Premisses, without any Interruption from them, *or from any Person or Persons claiming under their Estate, Right, Title or Interest.*

1635 June 7. *The Council of* Plymouth *surrender'd their Charter to the Crown.*

The great Council of *Plymouth*, by an Instrument under their common Seal, reciting the Grant made to them by the Letters Patent of the eighteenth of King *James* the First, granted and surrendered, to King *Charles* the First, the said Letters Patent, and all the Liberties, Privileges and Authorities thereby given, and their Estate, Claim and Demand in and to the same.

1635, Trinity Term. Quo Warranto's *against the Governour &c.*

In about seven Years after the first Incorporation of the Old Colony of the *Massachuset's Bay, Quo Warranto's* were brought in the *King's Bench*, against the Governour, Deputy-Governour, and every of the Assistants of the

Corporation of the *Massachuset's Bay* in *New England,* namely, Sir *Henry Roswell* and the rest of them, and a Day was appointed for them to make their Appearances — Some of them appear'd and disclaim'd the Charter — Others, not appearing, were outlawed, and

1637, Easter Term. *Judgment to seize, &c.*

JUDGMENT was given, for the King, that the Liberties and Franchises of the said Corporation should be seized into the Kind's Hands, and *Matthew Cradock* the Governour, his Body to be taken into Custody, for usurping the said Liberties.

1637 May 3. *Order in Council to call for their Patent and present it to the Board.*

KING *Charles* the First in Council, taking into Consideration the Patent granted to the Governour of *New England*, did order that the Attorney-General should call for it in, and present it to the Board, or to the Committee for foreign Plantations.

AFTER this time, though the Old Colony of the *Massachuset's-Bay* kept possession of some Lands, and exercised some Powers (which possibly was owing to the Troubles this Kingdom soon afterwards fell into, whereby the Charter was not taken up, nor that distant Affair much attended to) yet it is submitted whether they had any Colour of lawful Authority so to do.

1639 April 3. *Grant from the Crown to Sir* Ferdinando Gorges *of the Province of* Maine.

KING *Charles* I. by Letters Patent under the Great Seal, in the 15th Year of his Reign granted in fee, unto Sir *Ferdinando Gorges*, his Heirs and Assigns,

"ALL that Part, Purpart and Portion of *the Main Land* "of *New England* aforesaid, beginning at the Entrance "of *Piscataqua* Harbour, and so to pass up the same, into the River "*Newichwannock*, and through the same, unto the furthest Head "thereof, and from thence *northwestward*, till 120 Miles be finish'd; "and from *Piscataqua* Harbour Mouth aforesaid, northeastward, along "the Sea-coast to *Sagadahocke*, and up the River thereof to *Kenne-* "*beck* River, and through the same unto the Head thereof, and into "the Land northwestward, until 120 Miles be ended, being accounted "from the Mouth of *Sagadahocke;* and from the Period of 120 Miles "aforesaid, to cross over Land, to the 120 Miles and formerly reck- "oned up into the Land from *Piscataqua* Harbour, through *Newich-* "*wannock* River; and also the North Half of the Isles of *Shoals*, "together with the Isles of *Capawocke* and *Nautican* near *Cape Cod;* "as also, all the Islands and Islets lying within 5 Leagues of the "Main, all along the aforesaid Coast, between the aforesaid Rivers "of *Picataqua* and *Sagadahocke*, with all the Creeks, Harbours and "Havens thereunto belonging."

So that the old Colony of the *Massachusets*, (while they had Existence) claimed by Grant from the Council of *Plymouth*, and by Confirmation from the Crown under the Great Seal, *in Breadth* from 3

miles South of *Charles* River, to 3 Miles North of *Merimack* River, *or to the Northward of any and every part thereof*, and, *in Length* from Sea to Sea.

CAPTAIN *Mason* claim'd (by Grant *only from the Council of* Plymouth,) what he called *New Hampshire*, extending, in Breadth, from the *middle* of *Merimack* River to *Piscataqua* River, and, in Depth, back into the Country, 60 Miles only.

AND Sir *Ferdinando Gorges* claim'd the Province of *Maine*, by a Grant made by the Crown, (after the Surrender from the Council of *Plymouth*) extending, *in Breadth*, from *Piscataqua* Harbour and *Newichwannock* River, unto *Sagadahocke* and *Kennebeck* River, and in Depth back into the Country, 120 Miles only.

THE Breadth of the old *Massachusets* Colony, (at the Sea Coast) was about 60 *English* Miles (upon a streight Line of Latitude.)

THE Breadth of the Province of *New Hampshire*, at the Sea-coast, upon a streight North Line of Latitude, is not above 16 or 17 Miles, and measuring it aslant, as the Sea-coast lies, does not then measure above 19 Miles in Breadth there.

AND the Breadth of the old Province of *Maine* aslant on the Sea-coast was about 86 Miles.

THE *general Course* of the River *Merimack*, appears from the Plan sent over by the Commissioners.

THIS River is most undoubtedly called *Merimack* at the *Mouth* of it, where it empties it self into the Sea.

FROM that Mouth, the Course of the River upwards, is *a general western Course* for 29 or 30 Miles back into the Country.

AND, so far as it goes that general *western* Course, a *streight* Line, *from Sea to Sea*, to be 3 Miles North of that River, is a plain, easy and natural Boundary to the *Massachusets* Colony, under their old Charter.

BUT, after the River has gone so far up into the Country, upon that general *western* Course, then, one of the many Branches which run into it, turns short away, and (whatever Name it is called by) runs for about 55 Miles upon a general *northern* Course, sometimes North-easterly, or inclining to the East of the North, quite up to *Winnipissiokee* Pond or Lake.

AND, if this be (all of it) *Merimack* River, and that the old Colony of the *Massachusets*, under their old Charter, were to run their northern Bound from Sea to Sea by a crooked Line 3 Miles distant from *Merimack* River, *and from every or any part thereof*, it must have been a Line in this Manner, Supposed *South Sea.*

Atlantick Sea.

1676. September 6. *The Answer of the Governour and Company of the* Massachusets, *to the Complaint from Mes.* Mason *and* Gorges, *of Usurpations then made upon them by that Colony.*

THE Governour and Company of the *Massachusets Bay*, presented to King *Charles* II. in Council, their Answer in writing, to the several Petitions and Complaints presented by Messieurs *Gorges* and *Mason*, complaining then of Encroachments made upon their Tracts, by the People of the *Massachusets* ; together with a brief Declaration of their (the said Governour and Company's) Right and Claim to the Lands in their Possession, but pretended to by the said *Gorges* and *Mason*.

THE *Massachusets* said, in their said Answer, that they settled in the *most known* parts of their Grant, and that *Mason* and *Gorges* also settled upon their Grants, being (as they supposed) without the Limits of the *Massachusets* Grant ; but that Disturbances arose among the Settlers under *Mason* and *Gorges*, who left and forsook their Settlers ; and in that Time, Ignorance in the *Massachusets*, of the *northerly running* of *Merimack* River, hinder'd them from claiming the Government ; but, at *length*, being more fully settled, and having obtained a *further Acquaintance* with the *Indians* possessing the uppermost Parts of that River, they, at the Request of the eastern Inhabitants, employed Artists, and found that their northern Patent Line did extend so far north as to take in all those Towns and Places which they then possest ; and that the Inhabitants thereof, being urged with the Necessity of having *some* Government amongst them, voluntarily submitted to the *Massachusets* Government, namely, such several Towns in *New Hampshire*, at such respective Times, as in the said Answer was mentioned.

AND they went on in the following Words, in their said Answer :

"THAT our Extension of Government to those eastern parts "claimed, is agreeable to our indubitable Patent-right. Our Patent, "according to the express Terms therein contained, without any "Ambiguity, or Colour of the Interpretation, lies between two East "and West *Parallel Lines*, drawn from the most southerly part of "*Charles* River, and the most northerly *part* of *Merimack*, with 3 "Miles Advantage upon each ; which, upon the Observations of Men "of approv'd and undoubted Truth upon Oath, are found distant "one Degree and 49 Minutes North Latitude, being to extend in full "Latitude and Breadth from Sea to Sea, *ut in terminis*, and there-"fore cannot be bounded by many hundreds, or infinite Numbers of "Lines, as the River *Merimack* maketh Bends or Angles in 200 "Miles Passage from *Winnipissiokee* Lake to the Mouth thereof ; "which to imagine, as it is irrational, so would it involve us, and "any Borderer, into so many inextricable Disputes, as are by no "means to be admitted by a Prince seeking his Subjects Peace, *&c.*

And they insisted that, according to confirm'd Observations, which they had caused to be made, *all* the eastern Plantations, challenged by their Opponents, as above, were comprehended within the *Massachusets* northerly Line.

1676. February 7. *Reference of the Dispute.*

King *Charles* II. referred to the Lords of the Committee for Trade and Plantations, the said Matters in Controversy between the Corporation of the *Massachusets Bay* and Mr. *Mason* and Mr. *Gorges;* and directed an Examination into the *Bounds and Limits* which the Corporation, on the one hand, and the said *Mason* and *Gorges*, on the other, pretended by their several Grants and Patents to have been assign'd unto them; and also directed an Examination into the Patent and Charters insisted on by either Side, in order to find out and settle, how far the Rights of *Soil* or *Government* did belong unto any of them; and in the Consideration thereof, the two Lords Chief Justices were appointed to give their Assistance.

Special Report made thereon, As to the Government only, *and As between the* Massachusets *and the Province of* Maine only.

After which the Lords of the Committee, and the Lords Chief Justices *Rainsford* and *North*, specially reported to the King in Council, That the Respondents the *Massachusets, did disclaim Title to the Lands claimed by the Petitioners* Mason *and* Gorges; and that as the *Lands* were in Possession of several other Persons, not before the Lords Chief Justices, *they did not think fit to examine any Claims to the said Lands;* but, in presence of the Parties, did examine their several Claims *to the Government;* and the Petitioners having waved the Pretence of a Grant of Government *from the Council of* Plymouth, (wherein their own Council convinced them, that no such Jurisdictiom could be *transferred* by any Colour of Law) *the Question was reduced to the Province of* Maine, whereto the Petitioner *Gorges* made Title by the Grant from King *Charles*, I. in the 15th Year of his Reign. — And it was insisted, that the Grant of the Government to the *Massachusets*, by their Grant in the 4th Year of King *Charles* I. 3 Miles to the Northward of *Merimack* River, or to the northward of any and every part thereof, could extend no further than the Ownership of the Soil; the Boundaries of which, as recited in that Patent, *wholly excluded the Province of* Maine, *which lay northward more than* 3 *Miles:* And thereupon their Lordships observed, that it seemed to them to be very clear, that the Grant of the Government the 4th of *Charles* I. extended no farther than the Boundaries exprest in the Patent; and that those Boundaries could not be construed to extend further northwards along the River *Merimack* than 3 *English* Miles; for the North and South Bounds of the Lands granted, so far as the Rivers extended, were to

follow the Course of the Rivers, which made the Breadth of the Tract; the Words describing the Length to comprehend all the Lands from the *Atlantick Ocean* to the *South Sea, of and in all the Breadth aforesaid,* did not warrant the over-reaching of those Bounds by imaginary Lines or Bounds; other Exposition would, in their Opinion, be unreasonable and against the Intent of the Grant. — The Words, *of and in all the Breadth aforesaid*, shew that the Breadth was not intended an *imaginary* Line of Breadth laid upon the *broadest* part, but the Breadth, respecting the *Continuance* of the Boundaries by the Rivers, as far as the Rivers go; but when the known Boundary of Breadth determines, it must be carried on by imaginary Lines to the *South Seas.* And if the Province of *Maine* lay more northerly than 3 *English* Miles from the River *Merimack*, the Patent of the 4th of *Charles* I. gives no Right to govern there, and thereupon the Patent of the 15th of *Charles* I. will be valid.

So that, upon the whole, their Lordships were of Opinion, *as to the Power of Government*, that the Respondents the *Massachusets*, by their Patent, had such Right of Government as was granted them by their Patent, within the Boundaries of their Lands exprest therein, according to such Description and Exposition as aforesaid.

And the Petitioner *Gorges,* by the Patent of 3d *April*, had such Right of Government as was granted by the same Patent, within the Lands called the Province of *Maine*, according to the Boundaries of the same, exprest in the said Patent.

1677. July 20. *Order in Council confirming it.* His Majesty in Council approved and confirmed the said Report, and ordered all Parties to acquiesce therein.

In the same Year (as the *Massachusets* now insist) the Assignee of Mr. *Gorges*, conveyed to them the Province of *Maine*; but they have not produced or proved the said Conveyance.

1684. Trinity Term 36 Car. II. *Judgment in Chancery to vacate the Charter to the Colony of the* Massachusets A Judgment was given in the Court of Chancery in *England,* upon a Writ of *Scire facias* brought and presented against the Governour and Company of the *Massachusets Bay* in *New England,* that the said Letters Patent of King *Charles* I. dated the 4th of *March*, in the 4th Year of his Reign, and the Enrolment of the same, should be cancelled, vacated and annihilated, and should be brought into the said Court to be cancelled.

And, for above seven Years together, afterwards, the People in the Colony of the *Massachusets* Bay, had no Charter whatever, but were under his Majesty's Government.

1691, October 7. *New Charter to the Province of the* Massachusets.

KING *William* and Queen *Mary*, by Charter under the Great Seal, in the 3d Year of their Reign, gave and granted in Fee, unto their Subjects *the Inhabitants* of the Territory of the *Massachusets Bay* and their Successors, *some* of those Lands which they had formerly had a Grant of (*but by other and very different Bounds and Descriptions now*) also several *other* exceeding *large* Tracts of Lands, (which the *Massachusets* had never before had any Title to;) and, over some of those Lands which were convey'd by this new Charter, the Crown granted to the said Inhabitants *one Degree* of Power, and over *others* of them, the Crown granted *another Degree of Power.*

The Contents of such new Charter.

THE said Charter of King *William* and Queen *Mary* recites the Charter granted by King *James* the Ist, to the Council of *Plymouth*, their Grant to Sir *Henry Roswell* and others in the 3d Year of King *Charles* the Ist, and that King's Confirmation thereof by his Charter in the 4th Year of his Reign; It also recites that the said Governour and Company of the *Massachusets Bay*, by virtue of the said Letters Patent, settled a Colony of *English* in those parts; and it likewise recites the said Judgment in Chancery in the 36th of King *Charles* the IId, for vacating the said last-mention'd Letters Patent; and that sundry Persons had made Application to their said Majesties, to incorporate their Subjects in the said Colony, and to grant them such Powers, Privileges and Franchises, as their Majesties should think most conducive to their own Interest and Service.

THEIR Majesties therefore, by the said Charter, did in the first place will and ordain, "That the Territories and Colonies commonly "called or known by the Names of the Colony of the *Massachuset's* "*Bay*, and Colony of *New Plymouth*, the Province of *Maine*, the Ter- "ritory called *Accada* or *Nova Scotia*, and the Province of *Maine* be "*erected*, united and incorporated; and we do by these Presents "unite, erect and incorporate the same *into one real Province*, by the "Name of our Province of the *Massachusets Bay* in *New-England.*

AND of our special Grace, *&c.* "We do give and grant *unto our* "*good Subjects the Inhabitants of our said Province* or Territory of "the *Massachuset's Bay*, and their Successors,

"All that Part of *New-England* in *America*, lying and extending "from the *Great* River, commonly called *Monomack* alias *Merimack*, "*on the North-part*, and from 3 Miles Northward of the *said* River, "to the *Atlantick* or Western Sea or Ocean, *on the South-part*; and "all the Lands and Hereditaments whatsoever, *lying within the Lim-* "*its aforesaid*, and extending as far as the outermost Points or Prom- "ontories of Land, called *Cape Codd* and *Cape Malabar*, *North and*

" *South, and in Latitude, Breadth*, and in Length and Longitude, *of* " *and within all the Breadth and Compass aforesaid,* throughout the " Main Land there, from the said *Atlantick* or Western Sea and Ocean " *on the East-part*, towards the South-Sea or Westward as far as our " Colonies of *Rhode-Island*, *Connecticut* and the *Narragansett* Coun- " try.

" ALSO all that Part or Portion of *Main Land*, beginning at the " Entrance of *Piscataqua* Harbour, and so to pass up the same into " the River of *Newichwannock*, and through the same into the fur- " thest Head thereof, and from thence *North-Westward,* until 120 " Miles be finish'd; and from *Piscataqua* Harbour Mouth aforesaid " *North-Eastward* along the Sea-Coast to *Sagadahocke*: and from the " period of 120 Miles aforesaid to cross over Land to the 120 Miles " before-reckoned up into the Land from *Piscataqua* Harbour through " *Newichwannock* River.

" AND also the North Half of the Isles and Shoals.

" TOGETHER with the Isles of *Capawock* and *Nantucket*, near Cape " *Codd* aforesaid.

" AND also Lands and Hereditaments lying and being in the Coun- " try and Territory, commonly called *Accada* or *Nova Scotia.*

" AND all those Lands and Hereditaments lying and extending be- " tween the said Country or Territory of *Nova Scotia*, and the said " River of *Sagadahocke*, or any part thereof.

" AND all Lands, Grounds, Places, Soils, Woods, and Wood- " Grounds, Havens, Ports, Rivers, Waters, and other Hereditaments " and Premisses whatsoever, *lying within the said Bounds and Lim-* " *its aforesaid*, and every Part and Parcel thereof.

" AND also all Islands and Islets lying within 10 Leagues, directly " opposite to the Main Land, *within the said Bounds.*

AND all Mines and Minerals whatsoever, in the said Lands and Premisses.

To hold to the said *Inhabitants* of the said Province of the *Massachusets Bay*, and their Successors for ever.

To be held of their Majesties, as of the Mannor of *East-Greenwich*, by Fealty only, in free and common Soccage.

YIELDING the 5th Part of Gold and Silver Ore, and precious Stones.

IMMEDIATELY after which granting Part, follow these three restrictive Clauses or Provisos, *viz.*

" PROVIDED nevertheless, and we do, for us, our Heirs and Succes- " sors, grant and ordain, that all and every such Land, Tenements, " Hereditaments, and all other Estates which *any* Person or Persons, " or Bodies politick or corporate, Towns, Villages, Colleges or

"Schools, do hold and enjoy, or *ought* to hold and enjoy, *within the* "*Bounds aforesaid*, by or under any Grant or Estate duely made or "granted by any General Court formerly held, *or by virtue of the Let-* "*ters-Patent herein before recited*, or by any *other* lawful Right or Ti- "tle *whatsoever*, shall be, by such Person and Persons, Bodies poli- "tick and corporate, Towns, Villages, Colleges or Schools, their re- "spective Heirs, Successors and Assigns, for ever hereafter held "and enjoyed according to the Purport and Intent of such respective "Grant, under and subject nevertheless to the Rents and Services "thereby reserv'd or made payable, any matter or thing *whatsoever* "to the contrary notwithstanding.

"And provided also, That nothing herein contained shall extend, "or be understood or taken, to impeach or prejudice any Right, Title, "Interest or Demand *which Samuel Allen of London*, *Merchant*, "*claiming from and under John Mason*, *Esq*; *deceas'd*, or any *other* "Person or Persons, hath or have, or claimeth to have, hold, and en- "joy of, into or out of any Part or Parts of the Premisses *situate* "*within the Limits above mentioned*; but that the said *Samuel Allen*, "and all and every such Person and Persons, may, and shall have, "hold and enjoy the same in such manner, and no other, than as if "these Presents had not been, or made.

"It being our further Will and Pleasure, That no Grants or Con- "veyances of any Lands, Tenements or Hereditaments to any Towns, "Colleges, Schools of Learning, or to any private Person or Persons, "shall be judged or taken to be avoided or prejudiced for, or by rea- "son of any Want or Defect of Form, but that the same stand and "remain in Force, and be maintained, adjudged, and have effect, "in the same manner as the same should or ought, before the time of "the said recited Judgment, according to the Laws and Rules then "and there usually practised and allowed.

Then the Charter goes on (for six long Pages together) directing the Numbers and Qualifications of the present and future Members of the Corporation, and granting particular Powers of Government, Jurisdiction, Legislature, *&c.* in *very many* Instances.

After all which, there follows one other Clause, on the first Part whereof the *Massachusets* have rely'd.

"Provided also, That it shall and may be lawful for the said Gover- "nour and General Assemblys, to make or pass any Grant of Lands "lying within the Bounds of the Colonies, formerly called the Colonies "of the *Massachusets Bay*, and *New Plymouth*, and Province of *Maine*, "*in such manner*, as heretofore they might have done by virtue of any "former Charter or Letters-Patents, *which* Grants of Lands, *within the* "*Bounds aforesaid*, we do hereby will and ordain to be and continue

"for ever of full Force and Effect, *without our further Approbation* "*or Consent.*— And so as nevertheless, and it is our Royal Will and "Pleasure, that *no Grant* or Grants of any Lands, lying or extending "from the River of *Sagadahocke* to the Gulph of *St. Lawrence*, and "*Canada* Rivers, and to the Main Sea Northward and Eastward, to be "made or pass'd by the Governour and General Assembly of our said "Province, *be of any Force*, Validity or Effect, *until We, our Heirs and* "*Successors shall have signified our or their Approbation of the same*,

THE People in *New Hampshire* have, for a long time, endeavour'd, at a great Expence, and by every means in their Power, to have their Bounds settled.

1731, October 7. THE House of Representatives of the Province of *New Hampshire*, by a Vote of this Date, appointed *John Rindge*, Esq ; to be Agent of that House in *Great Britain*, to sollicit the settling the Boundaries.

1732, February 28. MR. *Rindge* came over hither and humbly petition'd His Majesty in Council *to settle those Boundaries here.*

1733, March 29. April 16. HIS Majesty referred that Petition to the Lords of the Committee of Council, and their Lordships referred the same again to the Lords of Trade.

MR. *Rindge* and the Persons he employed, prest on that Petition with the utmost Ardour and Diligence ; but through the frequent and *constant* Opposition, given on the Part of the *Massachusets Bay*, it was between 4 and 5 Years before Mr. *Rindge* could obtain a Commission to issue, meerly to settle the Bounds of the two Provinces.

1733, March 14. PENDING this Petition the Lords of Trade sent to His Majesty's (then) Attorney and Sollicitor-General the Charter granted to the *Massachusets* in 1691, and the following Question in Writing, *viz.*

1734, January 5. *A Question refer'd to Mr. Attor and Mr. Sol. Gen.* "FROM what Part of *Merimack* River the three Miles "(from whence the dividing Line between the Province "of *New Hampshire*, and the Province of the *Massachu-* "*sets Bay*, is to begin) ought to be taken, according to the Intent of the Charter of *William* and *Mary* ?

1734, March 19. *Their Report where* one *of the Lines ought to* begin *according to the Charter.* MR. Attorney and Mr. Sollicitor-General made their Report in the following Words thereon, *viz.*

"WE have been *several times* attended by the Council "and Agents of *both* Provinces. The Council for *New* "*Hampshire* offered several Arguments to prove, that "the said dividing Line ought to be taken from three Miles North "of the *Mouth* of *Merimack* River. — The Council for the *Massa-* "*chuset's Bay would not say what it was they insisted on*, or give any "Answers to what had been urged by the Council of the other side ;

"but declared, "that in their Opinion the Question which was pro-"posed to us would not *dettermine* the Matters in Dispute; and that "therefore they thought it unnecessary to say *any thing* upon it.—"Whether this be so or not, we are not able to judge; but, as to "the Question which is referred to us, *we are of opinion* that the "dividing Line, between the Province of *New Hampshire* and the "Province of the *Massachusets Bay*, is to be taken *according to the* "*Intent* of the Charter of *William* and *Mary* from three Miles North "of the *Mouth* of *Merimack* River, *where it runs into the Atlantick* "*Ocean.*

At last, His Majesty was pleased to take upon him (by the *Consent* of the Agent for the *Massachusets Bay*) to appoint Commissioners to determine these Disputes. And,

1736, February 9. *Order in Council preparatory to the present Commission.*

A Preparatory Order in Council was made, wherein the Powers to the Commissioners and many other necessary Directions were contained; and it was order'd, that a Commission agreeable thereto should be prepared, in order to pass the Great Seal; and it was thereby order'd, That the Charges attending the Commission and the Execution thereof, should be equally born between each Province; the Agents of the said Provinces having agreed it was reasonable so to be.

The *Consent* mention'd in that Order on the part of the *Massachusets*, had been personally given by their Agent before the Lords Commissioners of Trade, and also before the Lords of the Council; had been given in Writing, also, in a Petition, signed by their Agent to the Lords of the Council, had been reported in one or two several Reports from those respective Boards; and finally was order'd by the said Order in Council.

As *New Hampshire* had, all along, with the greatest Diligence, and under repeated Oppositions from their Antagonists in all shapes, pursued this Affair, in order to have the Boundaries settled, and thereby his Majesty's and their own Rights preserved from the Encroachments of the Charter-Government, so the *New Hampshire* Agent sued out the Commission under the Great Seal (which they have reason to believe would otherwise never have been sued out) and therein expended the Sum of 135 *l.* 4 *s.* 6 *d.*

1737, April 9. *The Commission under the Great Seal issued here.*

His Majesty's Commission under the Great Seal bore date here, it was directed to twenty Commissioners therein named, whom, or any five or more of whom, his Majesty thereby authorized and appointed to be his Commissioners for settling, adjusting and determining the respective Boundaries of the said *Provinces* of the *Massachuscts Bay* and *New Hampshire.* And his Majesty, amongst other Directions therein con-

tained, was pleased to direct and command that the Commissioners should hold their first Meeting on the first of *August* 1737 ; and that in case either of the Provinces should neglect to send to the Commissioners, at their first Meeting, the Names of two publick Officers (for the Purposes therein mentioned) or should neglect to send to the Commissioners at their first Meeting, a plain and full State of their Demands or Pretensions, (in the particular manner therein directed) then the Commissioners, in either of those Cases, should proceed *ex parte*. And it was thereby further directed, that no Witnesses should be allowed of by the Commissioners to give Evidence, but such as should be sworn, or take a solemn Affirmation before the Commissioners in open Court ; and that the whole of what such Witnesses should offer, *should be put in Writing by the Clerk, in the Presence of the Commissioners*, and of the respective Witnesses, and should be read to, and sign'd by the respective Witnesses : — And that Entries should be made of all Papers, Evidences, Deeds, Charters and Proofs received by the Commissioners in the Affair, and of all their Proceedings and Resolutions throughout the same, and that Plans or Drafts of such boundary Lines as should be agreed upon by the Commissioners should be annexed thereto and made Parts thereof ; and that when the Commissioners should have made their final Determination, a Copy should be sent to certain publick Officers in each Province, and notice of another Meeting, to be held at a certain distance of time thereby appointed, at which said Meeting either of the said *Provinces* who should find themselves aggrieved might enter their Appeal to his Majesty in his Privy-Council, with a Declaration what Parts of the Determination of the Commissioners they abided by, or appealed from ; but, if neither of the said Provinces should enter their Appeal or Exception against the Determination of the Commissioners, *at such last Meeting*, then in such Case it was his Majesty's Will that no Appeal or Exception should be afterwards received or admitted, and such Determination of the Commissioners, *being confirm'd by his Majesty*, should be final and conclusive to both the said Provinces.

The Conduct of the common Governour of both Provinces, to frustrate his Majesty's Commission, obtained after so much Opposition and Expence, although he had been in due time over and over served with the Order in Council to take care that proper Preparation was made for the Arrival of the Commission ; and whereby the said Governour, in Disobedience to the said Order in Council, endeavour'd to prevent *New Hampshire* being heard *at all*, either before the Commissioners first, or before his Majesty by any Appeal ; and which he carried so far as, by his own Act, to make it impossible for the *whole Province of New Hampshire* to name any Officers, or to present any

Claim before the Commissioners, or to make any Appeal, has, upon an Enquiry into the same, very lately appear'd before this most honourable Board.

BUT although the Governour made it impossible for the *whole* Assembly of *New Hampshire*, or even for the House of Representatives (*as such*) to do any one Matter directed by the Order in Council, yet a Committee appointed, for another Purpose, at a former Sessions by the House of Representatives of *New Hampshire*, attended the Commissioners at their first and subsequent Meetings, and carried on the Business in the best manner the Governour would let them.

August 1, *The Commissioners met* New Hampshire, *named Officers, and also presented the Demands*, &c.

THE Commissioners met and opened their Commission, and the said *New Hampshire* Committee attended them, and nominated, in Writing, to them, (on that very Day) two publick Officers for *New Hampshire*, namely, the Secretary and High-Sheriff of the Province.

AND, on the same Day, the said *New Hampshire* Committee also presented to the Commissioners a Claim and Demand, in Behalf of his Majesty, and of the Government of his Province of *New Hampshire*, whereby they did demand and insist,

The Purport of the New Hampshire *Claim.*

1. THAT the *southern* Boundary of that Province should *begin*, at the end of three Miles North *from the middle of the Channel of Merimack River, where it runs into the* Atlantick *Ocean*, and from thence should run, *on a strait Line, West*, up, into the main Land, towards the *South Sea*, until it meets with his Majesty's other Governments.

2. THAT the *northern* Boundary of *New Hampshire* should *begin*, at the Entrance of *Piscataqua* Harbour, and so to pass up the same, into the River of *Newichwannock*, and through the same, into the furthest Head thereof, and from thence, northwestward, that is, *North, less than a quarter of a Point westerly*, as far as the *British* Dominion extends.

3. THEY insisted that the western Half of the Isles of Shoals lay within the Province of *New Hampshire*.

4. AND lastly they demanded that the Charge attending the Commission, and the Execution thereof, should be equally borne by each Province according to the Order of Council.

WHICH Demand was received and recorded, and afterwards proceeded upon, by the Commissioners.

August 5.

THE *Massachusets* general Court prepared and approved the State of their Demands.

August 8, *The* Massachusets *Demands.*

THE Commissioners met again, and *then* the Committee for the *Massachusets* produced, and the Commissioners received, the *Massachusets* State of their Claims and Demands.

WHEREIN they set forth the Order of Council of 1677, (made upon the Bounds of their *old* Charter) and insist on that, as conclusive and irrefragable, in the present Controversy.

AND they claimed and demanded,

1. A boundary Line, on the *southerly* Side of *New Hampshire*, beginning *at the Sea*, three *English* Miles North from the *Black Rocks* so called, at the Mouth of the River *as it emptied itself into the Sea sixty Years ago*, thence running *parallel with the River*, as far *northward as the Crotch or Parting of the River*, thence *due North* as far as a certain *Tree*, commonly known (as they said, but never offered to prove) for more than seventy Years past by the Name of *Indicot's Tree*, standing three *English* Miles northward of the said *Crotch* or parting of *Merimack River*, and, from thence, due West *to the South Sea*.

2. AND, on the *northerly* Side of *New Hampshire*, they claimed a boundary Line, beginning at the Entrance of *Piscataqua* Harbour, passing up the same, to the River *Newichwannock*, through that, to the furthest Head thereof, and from thence, *a due north-west* Line, till 120 Miles, from the Mouth of *Piscataqua* Harbour be finish'd.

AND the Commissioners received and proceeded on that Claim also.

AND the Commissioners, on the same Day, gave Copies of each other's Demands to the respective Committees, and adjourned to the next Day, to receive their reciprocal Answers to each other's Demands.

August 9. THE Commissioners met, but the respective Committees not being ready with their Answers, (as it was impossible the *New Hampshire* Committee should, their Assembly not having yet sate once) the Commissioners adjourn'd again to the next Morning.

August 10. THE Commissioners met, but the Answers not being yet ready, they adjourn'd again to next Day.

August 11. THE Commissioners met,

New Hampshire *Answer.* AND the *New Hampshire* Committee *first* tender'd their Answer to the *Massachusets* Claim, and therein offered such Reasons and Arguments as they thought proper, in support of their Demands, and in answer to the *Massachusets* Claim:

Massachusets *Answer.* AND *afterwards*, on the same Day, the *Massachusets* Committee filed their Answer also;

BOTH which Answers were received and recorded by the Commissioners.

NOTWITHSTANDING the Directions given by the preparatory Order in Council, and in the Royal Commission, and the Commissioners

own Order agreeable thereto, yet the *Massachusets* producde five *Massachusets* Men interested in the Dispute, and had them sworn, and delivered in long ready-prepared Depositions, directly contrary to the same; then objected to the same themselves, and desired and had leave to examine the self-same Persons to a Set of leading Interrogatories; against all which *New Hampshire* filed several Protests before the Commissioners.

August 26, 27, 29, 30. *An Account of the Pieces of written Evidence offered by the* Massachusets.

After the *Massachusets* Committee had re-examined the said five Witnesses, they, upon the 26th, 27th, 29th and 30th of *August*, produced to the Commissioners, as Evidence on their part, the new Charter to the *Massachusets* of 7th *October* 1691, (which recites the Charter to the Council of *Plymouth*, that Council's Grant to Sir *Henry Roswell* and others, the old Charter to the *Massachusets Bay*, and the Judgment upon the *Scire facias* against that old Charter;) they also produced the said Report and Order of Council of 20th *July* 1677, the Grant from the Council of *Plymouth* to Mr. *Mason* of *New Hampshire*, dated 7th *November* 1629, several Clauses out of the Commissions granted by the Crown in 1691, 1697, 1702, 1716 and 1727, for the Government of *a part only* of the Province of *New Hampshire*, some *unauthentick* Copies of the *pretended* and *ex parte* Affidavits of four Persons, (made in *May* 1665) some Purchase-Deeds from *Indians*, a Grant from Governour *Shute* in 1722 to the Town of *Chester*, the Declaration of the *Massachusets* General Court in 1679 for withdrawing their Commissions out of some particular Towns in *New Hampshire*, an Address from the *Massachusets* to King *Charles* II. in 1678, and the Charter from King *Charles* I. of the Province of *Maine*, to Sir *Ferdinando Gorges* in 1639.

New Hampshire *filed an Objection to Evidence which related, etc.*

And the *New Hampshire* Committee objected *generally* in Writing, to all such Evidence as related to the Time of the *Massachusetts old Charter*, which they insisted could not operate in *this Case*, nor had any Relation to the *new Charter*, having been transacted under the *old Charter*, before that was vacated and annihilated.

An Account of the Pieces of written Evidence offered by New Hampshire.

The *New Hampshire* Committee produced *as Evidence*, the Clause out of Governour *Belcher's* Commission in 1729, (which was the only one that contained the Grant of the Government of *the whole* Province of *New Hampshire*) in which there were *no Bounds* mentioned at all for that Province, and the *Massachusets* Declaration of their Right and Claim in 1676, in answer to *Gorges* and *Mason's* Petition, and the Duplicate of the Order in Council of the 9th *February* 1736, and a Copy of Mr. Attorney and Sollicitor General's Report of 19th *March* 1734, where

one of the dividing Lines in question ought to *begin*, according to the Intent of the new Charter; which Copy was attested to be a true Copy of the original Report, under the Seal of the Lords Commissioners for Trade and Plantations.

THAT Report the Commissioners *received and read*, and it is mentioned in their Minutes that it *had been entered also*, but, (two Days afterwards) the Commissioners put the Question, whether that Report should be made *part of the Record?* and were equally divided thereon.

THE *New Hampshire* Committee also produced a Proceeding in Ejectment, between *Carlton* and *Adams*, in the Courts in the *Massachusets Bay*, from *June* 1733 to *May* 1734, (during the Time the Petition for the present Commission depended before his Majesty in Council) whereby the *Massachusets* had, even then, taken upon them to exercise Jurisdiction, not 3 Miles only, but, as the *New Hampshire* Committee insisted, 7 or 10 Miles beyond *Merimack* River; and also produced an Order of the Governour and Council of *New Hampshire* of 10th of *April* 1726, which had prohibited Persons from settling Lands at a Place called *Pennicook*.

Both Parties declar'd they had no further Evidence.

AND, after the respective Committees had declared they had *no further Evidence* to offer, the Commissioners adjourned from the 30th to the 31st of *August*.

August 31. New Hampshire *Reply*.

THE *New Hampshire* Committee presented to the Commissioners their *Reply*, containing many Observations and Arguments on the several Matters that had been offered.

Massachusets *Reply*.

AND the *Massachusets* Committee presented to the Commissioners their Reply also, wherein, amongst other Matters, they allow and confess, that the *lower* part of *Merimack* River is the *principal part of it*.

September 2.

THE Commissioners met and pronounced their Judgment (which was afterwards drawn up in these Words):

Commissioners Determination.

"PROVINCE of *New-Hampshire*, *Hampton Sept.* 2. 1737.

"At a Court of Commissioners, appointed by his Ma-"jesty's Commission under the Great Seal of *Great Brit-*"*ain*, to settle, adjust and determine the *respective* Boundaries of the "Provinces of the *Massachusets Bay* and *New-Hampshire* in *New* "*England*, then and there held.

"IN Pursuance of His Majesty's aforesaid Commission, the Court "took under Consideration the Evidences, Pleas and Allegations, "offered and made by each Party, referring to the Controversy de-"pending between them; and upon mature Advisement on the whole, "a Doubt arose *in Point of Law*, and the Court thereupon came to "the following Resolution, *viz*

"1. That —— if the Charter of King *William* and "Queen *Mary*, dated *October* the 7th, in the third Year "of their Reign, grants to the Province of the *Massachu-* "*setts Bay, All* the Lands which were granted by the "Charter of King *Charles* the Ist, dated *March* 4, in the fourth Year "of his Reign, to the *late* Colony of the *Massachusets Bay, lying to* "*the Northward of Merimack River*: — Then — the Court adjudge "and determine, that a Line shall run *parallel with the said River*, "at the distance of three *English* Miles *North* from the *Mouth* of the "said River, *beginning at the Southerly Side of the Black Rocks*, so "called at Low-water-mark, and from thence *to run to the Crotch* or "Parting of the said River, where the Rivers of *Pemigewasset* and "*Winnepiesekoe* meet: and from thence, *due North*, three *English* "Miles; and *from thence, due West*, towards the South Sea, until it "meets with His Majesty's other Governments, which shall be the "Boundary or dividing Line between the said Provinces of *Massa-* "*chusets Bay* and *New Hampshire on that Side.*

As to the Southern *Boundary of* New Hampshire *special.*

"But —— if otherwise ——, then the Court adjudge and deter- "mine, that a Line on the Southerly-side of *New Hampshire*, begin- "ning at the Distance of three *English* Miles North from the "Southerly Side of the *Black Rocks* aforesaid, at Low-water-mark, "and from thence running *due West*, up into the Main Land, towards "the South Sea, until it meets with his Majesty's other Govern- "ments, shall be the Boundary Line between the said Provinces, *on the Side aforesaid.*

"Which Point, in Doubt, with the Court as aforesaid, they hum- "bly submit to the wise Consideration of His most sacred Majesty "in his Privy Council, to be determined according to His Royal Will "and Pleasure.

"2. And as to the Northern Boundary between the "said Provinces, the Court resolve and determine, That "the dividing Line shall pass up through the Mouth of *Piscataqua* "Harbour, and up *the Middle* of the River into the River of *Newich-* "*wannock*, (part of which is now called *Salmon Falls*) and through "*the Middle* of the same to the furthest Head thereof; and from "thence *North two Degrees Westerly*, until 120 Miles be finished, "from the Mouth of *Piscataqua* Harbour aforesaid; *Or*, until it "meets with His Majesty's other Governments.

As to the Northern *Boundary.*

"3. And that the dividing Line shall part the Isles of "Shoals, and run through the Middle of the Harbour, be- "tween the Islands to the Sea, on the Southerly Side; and that the "South-westerly Part of the said Islands shall lie in, and be account- "ed Part of the Province of *New Hampshire;* and that the North-

As to the Isles of Shoals.

"Easterly Part thereof shall lie in, and be accounted Part of the "Province of the *Massachusets Bay;* and be held and enjoyed by the "said Provinces respectively, in the same manner as they now do, "and have heretofore held and enjoyed the same.

As to the Charges. "4. AND the Court do farther adjudge, That the Cost "and Charge, arising by *taking* out the Commission, as "also of the Commissioners and their Officers, *viz.* the two Clerks, "Surveyor and Waiter, for their travelling Expences and Attendance "in the Execution of the same, be *equally* borne by the said Prov-"inces.

AFTER pronouncing which Judgment the Commissioners inform'd the Committees, that they should adjourn *to Friday the 14th of* October, *at ten in the Morning*, (being six Weeks) and order'd that Copies of the Judgment should be sent to the respective publick Officers in the said Provinces, and also Notice of the Court's said Adjournment, in order to receive any Exception or *Appeal*, which either or both Parties might have to the said Judgment.

As to the *New Hampshire* Assembly, the Governour over both Provinces prorogued them (*only*) that very Morning of the 2d of *September* on which the Commissioners were to pronounce, and did pronounce, their Judgment, before ever the *New Hampshire* Assembly could possibly hear what the Judgment was, much less see a Copy of it, or consider it, to the 13th of *October* then next, the Day immediately preceding that, on the Morning whereof, or never, their Appeal was to be presented to the Commissioners.

WHEN the 13th of *October* came, the *New Hampshire Assembly* met, and endeavoured to consider some few of the Papers.

ON the 14th of *October* the *New Hampshire* Representatives met at eight in the Morning, and in the best manner they could, under their Situation, prepared and past *their* Vote of Exceptions to the Commissioners Judgment.

THEY sent up several times that Day to the Council (the other House of Legislature in *New Hampshire*) after the time the Council had been adjourned to, to know if the Council was sitting?

AND again, *it drawing near Sun-setting*, another Message was sent, to know if there was yet a Council, but the Secretary sent for Answer that there was no Council that he knew of, and that the Governour was not known to be in the Province;

WHEREUPON the House of Representatives of *New Hampshire* hastened away the Committee, with the Vote of Exceptions of the Representatives *only*, to be delivered to the Commissioners.

October 14. SIX of the Commissioners met,

Massachusets *Appeal entered before the Commissioners.* AND the *Massachusets* Committee presented their Appeal, consented to and concurred by their whole *General Court*, Governour, Council and Assembly, and conceived in the Form of a Petition to his Majesty in Council.

The same as that which was afterwards presented to His Majesty.

By which they declared, that they appealed from the first special Clause of the Commissioners Judgment, which related to the *southern* Boundary.

1. Because their *present* Charter says, that *the* Colony of the *Massachusets Bay* is *incorporated* with *New Plymouth, &c.* into *one* Province, by the Name of the Province of the *Massachusets Bay*, "*not excepting the least part of it.*"

2. Because the *present* Charter impowers the Governour and General Assembly to grant *all* Lands in the *late* Colony of the *Massachusets Bay;* and declares, that *such* Grants shall be valid, and *therefore* grants to the *Massachusets*, *all* the Land to *the northward of Merimack* River, *as well as elsewhere*, that was in the *late* Colony of the *Massachusets.*

3. Because the *New Hampshire* Agents, in the State of their Demand had acknowledged, (as the *Massachusets* said) that *New Hampshire* lies without the *late* Colony of the *Massachusets,* and that the *late* Colony of the *Massachusets is incorporated* into the *present* Province of the *Massachusets;* and *therefore,* no doubt can be made, whether the Line of *New Hampshire* should include any part of the said late Colony, on Supposition that any part of it were not granted by the present Charter.

4. That the said Line ought not to run *West* into the Main Land, because a *West* Line *crosses Merimack* River about 30 Miles from the Mouth, and excludes the said River (where it is determined to be *Merimack* by the Judgment of the Commissioners) for about 40 Miles, out of the *Massachusets,* whereas *Merimack* River, and 3 Miles northward (they said) was in the *Massachusets*, by express Words, in both the old and *new* Charter, "*not excepting or excluding any part of it.*

5. They objected to the Commissioners Determination, as it directed a Line to be run *due West,* from 3 Miles North of the *Crotch till it meets with his Majesty's other Governments;* whereas (they said) that dividing Line could proceed *no further than* 60 *Miles;* for that the Province of *New Hampshire* never went further, neither by the Council of *Plymouth's* Grant to *Mason,* nor by his Majesty's Commissions to his several Governours of *New Hampshire;* which Commissions bounded that Province (as they said) only, from 3 Miles northward of *Merimack* to the Province of *Maine.*— So that the protracting that West Line, "*seem'd to be to prevent the* Massachusets *extending towards the* South Sea, or westward as far as *Connecticut.*"

6. They also objected to the *northern* Boundary being directed to run *North two Degrees westerly;* and insisted that it should have been *North-westward,* which (they said) was a well known and certain Course, the same as *towards* the *North-west.*

7. THEY also objected to that Line's being directed to proceed till 120 Miles from the Mouth of *Piscataqua* Harbour be finish'd, *or*, till it meet with his Majesty's other Governments; whereas they said it should have been *only* until the 120 Miles be finish'd, *without mentioning his Majesty's other Governments*, because the Province of *Maine* extended no further than 120 Miles, and *New Hampshire*, on that Side, was bounded by the Province of *Maine*, in all the Commissions to the several Governours of that Province wherein any Bounds were mentioned.

THEREFORE, by their said Appeal they prayed, that *such parts* of the said Commissioners Determination be *disallowed.*

The New Hampshire *Appeal tender'd, &c.*

AT *the same time* the *New Hampshire* Committee produced to the Commissioners the Vote of their House of Representatives, containing their Exceptions to, and Appeal from the Commissioners Judgment, *which Appeal was then entered.*

The Massachusets *objected that the* New Hampshire *Appeal did not come from that* whole Province.

BUT the *Massachusets* Agents objected, that it was only a Vote of *one Part* of the Legislature, which did not represent the *whole Province*, whereas, by His Majesty's Commission the Appeal ought to come from the *whole Legislature*, which was the *Province.*

WHEREUPON the Commissioners continued the Matter for Consideration till their next Adjournment, and adjourn'd to the 17th.

October 17. THE Commissioners met again, and the *New Hampshire* Committee being at their General Court, the Commissioners adjourn'd till next Day.

October 18. THE Commissioners met again, and *having duly considered* the Vote of Exceptions, made by the *New Hampshire* Assembly, *agreed and determined that the same should be received and made Part of their Records.*

The Purport of the New Hampshire *Appeal.*

BY the said Vote of Exceptions, that House of Representatives of *New Hampshire* took notice of the Governour's proroguing their General Court as before-mentioned, whereby that *Province* had been stript of the Benefit of appealing from such Part of the Judgment, as they might think unreasonable and prejudicial; but, that His Majesty might not think that House satisfied with all Parts of that Judgment, they voted, That His Majesty's Province of *New Hampshire* thought themselves aggrieved thereby, in the following Particulars.

WITH Regard to the *Southerly* Boundary.

1. FOR that the Judgment said, *beginning at the Southerly Side of the Black Rocks, at Low-water-mark*, when those Rocks were about *a Mile from the Mouth* of the River *Merimack, and near three Quar-*

ters of a Mile North from where it empties itself into the *Atlantick* Sea or Ocean.

2. 3. THEY objected to *a parallel Line with the River*, even in case a *crooked Line* should be run, which they were humbly of opinion *by no means ought to be admitted.*

AND said, that they objected against the running a *crooked Line parallel to the River*, it being founded on the *Old* Charter which had been long since vacated.

YET, in such case, it ought to begin three Miles to the North of the *Mouth* of the River *Merimack*, at Low-water-mark, where it empties itself into the *Atlantick* Sea, or Ocean.

AND, in that manner, to run *no further* than the River hath a *Western* Course.

AND, *not* to run parallel to the River, *where it runs North and South*, at three Miles Distance from the River, and far beyond, where they apprehended it was *formerly* called *Merimack*, and more particularly, because the *Massachusets Bay* now hold under the Charter of *William* and *Mary*, which never intended a *crooked Line.*

AND as to the *Northern* Boundary:

4. THEY objected to that Part of the Judgment which directed the Line to run through the Mouth of *Piscataqua* Harbour, and up the *Middle* of the River; because Mr. *Gorges's* Patent, under the *Massachusets* Claim, does not convey any Right to the *River*, and the Jurisdiction thereof had always been in the Possession of *New Hampshire*, and *never claimed by the Massachusets;* and *New Hampshire*, in order to preserve and safeguard the same, had always had a *Castle* and maintained a *Garrison* there.

October 18. Massachusets *filed a written Protest.*

THE *Massachusets* Committee filed a Protest before the Commissioners against receiving the *New Hampshire* Appeal, from the Assembly only; and said, that the whole General Court had *then* been *several Days* sitting, which was literally true; but that was *after the time appointed for receiving the Appeal was over*, (not before).

THEN the Commissioners having directed Mr. *George Mitchel*, their Surveyor, to prepare a Plan or Draught of the Rivers and Boundary-Lines referred to, and mentioned in their Judgment; he performed the same, and the *Black Part* of the Plan of those Rivers is a true Copy of the same, only in a smaller Scale.

IN which Plan (now that it is finish'd) there appears to be a palpable Mistake, to the Prejudice of *New Hampshire*, for the Commissioners had directed a Line to be run (if the Determination of their Doubt went in one manner) *due West;* whereas the prickt Line marked upon the Plan for *due West*, really is *West and by North*,

being a full Point of the Compass to the Northward of the West, as appears plainly on the Face of the Plan, when *neither* of the Parties had demanded, nor had the Commissioners directed any such Line as that ; but that is a mere Mistake in the Officer, and no Error in the Commissioners Judgment, which has expressly directed that Line to be *due West*.

AND then the Commissioners adjourn'd to the 1st of *August*, 1738, in order to receive His Majesty's Royal Pleasure.

1737, February 5. *The* New Hampshire *Petition of Appeal presented.*

THE House of Representatives of *New Hampshire*, by the said Mr. *Thomlinson* as their Agent, presented their Petition of Appeal to His Majesty in Council, for and on Behalf of His Majesty and the said Province, humbly complaining, as well of the said Judgment, as of the Behaviour of the Common Governour over both Provinces towards *New Hampshire*, and praying Relief in the same.

And referred. Feb. 6.

HIS Majesty was pleased to refer the same to the Committee of his Privy Council for Plantation Affairs.

1738, July 18.

The *Massachusets* Appeal was lodged in the Council-Office, and not before, and upon.

Referred. July 20.

His Majesty referred that Appeal also, to the said Committee.

July 26. New Hampshire. *instantly entered their Appearance to that Appeal.*

AND, *immediately* the House of *New Hampshire* enter'd their *Appearance thereto* in the Council-Office.

THOUGH the *Massachusets* Appeal deliver'd in to the Commissioners, was signed by the Governour himself by the Secretary by Order of the Council, and by the Speaker, in the Name of the Assembly ; yet the present Petition, which is presented to His Majesty, (and is the whole on the *Massachusets* Part that is referred to their Lordships) is signed by the Governour *only*.

So that the Council and Assembly of the *Massachusets Bay* have either dropt and deserted the Appeal, which they once intended to make to His Majesty,

OR otherwise, have some Intention, by means of this wilfull Omission, to avail themselves by a further Delay, in bringing in another Petition of Appeal.

1738, October 9, 12. *Another Contrivance here to delay any Hearing and to prevent* New Hampshire *being heard at all, by a special Petition from the* Massachusets *to His Majesty.*

A FURTHER Petition to his Majesty was lodged in the Council Office, and on the 12th of the same *October* 1738 was referred to the Lords, being a Petition from the *Massachusets* Agents of a most extraordinary Nature, one part thereof containing an Objection to the Regularity of the *New Hampshire* Appeal, as it came only from the House of Representatives. And the other parts thereof being an *additional* and *supplemental* Ap-

peal, (three Months after their own former Appeal presented to his Majesty and referred) from several *other* interlocutory parts of the Commissioners Proceedings, complaining that the Commissioners, during the Course of their Proceeding, had refused some Plan which the *Massachusets* said they had offered to them ; alledging also, that the *Province* of *New Hampshire* had delivered no Appeal or Exception to the Commissioners, nor had authorised any Persons to attend the Commissioners ; suggesting, that therefore the Commissioners should not have received *any* Appeal from the *New Hampshire* House of Representatives ; and that the *Massachusets* had protested against the Commissioners receiving such an Appeal ; and praying to have the Benefit of that and all their *other* Protests below ; the *Massachusets* Agents also complained, that the *New Hampshire* Petition of Appeal contained several Matters of *personal Complaint* against the Governour for his Behaviour, which were no part of the Record of the Commissioners. [And which had been inserted in the *New Hampshire* Petition of Appeal, purely to show by what means it became impossible for any *other part* of the Legislature of *New Hampshire* to appeal, save the House of Representatives *only*.] And the said *Massachusets* Petition prayed his Majesty, " *That the Petition of Appeal from* New Hampshire *might be rejected and dismissed.*"

October, 26. New Hampshire *applied to have that Pet. brought on.*

NEW HAMPSHIRE finding this new Petition flung in their Way, (instead of an Appearance being entered to their Appeal) did, (at the very first Committee afterwards) humbly move the Lords, that such Petition might be *immediately* heard, and accordingly it was ordered.

It was so. Novemb. 2.

THAT Petition was heard by Council, and the Lords made a Report thereon to his Majesty.

30. *And by Order in Council it was dismiss'd.*

BY his Majesty's Order in Council their Lordships said Report was confirmed, and that Petition from the *Massachusets* Agents *was dismiss'd this Board, but without Prejudice to their being permitted to make their Objection against the Regularity of the* New Hampshire *Appeal, when the same should come on to be heard before the Committee.*

Another Step was necessarily taken by New Hampshire, *to bring on their separate Complaint against the Governour before the Appe. came on to be heard.*

THERE having been presented to his Majesty in Council (at the same time and along with the *New Hampshire* original Appeal) a *separate* Petition of Complaint from the House of Representatives of *New Hampshire*, against the common Governour over both Provinces, for his Behaviour towards *New Hampshire* in the Affair of the said Commission, the said House of Representatives were obliged to prosecute their said Complaint, in order to get it heard before the Appeal came on ; and after waiting above nine

Months for the Governour's Answer thereto, and sending three several times successively to *America*, before the Governour would authenticate their Papers which were necessary to support that Complaint, they applied for a Day for hearing that Complaint.

1739, November 21. *The Report on that Complaint.*

THAT Complaint came on to be heard before their Lordships, who made a Report to his Majesty thereon, that the said Governour had acted with *great partiality*, by proroguing the Assembly of *New Hampshire* from the 6th of *July* 1737 to the 4th of *August* following (*being three Days beyond the Time appointed for opening the Commission*) *in Disobedience to his Majesty's Order in Council*, which had been transmitted to him by the Lords of Trade, and which was proved to have been *delivered to him in due time;* and also, by further proroguing the said Assembly from the 2d of *September* 1737 to the 13th of *October*, whereby the *Province* of *New Hampshire* were deprived of the Time intended by his Majesty's said Order in Council, to be allowed them to consider of the Commissioners Determination and (if they found themselves aggrieved thereby) to prepare a *proper and regular* Appeal therefrom to his Majesty in Council, in order to a *final* Determination of the Matters in dispute between the said Province and that of the *Massachusets Bay*, and thereby to *frustrate* the Intention of his Majesty's Commission.

December 27. *Confirm'd by Order in Council.*

HIS MAJESTY by Order in Council was graciously pleased to approve of the last mentioned Report.

AND now, that the Judgment of the Commissioners, and all the Evidence, as well as Proceedings before them, are compleatly before his Majesty in Judgment, on Appeals from both Parties, the House of Representatives of *New Hampshire* humbly hope, that the *Merits* of this *long depending* Controversy will receive a compleat and *final Determination* here, such as the Commissioners below ought to have given, and that the several parts of the Commissioners Judgment shall be *varied*, as hereafter mentioned; for the following and many other Reasons that may be assigned.

As to the Point reported specially by the Commissioners.

As to the Matter stated *specially* by the Commissioners, as their Doubt in Point of Law, whether the *new* Charter granted to the *Massachusets all* the Lands which were granted by the *old* Charter, lying to the northward of *Merimack* River?

1. THE old Charter granted the Lands from 3 Miles North of *Merimack* River, and also, from 3 Miles North of *any and every part thereof.*

SOME PARTS of that River, (as it is not only admitted but insisted on by the *Massachusets*) extend above 55 Miles more Northwards than the *other main parts* of that great River do.

But the new Charter grants only three Miles North of the *great* River, leaving out the Words *any and every part thereof*, and distinguishing from what part of the River the three Miles were to be measured.

2. Admitting it were possible that three Miles from the *great* River, or from the *great part* of the River, should mean the same thing, exactly, as three Miles from *any and every part* of the River,

Yet, it is confest, and proved by the *Massachusets* themselves, that the Grant of *New Hampshire* to Capt. *Mason* was a Tract beginning in the *middle* of *Merimack* River, and extending thence *northwards*, and that Grant of *New Hampshire* was subsequent to the *old* Charter, while that old Charter was in force.

But *in the new Charter* there is an express *saving out of the Grant*, of *Allen's* Right as claiming under *Mason*.

Besides there is a general Saving or Exception out of the *new* Charter of the Right of all Persons *within the Bounds aforesaid*.

And, without this Exception or Proviso, to restrain what was *in general* granted by the new Charter to the Province of the *Massachusets*, the *Massachusets* would have had all *Rhode Island*, *Conecticut*, *New York* and *New Jersey;* (all of which Colonies lay between *Merimack*, on the North part, and the *Atlantick* Ocean, on the South part, and all which Colonies had been granted away by the Crown in 1662, 1663 and 1664, long after the *Massachusets* first Forfeiture of their Liberties and Franchises ;) but, under this *general Proviso*, *Rhode Island*, *Conecticut*, *New York* and *New Jersey* are effectually excepted, and indeed so is *New Hampshire* also, in the general Words ; though *New Hampshire* does not stand in need of that *general* Exception, because there is *a particular and express Exception* relating to *New Hampshire*.

As to the Boundary on the South *side of* New-Ham. 1. *Where that Line shall begin. Whether* 3 *Miles or* 4 *Miles North of the River* Merimack's Mouth?

As *to the southern Boundary* of *New Hampshire*, the first Question in the natural Order is, where that boundary Line shall *begin*? *New Hampshire* insisted that three Miles should be taken North from the *middle of the Channel of the River*, where it runs into the *Atlantick* Ocean ; and the *Massachusets*, by their Demand before the Commissioners, insisted it should begin, *at the Sea*, but three Miles North from the *Black Rocks*, where (as they groundlessly pretended, but never proved) the River had emptied itself 60 Years ago.— The late Attorney and Sollicitor General, after considering the *Massachusets new* Charter, and being attended by Counsel on both sides seven or eight several times, had reported that, according to the Intention of that *new* charter (which recited their *old* Charter also) the Line ought to begin three Miles North of the

Mouth of the River, *where it empties itself into the Sea;* but the Commissioners have directed it to *begin* three Miles North from the Mouth of the River, beginning at the sourtherly Side of the *Black Rocks*, at Low-Water Mark, which is indeed *four* Miles North of every part whatsoever of the Mouth of the River, as appears by Inspection of the Commissioners Plan; for the Black Rocks lay deep in a Bay, considerably *within* the River's Mouth, and a Mile or more, *North* of every part whatsoever of the *Mouth* of the River, wherefore, considering this single Point either under the *Massachusets old* Charter, or under their *new* one, under *neither* of their Charters were they to go more than three Miles to the northward of that River, whereas measuring three Miles from the *Black Rocks*, in the Elbow or Bay, up within the side of the River, it really gives to the *Massachusets four* Miles North of the *Mouth* of the River; and what puts this Point, as *New Hampshire* humbly conceives, out of all question is, the plain Expressions in the *Massachusets* new Charter; the very first Boundary wherein directs, that the northern Limits of the Province of the *Massachusets* shall extend, from the *great* River *Merimack, on the North part*, (and from three Miles northward of the *said* River) towards the *Atlantick* Sea or Ocean, *on the South part.* And the subsequent Descriptions in their new Charter grant them all the Lands, extending *throughout the main Lands* there, *from the* Atlantick *or western Sea and Ocean, on the East part, towards the* South Sea, *or westward, as far as the Colonies of* Rhode Island, Connecticut *and the* Narraganset *Country.*

2. How, and in what manner, that Line, when begun, *shall run, and be* continued? *Whether one strait, continued West Line, or, a Line running all manner of different Courses?*

THE next Matter in Order is, *how and in what manner,* that Line shall run, when the Place of Beginning is fix'd? *New Hampshire* all along insisted that it should run, on a *strait Line*, West, up into the main Land, towards the *South Sea*, until it meets with his Majesty's other Governments. The *Massachusets* thus far agreed thereto that they demanded that, by far the greatest part of, that Line should run *due West* to the *South Sea;* but then, *before such time as they begin that due West Course*, they insist to *follow* the River, (not only in its *western* Course, but also in its *northern* Course) with a *parallel Line*; which must of Consequence be in some parts three Miles *North*, in other parts three Miles *East*, and even in many places three Miles *South-East* of the River; then to run three Miles further, North of the *north End* of the River; *and then*, to *begin* their said due *western Course*, to run on, afterwards, towards the *South Sea.* — It might suffice, possibly, to have recourse only to the first Words of their new Charter, and to view the Commissioners Plan for the *several*

Courses of the River, to confute this very strange Demand of the *Massachusets;* for the Continent is esteemed to be at least 3000 Miles over (in that part) from the *Atlantick* Ocean, on the East part, to the *South Sea,* on the West part; and the Descriptions in their *new* Charter just mentioned direct their *northern* Bound to extend (from three Miles North of *Merimack*) *from* the *Atlantick* Ocean *towards* the *South Sea.* And as no *particular* Line or Course is described, it must of *necessity* be a strait Line, otherwise, if the Grantees, in such a Grant, were at liberty to take *any* Line whatsoever that they could invent, through such a vast depth of Continent and main Land, they might take a slanting Line, or a curved Line of any sort, expand and diverge their Boundaries, and include just as much Land as ever they thought proper, which cannot surely be contended for.

A LINE to run in the manner which the *Massachusets* contend, first near 30 Miles *West* up from the Sea-Coast into the Country, then 55 Miles *North*, within the Heart of the Country, and then again West to the South Sea, would take in *for the whole Depth of the Continent in America, and for* 55 *Miles in Breadth*, what had never been granted to them, and would require some one Expression or other in the Charter, (but which there is not) to ground such an extraordinary Demand upon.

THIS Line would not only cut off near two Thirds of Mr. *Mason's* Grant for *New Hampshire,* whereby his Tract was to extend 60 Miles deep into the Country (which Grant the *Massachusets* themselves gave in Evidence) and which Tract they would cut off at 26 Miles deep, (instead of 60) and leave to him but about one Third, and that of the *narrowest Part* of his Province also; (although Mr. *Mason's* Grant is *expressly excepted and saved*, in the *Massachusets* new Charter) but, besides the Injury thereby to be done to Mr. *Mason's* Grant, His Majesty would suffer infinite Prejudice thereby; for the Lands *on the Back* of Mr. *Mason's* Grant (which goes but 60 Miles deep) and also all those *on the Back* of the Province of *Maine* (which goes 120 Miles only deep into the Country) whether they are, or are not, properly a Part of His Majesty's Province of *New Hampshire*, or called by the *Name* of *New Hampshire,* or not, (which is a very immaterial Question) are most undoubtedly the Property and Inheritance of His Majesty, and have never been granted out by the Crown to any person whatsoever since the Great Council of *Plymouth* surrendred back their Charter to King *Charles* the 1st.

FOR, just as far as the *Massachusets* can break into *New Hampshire*, just so far they encroach upon the Crown Lands, the whole Depth of Country backward *behind* Mr. *Mason's* Grant, through all the vast Continent of main Land.

If a strait *Line is to be run the* Southern *Boundary is determined, only to correct the Surveyor's Mistake.*

In case their Lordships shall be of Opinion, that a *strait Line* is to run in that part, the Dispute (on that *southern* Boundary) will be thereby determined, and *New Hampshire* will only have then to pray, That the Surveyor's Mistake, in laying down a *West* and *by North* Line (which no body ever insisted on, nor did the Commissioners direct it) instead of a *West* Line (which both Parties insisted on, and which the Commissioners had, in case the Construction went one Way, directed) may be set right by their Lordships Report and by his Majesty's Judgment.

Objection. That the South Boundary of *New Hampshire* should be a crooked Line, drawn parallel with the River.

Answer. It is unconceivable that the *Massachusets* new Territory should have *two distinct and different Degrees of Width*, as for Instance, the first Degree of Width for near 30 Miles deep into the Country, to be of any particular Width whatever and then afterwards, behind that narrower Tract the Residue of their Tract to be 55 Miles wider. Yet this, as absurd as it appears, is absolutely contended for, by claiming a *crooked Line* to run *parallel* to the River, and by calling the *whole* River by the name of *Merimack*.

Again, throughout the whole new Charter it is impossible to find out any *eastern* Boundary for any part of the *Massachusets* new Province, but the *Atlantick* Ocean *singly and solely;* but, if the *Massachusets* Pretensions had any Colour in them, there must have been *two very different* eastern Boundaries for that Province; for one part of the *Massachusets* must have been described to be bounded, (as it is) to the *Atlantick* Ocean on the East; and then, the upper part of that Province (where they would have it grow so much wider) must have been bounded to the East *with the Land* in the heart and middle of the Province of *New Hampshire!* But nothing like that is to be found in the Charter.

Nor is this all: The new Charter (*subject to the Exceptions* therein afterwards contained) does most undoubtedly grant to the *Massachusets* 3 Miles Advantage beyond the *great* River *Merimack:* But how? It is 3 Miles *North* of that great River. But, in order to give the *Massachusets* what they contend for, and to allow them a crooked Line, *parallel* with what they call the River *Merimack*, there are these Difficulties to be encountred. 1. The River, near 200 Miles from its Mouth, must *still* be called the *great* River, 2. When that's got over, then the *Massachusets* must not only have 3 Miles *North* of it (which is all that the Charter mentions) but they must also have 3 Miles *North-east* of the River, 3 Miles *East* of the River, nay 3

Miles *South-east* of the River, in many Places; and if the Word *North* be not expounded so as to mean *all those different*, nay contradictory and *opposite* Points, the *Massachusets* cannot have that crooked Line *parallel* with the River, which they contend for.

BESIDES all which, *New Hampshire* insisted below before the Commissioners, and the Fact was so notorious upon the Spot, that the *Massachusets* never contradicted it, that it is *absolutely impossible* that a Line can be run 3 Miles *North* of the River, and *parallel with it*, (even in the most favourable parts of the River in general, where it runs in a general *western* Course:) And that Fact appears plain to Demonstration upon the Plan of the River as returned, but much more so upon the Spot, the Plan being in a very small Scale; for the River, (even in those parts) has many narrow Meanders and Bends or Bites, which shoot out into irregular Angles, so that *New Hampshire* most humbly relies on it, it is utterly and absolutely *impossible* in Art and Nature both, to run a Line in all Places *parallel* to the River, to be in every part 3 Miles distant from the River, and to be in no part more than 3 Miles distant from the River (without any Regard at all to its being North, or not North of the River, only with regard to its being a parallel and equidistant Line) even up by that part of the River, where generally it bears a western Course. And it is submitted, that the Crown has not exprest, nor could intend in its Charter, such a Line for the Boundary of a Province, as could not *possibly* be drawn, but on the contrary, a plain strait Line; which is practicable and natural, and must always be intended, unless some other or different Line is clearly exprest.

BUT the last Objection, strong as it is, is the least of the Objections to a crooked parallel Line, to be run in such manner as the *Massachusets* contend for it; that last Objection being confin'd only to the *great* and first part of the River, from the Sea up about 30 Miles, while the River *generally* runs a western Course; but, after that, when what is pretended to be called *Merimack* turns off, and does it self run a general *northern* Course, then, in those parts (besides all other Objections thereto, herein before mentioned) it seems quite incomprehensible how the *Massachusets* can form a Notion, of a *North* Boundary, by a *parallel* Line, to run all along parallel with the River, and at 3 Miles *distant* from the River, and to be North of that River, when the River itself is a Line that runs there generally *North!*

The *Massachusets*, to solve that Difficulty, would then have it be 3 Miles *North-east*, or *East*, or *South East*, from time to time, as occasion requires, in all that Length: But besides, that there are *no such Words* in the Charter, nor any thing like it, but quite otherwise,

such a parallel Line there, would cut off Mr. *Mason's* Grant (which was given in Evidence by the *Massachusets* themselves, and which was to extend 60 Miles deep into the Country, and which Grant was particularly excepted out of the new Charter to the *Massachusets*, even if it had been *within* their Bounds) a great way below the middle of it, and leave him only about one-third *in depth* of his Tract, and that in the *narrowest part also* of his Tract, nearest to the Sea; for then, at the Depth of 26 Miles only in the Country, the *Massachusets* would break in upon his Tract, and take away not only the back part, and greatly above half of what was granted to him, but also, which is of far more Consequence, all that vast Tract and Territory of his Majesty's Lands which lies behind Mr. *Mason's* Grant.

How far this Line shall extend in Length?

The only thing that remains (with regard to the *southern* Boundary of *New Hampshire*) is the *Massachusets* Appeal from that part of the Commissioners Judgment, where they directed the southern Boundary Line, (however it should run) to extend West toward the *South Sea*, *till it meets with his Majesty's other Governments*. — Whereas the *Massachusets now* insist it should run no further than 60 Miles, which they say is the Extent of *New Hampshire*.

In *their own Demands* filed before the Commissioners on the 8th of *August* 1737, they themselves *expressly demanded* that that Line should run quite *to the South Sea;* In their Answer filed before the Commissioners on the 11th of *August* they limited nothing of 60 Miles, but Speak of that Line as to run West towards the *South Sea.* The *New Hampshire* Demands filed before the Commissioners the 1st day of the same *August*, insisted that it should run westward to *the South Sea*, or, until it meet with his Majesty's other Governments, agreeable to the Words of the *Massachusets* Charter; and his Majesty's Commission directed the Commissioners to determine the respective Bounds of *both* Provinces; and although the *Massachusets* pretend to make a very immaterial Question, whether *New Hampshire* extends so far, yet they will readily admit, and it is most certainly true, that the *Massachusets* does extend (taken within its proper and due Limits) westward, until it meets with his Majesty's other Governments. — So that it's humbly hoped the Commissioners Determination (as to the *Extent* of the southern boundary Line) was very right.

As to the Northern Boundary of New Hampshire.

As to the *northern* Boundary, the Commissioners Judgment directs the dividing Line to pass up *the middle of* Piscataqua River and *through the middle of* Newichwannock River; but it's hoped that that is wrong: For, if recourse be had to the Grant from the Crown of the Province of *Maine*, made to

Sir *Ferdinando Gorges*, it will appear that no part of the *Rivers* were granted to him, but only *Main Land*, between the Rivers of *Piscataqua* and *Sagadahocke;* consequently if he did make any Conveyance to the *Massachusets*, (which has been pretended, though not proved) he could not convey to the old Colony of the *Massachusets* any part of either of those *Rivers* which he himself had no Title to. — And, upon looking into the new Charter to the Province of the *Massachusets*, where the Lands which made the Province of *Maine* are granted to them, it will appear that the *same Land* is again granted, in the *same Terms*, as a Portion of *main Land* between the said Rivers. — The *Massachusets* never possess'd, or claimed, the *River* itself, or any part of it, neither under their old or new Charter; nor, in their Demand filed before the Commissioners, did they demand half or any part of the *Rivers:* So that it's humbly hoped this part of the Commissioners Judgment, which in consequence adjudges *half of the Rivers* to the *Massachusets* without any Demand by, or any Title in, the *Massachusets* will be revers'd.

1. *Which gives* half the Rivers Piscataqua *and* Newichwannock *to the* Massachusets.

THE next Matter in Order, is the *Massachusets* Appeal from that part of the Commissioners Judgment which directs *what Course* the Line, for the northern Boundary shall run, from the furthest Head of *Newichwannock*, after that River is at an end? — As to which, the original Grant of the Province of *Maine*, to Sir *Ferdinando Gorges* in 1639, directs that Line to run northwestward. — The new Charter in 1691, directs the self-same Course, in the very same Words — *New Hampshire*, by their Demand before the Commissioners, therefore insisted that that Line should run northwestward (as all Persons understand that Term) that is to say, North, *less than a quarter of a Point* westward. — But the *Massachusets* demanded, by their Claim, that it should be a Line *due Northwest*, and insisted before the Commissioners that that was *the same* as northwestward. — For which the Commissioners thought there was no colour; and therefore have adjudged that that Line should run, *North, two Degrees westerly*, which is known and esteem'd to be properly northwestward. And *New Hampshire* submitted thereto, having assigned a Reason to the Commissioners, (which was not contradicted) and which fortified that natural Exposition of the Term northwestward, for that, a Line, *due North-West, or South East*, from *Piscataqua* Harbour's Mouth, would run out so as to include and give *New Hampshire the whole* of the Isles of Shoals, whereas that province is entitled only to the *half* of those Isles; and accordingly but half of those Isles was adjudged to each respective Province; wherefore it's

2. *As to the* Course *which the Line is to run there, when* Newichwannock *River determines.*

humbly hoped this part of the Commissioners Judgment is right and shall be confirmed.

3. *How far that Line shall extend.* THE last Point appealed from by the *Massachusets* is, for that the Commissioners Judgment directs, that the last mentioned Line shall run and extend *too far*, for that it ought to go only to the End of 120 Miles.

AS to which, the original Grant in 1639 of the Province of *Maine* directs that Boundary to extend until 120 Miles be finish'd from *Piscataqua* Harbour. — The new Charter to the *Massachusets* in 1691, directs the self-same thing, in the same Words. — *New Hampshire*, by their Demand before the Commissioners, claimed that that Line should run as far as the *British* Dominion extends. — The *Massachusets* by their Demand, insisted that the Line should run *till* 120 *Miles were finish'd.* — And the Commissioners have directed that it shall run 120 Miles, *or*, until it meets with his Majesty's other Governments. — And as it is by no means certain that they can run so far as 120 Miles, on that particular Course, before they meet with the *French* Settlements in that Place, that cautious manner of Expression used by the Commissioners (and which rather *restrains* than *enlarges* the Distance that the *Massachusets* themselves demanded) can, it is hoped, be of no ill Consequence; nor does not infer that the Line shall run *any more* than 120 Miles; and even if it did run further than 120 Miles, it would be useful to prevent the *Massachusets* encroaching upon the Crown-Lands *there;* there being no *English* Settlements in those Parts at present, to prevent them.

AS to the Division of the *Isles of Shoals*, and the equal bearing the Charges of the Commission and Execution thereof, there is no Appeal made by either Party; wherefore it was the rather hoped that the *Massachusets* would have paid their Moiety of the Money laid out for them in *London* near three Years ago for suing out the Commission here, but they still refuse to pay it.

What New Hampshire *prays.* AND now, upon the whole Merits referr'd to, and in Judgment before, their Lordships, the Province of *New Hampshire* most humbly prays,

THAT their Lordships will be pleased to report,

THAT *all the Lands lying to the northward of* Merimack River, which were granted by the Charter of King *Charles* I, to the late Colony of the *Massachusets Bay*, *are not* granted to the present Province of the *Massachusets Bay* by the Charter of King *William* and Queen *Mary*.

AND that for the *southern* Boundary of *New Hampshire*, a dividing Line shall *begin* at 3 *English* Miles North from Low-water-mark of the southern Point of the northern Cape or Entrance, at the very

Mouth of *Merimack* River, next to the *Atlantick* Sea or Ocean, and may run directly up into the Country, *upon a Course*, not West and by North, (as the Surveyor by mistake has laid down the same, contrary to both Parties Claims, and the Commissioners Determination) but West, without any Variation ; and that such a Line *may* run and *extend so far*, towards the *South Sea*, until it meets with His Majesty's other Governments, in manner as the *red* Line for that Purpose is *begun* to be drawn on the printed Copy of the Commissioners Plan, (that Plan not allowing room enough to continue the whole Length of such Line.)

And that, for the *other* Boundary of *New Hampshire*, the dividing Line shall *begin* at the Entrance of *Piscataqua* Harbour, and so to pass up the same into the River of *Newichwannock*, and through the same to the farthest Head thereof, and from thence North *two Degrees westerly*, until 120 Miles be finish'd, from the Mouth of *Piscataqua* Harbour aforesaid ; *or* until it meets with his Majesty's other Governments ; in manner as the other red Line for that Purpose is *begun* to be drawn, on the printed Copy of the Commissioners Plan, (which Plan, as sent over, does not admit of marking out the whole Length of either of those Lines) *but not to grant any part of either of those Rivers to the* Massachusets.

And that, as to the *Isles of Shoals*, and the Division thereof, the Commissioners Judgment may be *affirm'd*.

The Province of *New Hampshire* further most humbly prays, that several Copies of the Commissioners Plan may be mark'd by proper Artists, before their Lordships, agreeable to their Lordships Judgment.

And that some such Copies may be preserved in the Council Office, and in the Plantation Office, and that others of such Copies, to be attested by the Clerk of the Council, may be delivered out to the respective Agents.

And that their Lordships will be pleased to put this Matter into the most safe Method to have the Lines actually run out, and Trees and other Boundaries mark'd really according to the Determination to be made, so as to end this *very long subsisting* Controversy.

With all proper Directions for the *impartial* and *speedy* executing and obeying His Majesty's Orders. And,

With Reservation to either Party, to represent to His Majesty in Council, (in case the said Bounds should not be mark'd out exactly agreeable to His Majesty's Royal Determination.)

New *Hampshire* likewise prays their Lordships, that the *Massachusets* may not only be condemned to pay their Share of the Costs of suing out the said Commission (as they were before ordered to do)

but also *Costs* in some measure adequate to the great Expence and Trouble which their repeated Oppositions have put the Province of *New Hampshire* to.

HUMBLY submitting it to their Lordships Wisdom to provide for the Support of his Majesty's Authority, and for the securing his Lands from being any further encroached upon by the Province of the *Massachusets*.

Massachusets Bay and New Hampshire.

The CASE *of His Majesty's Province of the* Massachusetts Bay, *touching the Dispute between that Province and His Majesty's Province of* New Hampshire, *in relation to their Boundaries on the Settlement thereof made by Commissioners appointed for that Purpose, and on Cross Appeals therefrom.*

KING *James* the First, by his Charter of this Date, grants to the Council, established at *Plymouth*, for the Planting, Ruling, Ordering and Governing of *New England* in *America*, and to their Successors and Assigns,

3 Nov. 18 Jac. 1 Charter to Council of Plymouth.

"All that Part of *America* lying and being in Breadth, from 40 "Degrees of Northerly Latitude from the Equinoctial Line to the "48th Degree of the said Northerly Latitude inclusively, and in "Length of and within all the Breadth aforesaid, throughout all the "main Lands from Sea to Sea, together also with all the firm Lands, "Soils, Grounds, Havens, Ports, Rivers, *&c.*

The said Council of *Plymouth*, by Indenture of this Date, granted to Sir *Henry Roswell*, and several others in Fee,

19 Mar. 3 Car. 1. Anno1627. Grant from Council of Plymouth to Sir Henry Roswell, and others.

"All that part of *New England* which lies and ex- "tends between a great River there, commonly called "*Monomack*, alias *Merrimack* River, and a certain other River there "called *Charles* River, being in the Bottom of a certain Bay there "commonly called *Massachusetts Bay* ; and also all and singular those "Lands and Hereditaments whatsoever, lying within the Space of "three *English* Miles on the South Part of the said *Charles* River, "or of any and every Part thereof ; and also all and singular the "Lands and Hereditaments whatsoever lying and being within the "Space of three *English* Miles to the Southward of the most "Southermost Part of the said Bay, called the *Massachusetts Bay* ; "and also all those Lands and Hereditaments whatsoever, which "lie and be within the Space of three *English* Miles to the North- "ward of the said River called *Monomack*, alias *Merrimack* River, "or to the Northward of any and every Part thereof ; and all Lands "and Hereditaments whatsoever lying within the Limits aforesaid "North and South in Latitude, and in Breadth and in Length and "Longitude of and within all the Breadth aforesaid, throughout the "main Lands there, from the *Atlantick* and Western Sea and Ocean "on the East Part, to the South Sea on the West Part, and all Lands, "Places, Soils, Woods, Havens, Rivers, *&c.* lying within the said "Bounds and Limits, and every Part and Parcel thereof."

King *Charles* the First, by his Letters Patent of this Date, did grant and confirm unto the said Sir *Henry Roswell* and others, their Heirs and Assigns,

4 Mar. 4 Car. 1 1628. Grant to Sir Henry Roswell, and others, from the Crown.

All the said Part of *New England* lying and extending

between the Bounds and Limits in the said Indenture expressed, and which Letters Patent of King *Charles* the First contain a Grant of the said Part of *New England*, by the very same Descriptions and Boundaries as are expressed in the said recited Indenture.

And for the better Management and Ordering of the Affairs and Business which should be from time to time concerning the said Lands, and the Plantation of the same, King *Charles* the First, by the same Letters Patent, did create and make the said Sir *Henry Roswell*, and his Associates, and such others as should be thereafter admitted free of the said Company and Society, one Body Corporate and Politick, by the Name of *The Governour and Company of the* Massachusetts Bay *in* New England; and granted them and their Successors divers Powers, Liberties, and Privileges.

The said Governor and Company of the *Massachusetts Bay* in *New England*, by virtue of the said Letters Patent, settled a Colony of *English* in the said Tract of Land; and divers good Subjects, encouraged and invited by the said Letters Patent, did transport themselves and their Effects into the same; whereby the said Plantations became very populous, and divers Counties, Towns and Places were created, erected, made and set forth or designed, within the said Parts of *America*, by the said Governor and Company for the Time being.

17 May 1629. Grant from the Indian Princes to the Massachusetts Bay.

The *Indian* Princes, to strengthen themselves against their Enemies the *Terratines*, by receiving the *English* among them, bargain and sell to *John Wheelwright* and others of the *Massachusetts Bay*, their Heirs and Assigns,

All that Part of the main Land between the Rivers of *Merrimack* and *Piscataqua* thus described, *viz.* "At the End of 20 Miles "North-west from *Pantucket Falls*, to begin and run a North-east "Line till it intersect those two Rivers, and those two Rivers to be "the Bounds of it from that Head Line to the Sea."

All which Land they then supposed to be included in the Colony of the *Massachusetts Bay* by an East and West Line drawn three Miles Northward of the Head of *Merrimack* River.

7 Nov. 1629. Grant from the Council of Plymouth to Mason of what was then called New Hampshire.

The Council of *Plymouth* granted to Capt. *John Mason*, and his Heirs,

"All that Part of the main Land between the Middle of "*Merrimack River*, and the Middle of *Piscataqua* River, "from the Mouth of *Piscataqua* River to the Head of it, "and from thence North-westward till 60 Miles be finished from the "first Entrance of *Piscataqua* River, and from the Mouth of *Merri-* "*mack* to the Head of it, and from thence Westward till 60 Miles be "finished, and the Head Line to cross over from thence to the End "of the 60 Miles from the Mouth of *Piscataqua* River."

Which Portion of Land the said Capt. *John Mason*, with the Consent of the Council of *Plymouth*, named *New Hampshire*.

King *Charles* the First, by his Letters Patent, granted to Sir *Ferdinando Gorges*,

3 April 1639. Grant from Charles I. to Sir Ferdinando Gorges of the Province of Maine.

" All that Part of *New England* (which was then called " the Province of *Maine*) beginning at the Entrance of " *Piscataqua* Harbour, passing up the River to the Head " of *Newichwannock*, and thence North-westward till 120 Miles " finished, and from *Piscataqua* Harbour's Mouth North-eastward " along the Sea Coasts to *Sagadohock*, and up the River to the Head " of *Kennebeck*, and into the Land North-westward till 120 Miles be " ended from the Mouth of *Sagadohock*, and from the Period of that " 120 Miles to cross over Land to the 120 Miles reckoned up into the " Land from *Piscataqua* Harbour through *Newichwannock*, and the " North half of the Isle of *Sholes*."

Note, This Tract of Land was afterwards, by the Charter of King *William* and Queen *Mary*, incorporated into the Province of the *Massachusetts Bay*.

The Province of the *Massachusetts Bay* apprehending the whole of the Lands contained in these two Grants to *Mason* and *Gorges* was included in their Grant, and divers Disputes having arose between the said Province of the *Massachusetts Bay* and Mr. *Gorges* and Mr. *Mason*;

The said *Gorges* and *Mason* applied by Petition to the King Council to have the said Disputes touching the Boundaries determined; which Petition, on the 7th of *February* 1677. was referred to the then Lords of the Committee, with Directions to enter into the Examination of the Bounds and Limits, which the Province of the *Massachusetts Bay* on the one hand, and the said *Gorges* and *Mason* on the other, did pretend, by their several Grants and Patents, to have been assigned to them; and also to examine into the Charters which were insisted on by either Side, in order to find out and settle how far the Rights of Soil or Government belonged to any of them: In the Consideration whereof, the then Lords Chief Justices *Rainsford* and *North* were appointed to give their Lordships of the Committee their Assistance.

The Lords of the Committee, with the two Chief Justices, having heard both Parties by their Council, recommended it to the said Chief Justices to receive a State of the Claims made by both Parties, and to return their Opinion on the whole Matter to their Lordships; and accordingly,

The Chief Justices reported, That they had heard all Parties, and that the Respondents had disclaimed Title to the Lands claimed by the

Petitioners; and it appearing to them, that the said Lands were in Possession of several other Persons not before 'em, they thought not fit to examine any Claims to the said Lands, it being in their Opinion improper to judge of any Title of Land without Hearing of the Tertenants, or some other Person on their Behalf; and if there were any Courts of Justice upon the Place, having Jurisdiction, they esteemed it most proper to direct the Parties to have recourse thither in the Decision of any Question of Property, until it should appear, that there was just Cause of Complaint against the Courts of Justice there for Injustice or Grievance.

That they had examined the several Claims of the Parties to the Government. And the Petitioners having waved the Pretence of a Grant of Government from the Council of *Plymouth*, the Question was reduced to the Province of *Maine*, whereto the Petitioner *Gorges* made his Title by the said Grant, 15 *Car.* I. to Sir *Ferdinando Gorges*, and his Heirs, of the Province of *Maine*, and the Government thereof. In Answer to which, the *Massachusetts Bay* insisted, That the Government had been long before, *viz.* by the said Letters Patent, 4 *Car.* I. granted to them. To which it was reply'd, That this Patent, 4 *Car.* I. was invalid, 1st, Because the said preceding Grant, 18 *Jac.* of the same thing, was then in being, but was surrendered afterwards, and before the Date of the said Grant, 15 *Car.* I. 2dly, For that the Grant of the Government could extend no further than the Ownership of the Soil, the Boundaries of which, as recited in that Patent, wholly excluded the Province of *Maine*, which lay Northward *more than* three Miles beyond *Merrimack* River.

And they having considered hereof, conceived,

As to the first Matter, That the Patent, 4 *Car.* I. was good, notwithstanding the said Grant made 18 *Jac.* For it appeared to them, by the Recitals in the Patent, 4 *Car.* I. That the Council of *Plymouth* had granted away all their Interest in the Land the Year before; and it must be presumed they then deserted the Government. Whereupon it was lawful and necessary for the King to establish a suitable Frame of Government, according to his Royal Wisdom, which was done by the said Grant, 4 *Car.* I. and then the Report goes on in the Words following:

"As to the second Matter, it seems to us to be very clear, that the "Grant of the Government, 4 *Car.* I. extends no further than the "Boundaries expressed in the Patent, and those Boundaries cannot "be construed to extend further Northward *along* the River *Merri-* "*mack*, than three *English* Miles; for the North and South Bounds "of the Lands granted, *so far as the River extends, are to follow the* "*Course of the River*, which makes the Breadth of the Grant. The

"Words describing the Length to comprehend all the Lands from "the *Atlantick Ocean* to the *South Sea*, of and in all the Breadth "aforesaid, do not warrant *the Over-reaching of those Bounds by im-* "*aginary Lines or Bounds:* Other Exposition would, in our humble "Opinion, be *unreasonable, and against the Intent of the Grant.*

"The Words *of and in all the Breadth aforesaid,* shew, that the "Breadth was not intended an imaginary Line of Breadth laid upon "the broadest Part, *but the Breadth respecting the Continuance of the* "*Boundaries by the Rivers, as far as the Rivers go;* but when the "known Boundary of Breadth determines, it must be carried on by "imaginary Lines to the *South Sea.*

"And if the Province of *Maine* lies more Northerly *than three* "English *Miles from the River* Merrimack, the Patent 4 *Car.* I. "gives no Right to govern there; and thereupon the Patent of the "same 15 *Car.* I. to the Petitioner *Gorges* will be valid.

"So that, upon the whole Matter, we are humbly of Opinion, as to "the Power of Government, that the Respondents the *Massachusets*, "and their Successors, by their Patent of 4 *March,* 4 *Car.* I. have "such Right of Government as is granted them by the same Patent "within the Boundaries of their Lands expressed therein, according "to such Description and Exposition as we have thereof made as "aforesaid; and the Petitioner Sir *Ferdinando Gorges,* his Heirs and "Assigns, by the Patent 3 *April,* 15 *Car.* I. have such Right of Gov- "ernment as is granted them by the same Patent within the Lands "called the Province of *Maine,* according to the Boundaries of the "same expressed in the same Patent."

And the Lords of the Committee entirely agreeing in Opinion with the said two Chief Justices, they submitted the same to his Majesty for his Determination thereon; and

20 July 1677. Order in Council thereon.

The said Report was taken into his Majesty's Consideration in Council, and both Sides were again heard before his Majesty in Council, when the said Report was approved of and confirmed by his Majesty, and all Parties were ordered to acquiesce therein, and contribute what lay in them to the punctual and due Performance of the said Report, as there should be Occasion.

Note, Upon this Hearing, the Agents for the *Massachusetts Bay* insisted, That by their Grant they were bounded between two East and West parallel Lines, drawn one from the most Southerly Part of *Charles* River, and the other from the most Northerly Part of *Merrimack* River, with three Miles Advantage upon each, and reaching from Sea to Sea, and could not be intended to be bounded by so many hundred Lines as the River *Merrimack* makes Bends and An-

gles in 200 Miles Passage from *Winnipisiokee* Pond to the Mouth of the River; but in this they were clearly mistaken; for such Line could never answer the Words of their Charter, which limited them by the Courses of the River; and as to the Lands Northward of *Merrimack*, to those only that were within three Miles of it; and therefore, when their Bounds came in Judgment before the King in Council, he accordingly determined, That the Boundaries of the *Massachusetts* could not be construed to extend further Northward along the River *Merrimack*, than three *English* Miles; for the North and South Bounds of the Lands granted, so far as the Rivers extend, were to follow the Course of the Rivers.

In this Determination, so very solemnly made, the Province of the *Massachusetts Bay*, in *May* 1678. signified their entire Satisfaction, and afterwards, in 1679. passed an Act of Assembly, vacating such Grants as they had made beyond the three Miles North of *Merrimack* River; and they have always since, and still do acquiesce therein, and so likewise did the Province of *New Hampshire*, till some few Years since, when they attempted to make many and great Encroachments within the Boundaries of the *Massachusetts Bay*, according to the said Royal Determination thereof, as is hereafter stated.

Upon this solemn judicial Determination, and within two years after it, *viz.*

Anno 1679. His then Majesty King *Charles* the Second took all that Part of the main Land in *New England* then and since known by the Name of *New Hampshire*, into his own immediate Government. And,

18 Sep. 31 Car. II. Commission constituting the Government of New Hampshire. By Letters Patent of this Date, commissioned a President and Council to take upon them the Government of the said Province. In which Commission, the Opinion of the said Chief Justices is mentioned, and the said Province of *New Hampshire* is described as lying and extending from three Miles northward of *Merrimack* River, or any Part thereof, unto the Province of *Maine*, and which is in another Part of the said Commission called the *three Mile Line*.

And the King thereby declares, That the Government of the said Province of *New Hampshire* so limited and bounded had never been yet granted; and therefore he thereby creates and gives the Power of Government over the same to the said President and Council.

And in this Commission his Majesty further declares, That *Mason's* Ancestors had obtained a Grant of the Soil of the said Tract; but that his Majesty, by his said Settlement in 1677. had adjudged three Miles North of *Merrimack*, and every Part thereof, as the River ran, to belong to the *Massachusetts;* agreeable to which De-

termination, his Majesty by this Commission, cuts off the said three Mile Tract from *Mason's* Grant, and makes his said new Government to correspond and agree with the said Settlement.

And this Commission, two Years after the said Settlement in 1677. and when the Matter was fresh in Memory, the *Massachusetts* insist was that which created a Government, and is the only Foundation upon which that Province must stand, unless they can shew any Addition to their Bounds and Limits by some new Grant from the Crown, which they have never pretended; so that this Commission may not improperly be considered as the Charter of *New Hampshire*.

In *Trinity* Term, 36 *Car.* II. the said Charter, 4 *Car.* I. was vacated by Judgment in Chancery on a *Scire Facias* brought for that Purpose.

36 Car. II. 1684. Charter 4 Car. I. vacated.

Upon the Revolution, the Province of the *Massachusetts Bay*, by their Agents, applied to their Majesties King *William* and Queen *Mary* for a new Charter of Incorporation; which their Majesties were graciously pleased to comply with; And,

King *William* and Queen *Mary* granted a Charter to the Province of the *Massachusetts Bay*, which reciting the said Charter, 18 *Jac.* I. to the Council of *Plymouth*, and the said Grant of 19 *March*, 3 *Car.* I. from the Council of *Plymouth*, and also the said Charter from the Crown, 4 *Car.* I. to Sir *Henry Roswell*, and others; and also reciting the said Judgment by *Scire Facias* for vacating the said Charter 4 *Car.* I. and that the Agents of the *Massachusetts Bay* had applied to their said Majesties for their Charter of Incorporation, and that their Majesties were graciously pleased to gratify their said Subjects; and also, to the end their Subjects within the Colony of *New Plymouth* in *New England* might be brought under such a Form of Government as might put them in a better Condition of Defence; and considering as well the Granting unto them, *as to the said Colony of the* Massachusetts Bay, a Charter of Incorporation, with reasonable Powers and Privileges, would much tend, not only to the Safety, but to the flourishing Estate of their Subjects in the said Parts of *New England*, and also to the advancing of the Ends for which the said Plantations were at first encouraged;

7 Oct. 1691. Charter 3 William and Mary to the Massachusetts Bay.

Their said Majesties King *William* and Queen *Mary*, by their said Letters Patent, ordain, That the Territories and Colonies commonly called or known by the Name of the Colony of the *Massachusetts Bay*, and Colony of *New Plymouth*, the Province of *Maine*, the Territory called *Accada* or *Nova Scotia*, and all that Tract of Land lying between the said Territory of *Nova Scotia* and the said Province of *Maine*, be erected, united, and incorporated into one real Province, by the Name of the Province of the *Massachusetts Bay* in *New England*.

And their said Majesties, by the said Letters Patent, do give and grant unto the Inhabitants of the said Province of the *Massachusetts Bay*, and their Successors for ever,

Bounds.

"All that Part of *New England* in *America* lying and "extending from the great River commonly called *Mono-* "*mack* alias *Merrimack*, on the North Part; *and from three Miles* "*Northward of the said River* to the *Atlantick* or Western Sea or "Ocean, on the South Part; and all the Lands and Hereditaments "whatsoever lying within the Limits aforesaid, and extending as far "as the outermost Points or Promontories of Land call'd Cape *Cod*, "and Cape *Mallabor* North and South, and in Latitude, Breadth, and "in Length and Longitude of and within all the Breadth and Com- "pass aforesaid throughout the main Land there, from the said *At-* "*lantick* or Western Sea and Ocean on the East Part towards the "South Sea, or Westward as far as the Colonies of *Rhode-Island*, *Con-* "*necticutt*, and the *Narragansett* Country; and also all that Part and "Portion of main Land beginning at the Entrance of *Piscataway* "Harbour, and so to pass up the same into the River of *Newichwan-* "*nock*, and through the same into the furthest Head thereof, and "from thence North-westward till 120 Miles be finished, and from "*Piscataway* Harbour-Mouth aforesaid North-eastward along the Sea "Coast to *Sagadohock*, and from the Period of 120 Miles aforesaid to "cross over Land to the 120 Miles before reckoned, up into the Land "from *Piscataway* Harbour through *Newichwannock* River; and also "the North Half of the Isles of *Sholes*, together with the Isles of *Capa-* "*wock* and *Nantuckett* near Cape *Cod* aforesaid; and also the Lands "and Hereditaments lying and being in the Country or Territory "commonly called *Accada* or *Nova Scotia*, and all those Lands and "Hereditaments lying and extending between the said Country or "Territory of *Nova Scotia*, and the said River of *Sagadohock*, or any "Part thereof; and all Lands, Grounds, Places, Soils, Woods and "Wood-Grounds, Havens, Ports, Rivers, Waters, and other Heredi- "taments and Premises whatsoever lying within the said Bounds and "Limits aforesaid, and every Part and Parcel thereof; and also all "Islands and Islets lying within 10 Leagues directly opposite to the "main Land within the said Bounds; and all Mines, *&c.*"

Provision that at least 18 of the 28 Counsellors are Proprietors of Lands in the Territory formerly called the Colony of the Massachusetts Bay.

And by the said Charter it is directed, That the Governor is to have 28 Counsellors or Assistants, who are to be elected annually by the General Court; *viz.* 18 *at least of the Inhabitants of, or Proprietors of Lands within the Territory formerly called the Colony of the* Massachusetts Bay; and 4 at least of the Inhabitants of, or Proprietors within the Territory formerly called *New Plymouth*; and 3 at least of the

Inhabitants of, or Proprietors of Land within the Territory formerly called the Province of *Maine*; and 1 at the least of the Inhabitants of, or Proprietors of Land within the Territory lying between the River of *Sagadohock* and *Nova Scotia*; of whom seven, with the Governor, to be a *Quorum.*

Power to grant Lands within the Bounds of the Colonies formerly called the Massachusetts Bay, &c.

And there is Power in the said Charter given to the said Governor, *to make or pass any Grants of Lands* LYING WITHIN THE BOUNDS *of the Colonies formerly called the Colonies of the* Massachusetts Bay *and* New Plymouth, *and Province of* Maine, *in such manner as heretofore they might have done by virtue of any former Charter or Letters Patent:* Which Grants of Lands their said Majesties, by their said Letters Patent, will and ordain, to be and continue for ever of full Force and Effect, without their further Approbation or Consent.

But Grants of Lands between *Sagadohock* and *St. Laurence* Rivers (which no-ways concern the present Boundaries in Question) are to have the Royal Approbation.

The Provinces of the *Massachusetts Bay* and *New Hampshire* have, ever since the granting this last Charter, been under the Government of one and the same Person, but under different Commissions; and in all the several Commissions for the Government of *New Hampshire*, from that time to this; (the present Governor *Belcher's* only excepted, which mentions no Boundaries) *viz.* 4 *William* and *Mary*, to *Samuel Allen*, Esq; 9 *William*, to the Earl of *Belmont;* 1 *Anne*, to *Joseph Dudley*, Esq; 12 *Anne*, to Governor *Burgess;* 2 *George* I. to Governor *Shute;* 1 *George* II. to Governor *Burnett; New Hampshire* is described in the following manner; *viz.*

Description of New Hampshire in their own Commissions.

"All that Part of our Province of *New Hampshire* with-
"in our Dominion of *New England* in *America*, lying
"and extending itself *from* 3 *Miles Northward* of *Merri-*
"*mack* River, *or any Part thereof*, unto the Province of
"*Maine*, with the South Part of the Isle of *Sholes.*"

And about five Years after the granting this last Charter; *viz.*

23 July 1695. New Hampshire Line run, and the Plan thereof filed among their Records.

The Governor and Council of *New Hampshire* caused their Boundary Line to be run from the *Atlantick* Ocean three Miles Northward of *Merrimack* River, parallel with the River so far as they had any Settlements near it, and filed the Plan thereof among their publick Records.

Note, The *Massachusetts Bay* offered and insisted to produce this Plan before the Commissioners, but they rejected it; of which the *Massachusetts* have complained, and insist on their Right of producing the same on these Appeals.

Notwithstanding the said Royal Determination by the said Order in Council in 1677, and the said repeated Confirmations thereof by the

Acts and Commissions of the Crown, passed in every Reign since, and every one of which was passed in the most solemn manner, having been all prepared by his Majesty's Attorney and Solicitor General, and having received the previous Approbation of the Board of Trade and Committee of Council; and notwithstanding the Governor and Council of *New Hampshire* had themselves run their own Boundary Line agreeable to the said Royal Determinations, and actually filed the Plan thereof in their publick Records; yet some of the Inhabitants of the Province of *New Hampshire*, whose Estates lay contiguous to the Boundaries of the Province of the *Massachusetts Bay*, were willing to inlarge the same by making Incroachments on the Lands belonging to the Province of the *Massachusetts Bay;* and several Disputes having arose between the two Provinces touching their Boundaries, and the Assemblies of each Province not being able to agree the Matter amongst themselves,

Anno 1737. Mr. Rindge's Petition to have the Boundaries of New Hampshire ascertained.

The House of Representatives of *New Hampshire*, by Mr. *Rindge* their Agent, applied by Petition to his Majesty in Council, praying his Majesty by his own Royal Determination, to declare and ascertain the several Boundaries of the said Province of *New Hampshire;* and after several Litigations between the Agent of the Province of the *Massachusetts Bay* and the Agent of the House of Representatives of *New Hampshire;* pursuant to his Majesty's Order in Council,

9 April 1737, Commission to settle Bounds.

A Commission issued under the Great Seal of *Great Britain*, directed to certain Commissioners therein named, for settling the Bounds between the two Provinces.

By which Commission the Commissioners were directed to hold their first meeting on the 1st of *August* 1737, at *Hampton* in *New Hampshire;* and it was by the said Commission (*inter alia*) directed, That in case either of the said two Provinces should neglect to send to the Commissioners at their first Meeting the Names and Places of Abode of two of their publick Officers residing in their respective Provinces, on whom any Notices, Summons, or final Judgment of the said Commissioners might be served; and in case either of the said two Provinces should also neglect to send to the said Commissioners at their first Meeting, a plain and full State of their Demands or Pretensions in Writing, describing where and in what Places the Boundaries on the Southern and Northern Part of *New Hampshire* ought to begin, and what Courses and how far the same ought to run respectively, to the end that Copies thereof might be mutually exchanged, in order to prevent any unnecessary Delay; and that each Party might come fully prepared, the Commissioners should proceed *ex parte.*

And Entries were directed to be made of all Papers, Evidences, Deeds, Charters, and Proofs received by the Commissioners, and of all their Proceedings throughout; and Plans or Draughts of such Boundary Lines as should be agreed upon by the Commissioners, were directed to be annexed to the said Commissioners Return, and make Part thereof.

And a Copy of their final Determination was directed to be sent to such publick Officers of each Province, as likewise Notice of another Meeting at the Distance of six Weeks, or at such further reasonable time as the Commissioners should appoint, not exceeding three Calendar Months, when either of the said Provinces who should apprehend themselves aggrieved, might enter their Appeal to his Majesty in Council, with a Declaration what Parts of the Determination of the Commissioners they abided by, or appealed from: But if neither of the said Provinces should enter their Appeal or Exception against the Commissioners Determination at such last Meeting, then no Appeal or Exception was afterwards to be received or admitted; and such Determination of the Commissioners being confirmed by his Majesty, was to be final and conclusive.

1 Aug. 1737. Commissioners first Meeting.

The Commissioners met, and opened their Commission, when a Committee of eight Gentlemen appointed by the General Court of the Province of *New Hampshire* appeared and laid before the Commissioners a Vote of the General Court of that Province, passed by the General Assembly 1 *April* 1737. appointing them a Committee to attend the Commissioners his Majesty had or might appoint to mark out the Boundaries between the said Provinces, and to provide Witnesses, Pleas and Allegations, Papers and Records, to be presented and laid before the said Commissioners in that Affair, and to provide for the Reception and Entertainment of the Commissioners, any five of the said Committee to be a *Quorum*, with an Order upon their Treasurer to supply the said Committee with such Money as might be needful or necessary in that Affair.

And the *New Hampshire* Committee then laid before the Commissioners in Writing, the Names of two publick Officers on whom the Commissioners Summons or final Judgment might be served, until further Order made by their General Court, which was not then sitting.

State of New Hampshire Demands.

And then the said *New Hampshire* Committee laid before the Commissioners a State of the Demands of that Province with respect to the Boundaries, whereby (after taking Notice, "That *New Hampshire* is a *small* Province, lying "principally *between that which was formerly the Colony of the* Mas-

"sachusetts Bay, *and that Tract of Land called then the Province of* "Maine, *which are now incorporated into one Province by the Charter* "*of* William *and* Mary, dated 20 *Octob.* 1691.") they insisted, That the Southern Boundary of their Province should begin at the End of three Miles North from the Middle of the Channel of *Merrimack* River, where it runs into the *Atlantick* Ocean, and from thence should run on a strait Line West up into the main Land towards the South Sea, till it met with his Majesty's other Governments; and that their Northern Boundary should begin at the Entrance of *Piscataway* Harbour, and so pass up the same into the River *Newichwannock*, and through the same into the furthest Head thereof, and from thence North-westward (that is, North less than a Quarter of a Point Westerly) as far as the *British* Dominion extends.

With respect to their Southern Boundary.

With respect to their Northern Boundary.

Same Day.

Two of the Council of the Province of the *Massachusetts Bay*, laid before the Commissioners a Vote of the General Court of their Province, passed by the General Assembly 4 *July* 1737, mentioning the Names and Places of Abode of two publick Officers on Behalf of that Province, on whom any Notices, Summons, or other Process of the Commissioners, might be served; and then laid before the Commissioners a Letter from the Secretary of that Province, acquainting the Commissioners by the Command of the Governor and Council of the Province, That at the time of the rising of the General Assembly in *Boston*, there was no Account of the Commission being arrived, or so much as issued; and that the Assembly had been prorogued to the 4th of *August*, which happened to be three Days after the first Day of the intended Meeting of the Commissioners; that the Assembly, before they rose, appointed a Committee to draw a State of the Case respecting the disputed Boundaries, in order to the Court's preparing a State of their Demands agreeable to his Majesty's Directions, which the Court would at their first Meeting have ready to lay before the Commissioners without any Delay; and therefore the Governor and Council desired the Commissioners would not suffer the Province to receive such a Prejudice by this short Delay, as would be the Consequence of their Proceeding decisively without receiving their Demand; and that they the rather expected this Justice from the Commissioners, because they could not conceive, that by the first Meeting in the Commission any thing else could be intended than their first Session, wherein no long Adjournment should intervene, it not being said the first Day of their Meeting, and in regard *New Hampshire* had not specified the Place of Abode of the two Officers nominated on their Behalf, nor where the Persons nominated by the Council and Assembly of

New Hampshire lived, which they apprehended to be as essential Defects according to the (strict Words of the) Commission, as the not giving in a State of the Demand, since that ought to be previous to this; and therefore *New Hampshire* could not (in this Construction of the Charter) give in a State of their Demands, nor have 'em considered till the other Article was complied with; but upon the Whole, they doubted not but the *Massachusetts* Province would have equal Justice from the Commissioners with *New Hampshire.*

2 Aug. 1737. The Committee for *New Hampshire* presented a long Remonstrance to the Commissioners in Writing, suggesting that the Government of the *Massachusetts* had disobeyed his Majesty's Commission in not being prepared with a full State of their Demands against the opening of the Commission to lay before the Commissioners, and that the *Massachusetts* had delayed the Matter; and the said *New Hampshire* Committee therefore, in Behalf of *New Hampshire,* excepted against any Claim or Demand of the *Massachusetts* being received by the Commissioners, and protested against their putting in and laying before the Commissioners any Evidence of any kind whatever relating to this Affair, and against the Commissioners receiving and considering any Matter or Thing whatever, that they should then offer; and praying the Commissioners, on Behalf of their Government, to proceed on the Matter in Dispute by the Help of such Arguments, Papers, and Evidence, as should be laid before the Commissioners on the Part of *New Hampshire;* but the Commissioners shewed no regard to this unreasonable Remonstrance, and agreeable to the Spirit of the Commission, and the natural Justice of the Case, and that the End of the Commission might not be defeated, resolved, That the *Massachusetts* should have Time for bringing in their Claims and Demands, till

8 Aug. 1737 When the Committee for the *Massachusetts* laid before the Commissioners a Vote of the General Court of the Province, appointing them Agents on Behalf of the Province to attend the Commissioners in Support of the Claim of the said Province; and likewise presented to the Commissioners a State of their Demands approved of by the General Court and Assembly of the *Massachusetts;* whereby they recite the said Letters Patent of 4 *March* 1628, erecting the Colony of the *Massachusetts Bay;* and also the said Letters Patent in 1639. erecting the Province of *Maine*; and also the said Order in Council of 20 *July* 1677; and also their present Charter of 1691, by which the late Colony of the *Massachusetts Bay* and the Province of *Maine* were united into one real Province; *viz.* the *Massachusetts Bay*, with

State of the Massachusetts Demands.

which the Southern and Northern Boundaries of *New Hampshire* were then to be settled and marked out; and the *Massachusetts* Government therefore (pursuant to these antient Grants from the Crown made above 100 Years ago, explained and ascertained by the Royal judicial Determination in 1677, and recited and confirmed in their present Charter) claim and demand to hold and possess, and be bounded on the Southerly Side of *New Hampshire* by a Boundary Line beginning at the Sea three *English* Miles North from the *Black Rocks* (so called) at the Mouth of *Merrimack* River, as it emptied itself into the Sea 60 Years ago, thence running parallel with the River *at three Miles Distance* as far Northward as the Crotch or Parting of the River, *where* Winnipisiokee *and* Pemigewasset *Rivers unite, and make* Merrimack *River;* thence due North as far as a certain Tree, commonly known for more than 70 Years past by the Name of *Indicotts* Tree, standing three *English* Miles Northward of the said Crotch or Parting of *Merrimack* River and from thence due West to the South Sea; which they insisted they were able to prove by antient and incontestable Evidences, were the Bounds intended, granted, and adjudged to them as aforesaid; which Grant and Settlement of *Charles* II. in 1677. they insist on as conclusive.

As to the Southern Boundary.

The Northerly Boundary.

And on the Northerly Side of *New Hampshire*, by a Boundary Line to begin at the Entrance of *Piscataqua* Harbour, pass up the same to the River *Newichwannock*, through that to the farthest Head thereof, and from thence a due North-west Line till 120 Miles from the Mouth of *Piscataqua* Harbour be finished; which they alledge to be the Extent of the *Massachusetts* Province on that Part.

They therefore prayed the Commissioners to Order the Bounds and Lines before-mentioned to be run, marked out, and established accordingly, so far as *New Hampshire* extended, and that Plans might be made for the perpetual Remembrance of them.

To these States of the Demands of each Province, Answers were put in, and Replies made thereto by each Province in Writing.

State of Massachusetts Proofs.

Note, The *Massachusetts* produced the written Evidence before stated, and proved by several living Witnesses That the Mouth of the River *Merrimack* was formerly at the *Black Rocks*, but is now removed three Quarters of a Mile Southerly. They have also proved, That this River, during the Memory of Man, hath always been called *Merrimack*, from the Mouth up to the Crotch aforesaid, where *Winnipisiokee* and *Pemigewasset* Rivers unite; and produced also several Depositions taken above 60 Years ago, and also several ancient and late Deeds and Charters of

each Province, all mentioning this River in its several Reaches, by the Name of *Merrimack* River.

State of New Hampshire Proofs.

The Agents for *New Hampshire* produced several Witnesses, who swore, that they never knew such Alteration at the Mouth of this River, as proved on the Part of the *Massachusetts;* and produced also some written Evidence (altogether immaterial) in Support of their Demands.

2 Sept. 1737. Commissioners Judgment.

Upon Consideration of the whole by the Commissioners, a Doubt arose in point of Law; and the Court thereupon came to the following Determination, *viz.*

As to the Southern Boundary.

That if the Charter 3 *William* and *Mary*, grants to the Province of the *Massachusetts Bay* all the Lands which were granted by the Letters Patent 4 *Charles* I. to the late Colony of the *Massachusetts Bay*, lying to the Northward of *Merrimack* River; then the Commissioners adjudged and determined That a Line should run parallel with the said River, at the Distance of 3 *English* Miles North from the Mouth of the said River, beginning at the Southerly Side of the *Black Rocks* (so called) at Low Water Mark, and from thence to run to the Crotch or Parting of the said River, where the Rivers of *Pemigewasset* and *Winnipisiokee* meet, and from thence due North 3 *English* Miles, and from thence due West towards the *South Sea*, until it meets with his Majesty's other Governments; which should be the Boundary or dividing Line between the said Provinces of the *Massachusetts* and *New Hampshire* on that Side; But if otherwise, then the Court adjudged and determined, That a Line on the Southerly Side of *New Hampshire*, beginning at the Distance of 3 *English* Miles North, from the Southerly Side of the *Black Rocks* aforesaid at Low Water Mark, and from thence running due West up into the main Land towards the *South Sea*, until it meets with his Majesty's other Governments, should be the Boundary Line between the said Provinces on the Side aforesaid, Which Point in Doubt with the Court as aforesaid, they submit to his Majesty's Consideration.

As to the Northern Boundary.

And as to the Northern Boundary between the said Provinces, the Court resolved, That the dividing Line should pass up through the Mouth of *Piscataqua* Harbour, and up the middle of the River into the River of *Newichwannock*, (Part of which is now called *Salmon Falls*) and through the middle of the same to the furthest Head thereof, and from thence North 2 Degrees Westerly, until 120 Miles be finished, from the Mouth of *Piscataqua* Harbour aforesaid, or until it meets with his Majesty's other Governments; and that the dividing Line should part the Isle of *Sholes*, and run through the middle of the Harbour betwixt the

Islands to the Sea, on the Southerly Side; and that the South-westerly Part of the said Islands should lie in, and be accounted part of the Province of *New Hampshire;* and that the North-easterly Part thereof should lie in, and be accounted Part of the Province of the *Massachusetts Bay*, and be held and enjoyed by the said Provinces respectively, in the same manner as they now do, and have heretofore held and enjoyed the same.

And the Court further adjudged, That the Cost and Charge arising by taking out the Commission, as also of the Commissioners and their Officers for their travelling Expences, and Attendance in the Execution of the same, should be equally borne by the said Provinces; and then the Commissioners adjourned to

14 Oct. 1737. Appeal of the Massachusetts from the Determination of the Commissioners.

When the Commissioners met again, in order to receive any Exception or Appeal to their said Judgment from either Province. And the Province of the *Massachusetts Bay* presented their Appeal or Exception from the Judgment of the Commissioners to his Majesty in Council, as being aggrieved thereby in the following Particulars. — With Regard to the Southern Boundary of *New Hampshire:* First, For that the Commissioners ought not to have supposed, that the Charter, 3 *William* and *Mary,* did not grant to the Province of the *Massachusetts Bay* all the Lands which were granted to the *Massachusetts* Colony by the Charter 4 *Car* I. nor to have determined the running any Line in consequence of that Supposition. Secondly, For that the Commissioners ought not to have adjudged, That the Line to be drawn three Miles North of the Crotch should proceed due West towards the *South Sea*, *till it meets with his Majesty's other Governments;* for that the said dividing Line can proceed no further than 60 Miles, that being the Extent of the Province of *New Hampshire.* — With regard to the Northern Boundary of *New Hampshire:* First, For that this Line ought not to run from the furthest Head of *Newichwannock* River, *North two Degrees Westerly,* but ought to have been determined to run North-westward, or towards the North-west, agreeable to the Words and Meaning of the Charter. Secondly, For that the Commissioners should not have adjudged this last Line to run till the 120 Miles from the Mouth of *Piscataqua* Harbour be finished, *or till it meets with his Majesty's other Governments;* but should have directed this Line to run till the 120 Miles be finished, without mentioning his Majesty's other Governments, the Province of *New Hampshire* extending no further.

Appeal of the Province of New Hampshire from the Determination of the Commissioners.

And the House of Representatives of the Province of *New Hampshire* appealed from the Determination of the said Commissioners, apprehending themselves aggrieved thereby, in the following Particulars, *viz.*

On the Southerly Boundary: In that the Judgment says, "Beginning at the Southerly Side of the *Black Rocks* (so called) "at Low Water Mark": When those Rocks are about a Mile from the Mouth of the River *Merrimack*, and near 3 Quarters of a Mile North from where it empties itself into the *Atlantick* Sea or Ocean. *2dly*, From a parallel Line with the River, in case a crooked Line should be run, whereas they object against running a crooked Line parallel to the River, it being founded upon the old Charter of the Corporation of the *Massachusetts Bay* long since vacated; yet that in such Case it ought to begin 3 Miles to the North of the Mouth of the River *Merrimack* at Low Water Mark, where it empties itself into the *Atlantick* Sea or Ocean, in that manner to run no further than the River hath a Western Course, and not to run parallel with the River, where it runs North and South at 3 Miles Distance from the River, and far beyond where they apprehend it was formerly called *Merrimack*, and more particularly because the Province of the *Massachusetts Bay* now hold under the Charter of *William* and *Mary*, which never intended a crooked Line.

And as to the Northern Boundary: They objected against that Part of the Judgment that said, "Through the Mouth of *Piscataqua* "Harbour, and up the middle of the River;" because they conceived, that Mr. *Gorges's* Patent, by which the *Massachusetts* claim, doth not convey any Right to the River, the whole of the River, and the Jurisdiction thereof, having, as they insisted, ever been in the Possession of the Province of *New Hampshire*, and never claimed by the *Massachusetts;* and *New Hampshire*, in order to preserve and safeguard the same, have always had a Castle, and maintained a Garrison there.

Note, The Commissioners annexed to the Proceedings a Plan of the Rivers and Boundary Lines referred to, and mentioned in their Judgment as prepared by a Surveyor of their own Appointment; which Plan, drawn off in a smaller Scale, is herewith left.

And the Matter now comes on to be heard on the said two Appeals, and the special Matter of the said Determination; and the Province of the *Massachusetts Bay* humbly hope, That their said Appeal from the said Judgment or Determination of the Commissioners is well founded, and that the said Judgment shall be varied in the Particulars they have complained of; and that the *New Hampshire* Appeal therefrom shall be dismissed, amongst many other for the following REASONS.

As to the Special Matter of the said Determination:

Whether the present Charter to the *Massachusetts Bay*, grants them all the Lands that had been before granted to the Colony of

the *Massachusetts Bay*, lying to the Northward of *Merrimack* River:

The *Massachusetts* insist, it clearly does, amongst others for the Reasons following:

1. For that the present Charter to the Province of the *Massachusetts Bay*, in express Terms, incorporates all that which was commonly called or known by the Name of the *Colony* of the *Massachusetts Bay*, into the *Province* of the *Massachusetts Bay;* so that all that Territory which formerly constituted the *Massachusetts* Colony, is now unquestionably Part of, and within the present Province of the *Massachusetts Bay*, and must by the Boundary Line now under Consideration be parted from *New Hampshire*.

2. For that there is not the least Exception, or any the least Part of the late Colony of the *Massachusetts* hinted to be excepted or excluded by the present Charter, and therefore, according to the universal Understanding of Mankind, in all other Cases, where a Grant is made of any thing without any Exception, the Whole is granted; and the present Charter, containing a Grant of the late Colony of the *Massachusetts* without any Exception, is a Grant of the Whole, especially as this Grant was plainly intended not to be a diminishing, but an inlarging one.

3. That the present Charter grants the *Massachusetts* the same Bounds on the Northerly Side, as were granted by the former Charter to the *Massachusetts* Colony, is evident, because the Province of the *Massachusetts* is declared by the present Charter to extend from *Merrimack* River, and 3 Miles Northward thereof, to the *Atlantick* Ocean beyond Cape *Cod* on the South, and which is the Boundary intended to take in the late Colony of *Plymouth;* which it can never do, unless it takes in all the Lands that had been before granted to the Colony of the *Massachusetts Bay*, lying to the Northward of *Merrimack* River.

4. It farther appears, that the present Charter comprehends the whole of the late Colony of the *Massachusetts*, in regard 18 at least of the Counsellors to be chosen for the Province of the *Massachusetts Bay*, are by the present Charter required to be Inhabitants of, or Proprietors of Lands in that which was formerly the Colony of the *Massachusetts Bay*, and which makes a great Majority of the Council, which consists in the whole but of 28: Now no possible Reason can be assigned for this Limitation, but that the Counsellors, by Interest as well as Duty, might be engaged to consult the Good and Welfare of the Province, as being Inhabitants or Proprietors thereof; but if any Part of the late Colony of the *Massachusetts* be excluded by the present Charter, one or all of the said 18 Counsellors may be chosen, although Proprietors or Inhabitants of such excluded Part only; and

by that means the Majority of the Council consist of Members not interested in the Province, and render the wise and gracious Intention and Care of their Majesties absurd and ridiculous; so that either all the Land contained in the late Colony, must be within the Bounds of the present Province of the *Massachusetts Bay*, or else this Absurdity must follow, That 18 (which is a Majority) of the Counsellors of this Province may be such as are neither Inhabitants or Proprietors of Lands in the Province.

5. That the full and plain Design and Sense of the present Charter, was to contain and grant all the Land of the late Colony of the *Massachusetts* in and to the present Province, is clear and evident from that Part of the Charter, whereby the General Court of the *Massachusetts Bay* have full Power given them, "to make any Grant "of Lands lying within the Bounds of the Colonies, formerly called "the Colonies of the *Massachusetts Bay*, and *New Plymouth*, and "Province of *Maine*, as heretofore they might have done by virtue of "any former Charter or Letters Patent." Which abundantly shews, that the present Charter includes all these 3 Colonies and Provinces in their full Extent of Bounds, without excluding or excepting any Part thereof.

6. There are the very same Words to include all the Lands that formerly constituted the Colony of the *Massachusetts*, as there are to include the Lands of which the Colony of *New Plymouth*, and Province of Maine, formerly consisted; and yet there is no Pretence, but that the Whole of the Lands of *New Plymouth* and *Maine* are included in the present Charter.

7. This still farther appears from the Manner of wording the Commissions to the Governors of *New Hampshire*, from the Time of the present Charter to that of their present Governor, which give the Sense of 5 crowned Heads on this Question, and by which it is plain, that the Crown and the Officers of the Crown have understood the present Charter in this Sense, every one of these Commissions ascertaining the Southern Boundary of *New Hampshire*, to 3 Miles Northward of *Merrimack*, or any Part thereof, And,

8. As the fullest Answer to the *New Hampshire* Claim on this Head, in the State of the Demands they delivered in to the Commissioners, they state and admit, that the Province of *New Hampshire* is a small Province, lying principally *between that which was formerly the Colony* of the *Massachusetts* and that which was then the Province of *Maine*: Whereas should they prevail, in what they are now insisting on, *New Hampshire* would be so far from being a small Province, or lying between the late Colony of the *Massachusetts*, and the Province of *Maine*, That it would be a very large Province, and

would chiefly lie within the Bounds of the late Colony of the *Massachusetts*, and take off above 40 Miles in Breadth of that Colony, as settled and determined by the said Order in Council in 1677.

As to the Northern Boundary of the *Massachusetts*, or Southern Boundary of *New Hampshire*.

As therefore the present Charter comprehends all the Lands that had been before granted to the Colony of the *Massachusetts*, lying to the Northward of *Merrimack* River, it is apprehended, there can be no Doubt remaining, but that the Northern Boundary ought to be run, agreeable to the Claim insisted on by the Province of the *Massachusetts Bay*.

1. From the clear and express Words of the first Charter to the *Massachusetts* Colony, which indisputably contain a Grant, not only of all the Lands to the Southward of the River *Merrimack*, but also of all Lands within the Space of 3 *English* Miles to the Northward of that River, or to the Northward of any and every Part thereof; by which Words the River *Merrimack*, so far as it extends, with 3 Miles over and beyond the Northern or opposite Banks of that River, was unquestionably the real Boundary between the then Colony of the *Massachusetts*, and the Province of *New Hampshire*; and that the said 3 Mile Line must under that Charter be understood to commence from 3 Miles Northward of the Place, where *Merrimack* River then emptied itself into the *Atlantick* Sea; which the *Massachusetts Bay* have proved to be, and so the Commissioners have determined, at the *Black Rocks*, and to run in a curve Line parallel with, and along the Courses of the said River, so far as the River extends, which the *Massachusetts* have proved, and the Commissioners have accordingly determined, to be at the Crotch where *Pennigewassett* and *Winnipissiokee* Rivers meet.

2. From the Judgment and Determination of King *Charles* by his said Order in Council 1677, made upon this very Question, in the very solemn manner herein before stated, by which the then Colony of the *Massachusetts* is determined to be bounded on the North Part by a Line 3 Miles Northward of any and every Part of the River *Merrimack*, as far as that River goes until the River ceases; and when that known Boundary determines, then to be carried on by an imaginary West Line to the *South Sea*, which is exactly the Line the *Massachusetts* claim in this Controversy; and at the Time this Determination was made, all the Bends and Turns of this River were well known, and the then Colony of the *Massachusetts* then hoped, by putting a more advantageous Construction on their Charter, to have made out a Right to the whole Province of *New Hampshire*; but his then Majesty, by a final Judgment, bound them down to this parallel

Line ; and the *Massachusetts* must be more than unfortunate, if that which was binding on them, should not be so on *New Hampshire ;* and it would be very difficult, if this judicial Determination should be shook, to say what Certainty there could be in any Settlement of Boundaries to be hereafter made.

3. That the *Massachusetts* Colony were then judged and taken to be intitled to this Northern Boundary, according to this judicial Determination, appears from the first Commission which issued in 1679, (two Years afterwards) to President *Cutt* and Council (which is declared to be the first Formation of a Constitution of Government in that Province); by which *New Hampshire* is bounded, so as not to come within three Miles of *Merrimack* River.

4. For that the Line run or Settlement made of this Boundary by the Governor and Council of *New Hampshire* in 1696, (soon after the present Charter) which is run parallel with the Courses of *Merrimack* River at three Miles Distance, agreeable to the *Massachusetts* present Claim, plainly declares the Sense of *New Hampshire* itself, with regard to this Part of the Boundary, to be in favour of the *Massachusetts.*

5. For that *New Hampshire* can consist of nothing more than what was allowed to pass by the Grant to *Mason,* by the said judicial Determination in 1677 ; by which it was determined, That *New Hampshire* (then claimed by Mr. *Mason*) did not come within 3 Miles of *Merrimack* River : and therefore the *Massachusetts* must go everywhere 3 Miles over this River, because the Provinces join, and this *New Hampshire* was so sensible of, that though the Expression of the Commission, is to run the Boundaries of *New Hampshire,* yet they laid nothing before the Commissioners to show what their Boundaries really were, but left the *Massachusetts* to do it for them.

The OBJECTIONS made hereto on Behalf of *New Hampshire* are principally these :

1st Object. That the said Judgment in 1677 ought to have been pleaded in Bar, or not to be pleaded at all.

Answer. This is not a Proceeding of that Nature wherein the Form of special Pleadings was requisite or necessary : The Order was set out and insisted on by the *Massachusetts,* in the very first Step, *viz.* in the State of their Demands : Besides, the Use we make of this Order is to shew what was known and ascertained thereby to be and belong to the late Colony of the *Massachusetts*, and which the *Massachusetts* insist it incontestably does ; and as all that then constituted that Colony, is incorporated in the present Charter, it of necessary Consequence shows and determines what belongs to the *Massachusetts* o n that Side under their present Charter.

2d Object. That the late Charter was vacated by *Scire Facias* in 1684. and therefore the Massachusetts can lay no Claim to any thing which either that Charter or the said Determination in 1677 (which was made upon it) might otherwise have given them.

Answer. Tho' the former Charter was annihilated, yet as the present Charter incorporates the former Colony of the *Massachusetts* into the present Province of the *Massachusetts Bay*, and grants them all the Lands the late Colony held; this Objection has no manner of Weight in it: For if the former Colony contained the Lands, and was bounded as the present Province of the *Massachusetts* contend for, and they were all adjudged, whilst that Charter had Existence, to belong to that Colony; and if that Colony and the Lands thereof be incorporated by the present Grant into the Province of the *Massachusetts Bay*, those Lands justly and legally belong to the *Massachusetts Bay*, according to the Boundaries and Descriptions thereof, as contained in the said late Charter, and the said Determination thereof by the said Order in Council in 1677.

3d Object. That the Northern Bound in the present Charter, is, "All that Part of *New England* lying and extending "from the great River *Merrimack* on the North Part, and from three "Miles Northward of the said River to the *Atlantick* or *Western* "*Ocean* on the South; and all the Lands lying within the Limits "aforesaid, and extending as far as the outermost Points of Land "called Cape *Cod* and Cape *Malabar*, North and South, and in Lati- "itude, Breadth, and in Length and Longitude of and within all the "Breadth and Compass aforesaid, throughout the Main Land there "from the *Atlantick Sea*, on the East Part towards the *South Sea*, "or Westward as far as *Rhode Island*, *Connecticut*, and the *Nara-* "*gansett* Country:" And that those material Words of "any and "every Part thereof," inserted in the former Charter, are omitted in the present; and therefore this Northern Line must, agreeable to the present Charter, begin three Miles North from the Middle of the Channel of *Merrimack* River, where it runs into the *Atlantick* Ocean, and from thence should run on a strait Line West up into the main Land towards the South Sea; or that otherwise it will not hold the same Breadth, but will vary with every Turn of the River; and that when the River ceases to run a direct West Course, it cannot be a Northern Boundary.

Answer. This Objection proceeds on a Supposition, that this Case is to rest on the present Charter, without any Regard had to the former, and the judicial Determination made upon it: For admit them into the Consideration, (as the *Massachusetts* humbly insist they must) the Whole of this Objection is immediately

overturned. But if this Case was to rest on the present Charter only, (which the *Massachusetts Bay*, insist it is not) yet in that Case the *Massachusetts* apprehend it would even then be very clear, that the Boundary Line in Question ought to be run in the manner they contend for.

I. For as the present Charter contains a Grant of all that Part of *New England* from the great River *Merrimack* on the North Part, and from three Miles Northward of the said River to the *Atlantick Sea* on the South Part, tho' the Words "of any and every Part thereof," are not here inserted; yet as the River must be understood to comprehend all and every Part of the River, unless by some after Clause reduced to a more limited Sense, which is not done in the present Case, the Charter not saying from the Mouth, or any other particular Part, so the River is by this general Description, with three Miles to the Northward, made the Boundary; and also the Measure of the Breadth from the Sea into the Country so far as the River goes, and that as fully and amply as if the Words "every or any Part thereof," had been inserted therein; and from the Head of the River then by a Line to be drawn, *&c.* for as the Charter mentions no particular Spot or Point three Miles Northward of *Merrimack*, that this three Mile must be taken from, it is plain the Charter meant and intended the whole Northern Line of the Province to run three Miles Northward of and parallel with *Merrimack* River; and was it to be otherwise, the Province of the *Massachusetts Bay* would not have all that Part of *New England* from the River *Merrimack* on the North Part, and three Miles Northward of the said River; but on the contrary, the greatest Part of the River would be in *New Hampshire*; and instead of the *Massachusetts* having three Miles Northward of it, *New Hampshire* would have 40 Miles to the Southward of it.

II. The present Charter is plainly intended to include the Lands which formerly constituted the late Colonies of the *Massachusetts* and *New Plymouth*; whereas great Part of the Lands of each of those Colonies will be extended, if the Line is not run in the manner contended for by the *Massachusetts Bay*.

III. All the several Kings and Queens who have filled the *British* Throne from the Date of the present Charter to this Time, have determined this Question by the several Commissions they have during that Time issued to the Governor of *New Hampshire*, wherein *New Hampshire* is described as extending from three Miles North of *Merrimack* River, *or any Part thereof*, to the Province of *Maine;* The first of which Commissions being in the same Reign, and passed by the same Officers, who drew the present *Massachusetts* Charter, is

the strongest Evidence, that the present Charter was understood by their Majesties who issued it, and by all their Successors, in the Sense the *Massachusetts* now contend for, and which Commissions are all *New Hampshire* have to evidence any Boundaries at all; and being under the Great Seal, the *Massachusetts* insist on them, as so many Royal Declarations of the extent of *New Hampshire*, and by every one of which they are excluded expresly from all the Lands that lie within three Miles of *Merrimack* River, or any Part of it.

IV. The true Boundaries and Extent of *New Hampshire* appear by the said several Commissions from the Crown, which exactly correspond with the Boundaries insisted on by the *Massachusetts;* and the *Massachusetts* insist *New Hampshire* cannot support a Right to a greater Extent of Country than what was included in these Commissions, which are their Constitution of Government; and their insisting to have their Southern Boundary run in the manner they now contend for, is not warranted by any Grant, Commission, Deed or Conveyance, or by one Hour's Possession; but is entirely notional and without Foundation, and directly in the Teeth of the Royal Grants and Determinations in favour of the *Massachusetts*, and their Possession under the same, and even of the *New Hampshire* Commissions, and the Line they themselves run in 1696, as aforesaid.

As to the other Parts of this Objection, that the River cannot be a Boundary of Breadth, because it often runs and bends, nor can be a Northern Boundary, when it ceases to run a direct West Course:

This (it is apprehended) hardly requires a serious Answer: — Because if there was any thing in either of these Objections, it would be impossible for any River to be a Boundary either of Breadth or Compass, or even for *Newichwannock* River, which runs North two Degrees West, from being *New Hampshire's* Northern Boundary; and yet by the general Assent of Mankind, Rivers are the most natural, best, and most certain Boundaries between different Provinces; and *Newichwannock* River is most certainly the Northern Boundary to *New Hampshire.*

The River *Merrimack* is the Measure of the Breadth from the *Atlantick* Sea into the Country as far as it goes, and that Breadth which the River makes, and no more, it must hold, whilst the River lasts, and the Breadth where the River determines is the Breadth that must be continued to the End of the Northern Line; for *Merrimack* River is made the Bounds on the North Part of the Province, as the *Atlantick* Sea is on the South; and notwithstanding the many large Reaches there are in this Sea Shore, that is, notwithstanding the South Boundary, till the *Massachusetts*, meets *Rhode Island*, as *Merrimack* is, as far as that goes, with three Miles to the Northward of

it, the North Boundary; and divers of these Reaches in the Sea Shore between Cape *Cod* and *Rhode Island* turn and run as much and more directly South than any Turning in *Merrimack* River runs North; and why *Merrimack* River, when it turns less Northerly, may not be the North Bounds, as well as the Sea Shore, that runs more directly South, may be the South Bounds, is difficult to reconcile to common Sense, and it is believed this is the first time that ever such Objections as these were taken: For notwithstanding the Turnings and Windings of the River, it lies on the North Part of the Province, and is properly a Northern Boundary to it. No River can have more than two Sides; this River has a South and a North Side, and all the Lands that lie on the North Side of it lie to the Northward of the River, notwithstanding the several Bends and Turnings that it may make. And as to the Necessity contended for of having a strait West Line from three Miles North of the Mouth of *Merrimack* River, because otherwise the Breadth would vary; the Breadth will always vary, where the Boundaries are natural Boundaries of Rivers or Mountains; and would still vary in this Case, tho' this Line was to be run in the manner *New Hampshire* contend for; because the Sea Shore, which is the Southern Boundary, does not run in a strait Line, but in some Places turns much Northerly, and in others much Southerly, which is sufficient to show the Weakness and Absurdity of this Argument.

And *New Hampshire* may as well insist to cut the *Massachusetts* off from the Sea on the South by a strait West Line from the Sea Shore, (where a South Line from the Mouth of *Merrimack* strikes the Sea) as they can by a strait West Line from three Miles Northward of the Mouth of *Merrimack* cut the *Massachusetts* off from that River; for *Merrimack* River, and three Miles to the Northward, is as much the *Massachusetts* North Bounds, as the *Atlantick* Southward of Cape *Cod* is their South Bounds.

The plain and necessary Meaning and Intent of the Charter is, That the *Massachusets* should have all that Breadth and Compass of Land which is comprehended between the Sea, *Rhode Island* and *Connecticut* on one Side, and *Merrimack* River, with three Miles Northward thereof, on the other Side, so far as the River extends, and then to be continued by a Western Line. And it is observable, that the Word Compass, as well as Breadth, is used in the Charter, which is of itself sufficient to obviate such Objections as these.

And it is observable, that the same Difficulties (if these can be called any) arose on the Determination and Judgment passed on the Grant in the old Charter; and yet those learned Judges, on a solemn Argument and full Representation of the Matter, particularly of the

Courses and Reaches of the River, finally adjudged such a parallel Line as far as the River run, to be the Boundary of that Colony, now incorporated with others, without any Diminution, or taking from it into the present *Massachusetts* Province.

The *Massachusetts* further insist, That the Determination of the Commissioners is wrong, where it says, That from three Miles North of the *Crotch* the Line shall proceed due West towards the South Sea, *till it meets with his Majesty's other Governments;* which the Commissioners declare to be the dividing Line between the *Massachusetts* and *New Hampshire* on that Side; whereas the Commissioners (who had no Power to run the Line of the *Massachusetts* further than it was a Boundary between that Province and *New Hampshire*) ought not to have carried the said dividing Line further than 60 Miles, because the Province of *New Hampshire* never did go further, whether the Bounds of it be taken from M*ason's* Grant, which expresly mentions the Extent to be 60 Miles; or from the Commissions to the Governors of *New Hampshire*, which bound *New Hampshire* by the Province of *Maine;* for there is no Pretence *New Hampshire* has a Right to a Southern Boundary of the same Extent with the *Massachusetts* Northern Boundary.

As to the Northern Boundary of *New Hampshire*, or Southern Boundary of the Province of *Maine*, being the Line between *New Hampshire* and the Province of *Maine*.

Reasons in Support of the Massachusetts Appeal.

By the Grant from King *Charles* the First to Sir *Ferdinando Gorges* of the Province of *Maine*, it is plain a large square Tract of Land was intended to be granted, bounded by Rivers on each Side as far as the Rivers go, and from thence North-westward till 120 Miles be ended; Words so plain, that it is difficult to raise a Doubt about them: What the *Massachusetts* insist on, is, That this 120 Mile Line should, agreeable to the Words of the Grant, run North-westward, or towards the North-west, from the Head of the said River till the 120 Miles be accomplished. What *New Hampshire* insist on, is, That this 120 Mile Line should run from the Head of the said River North less than a quarter of a Point West: And the Commissioners have determined this Line to run from the Head of the said River North two Degrees Westerly. And from this Part of the Determination the *Massachusetts* have appealed, insisting, that the Commissioners ought to have determined, that this Line should run from the Head of the said River North-westward.

I. For that the Term North-westward is a well known and certain Course, perfectly understood by all skilful Mathematicians and Surveyors, and is the same as towards the North-west, as Westward is

towards the West, and is so used in all Deeds and Writings, and in the Language of all Mathematicians and Surveyors: And whenever a Line is intended to be run North, a small matter to the West, the usual way of expressing it is by the Word North-westerly, or, if Accuracy requires it, with the Addition of how many Degrees it is to the Westward of the North: But by North-westward is always understood to be meant a Direction tending to the North-west, or in the Middle of the Compass between the North and West.

II. For that when King *Charles* the First, and King *William* and Queen *Mary*, used these Terms North-westward, and North-eastward, they so used them to express the Course of those Lines with Certainty, and to the general Understanding of Mankind; and could never mean, that the Line running up the River 120 Miles should be two Degrees West; and that the other Line running from the River 120 Miles to bound the second Side, should be North two Degrees East: 1. Because this would make the Province of *Maine*, instead of a Tract of Land of 120 Miles square, only a Gore, or triangular Piece of Land, being at one End a Point, and but eight Miles wide at the other, not one twentieth Part of their Grant, and no-ways capable of exercising the many and great Privileges expressed in the Grants. And, 2. Because the Words made use of, *viz.* North-westward and North-eastward, being known Terms, would not admit of a Construction so undetermined and uncertain.

III. The *Massachusetts* have likewise appealed from that Part of the Determination of the Commissioners, by which they direct this 120 Miles to run from the mouth of *Piscataqua* till it be finished, or *till it meet with his Majesty's other Governments:* Whereas the *Massachusetts* insist, it should have been till the 120 Miles was finished, without mentioning his Majesty's other Governments; because the Province of *Maine* extends no farther than till 120 Miles be finished, and *New Hampshire* on that Side is bounded by the Province of *Maine*, in the several Commissions to the Governors of *New Hampshire*.

New Hampshire Appeal.

New Hampshire insist, That the Commissioners have done wrong in directing the Northern Line to run thro' the Mouth of *Piscataqua*, and so up the Middle of the River; insisting *Gorges's* Patent doth not pass any Right to the River, and that the Whole of that River, and the Jurisdiction thereof, hath ever been in the Possession of *New Hampshire*, and never claimed by the *Massachusetts*.

Answer.

By the express Words of *Gorges's* Grant, the Line must run thro' the Mouth of *Piscataqua*, and up the Middle of the River, it being impossible to run the Line agreeable to the Description of that Grant, without.

And (notwithstanding what *New Hampshire* have surprisingly insisted on to the contrary) Possession and Enjoyment have been agreeable hereto, it being a known Truth, that from Time immemorial the Province of *Maine* have and now do possess and receive Taxes constantly from all the Islands lying in that River, on that Side towards the Province of *Maine*; and the *Massachusetts* aver in the most solemn manner, That *New Hampshire* have never in any one Instance exercised the Jurisdiction of the whole River, and that the Province of *Maine* have constantly possessed and enjoyed the Islands all along their Side of the River — the Fact being, That all the Islands in the said River have been always considered and taxed as belonging to that Government they lay nearest to.

For all which amongst many other Reasons, the Province of the Massachusetts Bay *humbly hope, their Lordships will be of Opinion to vary the Determination of the Commissioners in the Particulars they have appealed from; but that their Determination shall Stand and be Affirmed in all other respects; and that the* New Hampshire *Appeal therefrom shall be dismissed.*

PROCEEDINGS

OF THE

PRESIDENT AND COUNCIL

OF THE

PROVINCE OF NEW HAMPSHIRE

FROM

JANUARY 1, 1679, O. S., TO DECEMBER 22, 1680; JULY 6, 1681, TO SEPTEMBER 8, 1681; NOVEMBER 22, 1681, TO AUGUST 21, 1682; OCTOBER 4 TO OCTOBER 14, 1682.

Taken from Manuscripts in Possession of the Massachusetts Historical Society and in the English Archives.

NOTE.

The early records of the President and Council of New Hampshire, as given following, cover a period of nearly three years, including the administrations of John Cutt and Richard Waldron, the first two Presidents of the province. These records are in two parts, and are obtained from far different sources. The first division, consisting of the records from January 1, 1679, O. S., to December 22, 1680, covers nearly the entire administration of John Cutt, of Portsmouth, New Hampshire's first provincial President. John Cutt was advanced in years when he received his royal appointment; and although the population of the province was at that time very small, consisting of the inhabitants of only four towns, he did not long survive the cares of the organization and administration of even so small a government. He died March 27, 1681.

In regard to the spelling of the name, Cutt or Cutts, a short sketch of President Cutt in Vol. III., Farmer and Moore's Historical Collections, says, "When Major Cutt, a descendant, was at the siege of Louisbourg, he met with an English officer by the name of Cutts. Upon becoming acquainted they found themselves related, having sprung from the same family originally. After this, Major Cutt added an s to his name, which was also done by all his relatives in Portsmouth."

The manuscript from which the copy of this division was taken is in the possession of the Massachusetts Historical Society, to which we are indebted for the privilege of its use. It is printed in Vol. XVI. of the collections of that society, together with an introductory sketch by Mr. Charles Deane, to whom we owe the discovery of the manuscript, and, by courtesy of the society, we are enabled to reprint Mr. Deane's sketch of the discovery and probable history of this valuable document. In the publication of these records in the Proceedings of the Massachusetts Historical Society, Mr. Deane made the spelling, capitalization, and punctuation conform to modern usage, and all abbreviations, except those occurring in names of persons, were spelled out. While this method makes the meaning clearer, and the subject more intelligible to the ordinary reader, it does not convey an accurate idea of the original to the student of history, or to a man in any degree familiar with ancient manuscripts. The copy here presented was taken from the original manuscript, and, as has been our custom in the publication of ancient documents, every particular of the original has been reproduced in print so far as type will allow.

The second division of these records consists of three sections, the first covering the period from July 6, 1681, to September 8, 1681; the second, November 22,

1681, to August 21, 1682; and the third, October 4 to October 14, 1682. Thus we have a gap of six months between the two divisions. It would appear from the style of the records that the spaces of time between these three sections were caused by adjournments of the Council, although no definite act of adjournment is recorded; and this appears the more probable from the fact that the first and second sections are signed by the President and the members of his Council, as constituting a journal of their proceedings for a completed period of time.

On the death of President Cutt, about four months before the beginning of this division of the records, he was succeeded in the government by his deputy, Richard Waldron. President Waldron appointed the former Secretary, Elias Stileman, his deputy, and presided over the affairs of the province until the arrival of Edward Cranfield, October 4, 1682, who brought with him a commission from Charles II. dated May 9 of that year, appointing him "Lieutenant Governor and Commander in Chief of the province of New Hampshire." Mr. Deane, in his note herewith printed, makes mention of the differences in the personnel of the Council, caused by death and change of administration.

We believe that the existence of this division of the records of the President and Council was not known in this state or in this country until the discovery was made by this department about a year ago, through the medium of the calendar of New Hampshire papers in the English Archives, prepared for the New Hampshire Historical Society. We immediately obtained copies of them through Mr. B. F. Stevens, of London, and they are here, for the first time, presented to the public. They are of great historical value, being of date so near the beginning of the administration of a separate government in this then province, and connecting so closely with the records of John Cutt obtained from the Massachusetts Historical Society. Previous to the discovery of these documents, the state had no record of the proceedings of the government of the province earlier than August, 1692 (2 Bouton's Province Papers, N. H., 70), and it now seems hardly probable that the chasm of ten years, still left, will ever be filled except by the possible finding of some records among private papers.

EDITOR.

COMMUNICATION

OF

CHARLES DEANE TO THE MASSACHUSETTS HISTORICAL SOCIETY

RESPECTING THE RECORDS OF THE PRESIDENT AND COUNCIL OF NEW HAMPSHIRE FOR 1679–1680. TAKEN FROM PROCEEDINGS OF THE MASSACHUSETTS HISTORICAL SOCIETY, VOL. 16, PAGE 256.

The jurisdiction of Massachusetts was extended over the New Hampshire settlements in 1643, in which year, in September, Exeter was admitted to the terms of the union, to which Portsmouth and Dover had subscribed on the 14th of June in the preceding year. Hampton was claimed from the first to belong to the territory and jurisdiction of Massachusetts.* This jurisdiction over the New Hampshire towns continued till 1679–80. Covering this period there are no records except what are connected with, and contained in, the Records of the Massachusetts Colony.

When it had been decided in England that neither Massachusetts nor Robert Mason had a right to rule New Hampshire, it became necessary to provide some other government for the four towns which still constituted the whole inhabited part of that territory. The King, in Council, accordingly instituted such an authority. New Hampshire was created a Royal Province. John Cutts (or Cutt) of Portsmouth, a respected merchant, now far advanced in life, was made President of it, with power to appoint a Deputy. Six persons were designated to compose his Council, with three others chosen by them. The Governor and Council were to be a judicial court, subject to an appeal to the King in Council, in cases involving a value of more than fifty pounds. They were authorized to appoint military

officers, and, with the concurrence of an assembly, to assess taxes. The assembly, to consist of Deputies of the towns, was to constitute a part of the government so long as the King should not see fit to order otherwise. Enactments were to be immediately transmitted to the Privy Council, and were to remain in force until disallowed by that authority. Liberty of conscience was to be maintained. It was ordered that a seal should be transmitted to the Province, with a portrait of the King and the royal arms, to be set up at the seat of government.*

The commission was brought to Portsmouth on the first of January, 1679–80, by Edward Randolph, than whom, says Belknap, there could not be a more unwelcome messenger; † and its contents were made known to the persons named in it as magistrates. They were, besides the President, Richard Martyn, William Vaughan and Thomas Daniel, of Portsmouth; John Gilman, of Exeter; Christopher Hussey, of Hampton; and Richard Waldron, of Dover. "All of them were well affected to Massachusetts, and no one was ambitious of the position to which he was raised. They accepted the trust simply from a conviction that, if declined by them, it would fall into hands that would deal less justly with the rights and interests of their neighbors. They took the oaths of office, and elected for their associates Elias Stileman, of Portsmouth; Samuel Dalton, of Hampton; and Job Clements of Dover. They appointed Richard Martyn to be Treasurer, Elias Stileman to be Secretary, and John Roberts to be Marshal; and the President designated Richard Waldron as his Deputy. They issued writs convening an Assembly, to consist of two deputies from Exeter, and three from each of the other towns, and appointed a Fast-Day to pray for the continuance of their precious and pleasant things." ‡

Of the new government thus instituted, the paper which I now lay before the Society is the earliest record, — that is to say, it is the record of the Governor and Council, from January 1, 1679–80, to December 16, 1680, a period of one year, — and it has never been printed.

The manuscript consists of twenty-three folio pages, closely written, and is in the well-known hand of Elias Stileman, the secretary of the Province and clerk of the Council; that is, from the establishment of the new government till he was superseded by Richard Chamberlain, — a period of one year. It is in excellent preservation.

* See Farmer's Belknap, pp. 88, 89; Palfrey's Hist. of New England, Vol. III. pp. 402, 403, whose excellent summary of Belknap, and of the Commission to Cutts, I here follow, in his own language.

† Farmer's Belknap, pp. 90, 91. The Commission is in "Provincial Papers of New Hampshire," Vol. 1, pp. 373–382. It passed the seals on the 18th of September, 1679.

‡ Palfrey's New England, Vol. III. pp. 403, 404, and the authorities cited by him. For brief notices of President Cutts and the members of his Council, see N. H. Hist. Soc. Coll., Vol. VIII. pp. 305–352.

There is one blank leaf at the beginning, and three at the end; and one leaf, probably a blank one, has apparently been torn out immediately following the last leaf of manuscript. The whole is enclosed in a paper cover, made from part of an ancient Dutch map, the face turned inward. On the outside of the cover is written, probably in the Secretary's hand, "The Goverm^{t} Setled wth a Presedent and Counsell," followed by the modern inscription already referred to. The sheets and cover are firmly stitched together.

It might naturally be inferred that this manuscript belonged to the archives of the Provincial Government of New Hampshire, if such a deficiency exists in their public records.* The following extract from a letter of Richard Chamberlain, the successor of Mr. Stileman in the office of secretary and clerk, may throw some light upon this point. It is written from New Hampshire to the Lords of the Council of Charles II., under the date of May 16, 1681:—

In obedience to your Lordships' commands, by your letter of the first of October last, requiring me to give your Lordships an account of all matters transacted in the office of Secretary (and clerk of the Council) of this Province of New Hampshire, I humbly present to your Lordships this following narrative:—

Upon the twenty-fourth of December [1680] I arrived at Portsmouth, at the house of John Cutt, Esq., then President, since lately deceased, unto whom I delivered your Lordship's letter of September 30, 1680; and showed him his Majesty's Commission, whereby I was appointed Secretary for the Province and Clerk of the Council.

Upon the 28th December the Council met, where the said Commission and your Lordships' letter were publicly read. It was debated about three days whether they should admit me or not; but at length, upon the 30th of the said month, I was admitted. According to the duty of my place and office, I did desire the books and papers of the Council's proceedings to be delivered to me, which were in the hands of Mr. Stileman, one of the Council. For the Council book, it was denied me, upon pretence that there was not any. Then desiring one to be made, I was told the country was poor, etc.; but afterwards, at their meeting in March, I had a waste-book of the Council's Acts and Orders delivered me, to transcribe and keep; the fairer book, then brought, being to remain in the hands still of Mr. Stileman. For the records and papers recorded as "on file," he retains them too, as an officer called Recorder; and is besides Clerk of the Writs, besides Captain of the Fort, as appears in the general account to your Lordships. For, to make my commission insignificant, they have appointed three among themselves to be parcel Secretaries or Registers of the Province, &c.†

*From a note in Farmer's Belknap, p. 459, published in 1831, and from the contents and notes of the eighth volume of "New Hampshire Historical Collections," and the first volume of "Provincial Papers," both edited by the late Dr. Bouton, I should infer that the original manuscript records (like such as now form the subject of this communication) of the Provincial Government of New Hampshire, from its institution in 1679–80 to the administration of Barefoot inclusive, were not now known to be in existence. What are published in the two books last named are probably papers from "the files" which never formed any part of the Records, and such fragmentary papers as were originally copied from the Records, and now lie scattered in several depositories in the State. Of course there were no records kept in New Hampshire under the general governments of Dudley and Andros.

†Jenness's Transcripts of Original Documents relating to New Hampshire: New York, 1876, pp. 93, 94. This letter as recorded or originally published, is so badly punctuated in many places that its meaning is obscured. In the above extract, I have endeavored to punctuate it according to the meaning of the writer.

It appears by this narrative of Chamberlain that the rough minutes (or "waste-book") of Stileman were delivered to him to "transcribe and keep"; while the "fairer book" exhibited to him was still to remain in the hands of Mr. Stileman by virtue, as was claimed, of his office of "Recorder and Clerk of the Writs," etc. Our copy of this manuscript therefore is, without doubt, Stileman's "fairer book," transcribed by him from the original minutes which he kept during the meetings of the Council, as is the custom with such clerical officers, and retained by him in his personal possession after he was superseded in his office by Chamberlain, between whom and the members of the old Council there was no very friendly feeling.

From whom did the Historical Society receive this manuscript? We should naturally seek to trace its previous possession to Dr. Belknap, who, in his History of New Hampshire, cites the "Council Records," from the earliest session of that body "in the handwriting of Elias Stileman, Secretary," * down to near the close of Cranfield's administration; and whose papers have found their way, some as well before as since his death, to the archives of the Society. I find no record of its having been presented by name, but in the early history of the Society large masses of manuscripts were sometimes given, with no indication as to their character or contents. The manuscript was deposited in Cabinet No. 41 of the Society with a mass of ancient papers, not very well arranged for consultation, though they were principally catalogued some twenty years ago on slips of paper preparatory to printing in a volume. A printed or even a complete manuscript catalogue of the Society's papers is yet a desideratum. My eye fell upon this relic while searching for materials to illustrate the early proceedings of the Society now passing through the press.

I cannot but think that these records contain several details, only briefly summarized by Dr. Belknap, relating to the provincial history of New Hampshire, to be found nowhere else; and it appears to me that we should be doing a friendly service by publishing the manuscript for the use of our historical friends in that State which for so long a period formed a part of Massachusetts. I therefore recommend that it be printed in the Proceedings of the Society.

At a Special Court of Pleas held at Portsmouth Jul: 6th 1681, by ye Presidt & ffive more of ye Councel, viz: the Dep: President, Mr Martin, Captn Daniel, Captn Vaughan, Mr Clement.

Magnˢ White and Nathaniel ffox Plaintifs agᵗ Roger Rose Deft in an Acc'on of Trespas upon yᵉ Case, for cutting their Bowsprets, and much of their rigging.

The said Parties do referr yᵉ Trial & Determinac'on of yᵉ said Ac-c'on to yᵉ Councel.

The Parties agree, and yᵉ Suit is withdrawn.

Henry Russel of yᵉ Great Island called (being prsented for sell-ing Drink without license,) but appeared not.

In the Cause between White & ffox Plˢ and Rose Deft; The Councel (to whom it was referr'd) Does adjudg yᵉ Parties to pay Six poᵈ for yᵉ Costs of yᵉ Special Court; whereof ten shillˢ shal be paid to the Secr, & ten shillˢ to yᵉ Marshal.

John Amazeen Constable, for not attending yᵉ Councel upon the President's special command, was fined 20ˢ And ordered to pay the usual ffees.

Joseph Purmont being prsented for selling Drink contrary to Law (without licence,) And having forfeited his bond; for non appearance at Dover Court last past; was fined ffive pound, to be paid in mony, or mony price, & yᵉ fees, & stand committed till he pay.

William Hoskins and Sara Herrik, being bound over by the Dep: President upon suspition of Adultery committed by them; Appeared, & upon examinac'on found guilty of Great misdemeanr in that kind: And tho: yᵉ Act of Adultery was not fully proved, yet by circum-stances testified by several witnesses, found very suspitious, & prsum-able to have bin com'itted: The Councel orders, That the sd Will Hoskins shall receiv 30 stripes on yᵉ bare back or pay ten pound ffine in mony, or mony price, & ffees: & stand committed til pay-ment by him made. In like manner Sara Herrik is Sentenced to have 20 stripes, o [r] redeem it by paying ffive pound mony, or mony price; with ffees; & to stand committed til payment.

The father of yᵉ sd Sara Herrik viz: ffrancis Rand, ingaged to yᵉ Treasurr for payment of her sd ffine.

Two Seamen, petic'ononing agᵗ their Mastr Shilleto for ill usage & want of their wages (vide yᵉ Petic'on on file:) upon examinac'on of them yᵉ sd Shilleto & others; were found to have committed great misdemeanours agᵗ their sd Master; And their Complᵗ appearing causeless, The Councel doth Order them, viz: Andrew Peterson & Hen: Aireman, to be admonished & to pay 10ˢ a peece to the Treasr as ffines; whereof 5ˢ to yᵉ Secr & Marshal for ffees: Which yᵉ sd Master Mich: Shilleto shal disburse for them & deduct out of their wages: And they shal go aboard, & do their duty.

Mr John Hunkyn, who was (jontly with others) appointed by the Committee for yᵉ laying out of land of Hen: Sherborn deceas'd, be-

ing visited with sickness, so that ye others cannot act: The COUNCEL do join Samuel Case to ye other persons so appointed as abov; And do impower them, or any two of them, to lay out ye thirds of ye sd Henry Sherborns land, for ye maintenance of Mrs Sherborn his Relict.

THE COURT dissolved July 8th 1681.

At a Meeting of ye COUNCEL at ye Great Island July 11th 1681. WHEREAS Marcell^s^ Cock Commander of ye Salamander, a Ship belonging to ye Duke of Brandenburgh, Hath by his long stay in this River of Pascataqua (being about ye space of three months) given occasion to ye COUNCEL to think he means not wel; and that under p^r^tence of recruiting with provisions, & refitting ye sd Ship, said by him to have bin disabled at Sea, the COUNCEL finds by examinac'on of ye sd Cock & his Lieuten^t^ & Steersman, that he has a design to sel ye Ship, cousen ye Duke, & deprive ye Seamen of their Wages: The COUNCEL do Order, That ye said Captn Cock shal give security of 2000^l^, that he wil sail to Boston, & be within Command of the Castle there; and in ye mean time cause all his sails to be brought ashore. And likewise to pay ye sd Lieuten^t^ Steersman, & ye other Seamen y^r^ ful wages due unto them.

A CONTRACT (or Combinac'on) in writing between ye sd Captn his Lieuten^t^ & Steersman, for ye sale of ye sd Ship Salamander, was delivered to ye Sec^r^ to be kept on record.

ALSO this Lett^r^ or note of Deputac'on from Captn Cock to Mr Brown, his intended Pilot to Boston (as follows) Ordered to be entred.

Mr BROWN, I being bound for Boston, do hereby Give you ye Com'and & charge of my Ship Salamander (in my absence) and all that is in her, til my return: And to take care for ye sd Ship & goods, & all that is in her, that nothing be imbezilled.

Witness my hand Marcellus Cock.

Portsm^o^ July 11th 1681.

To which this subscribed Order was added.

Mr BROWN, you are hereby required to attend ye execuc'on of ye above written Order, to yor utmost power. Jul: 11th 1681

By Ord^r^ Ri: Chamberlain Secr

At ye Court appointed for Appeals Septemb^r^ 6th 1681.

ORDERED, That, in regard of ye military affairs this day, The COURT adjorn til to morrow morning nine a clock.

Septemb^r^ 7th 1681.

This following Argument was ORDERED to be entred.

JOHN CUTT Son of the Honble John Cutt Esqr late Presid^t^ deceased, being under age, appeared before ye COUNCEL, & manifested his de-

sire, that his Gardian Mr Reuben Hull would improve his part of ye Ship Dove, or other Vessels, by fitting, loading, & sending her or them to sea, and defraying ye charge thereof out of his estate: Which (considering the damage that may ensue by ye Vessels lying, & no opportunity of sale offering) the Overseers, who are ꝑticularly concern'd in yt matter by ye Wil of ye sd Jo: Cutt dec'sd, have given yr advice about, & approbac'on of.

The Councel grants Adm'nstrn of all ye estate, goods & chattels, rights and credits of Thomas Willy dec'sd, to Margaret Willy his Relict, & John Willy his son. Which Adm'nstrrs do ingage to adm'nster ye estate of ye sd Thomas Willy ye Intestate according to Law; And to bring in a true Inventory thereof.

Administrac'on granted of all ye goods chattels rights credits & estate of Antony Ellins dec'sd, to his Relict Abigail Ellins. And ye House and land of ye sd Ant: Ellins ye Intestate stands ingaged to her Adm'nstrac'on of ye sd Estate according to Law; & for ye bringing in an Inventory into ye next Court at Hampton. Dated Sept: 8th 1681

Adm'nstrac'on of all ye Goods chattels rights credit & Estate of John Whidon Senr dec'sd, Granted to Elizabeth Whidon his Relict, who ingaged to adm'nster according to Law: And bring in a true Inventory.

An Inventory of ye Estate of Antony Ellins dec'sd, was brought in by ye Adm'nstrr Abigail Ellins; sworn, & Ordered to be filed.

An Inventory of ye Estate of Jo: Whidon Senr dec'sd, sworn and filed.

An Inventory of ye Estate of Hen: Sherborn brought into Court by Samuel & Jo: Sherborn; who having sworn to ye truth thereof (as appears on file) ingaged to bring in a further Inventory of such moveables as shal appear or come to their hands.

Ordered, in answer to ye Petic'on of Henry Russel (who was fined (upon prsentment) for selling Drink, without licence,) And in considerac'on of ye contents thereof declaring his poverty, & great age (as by ye sd filed Petic'on appears;) That ye sd Hen: Russel have licence, henceforth to keep a Cook's shop, & to sel pen'y beer, as wel out of dores, as within his shop, or house.

John Baker & Sara his Wife, of Portsmo, having bin prsented at Dover Court last, for ffornicac'on committed by them together before their mariage (and ye Presentmt with others, adjorn'd to this Court:) The sd Jo: Baker came before the Councel, & ownd the fact for himself & his wife, & express'd his sorrow for the crime: acknowledging also to stand in his Wives stead, & to satisfy ye ffine to be sentenced; which ye Councel Ordered in Considerac'on of his submis-

sion, to be ffive pound for them both (& 5^{s} ffees) in mony : And to stand committed til he paid.

Upon ye sd Jo : Bakers Petic'on, & great compl^{t} therein of want of mony to make p^{r}sent satisfacc'on ; The Councel gave him Six weeks time.

Ordered upon ye Petic'on of Jos : Stephenson, who had bin fined ten pound for his contempt of Authority (as appears by ye filed Petic'on wherein he humbly acknowledges his fault, & craves mitigac'on of ye ffine ;) That five pound of ye sd ten be remitted, upon his paym^{t} of five pound (& 5^{s} fees) within a fortnight.

Joseph Purmont of ye Great Island, being p^{r}sented at Dover Court last for selling Drink unlicenced in a disorderly house (& ye Presen^{t}men adjorned hither ;) was fined 5^{l}; Which ye Councel respited duri'g pleasure upon his good behaviour.

Stephen Grasham of Gr^{t} Island & his Wife, for selling beer & flip contrary to Law ; were fined (upon Adjornm^{t} as above) 40^{s} (& ffees) in mony: But ye Councel respited ye sd ffine during pleasure.

Jeremy Hodsdon of ye Gr^{t} Island, p^{r}sented for unlicenced selling drink at his house ; Examined upon Adjornm^{t} hither : But ye matter not fully proved against him, he was discharged, paying ffees.

In like manner Samuel Rand of ye Gr^{t} Island, discharged.

Upon Informac'on ore tenus by Jos : Purmont, & proof made ag^{t} Hen : Crown of ye sd Gr^{t} Island, his permission of several unlawful Plays & games in his house, as Billiards, Tables, &c The sd Mr Crown was fined 20^{s}, & ffees.

Ordered, for ye discountenancing of unlicenced persons & houses ; y^{t} Jo : Amazeen constable of ye Gr^{t} Island, Do forthwith take down ye sign of ye Dolphin from ye house where it hangs there.

Upon Compl^{t} by Mrs Joce of Portsm^{o} ag^{t} Will Chaplain of ye Isles of Shoales, who refused to take agen his own Child (an ideot) having bin kept & maintain'd by her for above three years last past, & by reason of it incapacity, proving very burdensom & greevous to her : The sd Chaplain on ye other side alleaging his inability, & ye sd Mrs Joce her promise to keep his sd Child as her own, upon his abating 20^{s} out of wages for his Sea service by him to be done :

Ordered, That both Parties shal join, & bear an equal charge in ye maintenance & bringing up of y^{s} sd Child, which shal remain in ye custody, at ye house of (or other place convenient provided by) Mrs Joce. And Chaplains 40^{l} bond (with surety) for his appearance, & abiding ye Council's Order therein, shal stil stand out ag^{t} him, & be security for ye same purpose.

Upon full Hearing & Debate of ye Cause depending between ye Daughters of Thomas Walford Senr dec'sd, and his Grandson Jeremy

Walford; And upon considerac'on had of ye Last wil & testam^t^ of ye sd Tho : Walford Senr ye Grandfather ; & especially of ye pt wherein he bequeaths a certain house & land, whereof he was seised in fee, to his Grandson Tho: Walford (since deceas'd) in general words only, without words of inheritance, or any intent appearing to give him more then a freehold (or estate for life :) It was agreed by ye COUNCEL, That ye reversion of ye sd particular estate rev^r^ts to ye Right heirs of ye Devisor (or donor,) which falls out to be ye said Daughters of ye sd Grandfather Tho : Walford : And They do Give Judgment for them to enter, & have possession of ye land & p^r^misses in Question: And that ye sd Estate be equally devided among ye sd Daughters, viz ; Jane Goss, Hanna Jones, Mary Brooking & Elizabeth Savage. AND do likewise ORDER, ffive pound to be paid (for costs in mony, or ye value) by ye sd Daughters to ye Treas^r^ of ye Province, for defraying ye charge of ye several Hearings of ye Cause.

THERE BEING Two Places vacant in ye COUNCEL, by reason of ye death of ye late Presid^t^ the Honble John Cutt Esqr & that of Samuel Dalton Esqr, the Presid^t^ & COUNCEL made choice of Two other persons, viz : Rich : Waldron Junr Esq, & Ant : Nutter Esqr, And of Two more each of them, namely to Mr Waldron, Mr Nath : Wire ; & Mr Peter Coffin ; And Mr Will More, & Mr Reuben Hull to Mr Nutter. All whose names are to be sent for England, in pursuance of ye Kings Royal Com'ission.

AND ORDERED, That Notice thereof be given to Dover (where ye abovesd R: Waldron Esqr & Ant : Nutter Esqr were Deputies) by Order to the Constable there, forthwith to call a Town-meeting, for the Elecc'on of Two persons to supply their Places in ye Genl Assembly.

CAPT : THO : DANIEL One of ye COUNCEL, assign'd Gardian to Edward West Junr an infant, son of Edw : West of ye Gr^t^ Island deceased.

HENRY ROBY of Hampton, a Trustee for some of Geo : Walton's estate, whereof he formerly infeoffed ye sd Roby in trust for ye use of his son in-law Edw : dec'sd, and other uses ; Own'd the sd Trust, & that it was formerly also own'd & accepted by him.

CHRIST : KENASTON, for pulling down ye ffence of one John Johnson (which occasioned a quarrel,) & other misdemeanours ; SENTENCED to have ten stripes on ye bare back ; And to pay costs of witnesses, & ffees.

THO : AVERY, for striking & wounding Will Cate, & breach of ye Peace SENTENCED to pay 20^s^ ffine to ye Treasur^r^, ye cure of ye sd Cate & costs & ffees, or stand com'itted &c.

JOAN AVERY for being drunk, ORDERED to sit in ye Stocks one hour, or redeem by paying 5^s^ in mony (& ffees) or stand com'itted. She had leav to redeem & pay ye five shillings.

ORDERED, That ye Select-men of Dover, & those of Portsm^o^, Do forthwith take effectual care, that a Way be laid out from Mr Vaughan's Tanyard to Bloudy-point; And by making bridges over ye gutters that way (or otherwise) to make ye sd gutters passable.

THE COUNCEL taking notice of ye insufficiency of ye Ways from Exceter to Cacheecha; Do ORDER ye Select-men of Dover, together with those of Excet^r^ forthwith to cause ye sd ways to be sufficiently repaired & amended. And do also ORDER & appoint a bridg to be erected over some part of Lampereel River, from one side thereof to ye other.

WHEREAS Compl^t^ has bin made of ye ill management of (& non attendance at) ye fferry at Bloudy-point; The COUNCEL do ORDER ye Selectmen of Dover to make inspecc'on thereinto; & take care that it be remedied. And they are impower'd to settle it for ye best accom-'odac'on of the Country, by placing ye sd fferry on one, or ye other side, of ye River according to their discretions.

THE COUNCEL taking notice of ye badness of ye p^r^sent way, leading from Greenland to Exceter; Do ORDER, the Select-men of Excet^t^, together with those of Portsm^o^, forthwith to cause, that a new way be laid out, such as shal be nearest & most convenient for passengers. And do also Order, & give them power, to cause a sufficient bridg to be made & erected at Wheelwrights Creek for public accom'odac'on.

PROVINCE OF NEW HAMPSHIRE,

NOTE.

The Laws of the Province of New Hampshire which are here reprinted are an important link in the history of the jurisprudence of the state. At the time the Acts and Laws of this province, edition of 1716, with additions containing sundry acts passed in the subsequent years to some time in 1725, originally printed by B. Green, Boston, were reprinted by the state in 1888, this discovery by Dr. Moore had not been made, and the existence of the edition of 1699 was only a theory, or was entirely unknown to lawyers and students in this country. This, of course, is but a fragment of the body of the province laws, but it is an important addition to the material which was previously accessible. Its presentation here may suggest the advisability of a thorough examination of the printed laws of this province, and of the early period of the state government, and the manuscript copies which may remain in the English archives and in American custody, public or private, with a view to a systematic publication of the whole in a form in which the contents of these rare and scattered documents may be made available for use to those who are hereafter to deal with the department of our jurisprudence in which these treasures have place.

The credit for the discovery of the original printed copy of these laws, for obtaining them from those into whose hands they had come in England, and for transferring them to the possession of an American library, is due to the late George H. Moore, LL.D., of the Lenox library of New York. They are now a part of the Charlemagne Tower Collection of Provincial and Colonial Laws in the library of the Historical Society of Pennsylvania, at Philadelphia.

The editor is under obligations to the Historical Society of Pennsylvania for the privilege of taking a copy of the original imprint in its custody, for publication in this volume.

ANNO REGNI REGIS GULIELMI III. UNDECIMO

ACTS AND LAWS

Passed by the General Court or Assembly of His Majesties Province of New-Hampshire in New-England.

An Act for Restraining and Punishing Privateers and Pirates.

WHEREAS nothing can more contribute to His Sacred Majesties Honour than that such Articles as are concluded and agreed on in all Treaties of Peace should by all His Majesties Subjects according to their Duty be most inviolably preserved and kept in and over all His Majesties Dominions and Territories. And whereas not only against such Treaties of Peace made by His Majesty with His Allies, but also contrary to His Majesties Royal Proclamation several of His Subjects have and do go, into Forreign Princes Services, and Sail under their Commissions contrary to their Duty and good Allegiance, and by fair means cannot be restrained from so doing.

Be it therefore Enacted by His Excellency the Governor, Council and Representatives, Convened in General Assembly, and it is hereby Enacted by Authority of the same, That from and after Publication hereof, it shall be Felony for any person which now doth, or within four years last past, hath, or hereafter shall inhabit or belong to this Province, to Serve in an Hostile manner under any Forreign Prince, State or Potentate, or any Imployed under any of them, against any other Forreign Prince, State or Potentate in Amity with His Majesty of Great *Britain*, without special Licence for so doing under the Hand and Seal of the Governour or Commander in Chief of this Province for the time being. And that all and every such Offender or Offenders, contrary to the true intent and meaning of this Act, being thereof duly Convicted in His Majesties Superiour Court of Judicature within this Province,

Felony, to serve in hostile manner under any forreign Prince without Licence.

to which Court, Authority is hereby given to hear and determine the same as other Cases of Felony: shall suffer pains of Death without benefit of Clergy.

Provided nevertheless, That this Act nor any thing therein contained shall extend to any person or persons which now are or have been in the Service or Imploy of any Forreign Prince, State or Potentate whatsoever, that shall return to this Province, and leave and desert such Service and Imployment before the Twenty Ninth Day of *September*, *Anno* One thousand Seven Hundred, rendring themselves to the Governour or Commander in Chief for the time being, and giving him such Security as he shall appoint for their future good behaviour. And also that they shall not depart the Province, without the Governours Ticket Licence.

Saving for such as shall desert before the 29. of *September* 1700.

And for the better and more speedy Execution of Justice upon such who having committed Treasons, Piracies, Felonies, and other Offences upon the Sea, shall be apprehended in, or brought Prisoners to this Province.

Be it further Enacted by the Authority aforesaid, That all Treasons, Felonies, Piracies, Robberies, Murthers, or Confederacies committed, or that hereafter shall be committed upon the Sea, or in any Haven, Creek or Bay where the Admiral hath Jurisdiction, shall be punished with Death; and shall be Inquired, Tryed, Heard, Determined and Judged within this Province in such like form, as if such Offence had been committed, in and upon the Land; and to that end and purpose, Commissions shall be had under the Seal of this Province, directed to the Judge of the Admiralty of this Province for the time being, and to three or more such substantial persons, as by His Majesties Governour or Commander in Chief of this Province for the time being, with the advice and consent of the Council shall be named and appointed, which said Commissioners, or such *Quorum* of them as by such Commission shall be thereunto Authorized, shall have full power to do all things, in and about the Inquiry, hearing determining, adjudging and punishing of any of the Crimes and Offences aforesaid, as any Commissioners to be appointed by Commission under the Great Seal of *England*, by virtue of a Statute made in the Twenty Eighth Year of the Reign of King *Henry* the Eighth are Impowred to do and execute within the Kingdom of *England*. And that the said Offenders which are or shall be apprehended in, or brought Prisoners to this Province, shall be

Treasons, Felonies, Piracies &c. committed on the Sea to be inquired heard & judged, as if committed on Land, by Commission directed to the Judge of the Admiralty &c.

liable to such Order, Process, Judgments and Execution, by virtue of such Commission to be grounded upon this Act as might be awarded or given against them if they were proceeded against within the Realm of *England*, by virtue of any Commission grounded upon the said Statute. And all Tryals heretofore had against such Criminal and Criminals before any Judge or Judges by virtue of such Commission or Authority at any time heretofore granted, and all proceedings thereupon are hereby ratified and confirmed and adjudged lawful. And all such Judges with all and every the Inferiour Officers that have acted thereby, are hereby Indempnified to all intents and purposes what soever. And in case they or any of them shall at any time hereafter be sued, vexed, molested or troubled for any such their Proceedings as aforesaid, he or they so sued, vexed molested or troubled, shall plead the General Issue, and give this Act in Evidence: Any Law, Statute, Custom or Usage to the contrary in any wise notwithstanding.

All Tryals heretofore had by virtue of such Commission ratified.

And be it further Enacted by the Authority aforesaid, That all and every person and persons that shall any way knowingly entertain, harbour, conceal, trade or hold any correspondence by Letter or otherwise, with any person or persons, that shall be deemed and adjudged to be Privateers, Pirates, or other Offenders within the Construction of this Act, and that shall not readily endeavour to the best of his or their power to apprehend, or cause to be apprehended such Offender or Offenders shall be liable to be prosecuted as Accessaries and Confederates, and to suffer the like pains and penalties as in and by this Act is provided for the Principals.

THE NEW HAMPSHIRE LAWS OF 1699.

The volume of *Acts | and | Laws; | Passed by the | General Court | or | Assembly | of His Majesties | Province of New-Hampshire | in | New-England: | Boston, in New England: | Printed by B. Green: Sold by Eleazar Russel | at his Shop in Portsmouth.* 1716. | has been recognized hitherto as the first printed laws of New Hampshire. It was a small folio of sixty pages, besides the title, and with sundry supplements added within the next ten years after its issue, had no rival or successor for a long period of time.

The sale catalogue of a British bookseller, issued last year (1888) in Exeter, England, changed all this, and the first printed laws of New Hampshire now and hereafter must be dated seventeen years earlier, in the last year but one of the seventeenth century. In that catalogue the following item appeared, under the head of "America and the West Indies."

"*Acts and Laws passed by the General Court or Assembly of His Majesties Province of New-Hampshire in* New-England, *begun and held at Portsmouth on Monday, August 7th*, 1699. *folio*, pp. 10. rare 2 *l.* 2 *s. Boston, printed by B. Green and J. Allen Printers to His Excelleney the Earl of Bellomont*, 1699."

As soon as this catalogue made its appearance in New York the book was promptly ordered by cable ; but it had already been secured by an English buyer, who was quick to perceive the value of his prize, and did not relinquish it to my continued and eager pursuit until he received pounds for his shillings.

From the time when William Smith of Exeter, N. H., first called attention to the subject of the sources of New Hampshire Law (*Farmer & Moore:* III, 201) to this day, no one of the writers who have discussed the subject, has betrayed any knowledge or suspicion of the fact that any of the laws of that Province were printed before 1700. Yet, strange to say, the evidence of such printing was patent among its official records, and (stranger still) has been in print for more than twenty years. In the identical volume of the *Provincial*

Records in which its Editor quotes the volume of 1716 and repeatedly refers to it as "the first printed laws of the Province," the history of an earlier edition is distinctly indicated, and the evidence appears of the fact that the Laws of 1699 were printed in the year in which they were enacted, and that the printing, which was probably ordered by the Governor, was paid for by the Province Treasurer.

The Earl of Bellomont, who was Governor of New York, Massachusetts, and New Hampshire from 1697 to 1701, published his Commission in the latter province on the 31st July, 1699, at Portsmouth, where he met the Legislature, a few days later, on the seventh of August. He was welcomed with great joy by the people and began his administration under the most favorable auspices. The session continued for ten days, and the record of the last day is as follows:

[*Journal of the Council and Assembly 17th August*, 1699.]

"Several acts having passed both Houses, were consented to by his Excellency the Govern^{r}, and by him signed accordingly: viz:

"An Act for Restraining and Punishing Privateers and Pirates.

"An act to return able and sufficient Jurors to Serve in the several Courts of Justice, and to Regulate the Election of Representatives to Serve in the General Assembly within this Province.

"An Act for a Tax or Assessment, of *Five Hundred Pounds*.

"An Act for Establishing Courts of Publick Justice within this Province.

"An Act for continuing several Rates and Duties of Custom, Excise, Impost and Powder Money, on Tonnage of Shipping.[1]

"After which his Excellency was pleased to prorogue the Assembly to Monday the 18th of September next."

At an adjourned meeting, November 9, 1699:

"Bartholomew Green, printer, his letter from Boston, dated 24th October, 1699, was read, relating to the printing of Several Laws of this Province, amounting to three pounds.

"Ordered, that the said sum be allowed, and an order forthwith granted to the Treasurer for pay^{t} of the same."

The laws thus printed were those of which the titles are given above, making a volume of ten pages — folio, title verso blank, pp. 3–10, ending with *Finis*, signatures A and B in fours and C in one. An imitation of the title page precedes this notice.

Two only of the five statutes of 1699 appear in subsequent editions or publications of the Laws of New Hampshire — the act respecting

1. It is a curious feature in this act that the name of the Governor accompanies his title in the enacting clause, viz.: "Be it therefore Enacted by his Excellency *the Earl of Bellomont* Governour," etc.

Jurors and regulating the election of Representatives to serve in the General Assembly, and the act establishing Courts of Justice. Bellomont transmitted them all to the Commissioners of Trade and Plantations, upon which they declared to the Lords Justices their inability to make a perfect Report, because of the confusion and uncertain state of the former Acts of that Province — but they recommended the repeal of the Act for restraining and punishing Privateers and Pirates; and with reference to the gift of five hundred pounds to the Governor, they advised that he be permitted to receive it. Both these recommendations were adopted by the King in Council on the 22d October, 1700.

The tax of £500 for the gift to the Earl of Bellomont was assessed upon all persons and estates, according to each town's proportion, as follows:

Portsmouth	112 . 15 . 00
Hampton	148 . 18 . 09
Dover	100 . 11 . 03
Exeter	91 . 10 . 00
New Castle	46 . 05 . 00

The motive of the gift is declared in the language of the act — "in testimony of our great regard and respect unto His Lordship, under whose happy Conduct we assure ourselves to enjoy great quiet and felicity."

This precious little volume, in many respects the most interesting of all the publications of New Hampshire Laws, is not now known to exist, save in this one copy — and as several of the Province Laws can be found nowhere else, New Hampshire (as Massachusetts has done before) must resort to the collections in New York or Pennsylvania to enable her to inspect the original editions, or to recover copies, of several of her ancient statutes, hitherto inaccessible to the modern student of her history.

JOURNAL

OF THE

ASSEMBLY [HOUSE OF REPRESENTATIVES]

OF THE PROVINCE OF NEW HAMPSHIRE.

AUGUST 7 1699 TO OCTOBER 4 1701.

NOTE.

This Journal of the House of Representatives, now first published in the series of Provincial and State Papers, is contemporary with the Journal of the Council and General Assembly given in Dr. Bouton's Vol. 3 of Provincial Papers, beginning on page 64. An important distinction manifestly exists, and should be observed between the record of the Council of that period, acting as an executive and judicial branch of the government, and its journal of proceedings while performing the ordinary functions of a distinct branch of the Legislature or General Assembly of the Province. Discrimination should also be made in reference to those features of the record which indicate frequent sessions of the two houses in joint assembly, or as they are now more generally termed, joint conventions. The existence of this Journal of the Assembly, or House of Representatives, was known to the editor of the volume above cited, for he makes extracts from it for use on pages 67, 88, 112, and 131. The manuscript of the original is bound in an antique volume marked "1699 to 1701," Assembly Records which also contains the Journal of the House of Representatives from November 26, 1723, to December 12, 1724, printed in Vol. 4 of the Provincial Papers, pages 366 to 386 inclusive. A peculiarity of the manuscript record is that the writing continues from the beginning of the book on one page of each sheet, leaving the other page blank; then the book is reversed, and the record is continued backwards by using the pages of the sheets left blank in the first record. The editor of Vol. III, in his preface to that volume, states that "no *Journal of the House* separate from the joint Journal of the Council and Assembly is found till 1711." His note on page 88, of the same volume, would seem to indicate that the quoted statement should have been modified by some reference to the Assembly or House Journal of 1699–1701. That the term "Assembly," as used at this period, is descriptive of the body which also was termed the House of Representatives, is shown by reference to the commission of the Earl of Bellomont, which does not differ in this respect from the commissions of other early Governors of the province. The following is an extract:

"And Our Will and pleasure is that the persons thereupon duly elected by the "Major part of the Freeholders and being soe returned, and having before their "sitting taken the Oaths appointed by Act of Parliament to be taken, instead of the "Oaths of Allegiance and Supremacy, and subscribed the Test and Association "aforesaid, which Oaths you shall commissionate fitt persons under the publike "Seale to Administer, and without taking the said Oaths and Subscribing the said

"Test and Association none shall be capable of sitting tho' elected — shall be called "and held the Assembly of our said Province:" Provincial Papers, Vol. 2, p. 306.

At best, the province records of that period which have been preserved are meager and fragmentary. Such, however, as are authentic and accessible cannot now be omitted with any propriety from the state's publication of its early official documents. Acting upon this conviction, the editor includes in this volume this Journal of the House of Representatives, which begins at a date within twenty-one years of the beginning of the provincial government under John Cutt, although it now necessarily takes a place in the series out of its chronological order.

Gentlemen

I have Called you togeather Att this Time to give you An Opertunity of serving the Comon Interst of your Country by Redresing the Greavances this Province lyes under, and by makeing such laws As may by the blessing of god Establish you In Savety & happiness for the time to Come.

I am very sensible of the great Suferings you Sustained all this last warr by this Province being ffrontier towards the Estern Indians A Cruel and perfedious Enemy In there own nature, but Taught and Encoriged to be more soe by the Jesuits and Other Popish missionaryes from France, who were not more Industries Duering the war to Instigate there Indian Desiples and Prosiletes (as they Are Pleased to Call them) to kill your people Treacherously, then they have been Since the Peace to Debauch those Indians from there former subjections to the Crown of Engld Insomuch As Att Present they Seem to have Departed from there Allegence to the Crown and Revolted to the Frentch ; I have taken such measures As Quickly to find out whither those Indians will Return to there Obedience to the Crown or noe If they Doe not And that they Comit Any hostility Upon you I Doubt not but to find An Eassy way of subdueing them —

Upon the Report of his Majestyes Engineer whom I sent to veiw the ffort on the Great Iseland and the Harbor of this Town ; I find the Scituation Is naturally well Disposed ; but the ffort soe very weak And unable that It Requireth the building A new Substainsiall one to secure you In time of War ; You will Doe well to take this Mater Into Consideration As Soon As May Bee —

This Province Is well seated for Trade ; And your harbor heer on Piscataqua River soe very good ; that A ffort to secure It would Invite People to Come and settle Among you, And As you grow In number Soe will your Trade Advance and fflorish ; and you will Usefull to England which you Ought to Covett Above All things Not Only As It is your Duety but As It will Alsoe be for your Glory & Interest Such A King as god hath blesed us with Att Present And such A Nation As that of England ought to Excite In us A noble Ambition to be Religiously ffaithful to the first and Zealously Subserviant to the Interest of the later —

I Recomend to you Gentlemen of the House of Representatives the Provideing for the Nessasary suport of the Goverment ; you being Able to Judge what the Charge will bee And It belongeth to you of Right to Provide the means to Defray that Charge

Gentlemen
